

RATES OF SUBSCRIPTION IN ADVANCE: One year, (by mail postage paid) \$7.00; Six months, \$4.00; Three months, \$2.00; One month, \$1.00.

For Congress: ALFRED M. WADDELL, of New Hanover.

OUTLINES.

Leavenworth, Kansas, sends \$1,000 to the yellow fever sufferers. The picnic at Chicago netted \$10,000. Gov. Williams, of Ind., has appointed Friday next as a day of fasting and prayer in behalf of the plague-stricken South.

Old Teumessah Sherman did not write that sharp letter to Cardinal McCloskey as reported, and all about that son of his.

It is estimated that the Delaware peach crop of 1878 will bring in \$1,000,000. One county alone, Sussex, gets half of this large sum.

Wilmington is doing well for the sufferers, and will do still more. We hope to see the contributions grow until at least \$4,000 is reached.

Would it not be well for Governor Vance to appoint a day for humiliation, fasting and prayer in confession of our own sins as a people, and in behalf of our sorely smitten brethren in the South? Governor Williams, of Indiana, has already set an excellent example, and has appointed tomorrow for a general observance.

The quarantine in Alabama and Mississippi now is so general that all postal facilities are very nearly suspended.

Trains between Meridian and Jackson, Miss., have been stopped and agents ordered out of the State. Mobile has quarantined against trains on the Mobile & Ohio Road and Jacksonville against Cedar Keys.

The little business Austria is engaged in is rather expensive. It will take about 150,000 men, it is thought, to complete the occupancy of Herzegovina. The matter is growing so serious that the Great Powers are about uniting in a demand upon Turkey for the execution of the stipulations of the Berlin treaty.

And then Albania is up in arms, and 40,000 well disciplined men have entered into a league to resist to the death all occupancy of their territory by a Christian power.

The news from Maine is unexpectedly good. It is quite certain that the little State of Maine, Eugene Hale, has been defeated for Congress by from 1,200 to 1,500 votes. This is good enough, but there is more yet.

The Military Court sitting to investigate the Fitz John Porter case has resumed their inquiries. They will also investigate ex-Surgeon General Hammond's case. It will require a good deal of whitewashing to cover over the ugly scars on his badly damaged character.

The Radical Executive Committee of the Fourth District have nominated Hon. Josiah Turner for Congress. Now this is lovely.

THE MORNING STAR.

VOL. XXII.--NO. 148.

WILMINGTON, N. C., THURSDAY, SEPTEMBER 12, 1878.

WHOLE NO. 3,462

YELLOW FEVER NOTES.

We resume our painful task of gathering news items concerning the fearful scourge. In New Orleans there is no change for the better. Among the recent sick are the following:

Rev. Father Mossardier, of St. Theresa Church; Walter Lonsdale, of the Howards; Dr. C. L. Herndon, volunteer physician of the Young Men's Christian Association, and Charles J. Alley, of the Western Union Telegraph office.

From Memphis is the most agonizing reports continue. A telegram on the 9th says:

"To-day's mortality report is the largest of any day since the fever appeared, the undertakers reporting 113 interments, of which twenty-four were colored. Among the number are Major J. C. Thrall, Thomas Hood, a volunteer telegraph operator from Philadelphia; Rev. D. R. Hines, of the Bartlett Circuit, Methodist Episcopal Church; N. Gibson, Sister Constance, superior of the Sisters of St. Mary.

Dr. Cole, an active member of the Howard Association, died late this evening. His wife and child are sick with the fever. The Howards have established, under the direction of Dr. Lewis T. Bryan, of Houston, Texas, the most thickly settled portions of the city, there is not a single drug store open and great difficulty is experienced in getting prescriptions filled. In accordance with the determination of the citizens to force people to leave the city, no rations were issued to-day, except to persons who had sick ones in the family. A proclamation will be published in the morning papers notifying the public that camps will be formed, and those who expect to receive rations must take up their residence there until the city is free from fever."

Mayor Ficklin is better. The disease continues to reach new localities. It is at Lawrence Station, and at Dry Grove, in Hinds county. There are now some twenty places where it is suffering from the fell disease. Governor Stone, of Mississippi, is at Jackson to confer with the State Board of Health and citizens as to State aid in the present emergency. It will be impossible to convene the Legislature now, so strict is the quarantine in nearly every county in the State.

Here are some interesting items: W. A. McCully, an experienced physician from Independence, Kan., has gone to Memphis. Miss Annie Louise Cary will give a sacred concert in Chicago next evening, under the auspices of the Owl club, for the benefit of the Southern sufferers.

