All of the railroads will run excursion trains on Sunday, on which day Senator Morton's remains will lie in state.

Washington, D. C., Nov. 3.—To Colonel Holloway, Indianapolis, Indiana: I desire through you to offer to Governor Morton's widow and family my warmest sympathy in their great affliction.

Amid the general and sincere manifestations of sorrow at the public loss of which no one can be more sincerely than myself, my long friendship for Gov. Morton makes me wish to be counted among those who feel in his death the grief of a personal bereavement.

Signed: R. B. HAYES.

Threatened Invasion of Egypt by the King of Abyssinia—Thirty Thousand Troops sent to Helio of Osman Pasha—Russians to Advance with 70,000 Men on Adrianople—The Porte gives Assurance relative to Plevna—The French Elections, &c.

LONDON, Nov. 3.

Gen. Gordon is expected at Massawa to negotiate with him.

The Post's Berlin special announces that Viscount DeMontaut Biron, Ambassador of France to Germany, has resigned.

It is reported that he is to succeed Duke de Cazas as Minister of Foreign Affairs.

The Times' Vienna correspondent telegraphs as follows: "It is said there are still from 25,000 to 30,000 regular troops in and about Constantinople. The Council of War has ordered these troops to start immediately for Orhanie and Sophia to relieve Osman Pasha."

The Bucharest dispatch says it is reported that the Russians are forming an army of 70,000 men, with which it is designed to cross the Balkans and advance upon Adrianople without waiting for the fall of Plevna.

CONSTANTINOPLE, Nov. 3.

The Porte has issued to the populace an official assurance that Plevna is immensely provisioned and can hold out for months.

LONDON, Nov. 3.

The Times' Paris correspondent has received information that Sunday's elections will make little difference in the present political state.

Most of the outgoing candidates will be re-elected. Duke de Cazas was consented to a postponement of the announcement of his resignation until after Sunday's election.

Our Night Reports.

XLVTH CONGRESS—SPECIAL SESSION.

The Resumption Act Again Before the House—No Progress—The Silver Dollar, &c.

WASHINGTON, Nov. 3.

In the House the bill to repeal the resumption act again came up in the morning hour, and an effort was made by its friends to have an arrangement made by which it could be taken out of the morning hour and made the special order for one week, with leave to discuss it and offer amendments, but an absolute objection was made by Willis, of New York, who characterized the bill as an attack upon the national credit and said that it should be kept out of the House. No progress was made with the bill.

A bill to rescind the silver dollar and restore it to its legal tender value, was after a sharp struggle as to its reference, sent to the committee on Coins, Weights and Measures, Stephens Chairman.

Adjourning Monday.

FOREIGN INTELLIGENCE.

Comments of the Press on the Situation in France—A Conciliatory Step by the President—Fighting Near Plevna—The Russian Advance Repulsed with Heavy Loss, &c.

LONDON, Nov. 3.

The Paris correspondent of the Standard asserts that the following semi-official note has been sent to the provincial papers: "It appears as if the present Cabinet will remain in office till November 5th. After the elections to the Councils General the government will find itself in the presence of two extreme policies, one of resistance to the Chamber of Deputies, with the support of the Senate; the other of complete concession, bringing into office a Ministry composed entirely of the Left. The President is willing to see it if it is not possible to arrive at some kind of transaction by which the Chamber of Deputies and the Right Centre of the Senate may be represented in the Cabinet, thereby establishing harmony between the two houses."

PARIS, Nov. 3.

The Solid states that M. Payer Querier has been invited by the President to form a Cabinet of the Right, in which M. Payer Querier is to be President of the Council and Minister of Finance.

The Solid says: "This is a conciliatory step for the Marshal."

The Republic's Braine says: "It is impossible for President MacMahon to accept a Ministry acceptable to the recently elected representatives of the people, because such a Ministry must act in the teeth of the President's policy of the past four years. A great issue has been raised. A tempering solution will not do."

LONDON, Nov. 3.

A dispatch from Soha to the Daily Telegraph, dated Thursday, says: "The fighting continues on the Orhanic and Lovara roads. Chevet Pasha occupies a position commanding the junction of the Orhanic and Lovara and the Orhanic and Lovara roads. The Russian advance has been repulsed with heavy loss. Reinforcements are arriving rapidly. An attempt to take Telesh will be made immediately."

FROM WASHINGTON.

Senator Morton's Funeral—An Early Adjournment of Congress Improbable, &c.

WASHINGTON, Nov. 3.

The Star says that it is stated that Matthews has sent the amount of his bill at Wormley's Hotel to Chandler.

Secretary Thompson and Attorney General Devens left to-night for Morton's funeral.

An early adjournment of the extra session is highly improbable.

SOUTH CAROLINA.

Trial of Cardozo, Late Medical Secretary of State—The Testimony Concluded.

COLUMBIA, Nov. 3.

The testimony in Cardozo's trial was finished late this afternoon. The defendant was rigidly cross-examined this morning and among other things testified that Hardy Solomon had offered him a bribe of \$5,000 when visiting his private office to pay certain fraudulent claims, amounting to \$20,000.

