Mr. Carmer and Mr. Best, the president. Witness saw the stock book but once, that was in the office of the company. Witness then made statements in answer to questions, as to the manner of keeping the books, cash accounts, &c., and the manner of receiving and paying out money. The company began to fail in paying claims against it about the last of 1876, or beginning of 1877.
Baptist State Convention.
[From the Raleigh News.]
SECOND DAY.
DURHAM, NOV. 8.
Many additional delegates have arrived to-day, both ministerial and lay, from various parts of the State. After religious exercises in the morning, the reports of the Board of State Missions, and also the report on the Women's Missionary Society, were taken up, and the discussion on them consumed the day.
The Board of Missions and Board of Education remain, with very little change, as they were before.
During the discussion to-day able speeches were made by Judge Kerr, Dr. Pritchard, J. D. Huffman, W. H. Pace, S. M. Collis, Dr. Wingate, J. C. Scarborough, F. M. Jordan, J. S. Allen, and other delegates. These brethren all evinced a lively interest in and knowledge of the subjects discussed, and the addresses were characterized by a spirit of Christian piety and zeal such as might be looked for from men of deep thought and earnestness in their support of a good cause.
It has been raining all day, which has interfered somewhat with the attendance upon the exercises of the session, nevertheless many braved the weather and came out.
As the freight train is so far behind time as to make my sending a report by it unavailable for your morning issue to-morrow, I will send a full report by mail.

A white boy, twelve years of age, named May Bond, was thrown from a cart, in Nash county, and killed. One of the wheels passed over his abdomen.
Rev. J. D. Huffman is meeting with encouragement in the Edenton section of the State in his efforts to raise a large endowment fund for Wake Forest College.
Durham Plant: We have in our office a plant of tobacco that grew on the farm of M. A. Angier, one mile from Durham, that measures nine feet. This is the tallest plant we ever remember to have seen.
A roof fell at Mt. Airy knocking down a part of a brick wall, which fell on a man named Jones, killing him instantly, and seriously if not fatally wounding another workman by the name of Shelton.
Biblical Recorder: There are eight or ten young ministers in the Cape Fear Association, some of them possessing splendid natural gifts. Would that each of them could spend even a year or two in Wake Forest College.
Raleigh News: Walter Tregellas, Esq., and Mr. William Williams, from London, England, are registered at the National Hotel. They visit the State in a round with a view to engaging in some enterprise that capital can be profitably invested in.
Tarboro Southerner: On Sunday morning last the little daughter of C. C. Thomas, Esq., aged six years, happened to the misfortune of having her leg broken by a gate, which fell upon her with such force as to cause the above accident.
Winston Sentinel: Drummers have commenced to put in their appearance. About fifty have been in town this week.
Sixteen members were admitted into the M. E. Church on last Sunday--two by letter. About one thousand people attended the yearly meeting of the Society of Friends at New Garden on last Sunday. There was plenty of preaching for the whole crowd.
Charlotte Observer: Col. Liles, of the Wadesboro Harriet, was in Charlotte last week, and he says he found it the same wide awake and enterprising and muddy place as heretofore. But the streets are in a shameful condition, and not one of the railroads entering there has a decent shed or shelter for the traveller. All of which is true if you strike out streets and insert sidewalks.
Edward J. Hale, Esq., writes from New York to the Raleigh Observer: Gen. Clingman also honored me with a visit to-day. I was very sorry to find that his views of the monetary condition of the country are not even so cheerful as his own, and mine are not so hopeful as they were three months ago. He thinks that unless arrested by Congressional legislation the worst is yet to come, especially here.
Edenton Times: Our different lines of steamboats are crowded with cotton for Northern markets. The per-annum crop is quite a large one, and the darkey is congratulating himself upon the prospect of "possum fat and hominy." "Single weddings" are the latest novelty. This takes place when the first corn is old enough to spank. Mr. Joseph Willoughby, residing about nine miles from Edenton, is raising large quantities of the very best green tea. The quality of the tea has been tested by numbers; in fact the difference cannot be told from imported tea, when placed in cups beside each other.