Joseph Locke, of the Memphis Ledger, who reached Cincinnati last Friday, was taken to the Hospital Monday, sick with the yellow fever.

The St. Louis Merchants' Exchange fever fund now reaches \$27,263. Other collections amount to \$3,077. Total \$30,340. State Treasurer Marsh T. Polk, of Tennessee, by advice of Gov. Porter, has determined to issue provisions to the extent of \$300 per week to the yellow fever sufferers at Memphis.

Richmond, Va., has thus far sent \$3,974.33. "Big Richmond" ought to do better than that. Syracuse, N. Y., has given \$3,500. Oswego, \$225; Johnstown, N. Y., \$700; Newburgh, N. Y., \$900; Chester, Penn., \$1,200; New York, \$131,028; Cincinnati, \$20,000; Pittsburg, \$18,000; Baltimore, \$14,854; Washington, \$11,000; San Francisco, \$9,000; Charleston, \$7,471.15; Savannah, \$7,000; Springfield, Mass., \$6,385; Lincoln, Nebraska, \$5,000; Brooklyn, N. Y., \$7,026; Indianapolis, \$4,500; Columbus, Ohio, \$4,500; Santa Barbara, Cal., \$4,000; Elizabeth, N. J., \$4,000; Mobile, \$4,000; Montgomery, Ala., \$3,500; Evansville, Ind., \$2,700; Little Rock, Ark., \$2,000; Shreveport, La., \$2,000; Newark, N. J., \$1,773; Jacksonville, Ill., \$1,600; Selma, \$1,100; Terre Haute, Ind., \$1,050; Dubuque, \$1,023; Lancaster, Penn., \$1,000; Orange, N. J., \$1,000; Rochester, N. Y., \$1,000; Augusta, Ga., \$3,500.

Deaths in New Orleans are nearly or quite 1,900; Vicksburg, 397; Grenada, 197; Greenville, Miss., 49; Port Gibson, 55; Canton, 31.

The Military Court sitting to investigate the Fitz John Porter case has resumed their inquiries. They will also investigate ex-Surgeon General Hammond's case. It will require a good deal of whitewashing to cover over the ugly scars on his badly damaged character.

The Radical Executive Committee of the Fourth District have nominated Hon. Josiah Turner for Congress. Now this is lovely.

Four negro men pursued and arrested a negro supposed to have robbed the house of J. M. Patterson, at Troutman's Depot, on the Charlotte & Statesville Railroad, about two weeks ago, of \$1,500 in money and notes. They were in pursuit of him for four or five days, following him all the way from Fredsboro to the Catawba river to Sial Creek, where he was captured Saturday night. He was brought to Charlotte, as we learn from the Observer.

FROM WASHINGTON.

The Exchange of Standard Silver Dollars for Greenbacks—Effect of the Recent Order of Secretary Sherman. [Special Dispatch to the Baltimore Sun.]

WASHINGTON, Sept. 9.

THE NEW SILVER DOLLAR ORDER. The recent order of the Secretary of the Treasury to the United States Treasurer, directing him to exchange standard silver dollars for greenbacks on and after September 16, is regarded at the Treasury Department as a practical resumption of specie payments, more sweeping in its effect than the resumption act taking effect next January. The last named law provides for resumption in sums of fifty dollars and its multiple, at sub-treasuries, whereas the letter of the Secretary of the Treasury of last Saturday makes no limit as to amount, and prescribes no particular place, except the several sub-treasuries, where exchange of silver for greenbacks is to be made.

It is thought that the effect of the new order will be to wholly obliterate the small remaining premium on gold, thus making paper, silver and gold dollars of equal value as circulating mediums. It is not thought that the order will place more of the silver dollars in circulation. Importers having customs duties to pay will take their greenbacks to obtain silver for them at one window, and then exchange silver dollars for silver certificates at another window. This practically makes greenbacks equal with gold and silver for payment of customs. It is not thought any amount of silver worthy of consideration will be taken from the Treasury, because, for purposes of commerce, the greenback is preferable, and the new ones and twos may now be had at the Treasury in any amount.

What the New Orleans Negroes Say. Negroes in New Orleans believe the height of the fever has been reached. Their faith is founded on a prophecy. Last New Year's day a negro sorcerer in an incantation said that a plague would come over the South this summer with terrible effect, killing whites and negroes alike. It would continue, he claimed, until the number of degrees registered daily on the thermometer should be equalled by the number of daily deaths. During the past few days it seems there has been a singular coincidence between the death rate and the height of the thermometer, and the negroes are reported to be very jubilant and confident that the crisis has been reached and that deaths will now rapidly decrease in number.

