The "ancient mariner," Secretary Thompson, of the Navy Department, having deeply at heart the glory of his country and the safety and development of civil service reform under Hayes, has resolved to give a practical illustration of the same. He has determined to go to Indiana The civil service reform is about the greatest fraud connected with the present administration.

Several members of the Democratic National Committee have been consulting in Washington as to the conduct of the political canvass. The committee are more than satisfied with the outlook. They were agreed in the opinion that the next House is already as good as secured to the Democrats. We hope so, but we are not yet out of the woods. Let us work a good deal first, then beat the Rads at the polls and then crow.

Holly Springs, first death September 1; to the 6th there were 100 cases and 25 deaths. All of the Board of Health are down. A

dispatch of the 6th says: "Great consternation and demoralization exist. The town is deserted. Six hundred only left. No help of any kind. It is estimated that there are eighty patients down. There have been thirteen deaths in the last forty-eight hours. Dr. Bailey and self alone left for duty. The rest are all down. Send three or four cooks, one drugs gist and two more medical men. Am short of orange leaves. The Relief Committee are destitute of funds, having impoverished themselves to help Grenada. Expenses are about \$300 a day. There are forty nurses to be fed and cooked for. The town is in distance."

Memphis, for the week 529 deaths t is impossible to ascertain the number of cases. In two weeks there bave been 770 deaths. This is awful. A telegram of the 6th says:

"There is only one of the Howard medical corps operating. Another telegraph operator, Mr. Hood, was taken down to-night. A. J. Wheeler, Secretary of the Masonic Relief Board, is in a critical condition. One hundred and one deaths are reported for the past twenty-four hours, among whom were C. A. McDougall, Phil Spelmen, Mrs. Margaret Eyke, James Mc-Elfresh Peabody, the night clerk, Sister Josepha, Sister Dalona, Mrs. Annie Taylor and Joe H. Elliott. The Board of Relie of the M. E. The fever is raging at Hickman, Ky. First case on August 16th. U to the 6th there were 60 cases and 2 deaths. There are 25 refugees sick in Louisville, Ky., and 7 deaths. Wilkesbarre, Penn., to date, \$600; Scranton, Penn. \$1,000; York, Penn., \$750; telegraph operators at New Brunswick, \$300. There were three brothers at Grenada by the name of Luke. They were bankers and had families. The three families are extinct-not one remaining. Let all help. Keep the good work moving. The fever will no abate in many long, sad weeks to come. "Show pity, Lord."

The death of Rev. Dr. Wilson, of the Baptist Church, which occurred in New Orleans, of yellow fever, will be regretted by many friends and admirers in North Carolina and Virginia. He was for a long time stationed in this State, although, we believe, he was a native of Virginia, although of this we are not certain. He was remarkably gifted, and was a preacher of extraordinary power and eloquence. He fell at his post like a good soldier, and we cannot doubt that he was fully panoplied, having on the whole armor of God. He was probably forty-five years of age. After life's toils he is at rest in heaven.

An Appeal for the Orphans.

A home for the destitute children left orphaned and friendless by the yellow fever has been opened at Memphis. The inmates all need clothing, and some of the little ones being forced for the safety of others to have all of their clothing destroyed to prevent infection spreading in this house of refuge, are particularly helpless. An appeal has been made in their behalf, and all contributions, whether of cloth or clothing, and the latter may be new or old, will be received and forwarded by Mrs. Geo. W. Thomas, corner of Fourth and Market streets. It is desirable that the articles be forwarded as soon as

The Drowning Case. The colored man alluded to by us on Sunday morning, as having been drowned from one of the wharves in the extreme southern portion of the city, turns, out to have been one William Wright. It seems that he was employed on a wood flat belonging to Mr. W. H. M. Koch, which was in charge of one Nick Clark, colored. The wo were pushing the fist out from the dock near the Gas Works, Wright, who was about midway the flat, having his hands on the Revenue Cutter Orauford, endeavoring to shove the flat clear of the steamer, when, finding that the distance intervening between the steamer and flat was so great that he could not recover himself, he shouted to Clark, who was in the bow of the flat, to come to his assistance, which request he hastened to comply with, but before he could reach the spot Wright lost his hold and plunged headfore most into the river. Clark watched for him to come up, but it is supposed that he was either carried under the cutter or a vessel lying in close proximity, as he never

came to the surface. Deceased was only about 23 years of age, and was a green hand at the business of flatting. He belonged about ten miles beyond Fayetteville, and had only been here week or two. The body has not yet been

The accident happened about 10 o'clock Saturday morning.

The Fire Sunday Morning-Supposed Incondiarism.

The alarm of fire Sunday morning, be tween 2 and 3 o'clock, was caused by the burning of a dwelling house on the corner of Third and Church streets, owned and occupied by a colored woman by the name of Eliza Lucas. The Fire Department were promptly on hand and succeeded in saving a portion of the frame of the building and the out-houses. A portion of the furniture was saved. We learn that there was no insurance on the property. Circumstances led to the belief that the

fire was the work of an incendiary, and subsequently a warrant was issued, upon the affidavit of James H. Harris, colored who lives on the opposite side of the street from the burnt building, for the arrest of one Julia Ford, colored, charged with setting fire to the property. It seems that Julia Ford and one Ann Hankins had rented rooms from Eliza Lucas, and on Saturday Ann Hankins had taken out a warrant againt Julia Ford on some trifling charge, which was tried before Justice J. C. Millis, and which was dismissed at the prosecutor's costs, whereupon, after the trial, Julia Ford made threats against Ann Hankins, saying she would "fix her," or words t
