The mail service is to be increased in the South. A bill will be reported by Gen. Vance to make faster time on the Washington and New Orleans ronte via Raleigh, Charlotte, Atlanta, &c., averaging 331 miles, per hour over the entire line, and appropriating \$28,000 to amend the contracts. This is all well enough. But the South needs more country mails. Scores of new post routes should be established and we hope will be established soon.

The Russians have again suffered two reverses. They made a terrific assault upon Fort Uzizie, at Erzeroum, and, after terrific loss, fighting hand to hand with the Turks, they captured it. But they were not permitted to hold the dearly bought prize. Mehemet Ali, who is a Prussian, rallied the Turks, and retook the Fort, driving out the Russians at the point of the bayonet and with great slaughter. The Russian force is much too small to invest the place. It only numbers 25,000 men. They have also been repulsed near Kars, after prolonged and severe fighting. Osman Pasha was summoned to surrender at Plevna, but he could not see it, and declined the honor. ## The Infanticide Case Again.

It will be remembered that Sarah Ann Denton, colored, had a preliminary exami nation on Thursday of last week on the charge of infanticide, and that defendant was bound over by Justice Hill, in the sum of \$200, for her appearance at the next term of the Criminal Court. Yesterday Alex. Stewart, Clarisa Bingham, Eliza Bowden, Lucy Green and Henrietta Warren, all colored, were arrested on a warrant ssued by Justice Hill, at the instance of the State Solicitor, charged with being implicated, in connection with Sarah Ann Denton, with the murder of her infant child.

The case came up for a preliminary hear ing at the Court House yesterday morning, before the colored magistrate alluded to, and after hearing the evidence, which was not considered sufficient to warrant the binding of the parties over, they were discharged.
