Davidson College Commencement. Charlotte Democrat Report Shortened. Wednesday and Thursday of this week were the two prominent days of

the Commencement exercises at Davidson College.

On Wednesday, the 26th, at 11 A. M., the Hon. G. J. Orr, of Atlanta, Ga., (but a native of this county) delivered the annual address to a very respectable audience in the college hall. His subject was "How to choose a Profession," and without any superfluous words or attempts at polished rhetoric, his address abounded in practical thoughts and suggestions to the young men in regard to selecting a business occupation in life.

In the afternoon, at 4 o'clock, Mr. Frank I. Osborne, of this city, delivered the address before the two Literary Societies. The speaker was quite unwell, but he nevertheless entertained his audience for nearly an hour with an elegant and well written address, filled with brilliant thoughts and references to the experiences of every-day life. A copy was solicited for publication but re fused.

At 8 p. m. the hall was filled to overflowing to hear the speeches of the representatives of the Philanthropic and Eumenean Societies. The following was the programme:

Liberal Education-J. A. Wilson, (Eumenean Society,) of Yorkville,

A Heroine of the French Revolution-A. G. Buckner, (Philanthropic Society,) of Asheville, N. C.

The Statesman and Politician—E

All the above gentlemen acquitted themselves handsomely.

At the close of the Society Addresses five young gentlemen were awarded Medals for proficiency in their particular studies.

Commencement day, Thursday, June 27th, was greeted by a large attendance of visitors, and at 10 A M. the large Hall was crowded to hear the orations of the Graduating Class, as follows:

The Latin Salutatory-J. Lindsay Patterson, Salem, N. C.

A white tramp went to the house of Elvin Artis, colored, corner of Seventh and Brunswick streets, yesterday afternoon, between 12 and 1 o'clock, and walked in at the back gate without the least ceremony. It happened that at the moment there was nobody on the premises but a daughter of Artis, who, suddenly hearing a terrible noise in the entry, hurried from her room and found a man on the ground struggling in the clutches of a fierce yard dog kept on | much credit upon the young pianists, and the lot. She immediately commenced an par consequence upon their teachers. energetic effort to rescue the tramp, and finally, after much tugging and pulling, and orders to "let go," she succeeded in getting the dog loose. She then demanded of the tramp his business, and was informed that he came in to get a drink of water and something to eat, upon which she told him that the proper way would have been to have bailed or called out, and ordered him to leave the premises. This he was slow to do, and the girl finally had to threaten to turn the dog loose upon him again before he would leave. As he walked out a pistol was noticed protruding from rear pocket of his pants.

Death of a Famous Bird.

Under this head the Norfolk Virginia of Thursday chronicles the death of the well-known mocking bird, "Dick," the property of Col. J. R. Davis, formerly of Norfolk. The Virginian says: "Dick was eleven years two months and twenty-six days old, and was what is known as an April bird. He was famous as a 'songster.' Col. Davis secured him in Wilmington and brought him with him to Norfolk, hanging his cage in the 'rotunda' of the hotel, where day and night 'Dick' would warble. He was singing as usual up to 9 o'clock A. M. yesterday and in perfect health, when the servant, as was customary, gave him his morning bath, after which he hung him up in the sun to dry. It is thought that the great heat caused congestion, as the bird, after being exposed for a short while, dropped dead from its perch. The death of 'Dick' is greatly lamented by Col. Davis, as it will be by all the visitors of the Purcell."

A Lost Child.

A colored woman in Cape Fear Town ship, whose name our informant did not remember, left her home about dinner time on Thursday, leaving her three small children, the oldest only three years old, in the house. She returned about sundown and found the oldest child missing. She immediately commenced a vigilant search for the little one, exploring the premises and the surroundings thoroughly, and even examining the branches and other streams in the neighborhood, but could find no trace of the child. The neighbors were apprized of the mysterious disappearance of the little one, and quite a number of persons with torches searched the surrounding woods through a greater portion of the night, but up to 12 o'clock, when our informant left the scene, not the faintest trace of the lost child had been discovered. The parents live near what was formerly known as the Williams place, about three or four miles below the County Poor House.

