The Minnesota Democrats in Concourse in adopting the Democratic policy of local self-government, and thereby bringing about a cure for sectional jealousies and hatreds. It is evidently an era of peace and reconciliation. Now let reform come too. What do you say, Mr. Haves?

The Democrats will certainly have a majority of eight in the next U. S. House, if the seven contested seats should all be decided in favor of the Republicans, a result not probable. The majority will hardly be less than twelve, which is a good working majority.

A Negro Ravisher Arrested. [Special to Richmond Dispatch.] NORFOLK, Oct. 2.

Some time since a negro man by the name of Isaac Williams committed an outrage upon a small white girl named Bogart, in Camden county, N. C., and made his escape. He was traced to Virginia, and the State authorities notified of the fact, and gave instructions for his capture, if possible. This morning Sheriff John Lesner, of the county, succeeded in arresting the fugitive at a low den on Union street, Norfolk, and locked him up in the county jail to await a requisition from the Governor of North Carolina.

> Senator Bogy's Successor. St. Louis, Sept. 29.

Col. David H. Armstrong, an old citizen of St. Louis, and well known in the Democratic circles of this State for the past twenty-five years, was appointed United States Senator this evening by Governor Phelps, to fill the vacancy caused by the death of Lewis V. Bogy. Col. Armstrong is at present Vice President of the Board of Police Commissioners of the city.

Death of a Judge on the Bench.

At Knoxville, Ga., last week, Judge Barnard Hill, of the Superior Court, whilst seated upon the bench, was observed to throw his head back upon his chair and a deadly pallor overspread his countenance. Friends rushed to him, but with an easy gasp his spirit passed away and he sat dead upon the bench in the midst of the discharge of his high official duty. He is supposed to have died from heart disease.

The changes of opinion must be gradual, and must be the effect of that time which enables feeling to subside and the judgment to act. * * * That the cause for which they have suffered so much will still be near to those who have fought for it, or with whom it is associated by tender and affectionate recollections of those whom they have loved, who have fallen in its defense, is to be expected. To such sentiments and feelings it is a matter of indifference whether there is defeat or success. They would exist, indeed, even if the reason and judgment should concede the course to have been unwise. The intelligence was not altogether unexpected, as a brief telegram published in our last issue precluded any hope of his ultimate recovery. The venerable Archbishop, who was 63 years of age, had been an invalid for about four years, the illness with which he suffered being Bright's disease of the kidneys. Rev. Father Gross in imparting the intelligence of the death - Southern Home: A well known of the Archbishop, informed us of a fact which is, perhaps, not generally known, that he was a nephew of Mother Seaton, the foundress of the Sisters of Mercy, at Emmettsburg, Maryland. The Fire Yesterday Morning.

The alarm of fire yesterday morning, about twenty minutes to 1 o'clock, was caused by the burning of a grocery store and dwelling attached, the property of Mr. Richard Fitzgerald, located on the southst corner of Eighth and Chesnut streets The fire was first discovered in the store part of the building, and from all appearances originated in the northwest corner Mr. Hugh McDonald, who resides two doors above, on Chesnut street, was aroused by the cry of fire, and, upon discovering its location, rushed out, jumped an intervening fence and shouted to Mr. and Mrs. Fitzgerald to save themselves, which they had barely time to do, not being able to save anything in their flight except a few articles of clothing which they snatched up as they hastily retired from the burning building. When they awoke the room was full of smoke and no doubt is entertained that they would have been suffocated if they had remained asleep a few moments

The store and a portion of the dwelling was of old material, to which new additions had been made from time to time, making a house, altogether, of considerable size, and that portion of the building first named burned like tinder, so that when the fire department, which was exceedingly prompt, arrived at the scene, the fire had attained too much headway to admit of saving any considerable portion of the property. A few of the walls, with portions of the roof, were left standing, but were damaged to such an extent as to render them of little or no service except for fire-

Mr. Fitzgerald loses his entire stock, furniture, and everything contained in the building, except a few trifling articles which

were thrown out at the back door. Fortunately the wind was at the northeast, and there were no buildings nearer the fire in that direction than the colored Presbyterian church and session house, near the corner of the opposite block. Had the wind been blowing in an opposite direction the entire block on the south side of Chesnut, between Eighth and Ninth streets, would no doubt have been destroyed, with a probability that the flames would have communicated to the buildings on the opposite side of the street.

There seems to be no doubt that the fire was the work of an incendiary. In fact, some pieces of charred lightwood were found yesterday morning under the northwest corner of the building, where the fire appeared to have originated, and immediately beneath the position occupied by kerosene oil can, which has been standing there about seven years, the floor at that spot having become thoroughly saturated with oil.

