Lerdo Tejada, the exiled President of Mexico, has finally withdrawn all pretensions to the Presidency of that country, and has signified his intention to withdraw to France. The press of Mexico now indulge a peaceful tone towards this country after having played the part of "brag" without any important results. Troops are said to be moving towards the frontier.

It is confidently asserted that Earl Beaconsfield will retire from the Premiership before Parliament assembles, and that Earl Derby will succeed him as the head of the government. Whether or not it is advancing age, impaired health, or growing unpopularity that causes this step, we are not informed. Earl Beaconsfield is in favor of English intervention in the Eastern war, whilst a majority of his countrymen are clearly in favor of peace. Earl Derby's recent views were pacific, and there may be se rious disagreement in the Ministry as to the proper course to be pursued. Hence the retirement of the warlike Earl and the promotion of the peacefavoring Earl. This may be the state of the case.

The defeat of the Russians and the capture of Elens is conceded by them. They retreated after heavy loss, being pursued by thirty thousand Turks to the head of a mountain gorge, where battle was joined again with unknown result. The Turks have also occupied Kesrova, the Russians retreating to Tirnova. It is said the latter will soon make a strong assault upon Batoum, and it is thought that its capture is assured. If Plevna should succumb it is believed the war will soon end. Such is the outlook just now. The Russians appear to have received some temporary checks in Bulgaria, but the end is gradually approaching, when the Porte must ask for peace. We hope it will soon come, for we are tired of reading and writing about the war.

The news from France at last as sumes a more cheering aspect. The prospect now is flattering for a peaceable adjustment of all difficulties. President MacMahon, after playing the part of usurper and tyrant, has been forced to yield to popular demands. He has been driven into submission through the firm attitude of the Orleans Senators, who would not agree to a second dissolution. He has finally agreed to the terms laid down by M. Dufaure, that the new Ministry shall have exclusive control of all official appointments—that the power to declare a state of siege shall be restricted—that the press restrictions shall be modified, and, finally, that the Marshal shall guarantee the Chamber against a capricious dissolution, M. Dufaure will form a Ministry, accepting himself the Presidency of the Council, without a Portfolio, with M. Leon Say as Minister of Finance. The Republican papers insist upon guarantees that the tactics of May 16th last shall not be renewed They generally express distrust of MacMahon, but rejoice that thus far the important principle of a government by majorities has triumphed. The President has given his own character a fatal stab, and the friends of Republicanum have good reason to doubt his sincerity and patriotism

Mexican ; War Voterans.

[Baltimore Sun.] The Commissioner of Pensions, in a letter addressed to Mr. Ingalls, chairman of the Senate committee on Pensions, makes an elaborate calculation as to the number of soldiers of the Mexican war now living who would be entitled to pensions in case the bill pending for that purpose should be passed. The Commissioner, in summing up, estimates 38,000 as the probable number of pensioners under a provision of law granting the same for one day's service, not including, however, the widows and heirs of deceased soldiers. He says he has no means of determining, and has not attempted to estimate, how many soldiers of the Mexican war served in the two contending armies during the rebellion, nor how many were killed while so serving.

District Court at Raleigh, upon motion of District Attorney Badger, a rule was granted against John Robinson, United States Commissioner at Goldsbero, to show cause why he should not be removed from office. It is charged that Mr. Robinson has been guilty of imposing fines in certain cases unjustly, and in one instance a party for the non-payment of costs was sent to isil by the Commissioner. T. C. Goldsboro Messenger: A most frightful accident occurred in this town early yesterday morning, resulting in the killing of William Anderson, colored, an employee of the Messenger office. He was killed by the cars. — It pains us to announce the death of Thos. T. Hollowell, Esq., who died at his residence near this town early Tuesday morning, aged 67 years. Mr. Hollowell was one of the early settlers of Goldsboro, and filled the office of Mayor for a number of years, besides many other positions of public trust.

- Salisbury Watchman: Colored Methodist Conference has been in sessi in this place for several days. J. W. Hood is presiding. They have had a remarkably quiet and orderly session. — Dr. Hill, of the vicinity, brought in town Tuesday morning, a pig, born alive but afterwards dying, with a snout very closely resembling that of an elephant. By lifting the snout, which hangs down over the face, the face bears a closer resemblance to the human countenance than to that of any other animal. — Old Aunt Abby House, of Ra-leigh, has been attending Conference.

Reidaville News: The Border Hunting Club held its annual session last Tuesday and Thursday. Col. Peter Hairston was elected President for the ensuing year. -Biblical Recorder: It is the duty of every good citizen of the State to con-tribute to the support of the Orphan Asy-lum. Unmailable Letters,

The following are the unmailable letters remaining in the city postoffice, Dec. 7th: T. J. Mulford, Phoenix, N. C.; Mrs. Robt. Chaffe, Lumberton, N. C.; John Purcell, care Wm. Purcell, Heary county, rested on the Charge of Highway

Chief of Police Brock received a telegram from Fayetteville, Thursday evening, signed by E. P. Powers, J. P., requesting him to arrest one John Williamson, charged with highway robbery, who would arrive here during the night on the steamer A. P. Hurt, with further directions to search the prisoner and send him back to Fayetteville. Accordingly a look-out was kept for the steamer in question, and at 2 o'clock yesterday morning she landed at her wharf, near the foot of Mulberry street, upon which she was boarded by Sergeant Savage, of the police force, and the young man was arrested in his berth, where he was lying asleep. He aroused and dressed himself, asked no questions as to why he was arrested, and was taken to the guard house, where he is held to await a requisition from the authorities of Fayetteville. The sum of twelve dollars and fifty cents was found

on his person.