Spirits Turpentine.

There are several cases of fever at Lumberton.

The Dillard and Dick law school at Greensboro is increasing.

Mr. D. E. McBryde, of Robeson, lost his kitchen by fire last week.

The Raleigh News says that Moore county can boast of more minerals than any other county in the State. It has eight gold mines, six silver mines, eight copper mines, nine iron mines, and a general assortment of various kinds of minerals.

A correspondent informs the Raleigh News that on Sunday last two white men and a negro, at Lee's Store, in the upper part of Hager county, killed by one Zach Shearin, a white man, and beat him so unmercifully that his life was despaired of. Whiskey the cause.

Raleigh News: The colored people of the city will give a dime party at Metropolitan Hall, Thursday evening, for the benefit of the yellow fever sufferers.

The murder trial of Henderson Alford, the negro slayer of Passmore, attracted an immense crowd to the Court House yesterday.

Raleigh Christian Advocate: A note from Dr. Craven informs us that Trinity has opened its walls—prosperity is encouraging. Our summary of revival intelligence, in the present number of the Advocate, is truly gratifying. We report 675 conversions, most of whom have joined our Church.

The Charlotte ladies are preparing for a grand entertainment in aid of the yellow fever sufferers. As in Raleigh, all of the denominations work together, and an executive committee composed of ladies of eight different religious bodies are at work perfecting the arrangements. We hope a splendid success awaits them.

Hickory Press: Spencer Herrall, prisoner in Bakersville jail, made his escape last Saturday night. He was committed to jail about the time of the late election for the murder of a man in Mitchell county by the name of Cox, and would have been tried for his life at the approaching term of Court. In his charge, Monday morning, Judge Gidger said that it had been his experience, while practicing law, that a large majority of the cases brought before the courts were caused either directly or indirectly by liquor.

Raleigh News: While coming into Greensboro Saturday night, on a hand car, Mr. Huddleston, Division Master of the Richmond & Danville Railway, from Salem to Danville, was instantly killed by the train. The accident occurred Saturday night, about 10 o'clock. Several ladies were propelling the car, and Mr. Huddleston thought he could reach Greensboro ere the train left. But he made a miscalculation. The men on the car jumped off, and escaped injury. They urged the deceased to follow their example, but for some unaccountable reason he would not. Why, is still a mystery. The engine struck him on the head, fracturing the skull, and besides many bones were broken.

Charlotte Observer: The Richmond & Danville Railroad Company has sent out to its employees at every station on the road, a paper requesting their contributions to the fever relief fund, with the hope that every employee will give something, whether it be much or little. Collections for the benefit of the people in the southern districts, afflicted with yellow fever, were taken up in the various city churches, Sunday, with the following result: Second Presbyterian Church, \$35; Tryon Street Methodist, \$41; Episcopal,

\$36; Lutheran, \$14.85; Calvary Mission, about \$10. No collection was taken in the First Presbyterian Church, and on account of this fact Mrs. Dr. J. M. Miller went around among the ladies and children of the church, and collected from them and three other ladies, members of other congregations, the sum of \$106; making the total collected from the churches, \$323.25. In addition to this, Ebenezer church, in the country, contributed \$100.

The Charlotte Observer tells of a probable murder recently perpetrated in Mecklenburg county. Two negroes were seen digging in the woods, when they fled. They were tracked to the house of one Sip. Adrey, a notorious negro who has but recently been discharged from the penitentiary where he had served out a two years' term. The body of a white man named Jim Tally, a roving clock repairer, who who lived last year on the farm of Capt. Davis, near Charlotte, is reported to have been found in the woods in the Providence neighborhood; and this circumstance, taken in connection with the digging in the woods, points to a case of murder and the disposal of the body. The name of Tally's body is, however, unconfirmed.

Greensboro North State: Gov. Vance's friends here got alarmed at the impression made by Merrimon the other day, and have astutely arranged to have Vance come here September 13th and lecture on the "Great Nation" for the benefit of the yellow fever sufferers. Vance was once asked what he thought of the financial speech of Merrimon in the Senate. He said: "I know very little about finance; all I know is that it takes two asses a day—a light better than mine to get money at a bank." "That was a good thing Judge Kerr got off on Gen. Leach the other day. Said he: 'Bull, I have often wondered why you get so much for your speeches, and cuts and saws the air so with his hands and arms. Now, since you have told me he used to teach a singing school I can account for it. He got into the habit of beating time for his pupils.' Gilmore looks just like Leach when he stands up with his hand with his baton, wildly beating time, and counting 1, 2, 3, 4—particularly 4."

