Congress about to Adjourn-The Silver Bill Finished-A New Provi-

WASHINGTON, Nov. 21. In the Senate several private bills were considered, and at 12.20 P. M., Mr. Conkling submitted a motion to adjourn, but at the suggestion of Mr. Hamilton it was withdrawn, and on motion of the last named gentleman the Senate went into ex-ecutive session.

The finance committee have finished the Silver bill, and will report it this evening. It is as it came from the House, except that Government shall coin not less than two nor more than five million silver dollars per

The Deputies, by a vote of 297 to 210, passed the motion introduced by M. Beth-mont, to the effect that in view of the doctrines enunciated by Duke de Broglie, yesterday, the Chamber being resolved to maintain its prerogatives against encroachment, adjourns discussion on the validity of the election of M. Reille, under Secretary of State, and Minister of Interior, until the Electoral Abuses committee shall liave reported on his doings relative to official candidatures.

The attitude of the Chamber of Deputies has created a deep impression everywhere. The Senate to-day adjourned until

Parts, Nov. 21. The Republique Francaise declares that The Republique Française declares that "in view of the Senate's pretensions and the President's refusal to change his policy, it becomes clearly the duty of the Chamber of Deputies to refuse to vote the budget. The Chamber must saye the country. No budget must be voted as long as the majority has not a Ministry in whom it can place confidence." London, Nov. 21.

Reuter's Paris dispatch says the new Ministry will not be gazetted before Thurs-day. It is expected Gen. Grimaudet de Rochaubet will be President of the Council and Minister of War; M. Batbie, Min-ister of Instruction; M. Pouyer Quertier, Minister of Finance; M. de Peyer, Minister of Justice; M. de Wilche, Minister of the Interior; M. Bonneville, Minister of Foreign Affairs; M. de Lorne, Minister of Commerce; M. Montgolfier, Minister of Works; and Admiral Giequel des Touches,

Minister of Marine. The Times Paris correspondent, com-menting on the latest list of probable Ministers, says "such a Ministry must either resign after its first encounter with the Chamber of Deputies or the Chamber must be again dissolved. In the latter case a virtual coup d'etat is inevitable, as another Chamber could not be elected in time to vote the budget, and government would, therefore, have to collect taxes without authorization."

London, Nov. 21.
The Times has a leading article on the French situation which concludes as follows: "The moderate Right of the Senate did not mean to produce the mischief they have occasioned, but the result is before us. The powers of France are arrayed against one another like army against

army."
The Times, in its financial column, says in consequence of the low rate of discount at Paris, business may now be expected to be diverted thither, and the rates here be correspondingly weaker, though ne reduc-tion of the Bank of England rate of five per cent. is anticipated until its reserve is materially strengthened.

LONDON, Nov. 21. The Times Erzeroum correspondent, in a letter dated October 25th, says: "If win-ter breaks upon us shortly, and Kars holds out, we may keep Erzeroum, but if the weather continues fine and Kars falls, this place cannot repel the Russians."
The Manchester Guardian's Pera corres-

pondent telegraphs as follows: "We have just heard of the capture of Kars. The fall of Erzeroum is expected to follow. The Porte now appears desirous of entertaining peace proposals. Seveer Pasha, Minister of Foreign Affairs, and Mahmoud Damad are said to be more favorable to peace."

A special to the Standard, from Veran Kaleh, contains the following: "Seventeen thousand men from the Kars army will be thousand men from the Kars army will be detached to assist at the siege of Plevna." The bark Esperanza, from Baltimore, arrived at Queenstown, Monday, with her bulwarks stove in; also a shifted cargo. The schooner Seashore, from Philadelphia, at Plymouth, lost her foremast and spars.

The Case of Mr. Butler, Senator from South Carelina-The Deficiency Bill in the House-Amendment Offered by Mr. Waddell Voted Down, &c.

WASHINGTON, Nov. 21.

SENATE.—In the Senate, this afternoon, Mr. Conkling, for the Republican Senators, demanded an immediate vote on a motion of Mr. Hoar to lay on the table the resolution of Mr. Thurman, to discharge the committee on Privileges and Elections from the further consideration of the cre-dentials of M. C. Butler, as Senator from South Carolina.

The Democratic Senators opposed the motion, and endeavored to carry the matter over until to-morrow. Mr. Thurman submitted a motion for an

HOUSE.—The House was occupied all

day in considering the deficiency bill, which appropriates about one and a half which appropriates about one and a half million dollars. The two principal items were to pay judgments of the Court of Claims and the salaries of postmasters.

On motion of Mr. Waddell, of North Carolina, an amendment was adopted rendering available for the Star service of the Post Office Department (carrying the mails on other than railroad and steamboat routes) \$700,000, heretofore appropriated but not

The amendment, however, was voted down in the House, and no further action was taken on the bill.

The Army and Navy Deficiency Bill Signed-The Santo Bomingo Matter -Revenue Matters-The Patterson Habeas Corpus Case—Bodging a Political Discussion, &c.

WASHINGTON, Nov. 21. The Senate, in executive session over an nour, only succeeded in confirming Wm. S. Hunter, receiver of public moneys at Hayes City, Kansas. The President signed the army bill and

he navy deficiency bill. Secrecy was removed from the executive session proceedings of the Senate regarding Santo Domingo, but it is unknown whether the action is intended to unearth or bury scandal.

The report of the Commissioner of Internal Revenue shows a million increase in revenue from distilled spirits. Total increase of internal revenue from all sources one and three-eighths of a million. The products of tobacco and the revenue there-from has largely increased, more especially on cigarettes.

The habeas corpus case of Senator Patterson was resumed to-day. The argument,

which was commenced to day, promises to occupy several days. The Elections Committee of the House has postponed the Colorado case until its

regular session. The deficiency bill that was before the House to-day, does not contain the item to defray the expenses of the President's Louisiana Commission. There was such an item on the bill as originally reported frem the Committee on Appropriations, but subsequently that bill was withdrawn and recommitted, and as reported back it omitted all reference to the Louisians Commission. It is surmised that the change of mind on the part of the committee was caused by a desire to avoid a text for a political discussion that might be both dila-

Turpentine Lands.

THE ATTENTION OF DISTILLERS AND others interested in the manufacture of Turpentine is called to the advantages offered by the country along the line of the Brunswick and Albany Railroad. This road extends from Brunswick, on the seacoast, to Albany, in Southwestern Georgia—a distance of one hundred and seventy-one miles—through The Great Pitch Pine Belt in the State, which it traverses from one side to th

ether.
Fine, open, well timbered lands, lying immediately along the line of the road, can be bought for about One Dollar and a Half an Acre,

and the same kind of land, situated about five mile from the road, can be beught as low as Twenty-Five Cents an Acre. These Lands are generally free from undergrowth, the timber being tall and thick, and, with the exception of the pines having more heart, they resemble very closely those of North and South Carolina.

As fine a quality of rosin can be made here as in the Carolinas—a large proportion of that manufactured early in the spring grading W.

The rates of freight from stations under one hundred miles from Brunswick are forty cents per bbl. on rosin and seventy cents per cask on spirits turpentine, and from stations over one hundred miles, forty five cents on rosin and seventy-five cents on spirits. There is a weekly line of steamers from Brunswick to New York, the rates being fifty cents on rosin and seventy-five cents on spirits.

Naval Stores can be sold promptly in Brunswick, however, at New York quotations, less freight and charges, and frequently at even better prices.

To bona fide intending settlers a free pass over the road, good for two weeks, will be given in order to afford them ample time to see the country and secure a location.