Williamson, who is a young man of prepossessing appearance and well dressed, stated, in conversation with the Chief of Police, yesterday morning, that he talked with Mr. Powers, on the market square in Fayetteville on Thursday morning, justibefore the steamer left, and that nothing was said about the matter for which he is now under arrest, and that no effort was made to detain him; if there had been he would not have been here; that he had intended to get off at a point on the river, but finally concluded to come here, and had expected to return on the boat yesterday afternoon. He also requested the Chief of Police to send him back to Favetteville as soon as possible, in accordance with the instructions from Mr. Powers, Justice of the Peace; but as he would have to be sent under guard it was thought best that an officer should come after him, and a telegram to that effect was sent to Mr. Powers.

We learn that young Williamson has a mother in Fayetteville, who is highly re-

After the above was written, Capt. Albert Worth, of the steamer A. P. Hurt, received a telegram from Justice Powers, of Fayetteville, directing him to bring Williamson up, and accordingly he was placed in th custody of Mr. James E. Flowers, at Capt. Worth's request, and delivered on board of the boat, which left for Favetteville between 2 and 3 o'clock vesterday afternoon.

A Disorderly Female.

Carrie Walker, colored, living near the foot of Mulberry street, was arrested Thursday night, by Officer G. W. W. Davis, on the charge of acting very disorderly. It appears that Officer Davis, being on that beat, had occasion, in the discharge of his duty, to take up a temporary position by the side of the house in which the woman lives, so that he could watch, without himself being seen, some suspicious proceedings going on in another direction. when he was discovered by Carrie Walker. who opened upon him with a tirade of abuse, accusing him of being paid to watch her house. She would listen to no explanation from the officer, nor heed his warnings to be quiet, until finally he found it necessary to arrest her, when she fought and struggled, cursed and fumed all the way to the guard house, assistance being required to take her there. She will probably have a hearing before the Mayor

a Editor's Thank sgiving Experi-

The editor of the Lumberton Robesonia gives the following as the result of his experience in Wilmington on Thanksgiving

"Feeling that there would be no formal

observation of the day in our town, and having some business in Wilmington, we decided to go dewn, transact our business, and enjoy with our friends the festivities of the occasion. We were surprised to find all the business houses in the city closed. We were aware of the fact that, in addition to the proclamations of the President and the Governor, the Mayor of that city had issued his proclamation calling upon the citizens to close their places of business, &c., but had no idea that it would have been so generally observed. But we were disappointed. We inquired where we could hear the best preaching, and were in-formed that the Lutheran church was the formed that the Lutheran church was the place, joint services being held there by the Baptists, Methodists and Preabyterians, the services to be conducted by Rev. C. M. Payne, of the 2nd Presbyterian Church. He was assisted by Rev. G. D. Bernheim, of that church, Rev. J. B. Tayor, of the Baptist Church, and Rev. Jos. B Wilson, D. D., pastor of the First Presby-terian Church. Mr. Payne preached a very able, entertaining and instructive ser-men from the 1st and 2nd verses of the 103d Psalm. We were very sorry to see that al-though five congregations combined in one of the smallest churches in the city that they failed to fill it.

Singular Coincidence of Names. It is a little remarkable how sparsely Christian names are diffused or distributed among our city officials. The Mayor is named John, the Assistant Treasurer is named John, the Captain of the day police is named John, the Captain of the night police is named John, and the 1st and 2d Sergeants are both named John; while the Treasurer is named Henry, the Chief of Police is named Henry, and the late Mayor warehouse at Lumberton were destroyed | pro tem, is named Henry. The coincidence is a little singular to say the least of it.

State vs. Sarah Ann Denton, Lucy Green, Clarissa Bingham, Henrietta Warren and Eliza Bowden, indicted for a conspiracy to conceal the birth of an infant, the alleged offspring of Sarah Ann Denton: Evidence was heard for the State, in which it was endesvored to establish the fact of the birth of the infant; but, in order to convict, under the circumstances, it was necessary to establish the connection of the alleged coconspirators with the transaction, and to do this the State relied upon the admissions and declarations made by the defendants in an examination before Justice J. C. Hill. colored, who, upon being placed upon the stand, failed to remember what had been said on that occasion, consequently the prosecution fell to the ground.

The Solicitor therefore offered to enter a not pros., but, the jury having been empannelled, the defence took advantage of a verdict of not guilty. Solicitor Moore prosecuted, and ex-Judge Russell and John L. Holmes, Esq., appeared for the defence.

TRUE ECONOMY.—It has been found that the only true economy is that which stops the little leaks and saves in trifles. For instance, one saves in milk, butter, eggs and flour by the use of Doo-LEY'S YEAST POWDER, which is made from the purest cream-tartsr, derived from grape acid. Good housewives have proved this by experience.

Nothing is more hamassing than boils or ulcers. Fortunately they can be quickly healed by the use of Glenn's Sulphur Soap, which purges the sore of its poisoneus virus or proud fiesh, and thus removes the only obstacle to its healing.

ASTONISHING SUCCESS.—It is the duty of every person who has used Boscher's German Syrupto let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all threat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case. Such a medicine as the German Syrup cannot be too widely known. Ask your Druggist about it, Regular size 75 cents.

SCHENCE'S MANDRAKE PILLS will be found ossess those qualities necessary to the total eradi cation of all billious attacks, prompt to start the secretions of the liver, and give a healthy tone to the entire system. Indeed, it is no ordinary discovery in medical science to have invented a remedy for these stubborn complaints, which develop all the results produced by a heretofore free use of calomel, a mineral justly dreaded by mankind, and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calomel without its injurious tendencies, is now an admitted fact rendered indisputable by scientific researches; and those who use the Mandrake Pills will be fully satisfied that the best medicines are those provided by nature in the common herbs and roots of the fields.

These Pills open the bowels and correct all billious derangements without salivation or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tonore.