Greensboro North State: The sowing of wheat this fall has been greatly interfered with by the almost continuous wet weather the past month or more. Several cases are reported to have shown themselves in the neighborhood of Tabernacle, in this county. Some of them have proved fatal, but the disease is said to be now decreasing, both in the number attacked and in its violence. The Rockingham County Court was in session at Wentworth last week, Judge Buxton presiding. The criminal docket numbered 137 cases, two of which are capital, and of the remainder a large number are for murder. Of the two capital cases, T. P. Bowen was arraigned on Tuesday for the murder of his wife. The case was removed to Guilford Court on the motion of counsel and affidavit of the prisoner.
Statesville Landmark: James Clark was convicted of murder in the first degree last week at the Superior Court. The murder was committed by the stabbing of one Burchett, sometime in last March. Judge Cook thinking the testimony did not warrant so severe a penalty as that of death, set aside the verdict, and ordered the prisoner to submit for manslaughter, whereupon he was sentenced to ten years' penal servitude.
Two weeks since, Mr. Henry Sikeleather, a thrifty and energetic farmer of Alexander county, came to this place to attend the annual meeting of the known as Cole's Circus, with a large amount of money in his possession. He was enticed into the "side-show" by sharpers and swindled out of every cent he had in his possession and all he could borrow from his friends. Soon after the loss of his money he became very much depressed in spirits. He is now a raving maniac in the Alexander county jail.
Raleigh Observer: A little child of Mr. S. D. Wait was badly injured yesterday by plastering falling from the ceiling. Hon. Oliver H. Dockery arrived in the city last night, and will speak in Washington this morning.
Edmund F. Hill, youngest son of the late Dr. Wm. G. Hill, who is known among his old school mates as "Kinch Hill," arrived in this city a few days ago after a prolonged absence. When quite a lad in his teens, immediately after the close of the war, he concluded to turn sailor, and ever since he has led a "life on the ocean wave." A report was current, and was published some time since, that he was dead. He is a perfect type of the American sailor--bright, intelligent, open-hearted, adventurous, and until recently rather wild.
There is a man who resides in Buckhorn township, in this county, who has recently been a county official for thirty-five years. He is an illiterate man, cannot read a line of print or manuscript, but can write page after page as smoothly and correctly as any book-keeper in the city. He is very fond of writing, especially any one dictates, and when the manuscript is completed he knows no more about it than a hog does of Greek.
We learn that a young woman, daughter of Mr. James Williams, living two or three miles below Jonesborough, in Moore county, was burned to death on Sunday last. Her clothing accidentally took fire, and she rushed from the house, and before she could be overtaken it was entirely consumed. She lived about sixteen hours after the occurrence.

Local Note.
Diphtheria still prevails to a considerable extent in this city.
There is still a dearth of news in police circles and no cases for the Mayor's Court.
The receipts of cotton at this port yesterday footed up 1,300 bales, and the sales aggregated 795 bales.
The body of Mr. Thaddeus Moore, of Pender county, who was drowned here a few days ago, has not yet been recovered.
Ex-Mayor W. P. Canaday, lately appointed Receiver of the Carolina Central Railway, filed his bond yesterday for \$50,000.
Cold, clear or partly cloudy weather, northwesterly winds and rising barometer, are the indications for this latitude to-day.
Yesterday was as decidedly pleasant as Thursday was disagreeable. The weather, however, was unusually warm for the season.
Dr. Geo. H. West, of this city, has left for Newton, Catawba county, where he is to locate and conduct a drug store, in connection with his practice.
Mr. James H. Bailey, the veteran dancing master, has arrived here and is now forming classes to teach all the fashionable dances of the day at Meglinney's Hall.
The meeting of the Board of County Commissioners, which was to have taken place yesterday afternoon, was postponed in consequence of the absence of some of the members.
We learn that every fish and oyster in the market was "gobbled up" by shoppers and other wholesale dealers, yesterday morning, by half-past six o'clock, thus giving retail purchasers no showing at all for these articles in first hands.
A slight accident to the passenger train on the Carolina Central Railway, yesterday morning, occasioned some inconvenience, the passengers having to be returned from the scene of the run off, a short distance from the city, until the trouble could be remedied.
River and Marine Items.
The schooner M. A. Cormis, Turner, arrived at Ocala from this port on the 28th ult.