Hillsboro Recorder: A negro man was lodged in jail on Wednesday morning last, by R. Bates, from Durham, having been identified in Durham, from description furnished, as the party who had committed a recent burglary in Kernersville, Forsyth county. The dwelling occupied by Mr. C. G. Taylor was struck by lightning a few nights ago, knocking off bricks from the chimney and doing some slight injury to the dwelling. A little negro girl in the yard was prosecuted by turns, and in great excitement, that the clergy of the village have agreed, and have already begun, to minister at morning prayers in the College Chapel, in the evening, and to read the school of students adds to the interest of what has been a somewhat repulsive duty. — Mrs. Swain, the widow of ex-President Swain, has turned over all the books in her collection to the State Historical Society, and President Battle has allotted them an appropriate room. A beginning is now made to bring the Society up to the highest standard of excellence. Mr. Charles Phillips has returned much improved by his visit to the Warm Springs, and may be considered in perfect health.

THE CITY.

NEW ADVERTISEMENTS. MURSON—General order No. 1. I. FURMANSKI—Removal notice. HARRISON & ALLEN—Ladies' hats. A. SHERRER—The train has arrived. W. BLANKS & CO.—Partnership. GORE & GORE—Not to be undersold. SKINNER & LYONS—Engines for sale. KERNER & CALDER BROS.—Bagging, cheese, salt, spirit casks.

Mayor's Court. Sellers Ferguson, colored, was arraigned on the charge of committing an assault and battery on the person of Mary Giles, alluded to in our last issue. The evidence went to show that some misunderstanding occurred between the parties on Monday night, at the house of the prosecutor, on Dickinson's Hill, when Ferguson assaulted her with a stick, which was exhibited in court. The defendant was ordered to give bond in the sum of \$50 for his appearance at the next term of the Criminal Court.

Robert Walker and Philip Wright, both colored, charged with fighting at the market house on Tuesday afternoon, were discharged.

The case of Julia Ford, arrested on suspicion of setting fire to the house of Elias Lucas, which was burnt on Sunday morning last, was continued. Elias Lucas was introduced by the State, who testified to the fact that John Ford and Ann Hankins had been quarrelling a good deal during the day and night preceding, which excited her suspicion that Julia might have been guilty of the crime in order to be revenged upon Ann Hankins. Another witness was introduced by the prosecutor, a white man residing in the neighborhood, who testified that he was among the first who arrived at the scene of the fire and that he discovered something on the side of the house, near which the fire was just taking hold, which had the appearance of sulphure or some other oil, and the rappings with which the flames spread looked as if it was stimulated by some combustible material, which he did not detect the smell of. He also met a colored woman, who resembled the prisoner, coming from the direction of the house, and apparently so excited and agitated that he endeavored to quiet her. The Mayor ordered the defendant to give bond in the sum of \$200 for her appearance at the next term of the Criminal Court, to await the action of the grand jury, which was furnished and the prisoner discharged from custody.

Accompanying outside. A white man by the name of Jas. Wells, while laboring under a fit of mental aberration last night, about half past 9 o'clock, jumped into the river from the wharf foot of Market street and tried to drown himself. He was rescued and taken the station house by a policeman.

Caution.—Do not buy your druggist palm oil or a substitute when you demand Dr. Bull's Baby Syrup, or you will be disappointed, for no medicine for children equals it in effect.

Local Des.

Be sure and go to the festival to-night.

Boys, be sure and take your sweethearts to the festival to-night.

The colored military had a rather disagreeable afternoon for their review yesterday.

Ladies who have contributed cakes for the festival-to-night are requested to send them in early.

Parties at Masonboro Sound announced through the Telephone, last night, that a fearful storm was pressing.

Water street and the various alleys were strewn with lime yesterday, suggesting the idea that there had been a light snow.

The acknowledgment of several contributions for the yellow fever sufferers, received yesterday, is deferred until tomorrow.

Hon. A. M. Waddell will deliver his address this evening at the Opera House, commencing at 8 o'clock. Let everybody turn out and hear him.

The sale of reserved seats for the concert Friday night, for the benefit of the yellow fever sufferers, will commence at Mr. Heinsberger's book store this morning.

We were led into a mistake in speaking of Mr. D. C. Dudley as the Principal of the Institute for the Deaf and Dumb and the Blind. He is simply interpreter.

From the annual statement of the Clerk we learn that the fees of the County Commissioners, for the year ending August 31st, 1878, amounted in the aggregate to \$1,010 15.

Private dispatches received here yesterday afternoon and last night stated that a terrible storm was raging at Charleston, that business was suspended, and that the streets were flooded with water.

