Mr. Conkling made a personal explana-

tion in which he said he had not been interviewed for some months by newspaper reporters. -Mr. Voorhees was sworn in as Senator from Indiana. - Mr. Maxey, of Texas, submitted a resolution relative to constructing defensive works on the Rio Grande. - In Republican caucus, Dawes, Hoar, Christiancy and Booth were flatly in support of the President, whilst Hamlin, Burnside, Oglesby, Howe and others were in violent opposition. - Senator McCrary is in favor of confirming Harlan to the Supreme Court Bench. -Heavy frost at Port Royal, S. C. - Russian lines around Pleyna have been contracted; they have 120,000 men; Osman Pasha can hold out for thirty days. -The Pope is alarmingly ill; it is reported in Paristhat he is dead. -Stanley, the explorer, was at Cape of Good Hope at last accounts. -- The President pardoned Thomas H. Benyan, who was convicted of making false entries in the books of a national bank. -- Voorhee's desk was covered with flowers. -Sundry appointments confirmed, among them Badger, District Attorney of Eastern District of North Carolina. - Army bill passed without a division; four caval regiments to be recruited for Texas service. ___Two deaths in Rhode Island through mistakes of druggists. --- Application made for the arrest of the proprieters of a large number of New York hotels for violations of the excise law. -- Many of the leading physicians of Italy say the Pope cannot last more than a few days. -- New York markets: Money 5 per cent.; gold 1021; cotton steady at 111@111 cents; flour very steady and unchanged, Southern fairly active; wheat 1@11c better; corn 1@1c better; spirits turpentine steady at 34 cents; rosin firm at \$1 70@1 771.

The news comes that there has been a heavy frost at Port Royal, S. C. We trust that Fernandina has received a similar blessing, and that Yellow Jack will disappear at once.

The Independents fared rather in Mississippi. They only elected their ticket in but one county. There are besides a few stragglers tcattered over the State.

The slippery colored Congressman from South Carolina, Smalls, by name, has been found guilty of bribery. The case was clear, and from the outset the jury stood eleven to So Smalls follows quickly the fate of Cardoza. Next.

Some twelve of the liquor retailers in Richmond have been dodging the Moffett liquor law, and Judge Guigon has made a rule against each one of them, requiring him or her to show cause at the next term of the court why his or her license should not be revoked. Execute the law and it will do wonders.

Pope Pius IX. has been often re ported in a dangerous, if not dying, condition, and has still lived on from month to month. His end appears to be at hand. Many of the leading physicians of Italy are at his bed-side and pronounce his death to be very near. He will be temporarily interred in St. Peter's. It is thought his successor will be an Italian, and that the Cardinals will not be in session longer than one day.

The condition of affairs at Plevna is growing critical. Osman Pasha, it is thought, has provisions for thirty days longer. In the meantime the Russians are credited with having one hundred and twenty thousand men, and are gradually contracting their lines of investment until they are reduced to thirty miles. Unless the Turks are reinforced largely the fall of Plevna would seem inevitable at no distant day. Plevna in the hands of the Russians, and one of the Turkish armies captured, it would seem that the final catastrophe would be hastened no little.

If we may trust the reports regard ing the Republican caucus, held in Washington, on Saturday, three noticeable events transpired. First, it was developed that at least four of the Senators were strongly in favor of the President, viz: Messrs. Dawes, Hoar, Christiancy and Booth. cond, that a resolution was adopted that no appointments of Southern Democrats would be confirmed when opposed by Southern Republicans. Third, that there would be a split in the party if an attempt was made to force a vote to seat Kellogg. Mr. Christiancy promptly left the caucus when a resolution to that effect was introduced.

- The News warps the public against a swindler by the name of Gleason, who professes to give away money, &c., and then puts up knives at \$5, and when he has succeeded in getting a sufficient sum in hand to suit his needs, whips up and leaves his victims to make the most of it.

WASHINGTON, Nov. 10. The Senate had another quiet ses sion. Next week, however, there is a probability of some lively debates in the Senate. It is expected that the Senate Committee on Finance will report the Bland silver-bill essentially as it came from the House. An effort will be made in the Senate to amend it so as to make silver a legal

QUARRYVILLE, PA., Nov. 10. An unknown tramp hung himself to-day in the woods near Pennsylvania Hill, Lancaster county. He had called at a Mr. Webster's for something to eat, and shortly thereafter was found suspended by a handkerchief from a limb of a tree, but life was already extinct.