The steamship Benefactor, Jones, cleared from New York for this port on the 7th inst.
The schooner Italia, White, from Belfast for this port, arrived at Salem on the 8th inst.
There was a heavy rain up the river Thursday and Thursday night, and the steamer Wave was compelled to tie up, not reaching here until yesterday morning, but it is not supposed that it extended far enough into the interior to cause much, if any, rise in the river.

Arrested for Stealing Salt Sacks.
Two colored boys, named respectively Mike Peden and Robert Vann, were arrested yesterday afternoon, by Special Deputy W. P. Holland, on the charge of stealing a number of salt sacks from Messrs. Willard Bros. It seems that they took the sacks to a place on the wharf, on Thursday afternoon, and offered them for sale. Being new sacks the suspicion was aroused that they had been stolen, and subsequent investigation proved the correctness of the surmise. A warrant was issued for the boys and placed in the hands of Mr. Holland, who was deputized to make the arrest. He found the young thieves on the wharf near the foot of Orange street, yesterday afternoon, and succeeded by a ruse in tolling them to the office of Justice Hall, who issued the warrant, when they were held to answer to the charge. Twelve of the stolen sacks were recovered.
North Carolina Sermons Abroad.
Mr. E. J. Hale, writing to the Raleigh Observer from New York, says: "Among the returning delegates to the Episcopal General Convention I have had the satisfaction of meeting with the Rev. Doctors Huske and Watson, of our State, and of hearing the former preach one of his old time practical sermons, such as he was accustomed to deliver to his much attached congregation during nearly the score of years that I heard him in Fayetteville. It was a home feeling that came over quite a small congregation of North Carolinians that united with the people of the church of the Good Shepherd in Brooklyn in listening to him last evening--one at least of us impressed with the reflection that it was doubtless for the last time. Dr. Watson also preached in Brooklyn, at St. Peter's Church."
A Mysterious Absentee Turns Up.
A party who mysteriously disappeared from a neighboring town a month or two since, and whose horse was subsequently found loose in the woods, saddled and bridled, leading to the supposition that he had been foully dealt with, was seen and recognized by a gentleman on our streets a day or two since, armed and equipped with a carpet-bag, with nothing at all in his appearance to indicate that anything unusual had happened to him to cause his protracted absence from his home and friends.

WIVES KNOW THAT THE DROW OF CARE is never soothed by a delicious supper, to which perfect bread, rolls, biscuits, etc., are so important. To have these delicate products of baking always reliable, try GIBBS'S YEAR FLOUR. It is very important. This article is among the most valuable of the day in this bearing on health. ASTONISHING SUCCESS.—It is the duty of every person who has used BOESCH'S GERMANY SYRUP to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all those cases of Indigestion, &c., for which it affords an immediate relief. Three doses will relieve any case. Such a medicine as the GERMANY SYRUP cannot be too widely known. Ask your druggist about it. Regular size 75 cents.
SCHEENK'S FULMURON SYRUP, FOR THE CURE OF CONSUMPTION, COUGHS AND COLDS.—The great virtue of this medicine is that it ripens the matter and throws it out of the system, purifies the blood, and thus effects a cure.
SCHEENK'S SEA WEEB TONIC, FOR THE CURE OF DYSPEPSIA, INDIGESTION, &c.—This Tonic produces a healthy action of the stomach, creating an appetite, forming chyle, and curing the most obstinate cases of Indigestion, &c.
SCHEENK'S MANDRAKE PILLS, FOR THE CURE OF LIVER COMPLAINT, &c.—These Pills are alterative, and produce a healthy action of the liver, without the least danger, as they are free from calomel, and yet more efficacious in restoring a healthy action of the liver.
These remedies are a certain cure for Consumption, as the Pulmonec Syrups ripens the matter and purifies the blood. The Mandrake Pills act upon the liver, create a healthy bile, and remove all diseases of the liver, often a cause of Consumption. The Tonic and the Mandrake Pills can be used in conjunction, makes a good digestion, and enables the organs to form good blood, and thus creates a healthy circulation of healthy blood. The combined action of these medicines, as thus explained, will cure every case of Consumption, if taken in time, and the sooner the better.