General M. P. Taylor made quite a narrow escape while in attendance upon a fux neral at Oakdale Cemetery yesterday. He placed his hand on a wheel of a buggy occupied by himself and Dr. W. W. Lane. with the intention of springing over it to the ground, the procession having halted when a horse immediately in front suddenly started, followed by a like movement of their horse, when General Taylor was thrown in between the wheel and the buggy, where he received several severe bruises before he was extricated from his perilous position. Both gentlemen were considerably frightened, as it was known that had the horse discovered Gen. T.'s position be tween the wheel and the buggy he would have been apt to have kicked him to death before he could have been rescued.

Felony Dieabilities.

In order to a proper understanding of the matter of felony disabilities, by which persons are debarred from voting, we give so much of section 10, chapter 275, of the laws of 1876-'77, as relates to it:

Section 10 of the act reads: "The following class of persons shall not be allowed to register or vote in this State, to wit: * * Third, persons who, upon conviction or confession in open court, shall have been adjudged guilty of felony or other crime, infamous by the laws of the State, committed after the first day of January, 1877. unless they shall have been legally restored to the rights of citizenship in the manner prescribed by law."

Cruel Husband and a Forgiving

John Beckton, who was accused of beat ing his wife on the streets very unmercifully a few weeks ago, and has since kept out of reach of the officers, was arrested yesterday. The prosecution, however, was withdrawn the wife declaring that she "loved her husband and knowed his ways," and, though they might be like those ascribed to the "Heathen Chinee," she was willing to fork over the costs and say no more about it. A husband with such a considerate wife ought to "mend his ways,"

Tax Listing. We hear that there are a great many who failed to list their taxes, and as the time fixed by law for that purpose has expired they are now in a quandary what to do. The only way out of the difficulty, as we are informed, is for the parties to make application to the County Commissioners for the privilege of listing, and thus save themselves from the necessity of paying a double July celebration vietMisses Byrr and James' School-Exhibition Last Night.

Miss Ada Schenck obtained the prize. For the best performance of the major scales on pianoforte among primary scholars, there is a tie between Misses Mal Cowan and Annie VonGlahn, and both re-

ceive prizes. After the delivery of the prizes, a beautiful Juvenile Operatta, entitled "A Spring Holiday," was presented in a style equalling the enviable reputation which the Principals of this school have attained for their success in similar entertainments.

The late hour at which the programme was concluded must be our excuse for not having a more extended and minute description of the performance.

Miss Meggie Meares spoke the prologue in a charming manner. In fact, all of the young ladies who took part acquitted themselves with great credit, and the tout ensemble was pleasing in the extreme. Several of the solos were very sweetly rendered, notably those of Misses Ledford, Chaffin, Sarah Lippitt, and Garrell. Unfortunately, the young lady who was to have taken the part of the Queen was prevented from so doing by sickness, but the part was very acceptably filled upon short notice by Miss

Mary Chaffin. No better evidence need be desired of the success of the presentation of the operatta than the fact that, notwithstanding the crowd and the sultry heat of last evening, the audience remained until the last scene, and then departed with expressions of praise of the beautiful and interesting performance which it had been their fortune to witness. We hope to see this charming operatta given at the Opera House at some future day, where the audience could be comfortably seated, and where, also, there is a plenty of stage room for those taking part, a want that was plainly apparent last evening.

Distranchised Voters.

We learn that ninety-one persons in this county are disfranchised by the late Act of the General Assembly, which prohibits those from exercising the elective franchise who have been convicted of infamous crimes. Lists of the disfranchised, as furnished by the County Solicitor, at the request of the committee appointed by the Board of Magistrates to investigate the matter, have been furnished to the different Registrars.