Honest John.

|New York Tribune.] Senator Patterson retains his seat in Washington, but he cannot be said to represent South Carolina there any longer. All of the petitions, memorials, and other documents from the State are sent to Senator Gordon, and are presented by him. The great man's occupation is gone. The only desire for his aid or society manifested anywhere, comes from the penitentiary of South Carolina. That absolutely yearns for him.

Murder in Darlington. The Pee Dee Watchman gives an account of the murder of a colored man by a white man in Darlington, being the first crime of the kind committed in the State since the recognition of Gov. Hampton. It appears to have been a brutal deed, and the expectation is that Gov. Hampton will offer a reward for the arrest of the murderer. The Watchman says:

"Henry Johnson, colored, was brutally murdered in the buggy of Mr. J. W. Fountain, in which was also his little son, on Thursday afternoon last, the fifth birthday of the little fellow, about four miles from Darlington, by a white man named Smith.

This, no doubt, is occasioned by the opening of the Air-Line road to Hamlet, whereby new and cheap freight line is established.

Statesville American : We are glad to see that Dr. C. L. Hugter has a length presented to the public the volum of Sketches of Western North Carolina which was announced as in the course of preparation some time ago. It is a great addition to Caruthers' Life of Caldwell, Wheeler and Foote's Sketches. We hai with pleasure all such efforts on the part of those who have leisure and a disposition who are in circumstances favorable to historical investigations.

- Elizabeth City Economist: In consequence of the high water in the Dismal Swamp, or the scarcity of food (it being a poor year for meat), or from some other cause, the bears have made their appearance in the neighboring country, and bears and rumors of bears abound in Gates. Out of a herd of twelve bears, eight were killed, recently, near Sandy Cross. That takes the shine off of Bill Basnight and the Emperor of Russia, the two champion bear hunters of the world.

the street railway near the corner of Market and Seventeenth streets. - The receipts of cotton at this port yesterday footed up 1,388 bales, and

the sales aggregated 370 bales. - There was a heavy frost in this section Sunday night, being the first of any consequence during the season.

Depredations of Cows Running at

Large. Cows made a raid upon a flower garden, attached to the premises of Mrs. James Deans, corner of Fifth and Ann streets, on Saturday night, and completely destroyed it. Mrs. Deans was aroused at an early heur yesterday morning, with the information that cows were in her garden, and, upon going out, found five of these troublesome animals within her inclosure. How long they had been in there she could not tell, but the work of destruction was com plete, while a pannel of the fence lying prostrate on the ground attested their manner of entrance. They all had bells attached to them, and she heard the noise made by them during the night, but thought they were in a vacant lot adjoining her premises. Mrs. Deans valued the plants, shrubbery, &c., destroyed at \$100. The ordinance probibiting cows from running at large in the streets at this season of the year, does not seem to have much effect, and if it cannot be enforced it might as well be repealed.

Religious Matters. Rev. W. S. Black, Presiding Elder of the Wilmington District, held the fourth quarterly meeting for Topsail Circuit, at Wesleyan Chapel, on Saturday and Sunday last. This is a handsome little wooden church situated at what is known as Scott's Hill, and is creditable to the enterprising farmers and others in that vicinity. It is nicely painted and plastered, and its curly pine seats and pulpit, with its panneled ceiling, will compare favorably with many city churches, while its choir furnishes vocal and instrumental music which is very inspiring.

Last evening Rev. Mr. Black assisted at the meeting at the Fifth street church, in this city, which has been in progress for several weeks, resulting in a number of conversions.

BOARD OF ALDERMEN.

Proceedings in Adjourned Session. The Board met at the City Hall yesterday afternoon, at 3 o'clock; present, His Honor, Mayor Dawson, and Aldermen Bowden, Flanner, VonGlahn, Vollers, Foster, King, Lowrey and Hill.

The proceedings of the last meeting were read and approved. The Mayor reported, in the matter of

keeping the city mules, that since the last meeting they seemed better fed and kept. The special committee on limited railroad tickets gave notice that they would report at the next meeting.

The Sanitary committee, in the matter of discharging health officers, reported, recommending that they be dispensed with, their discharge to date from the 10th inst. Report adopted.