Solomon contradicted this statement and alleged that he had given Cardozo three or four thousand dollars as part of the bribe and substituted in this transaction, Solomon's cashier, Seelye, testified that when he presented the claims Cardozo told him to pay the demand, it was none of his business. Seelye is a respectable Democrat, and his evidence on this point is damaging to the defendant. Counsel for defendant subsequently admitted the substitution of fraudulent claims. Admittance of counsel will begin Monday. The jury is kept together and guarded every night.

NEW YORK.

The child managed to grasp the shore, give the alarm, and the mother and one child were rescued. The bodies of the other two were found an hour afterwards.

Spirits Turpentine.

Diphtheria appears to be a hard word to spell. The A is often omitted.

Mr. George W. Charles, a leading and valued citizen of Elizabeth City, is dead.

The Durham Tobacco Plant will be issued daily during the session of the Baptist Convention.

The Elizabeth City Economist will publish a company and a public library for that burg.

Raleigh, after remaining in darkness for many weeks, is again cheered with lights on the streets.

The North Carolina Conference of the M. E. Church, South, will meet in Salisbury on the 28th inst., Bishop Doggett to preside.

Roan Mountain Republican: Tilmon McCurry, living on Jack's Creek, shot himself one day last week while engaged in playing cards.

An occupied new house at Raleigh was burned by lightning on the 29th inst. The News says this is the fifth occupied house that has been burnt at that place recently.

Raleigh Observer: Gov. Vance left for Charlotte yesterday morning, where he will take a day or two of rest, and will then go to Columbia to witness the South Carolina State Fair next week.

Elizabeth City Carolinian: The farmers of Camden have a fair crop. Thomas, of Camden, who was killed by William Hayes, of Harrellville, was found dead in his bed on the morning of the 22nd ult. He was 70 years of age.

Newbern Post Shell: Mr. John T. Shipp, of this city, was out hunting at Riley West's, across Neuse river, on Wednesday, and was remarkably successful. He bagged a wild turkey, at one shot, killed three wild turkeys.

Tarboro Southern: Teel Heel, on Monday evening, was moderately filled with Tarboro's most select citizens to hear the dramatic recitation in costume by Miss Mary Manly and Mr. Louis H. Hayward, of Raleigh. As amateurs their diction and acting were superb, easy, graceful and natural.

Winston Sentinel: Cole, the circus man, says he lost money in North Carolina. Two years ago, when he exhibited in this place, he found an immense crowd, and he took advantage of the eagerness of the people to sell them tickets to one dollar. Our people had not forgotten this shabby trick.

Currituck items in Elizabeth City Economist: A colored man was attacked by a she-bear with a cub, a few nights since. The man made his escape by running. The next night they were both killed. A rattlesnake was killed near Jarvisburg, on Friday 10th inst., that had nineteen rattles and a button, showing his age to be twenty years. He was killed by Joseph Forbes.

Wilson Advance: While the train was passing the Weldon fair on Wednesday night, crowded with men, women and children, some reckless miscreant at Whitakers fired a pistol into the car, and but for what seemed a providential interposition, serious damage would have been done. We understand the deadly messenger barely missed the face of Mrs. Robert Kicks, of Nash, who sensibly felt its force, as it passed.

Alamance Gleason: Alexander Purefoy, a negro boy about fifteen years old, was convicted of larceny at Dry-gate court, and upon the suggestion of Hon. Josiah Turner, his counsel, that he ought to be thrashed instead of sent to the penitentiary, His Honor agreed to suspend judgment if the boy, free him, in the presence of the court, gave him a whipping. The old man was sent for, and of course he has harrowed the boy before now and put him to work.

Charlotte Observer: The Lutheran entertainment a few nights ago proved such a success that those who had it in charge have been repeatedly asked to repeat it. The series of meetings which are now in progress at Calvary Mission Church are being attended nearly as well as were those about two weeks ago. More than twenty-five persons have already professed religion, as a result of the meetings now in progress, and a great many penitents are at the altar. There was more life in the city yesterday than has been since the busy season began. The streets were lined with wagons bringing in cotton and country produce, and the retail trade of the city was correspondingly good.

Raleigh News: We learn from a gentleman just returned from the western part of the State that John Baxter, a young man, had a second trial at Haywood Superior Court, last week, on a charge of killing Creighton Morrow, and received a verdict of "Not guilty." The Secretary of the North Carolina Agricultural Society was requested by the Executive Committee, by resolution, on Thursday night, last inst., to state that all articles awarded as premiums will remain at the Fair-Grounds at the risk of the owner, if not claimed prior to the 10th of November. We understand that Mr. Milton Nobles, before leaving Raleigh, Thursday night, engaged Tucker or Hall for his company for the week of the Agricultural Fair for 1878. At the fair, yesterday, George Joyner, a member of the colored Bunket Company, while exerting himself in casting water on the house of Mr. Carmar, became exhausted from the heat and labor, and fell in a fit.

Trial of the Late State Officers of South Carolina.

COLUMBIA, S. C., Nov. 2.

The trial of Cardozo's clerk, Woodruff, was finished to-day. His testimony, which is damaging to Cardozo, shows a conspiracy to defraud the State. It was entered into by Cardozo and officers of the General Assembly. When the prosecution closed its evidence direct, defendant Cardozo was sworn, and has been on the witness stand for several hours. His denial of certain transactions, including the Frankfort certificate, will prolong the testimony, as other witnesses will be produced to contradict him. The present indications are that the trial will extend to next week.
