the Greasers and Capture Them-25,600 State Troops Ready and Auxious for the Fray.

SAN ANTONIO, TEXAS, Aug. 26. Telegrams and letters, and also publications in the frontier papers, indicate a nervous fear on the part of the Mexican authorities that the State of Texas means to declare war and invade that country, or invade without declaring war; consequently the Mexicans all along the river, and north particularly, are making every preparation for active hostilities. This state of things has been brought about by the precipitate action of Governor Hubbard in authorizing Colonel McLeary to raise a regiment "in case it should be needed," and ordering to the Rio Grande Hall's command of State troops.

AN ALARMING STATEMENT. Colonel Gomez, in command at Camargo, telegraphs that he has had an interview with Captain Hall, and the latter told him that 25,000 troops were being organized in Texas to invade Mexico, and that he had orders to cross with his men after raiders and outlaws who have murdered Texas officials, broken open jails, etc., unless the outlaws were promptly de-

The annual camp meeting at Bethel, was begun Thursday, 15th, and closed Monday, 20th. The camp meetings at this place have continued regularly once a year for the past seventy years. Fully 2000 people were on the grounds, and the interest manifested in the religious exercises was great. An incident of this camp meeting that will bear mention is that of an old lady who is now 85 years old, and who attended the first meeting there 70 years ago, and has first meeting there 70 years ago, and has been a regular attendant since that time.

Walter Harris and H. Bradford, at Fort Mill, Friday evening, which resulted in Harris being shown by Bradford. The wound is painful but is not considered fatal. The Richmond (Va.) State has a capital article upon the popular custom of people running to a printing office with all their complaints against a municipality for not instituting certain reforms which they may think are necessary. The State holds that complainst should first be made to the Mayor or to the City Council, and then, if he evil is not remedied, resort may be he to the press, where public measures can be impartially discussed. The State is exactly right; the press should be the last resort in a case such as that stated. - Litigation over the affairs of the Statesville Bank seem but fairly begun. Recently Judge Dick refused to grant a petition of bankcient proof of the fact that any corporation had ever existed. Acting upon this decision, proceedings have been instituted in the State Courts, in the name of the State on the relation of the Attorney General, to vacate the charter of the so-called bank. An action has likewise been brought by the creditors to declare that the assets of the bank are in fact assets of the estate of R. F. Simonton; that is, that the creditors have a right to levy on the property of R. F. Simonton for the debts of the bank.

Wilmington District Conference. This body held its session, during the past week, with the church at Rocky Point. Walker was arraigned before Justice Mc-Every pastor in the District save one was present, and from most of the charges a number of laymen. The sessions of the Conference were presided over by that prince of Presiding Elders, Rev. W. S. Black, with his accustomed ease and urbanity. The citizens of Rocky Point had labored hard to get their new and spacious church in readiness for the occasion, and when it arrived they vied with each other in dispensing their kind hospitalities to

such an extent that every visitor and mem-

ber of the Conference really thought he

had the best home in the whole community. The sessions of the Conference were harmonious, interesting and profitable. inst. Reports from the different charges showed gratifying evidence of material and spiritual improvement. Quite a number of new 24th inst. was too "keerless." He allowed things to churches had been built; others repaired, during the year, and in some charges large accessions to the membership. The missionary work established by the last Conference, in the bounds of the District, has been eminently successful.

> The question of establishing a District School was postponed until the next session, which is to be held at Whiteville.

The usual religious topics bearing on the practical operations of the church in the District were reviewed and discussed, as thought best, and appropriate resolutions for future action passed.

W. J. Parker, H. H. Council, D. T. Dur ham and J. H. Mallard were elected delegates to the next Annual Conference.

The sessions of the body, and the daily and nightly instructions of the pulpit, were attended by multitudes. The preaching was exceptionally able and edifying, and no doubt lasting impressions for good were made on the community.

Cance Race To-Day.

The canoe race, under the auspices of number of young gentlemen of Masonboro sound, comes off to-day. A champion flag will be bestowed by the ladies upon the owner of the victorious boat. The boats, as previously stated, are fitted with oars, the race to be conducted according to the established rules in yacht racing. The young commanders made a trial trip to Wrightsville on Monday afternoon, and everything is now in readiness for the eventful contest, which is expected to be very interesting and spirited. WRITING WITHOUT INK. PATENTED IN France, England, America and other countries. The advantages of the Miraculous Pen are va-

It is always ready for use, provided you have a few drops of water at hand.

It does not oxidize and never becomes smeary. It never should be wiped nor cleaned. It is always clean, and, as it were, always new, without requiring the least care.

It is adaptable to every kind of penholder. The ink which it generates instantaneously is always limpid, dries rapidly, and remains fixed and inalterable on the paper; it is inoffensive and does not burn the linen.

The writing obtained with this pen may be copied by the press. For sale only at
