

SONNET TO THE RISING MOON.

DR. W. D. BRINGLE. Half, gentle Queen! who'rt supreme the night! But not alone; the stars assist thy way...

PERSONAL.

—Carlyle is eighty-three, and has smoked all his life. —Longfellow pays a tax of \$2,300 on property in Cambridge.

—Theodore Thomas has had an attack of hay fever. He probably caught it from his horse-fiddle.—Wash. Post.

—General Butler is the only statesman who ever spontaneously nominated himself for Governor and then wrote himself a letter accepting the nomination.—N. Y. Tribune, Rad.

—The Academie des Sciences of Paris has elected Mr. Darwin a corresponding member in the Section of Zoology, and Prof. Asa Gray, of Cambridge, Mass., in the Section of Botany.

—Leo XII. has ordered a census of the clergy residing in Rome, with full details as to where they live, their families and church functions, in order to institute certain reforms.

—Now that the Khedive of Egypt is bankrupt, Tecumseh Sherman ought to make his worthy son-in-law send those diamonds back. This is the equity of the situation.—Atlanta Constitution.

—Lord Beaconsfield, it is rumored, will preside at the ceremonies on the occasion of the planting of the Cleopatra Needle on its pedestal. He will also visit Ireland during the recess of Parliament.

TWINKLINGS.

—Philadelphia newspapers discuss "the decay of Quakerism." —The Treasury Department has purchased a new lot of George Washington relics. The original hatchet has not yet been found.—Pittsburg.

—Any father who would go out and put tar on top of his front gate after dark must be lost to all sense of humanity and ordinary respectability.—Wheeling Leader.

—Edison has in contemplation a machine that will transfer all brass-band music to the next town, or dump it down in some unscathed place as fast as made.—Pittsburg.

—Vienna is banking after the publication of a daily bulletin of the killed and wounded in Bosnia; but the war authorities say it is of no consequence, and decline to respond.

—This sayeth the prose poet of the Boston Post: "Bow down your head, ye laughing clowns, say your prayer; the month that hath an R has come; you're on the bill of fare."

—Within a fortnight after the occupation of Cyprus six companies, with an aggregate capital of \$30,725,000, has been registered in England to carry on operations in connection with the Island.

—Four boys, while whistling "Grandfather's Clock" and "Whoa Emma," a few days ago were killed by lightning. (This is a falsehood—but is it a sin to lie for a good, wholesome purpose? All of this paragraph, outside of the parenthesis, should be read to the boys.)—Norritown Herald.

—An Ohio young lady, Miss Matie Gray by name, committed suicide on Sunday because her father would not consent to her marriage with his hired man. Now an Indiana girl would simply have left a note saying: "Dear father, we have fled, forgive my Tilda."—New York Commercial Advertiser.

—"Of all the poets, darling one, Who's rhapsodized of love, Which one evokes your ardent praise, All other bards above?" And as he took her in his arms And kissed her o'er and o'er, She spoke in tones of ecstasy, "O, Tommy, give me Moore!"

Wilkinson, one of the proprietors of the New Orleans City Item, died of the prevailing epidemic on the 5th instant. He was a native of Ohio.

—General Joseph E. Johnston leans on his body the scars of eleven wounds received fighting the public enemy. Let it not be said his friends made the dozen complete. —The fact that Hon. Gustav Schleicher refused to support the bill to re-nominating silver, and his falling to support the bill repealing the resumption act, is telling against him in Democratic circles, and will be the cause of his defeat in the next election.—San Antonio Herald.

LITERARY GOSSIP. —M. Thiers' speeches are being edited by M. Calot, Senator and intimate friend of the late statesman. The first volume will appear in December and the second in February. —Prof Skeat has undertaken an etymological dictionary of the English language, illustrated by a few selected quotations approximately illustrating the period of introduction of the various words into the language. It will take about three more years to complete the work. —Christina Rossetti, the poet, a woman now in middle age, is an invalid and a recluse. Her sweet nature is not, however, being soured by illness; she is one of the most amiable and charming of women. She has a rosy face with prominent eyes and a fine head, and she is extremely industrious, writing constantly.

VEGETINE. Purifies the Blood and gives Strength. Dr. QUORIS, Ltd., Jan. 21, 1878. Dear Sir—Your "Vegetine" has been doing wonders for me. I have been having the Chills and Fever, which were relieved until I began the use of your Vegetine. It giving me immediate relief, and giving me strength, purifying my blood, giving strength, whereas all other medicines weakened me and filled my system with poison; and I am satisfied that if I were to live in the same district of the South and West, I would take the Vegetine two or three times a week, they would not be troubled with the "Chills" or the malarial fever that prevail at certain times of the year, save doctor's bills, and live to a good old age. Respectfully yours, J. E. MITCHELL. Agent Henderson's Looms, St. Louis, Mo.

ALL DISEASES OF THE BLOOD.—If Vegetine will restore pale, clammy, purplish and cold skin, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, it is not too late to try it. It works in the circulating fluid. It can truly be called the "Blood Purifier." The great source of disease originates in the blood, and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

VEGETINE. Has Entirely Cured Me of Vertigo. CHAS. O. MARCH, 1877. Dear Sir—I wish to inform you what your Vegetine has done for me. I have been afflicted with Vertigo, and after using three bottles of the Vegetine was entirely relieved. I also found my general health much improved. I believe it to be a good medicine. Yours truly, CHAS. O. MARCH.
