Correspondent - Governor, what do you think of the repeal of the Rethat the repeal of the Resumption Law is a question. Its fate was sealed by the inauguration of Mr. Hayes, who is pledged to sustain it. Every man who voted for Mr. Hayes voted Mr. H. B. Strvans. for the hard enforcement of the Re-sumption Law. Its repeal will be vetoed by Mr. Hayes, who in so do-ing will carry out the views he clearly and positively expressed before he was inaugurated. No man who voted for him could fail to understand these views, and it would be unreasonable to expect him to act otherwise. If any such idea was entertained, the appointment of John Sherman as Secretary of the Treasury was enough to show its fallacy. John Sherman, whose views and purposes are not modified by any consideration for the wants, hopes, welfare or sufferings of the people, was made master of the position. The Resumption Law has brought evil, and no good to the country. It has not even contributed to specie payment. Correspondent-Are you in favor

of the remonetization of silver? Governor Hendricks—Certainly, From reliable evidence on the subject the legislation demonetizing silver was most objectionable in its character. The people were not consulted at all. They had no intimatemplated. It seems that most of the members of Congress had no knowledge of what was being done. Because of this, if for no other reason, silver money should be placed just where it was. Experience will then demonstrate to what extent the depreciation of silver below gold has been owing to the fact that it was stripped of its quality of money-a quality of every importance to its value. If experience shall establish the fact that there is a permanent and increasing difference between gold and silver, because of the increased production of the latter, then Congress will be charged with the important duty of regulating the coinage and value of each, so as to avoid the evils of a double standard. Silver has become an important product of this country, and, inasmuch as the world recognizes it as a money medium of exchange, I cannot see why we should not atilize our large product of that metal to the greatest extent that may be found practicable. Its value, as money, to this country is too great to be thrown away. Correspondent-Do you think the restoration of silver would be a breach of the public faith?

Governor Hendricks -- By no means. The law of 1869, the first act signed by General Grant, pledged the faith and honor of the Nation to the payment of the public debt in coin. The silver dollar was then a part of the coin of the country, as honored in law and commerce as gold. Neither public faith nor private obligation can be impaired by a compliance with the contract in its letter and its spirit. To me it is plain that the public faith is made more secure by such policies as enable the people the more easily to meet the country's obligations. Surely, to restore silver money will facilitate the discharge of every public obligation and promote a return to specie payment. A prosper-ous condition of the country is the best guaranty of the observance of public faith. I think Congressional action upon these questions should be taken as promptly as possible. The continued agitation causes distrust and uneasiness throughout the entire business of the country.

Ben Butler in a New Role. [Washington Post.]

Ben Butler is said to be writing a novel for the Harpers'. This is not so novel an undertaking on Ben's part as some persons might at the first blush think it. With love for a theme, he will doubtless make a brilliant success of his first attempt in the field of fictitious literature. Ben is credited by his political opponents with a marvelous fecundity in fiction, and his history shows him to be perfectly at home in affairs of the heart. Aside from his little affair with gen-tle Annie Dickinson, his record at New Orleans entitles him to rank as the champion "spooney" of the Na-POLONO DEVENER

Two Birds Killed With One Stone. According to the Washington Post an ingenious member of the Mississippi Senate has contrived to slay two Presidential condidates with one stone. Somebody having introduced into that body a memorial on the Presidential fraud, similar to that presented in the Maryland Legisla-ture by Montgomery Blair, Senator Berry, a leading Democrat, killed the thing dead by an lamendment Resolved, That Kutherford B. Hayes is a fraud and Samuel J. Tilden is a failure.

Jim Tymer's Awful Pate. [Cincinnati Times.]

When the President comes to hear of the wicked practices of the great and good Tyner, he will call him up to the White House and gently whis-per to him that all is discovered, and that he wants his resignation.