Permission was granted W. F. Lessman to erect a dwelling on Third, between Nun and Church streets. The petition of W. B. McKov, in refer-

ence to tax matters, was referred to the Finance committee. A petition from the street hands was read

and laid on the table. A communication from the Board of Audit and Finance was read, and, after considerable discussion, on motion of Alderman VonGlahn, the Mayor was authorized to make a reduction of the police force to such an extent as to bring the pay-roll to an amount corresponding to the amount in hand to pay them, provided the number

of privates be not less than twenty. A petition from sundry merchants, for removing the detective now on duty and for abolishing the said office, was read, and on motion of Alderman Foster, it was laid on the table.

Alderman Foster offered the following: Resolved, That a fine of \$10 be imposed upon each and every person refusing to pay the market fees, upon demand for the same by the Clerk of the Market.

On motion of Alderman Foster, it was resolved that a tax of five dollars per month be levied upon each wholesale buyer and seller of oysters and fish. Alderman Foster offered the following:

Resolved. That His Honor, the Mayor, is equested to have a statement placed in the hands of the City Attorney, Col. W. S. Devane, a schedule of all claims, demands and indebtedness due the city from and under the following heads, to wit:
Paving Front, Chesnut, Princess and
Mulberry streets. Making new sidewalks.

For repairing sidewalks. Also, all other unsettled accounts when the various amounts are or may be due the city. Be it further ordered, that His Honor make such arrangement to pay the City At-

torney a per centage upon collections as he may think equitable. A motion to lay the resolution on the table was lost by the following vote:

Aves-Aldermen Flanner, Lowry, Hill and King. Nays—Mayor Dawson and Aldermen Von Glahn, Vollers, Foster and Bowden.

The original motion was then put and ost by the following vote: Ayes-Mayor Dawson and Aldermen Von Flahn, Vollers and Foster.

Nays-Aldermen Flanner, Bowden, King, lowry and Hill. On motion of Alderman Flanner the Mayor was authorized to sell two of the mules and carts belonging to the city, if he

should deem such action necessary. The committee on Public Buildings made report, which, on motion, was received and referred to the Mayor for action,

The Board then adjourned,

The Daily Review. We are requested by Mr. James, of the Daily Renew, to express his regrets at his inability to publish yesterday afternoon the regular issue of that paper. The office has been moved within the past two working days to the foot of Chesnut street, and the publisher fully expected to effect the removal without the loss of a single issue, and this would have been accomplished but for the fact that at the last moment there was some mechanical derangement of the power press just erected which could not be remedied in time for publication. The matter had all been prepared and the forms were ready for the press when the above fact was discovered.

The Review will appear as usual this after-

Marriage Fees. From the report of Joseph E. Sampson, Register of Deeds, made to the Sheriff, we learn that the fees due to the State, for marriage licenses issued by him from September 4th, 1875, to October 31st, 1877, for white couples, amounted to \$90, and from September 2nd, 1876, to October 31st, 1877, for colored couples, [amounted to \$1 55.00. Total, less commissions (\$12 25), \$282 75. The license fee is \$3, of which \$1 goes to the State and \$1 to the county, and \$1 to the Register as fees, the first of which is paid over to the Sheriff and the second to the County Treasurer.

The "Pipe of Peace." We examined, yesterday, a beautiful merchaum pipe, bearing the coat of arms of North Carolina in raised characters on the back of the bowl, which is intended to be sent as a present to Gov. Vance by Mr. S. Kasprowicz, of this city. It was exhibited at the great Centennial, in connection with a collection of others, representing each of the various States of the Union and bearing the coat of arms of the same, and is truly a handsome specimen, being valued at \$25.

The chairman, on taking his seat, delivered a culegy on the life and character of the deceased, and was followed by Messrs. George L. Mabson, G. W. Price, Jr., Jos. E. Sampson and others.

The following resolutions were adopted:

Whereas, it has pleased Almighty God, in the wisdom and dispensation of His providence, to call from earthly existence to the higher spheres of spirital and eternal life Senator Oliver P. Morton, Resolved, That in the death of Oliver P. Morton, and the down-trodden and oppressed an able advocate and untiring friend.

Harvesting Rice. A field of rice near this city, belonging to the Navassa Guano Company, was being cut yesterday, and is reported as being in excellent condition. This is unusually late in the season to cut rice. It was planted late, with the bare possibility that it might mature before the frosts and ice of winter should intervene and destroy it. Fortunately, as it proved, the frost and ice did not come until the rice was ready for harvesting, and consequently a good crop was made. We hear that there are other fields in the vicinity of Wilmington yet uncut.