Mr. Fitzgerald estimates his loss at about \$2,000, upon which there was an insurance in the Farmville, of Virginia, represented by Maj. J. A. Byrne, of \$600 on the building, \$200 on furniture and bedding, \$450 on stock, and \$50 on show cases.

We regret to hear that Dr. M. J. DeRosset has determined to leave Wilmington for the "far West." We believe he has not vet decided where he will locate, but he has advantageous offers from several points, and it is probable he will make either Louisville or St. Louis his future home. In expressing our regret at his departure we do not mean to flatter Dr. DeRosset; and wa only express what we sincerely believe when we say that, wherever he may locate, he is destined to attain the very highest rank in his profession. We consider his removal a great loss to Wilmington-a loss not only to the medical profession, but to society generally.

Stealing Wood. Nancy Henry, the colored girl alluded to in our last as having been arrested on the charge of stealing wood from the wharf was arraigned before Mayor Dawson yesterday morning, by whom she was sentenced to confinement in a cell for four days on bread and water.

Our Colored Military. In consequence of the bad weather, the proposed review of the battalion composed of the two colored military companies of this city, the Cape Fear Light Infantry, under command of Capt. S. W. Nash, and the Hanover Light Infantry, under command of Capt. George L. Mabson, which was to have taken place yesterday afternoon, at 34 o'clock, did not come off. There was an inspection at the armories of the two companies, however, by the Adjutant General,

Hailroad Courtesies. We are glad to learn that Lt. Col. Taylor has been notified that the visiting military to the State Fair will be passed over all the railroads in the State free of charge. This will no doubt secure a good attendance on the part of the military, and, we hope, may prove an inducement to our own companies to be present with full ranks

A CHALLENGE.

A Wilmington Spiritualist Challenger Prot. Cooke. PURCELL HOUSE, Oct. 3, 1877.

EDITOR STAR-My attention is called to communication in this evening's Review relative to the expose of Spiritualism to be made by Prof. Cooke, at the Opera House, to-morrow evening. As Prof. Cooke is not in the habit of answering anonymous articles, I take the liberty to reply. What he advertises to do shall positively be done, without fear or regard, however mortifying it may be to a disciple of insane rope-tying or crazy table-tipping. The prominent newspapers throughout the land bear witexpose. He comes endorsed and recom-

mended by many prominent divines and

college faculties.

Miss Cooke and Miss Crawford will produce "manifestations" that are far superior to those given by any "medium" in the world. As to hand-cuffs and ropes, let "Spiritualist" bring them, and, if he will make himself known, Prof. Cooke will invite him upon the stage, and he will be privileged to fasten them upon him. Now, if Prof. Cooke do these things, and after-wards expose them (as he positively will), may we not be pardoned for deeming "A True Spiritualist" a deluded mortal, not worthy of the confidence of his fellow men, inasmuch as he has failed to exercise ordinary

precautions against trickey.

Very respectfully,

E. C. HALLER,

† Bus, Manager Prof. Cooke.

THE AMERICAN PEOPLE.—No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour-Stomach, Heartburn, Water-brash, sick Headache, Costiveness, Liver Complaint, yet since the introduction of GREEN'S AUGUST FLOWER we believe there is no case of Dyspepsia that cannot be immediately relieved. Two doses will relieve you. Regular size 75 cents.

CONSUMPTION CAN BE CURED.—SCHENCE'S
PULMONIC SYRWP, SOMENOR'S SEA WEED TONIO,
SCHENCE'S MANDRAKE PILLS, are the only medicines that will cure Pulmonary Consumption.

Frequently medicines that will stop a congh will occasion the death of the patient; they lock up the liver, stop the circulation of the blood, hemorrhage follows, and in fact they cleg the action of the very organs that cansed the cough.

Liver Complaint and Dyspepsia are the causes of two-thirds of the cases of Consumption. Many persons complain of a dull pain in the side, constipation, coated tongue, pain in the shoulder blade, feelings, of drowsiness and restlessness, the food lying heavily on the stomach, accompanied with activity and belching up of wind.

These symptoms usually eriginate from a disordered condition of the stomach or a torpid liver.

Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged, remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores, and ulcerated, the result of which is death.

Schenck's Pulmonic Syrup is an expectorant which does not cantain optum or any thing calculated to check a cough suddenly.

Schenck's Sea Weed Tonic dissolves the food, mixes with the gastric juices of the stomach, aids digestion, and creates a ravenous appetite.

When the bowels are costive, skin sallow, or the symptoms otherwise of a bilious tendency, Schenck's Mandrake Pills are required.