Governor Nicholls has been elected President of the Louisians division of the Army of Northern Virginia. This division of the association will hold a reunion at New Orleans on the 22d of February, which Governor Wade Hampton is expected to

MISCELLANEOUS. VEGETINE

An Excellent Medicine. SPRINGFIRID, O., Feb. 28, 1877.

This is to certify that I have used VEGETINE, manufactured by H. R. Stevens, Boston, Mass., for Rheumatism and General Prostration of the Nervous System, with good success. I recommend VEGETINE as an excellent medicine for such complaints.

Mr. Vandegrift, of the firm of Vandegrift & Huffman, is a well known business man in this place, having one of the largest stores in Springfield, O.

Our Minister's Wife. LOUISVILLE, KY., Feb. 16, 1877.

Mn. H. B. STEVENS,

Discr Sir,—Three years ago I was suffering terribly with inflammatory Rheumatism. Our minister's wire advised me to take Vegeting. After taking one bottle I was entirely relieved. This year, feeling a return of the disease, I again commenced taking it, and am being benefited greatly. It also greatly improves my digestion. Hespectfully,

MRS. A. BALLARD,

Safe and Sure. Mr. H. R. STEVENS.

In 1872 your VEGETINE was recommended to me, and, yielding to the persuasions of a friend, I consented to my it. At the time I was suffering from general debility and nervous prostration, superinduced by overwork and irregular habits. Its wonderful strengthening and curative properties seemed to affect my debilitated system from the first dose; and under its persistent use I rapidly recovered, gaining more than usual health and good feeling. Since then I have not hesitated to give VEGETINE my most unqualified endorsement as being a safe, sure, and powerful agent in promoting health and restoring the wasted system to new life and energy. VEGETINE is the only medicine I use, and as long as I live I never expect to find a better.

Yours truly, W. H. CLARK, 120 Monterey Street, Alleghany, Pa.

VEGETINE.

The following letter from Rev. G. W. Mansfield, formerly pastor of the Methodist Episcopal Church, Hyde Park, and at present settled in Lewell, must convince every one who reads his letter of the wonderful curative qualities of Vegetine as a thorough cleanser and parifier of the blood.

Hyde Park, Mass., Feb. 15, 1876.

HYDE PARK, Mass., Feb. 15, 1876.

H. R. STEVENS,
lear Sir.—About ten years ago my health failed ough the depleting effects of dyspepsia; nearly a ar later I was attacked by typhoid fever in its rest form. It settled in my back, and took the m of a large deep seated abscess, which was fifs in months in gathering. I had two surgical opedions by the best skill in the State, and received permanent sure. I suffered great pain at times, it was constantly weakened by a profuse disagre. I also lost small pieces of bone at different mas.

Matters ran on thus fer about seven years, till
May, 1874, when a friend recommended me to go to
your office and talk with you of the virtue of Vecerike. I did so, and by your kindness passed through
your manufactory, noting the ingredients, &c., by
which your remedy is produced.

By what I saw and hears I gained some confidence
in Vecessive.

By what I saw and heard I gained some confidence in VREKTINE.

I commenced taking it soon after, but felt worse from its effects; still I persevered, and soon felt it was benefiting me in other respects. Yet I did not see the results I desired till I had taken it faithfully for a little more than a year, when the difficulty in the back was cured; and for nine months I have enjoyed the best of health.

I have in that time gained twenty-five pounds of fiesh, being heavier than ever before in my life, and I meyer was more able to perform labor than now.

During the past few weeks I had a scrotulous swelling as large as my fist gather on another part of my body. I took VREKTINE faithfully, and it removed it level with the surface in a month.

I think I should have been cured of my main tronble sooner if I had taken larger doses, after having become accustomed to its effects.

Let your patrons troubled with scrofula or kidney disease understand that it takes time to cure chronic diseases, and, if they will patiently take VEGETINE, it will, in my judgment, cure them.

will, in my judgment, care them.
With great obligations I am
Yours, very truly,
G. W. MANSFIELD,
Pastor of the Methodist Episcopal Church