We are requested to state that the drawings and specifications of the Colored Insane Asylum, to be erected at Goldboro, will be on exhibition at the Purcell House for the remainder of this week.

Colder, cloudy and rainy weather, northeasterly winds, falling barometer, followed in the south west portions by rising barometer, and north west winds, are the indications for the South Atlantic States to-day.

Mr. Van Laer desires us to announce that all persons who intend to participate in the Concert Friday night, are expected to meet promptly at the Opera House at 8 o'clock this evening, at the general rehearsal.

Messrs. William Blanks, Hugh McLaurin and Richard W. Price, of this city, have formed a co-partnership for the purpose of conducting the cotton brokerage business, under the firm name of William Blanks & Co.

A handsome floral cross, made by a lady of this city, was raffled off at Capt. J. W. Lippitt's store last night and realized \$3 for the yellow fever sufferers. It was donated by the winner to be raffled off again for the same purpose.

A northeast gale, accompanied by heavy rains, prevailed here last night. It was predicted that the cyclone that raged at Charleston during the day would touch here, and as we write the indications are that we are to have the benefit of it.

The young ladies who have been instrumental in getting up the festival, to come off at the City Hall to-night, feel satisfied that many they have not been able to call upon would cheerfully contribute if asked. They therefore request all they have not seen to send in something to-day.

An Appeal for the Orphan. A home for the destitute children left orphaned and friendless by the yellow fever has been opened in Memphis. The inmates all need clothing, and some of the little ones being forced for the safety of others to have all of their clothing destroyed to prevent infection spreading in this house of refuge, are particularly helpless. An appeal has been made in their behalf, and all contributions, whether of cloth or clothing, and the latter may be new or old, will be received and forwarded by Mrs. Geo. G. Thomas, corner of Fourth and Market streets. It is desirable that the articles be forwarded as possible.

What a Bottle of Whiskey Accomplished for the Fever Sufferers. Mr. A. D. Levensger, a commercial traveler from New York, sojourning at the Purcell House, conceived the notion of raffling off a bottle of whiskey for the benefit of the yellow fever sufferers. He did so, when the winner put it up again, and it was contained to be raffled off and put up again by the winner, until the handsome sum of \$18.50 was realized from it, which the Messrs. Cobb had handed over to the State fund for the sufferers. At last accounts the bottle was still up for a raffie.

Mr. D. D. Barber, of Mayesville, S. C., who was at the Purcell House at this time, contributed an additional \$10 to the fund.

Get up to New Orleans. Dr. L. Vissant, formerly of Quarantine at Vera Cruz, Mexico, is on his way home to New Orleans, to assist in the treatment of the sufferers, not waiting for or expecting pay. This is the gentleman alluded to in our last as having arrived here from Fayetteville, and as there were errors in that statement we give the above as a correct one.

COUNTY COMMISSIONERS.

Proceedings in Adjourned Session. The Board of County Commissioners met yesterday afternoon, in adjourned session; present, J. G. Wagner, Chairman, and Commissioners B. G. Worth, D. S. Sanders and Duncan Holmes.

The official bond of Elijah Hewlett, County Treasurer, was presented and ordered accepted, and enrolled upon the records of official bonds.

Bids were then received and opened for the repairing of the bridge over Toomer's Mill Creek, when the contract was ordered to be given to E. Hewlett, for \$100, subject to the approval of the committee on Roads and Bridges.

The Tax Books were received. The Board then took a recess until this afternoon at 3 o'clock.

The County Commissioners, upon adjournment, met as a Board of Education, when the Chairman stated that Mr. A. R. Black's term as County Examiner had expired, whereupon a vote was taken and Mr. Black was unanimously re-elected to that position.

The Board then adjourned.

Postponed. Owing to the inclemency of the weather the picnic advertised to take place at the Wilmington Gardens last evening, under the auspices of Germania Lodge No. 4, K. of P., was postponed until this afternoon at 4 o'clock. No one regrets this postponement more than the management, but they could not regulate the weather. The street cars will leave the corner of Front and Market streets every fifteen minutes this evening to convey passengers, and tickets issued last evening will be good. The committee hope and expect a large attendance this evening, provided the weather be favorable.

Thermometer notes. The following will show the state of the thermometer, at the stations mentioned, at 4.31 yesterday evening, Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city: Augusta, 50; Mobile, 75; Charleston, 80; Montgomery, 80; Corsicans, 77; New Orleans, 79; Galveston, 77; Punta Rasa, 79; Indianola, 78; Savannah, 76; Jacksonville, 81; St. Marks, 81; Key West, 81; Wilmington, 81.
