

[Atlantic] LANCELOT. How one grows old I cannot tell; Are these my hands, so long and thin? My voice is like a tuneful bell; All day the spiders spin and spin.

Between me and the sun, Betwixt me and the moon, I have a fancy to be glad; I hear strange burdens of old rhymes, And blare of trumpets. Once I had Such faint dark Lucius' face grew white, That night on Lassagne's tramped field, When through the dust, atwart his flight, The Lions grinned upon my shield.

But if I wake, or if I sleep, And dream an idle dream, God wot, Would I were dead, and buried deep; Anon a voice calls "Lancelot!"

"Sir Lancelot!" I lift my face— The world is very gray and cold; Then comes a whisper out of space, "He groweth old; he groweth old!"

TWINKLINGS. — A Paris fashion letter, written in 1790, mentions two hundred kinds of bonnets. — Hood, in describing the meeting of a man and a lion, said: "The man ran off with all his might, and the lion with all his mane."

— "Is that dog of yours a cross breed?" asked a gentleman recently of a countryman. "No, sir," was his reply, "this mother was a nice, affectionate creature."

— The Republican majority in New York is now set down officially at 84,001, in a vote of 898,445, which is certainly a very tall feather in the cap of the Utica chief.

— Brethren, before we sing the next verse of "John Brown's body lies all mouldy in the grave," let us take a look into the grave and see that it is there—Hawkeye.

— It is useless for physicians to argue against short-sleeved dresses. The Constitution of the United States says: "The right to bear arms shall not be interfered with."

— The "patent adjustable bed" for the prevention of sea sickness does very well during fine weather, but when the sea is rough the patent expires by special limitation—Cincinnati Commercial.

— The young man who will turn up his nose at cabbage in connection with corned beef at a cheap restaurant, will consume it with effusion in the guise of pure Havana cigars—N. Y. World.

— Some philosopher defines wit to "consist mainly in the element of surprise." The witliest thing we can think of, then, would be the discovery of a little honesty and common sense in American politics.—Put Down.

PERSONAL. — A Michigan Miss has recovered \$400 apiece from two suitors for breach of promise.

— Susan's Town, named in honor of Miss Susan B. Anthony, has just been made the county seat of Harper's county, Kansas.

— A goose has just died at Cambridge, Mass., aged sixty years. No, it wasn't William Lloyd Garrison. He still lives.—Wash. Post.

— Senator Bayard, who has been interviewed in Washington, says that, in his opinion, Secretary Sherman will require an act of Congress, authorizing the payment of claims with greenbacks.

— Miss Cook, Mrs. Hayes' niece, who was married the other day, is the fifth of the young ladies who have visited Mrs. Hayes at the White House who has married within eighteen months. The others are the two Misses Sullivan, Miss Platt and Miss Macfarland.

— The late Commodore Vanderbuilt didn't have much of an ear for music. He once complained to his son, "All modern music seems to me nonsense to me; I prefer the old tunes." This testimony was adduced to show that the old man's head wasn't exactly level.

SOUTHERN ITEMS. — The absconding merchant, Redmond, of Nashville, Tenn., has been captured at Chattanooga, in that State. He had \$8,000 or \$10,000 in his valise.

— The \$1,000 given to Jerry Haralson, of Alabama, by the Radical Congressional Committee, to be used in his campaign against Gen. Shelley, was invested in a farm.

— The irrepressible Fayette McMullin, Independent Democrat, says that he will contest the election of Col. James B. Richmond, Democrat, as Representative in Congress from the Ninth District of Virginia.

— Norfolk Ledger: From the 1st of August, 1877, to the 1st of November, 1878, a period of fifteen months, the collections at the Norfolk custom house were \$60,700, while the expenses for the same period were slightly in excess of \$15,000.

Washington News. [L. Q. W., in Courier-Journal.] It is asserted this evening that Col. Jack Wharton, United States Marshal for Louisiana, has applied for leave of absence to come here, and has been positively refused by the Attorney General. The latter officer seems to be strongly prejudiced against Col. Wharton. The outrage and bloody-shirt element is in the ascendant.

The movement of carpet-bagger Corbin to oust Gen. Morgan C. Butler, of South Carolina, from his seat in the Senate has not been given up, and it is stated that Corbin has captured every Republican Senator to vote for him except Messrs. Conover and Patterson. If they stick it will save Gen. Butler, and, at any rate, after the 4th of March a Democratic Senate will remedy any injustice in his case, and possibly in Judge Spoford's also.

Death of Heller, the Magician. Mr. Robert Heller, widely known both in this country and in Europe as an expert magician, died a few days ago at the Continental Hotel, Philadelphia. Previous to Mr. Heller following in the footsteps of Hermann, Houlin, and other famous conjurers, he was a music teacher, and the performances on the piano which he introduced into his public entertainments showed to be possessed of rare musical ability. His wife, who was a Washington lady, and whose parents reside in Georgetown, D. C., is at present in Paris.

VEGETINE WILL CURE RHEUMATISM. Mr. ALBERT CROOKER, the well known druggist and apothecary of Springfield, Maine, always advises every one troubled with Rheumatism to try VEGETINE.

READ HIS STATEMENT: SPRINGVALE, Me., Oct. 12, 1876. Mr. H. R. STEVENS:—Fifteen years ago last fall I was taken sick with rheumatism, was unable to move until the next April. From that time until three years ago this fall I have every day been afflicted with rheumatism. Sometimes there would be weeks at a time that I could not step on my feet; these attacks were quite often. I endured everything that a man could. Over three years ago last spring I commenced taking Vegetine and followed it up until I had taken seven bottles; have had no rheumatism since that time. I always advise every one that is troubled with rheumatism to try VEGETINE, and not suffer for years as I have done. This statement is gratuitous as far as I have done. ALBERT CROOKER, Firm of A. Crooker & Co., Druggist in and Apothecary, Springfield, Me.

VEGETINE HAS ENTIRELY CURED ME.

BOSTON, October, 1876. Mr. H. R. STEVENS:—Dear Sir:—My daughter, after having a severe attack of Whooping Cough, was left in a feeble state of health. Being advised by a friend she tried VEGETINE, and after using a few bottles was fully restored to health. I have been a great sufferer from Rheumatism. I have taken several bottles of VEGETINE for this complaint, and am happy to say it has entirely cured me. I have recommended the VEGETINE to many of my friends, and they all say it is a great cleanser and purifier of the blood; it is pleasant to take, and I can cheerfully recommend it. JAMES MORSE, 361 Athol Street.

Rheumatism is a Disease of the Blood.

The blood in this disease is found to contain an excess of fibrin. VEGETINE acts by converting the blood from its diseased condition to a healthy circulation. VEGETINE regulates the bowels, which is very important in the complaint. One bottle of VEGETINE will give relief, but to effect a permanent cure, it must be taken regularly, and may take several bottles, especially in cases of long standing rheumatism. VEGETINE is sold by all Druggists. Try it, and your verdict will be the same as that of thousands before you. It never fails, and has been found to give relief as from the use of VEGETINE, which is composed exclusively of BARKS, ROOTS and HERBS.

"VEGETINE," says a Boston physician, "has no equal as a blood purifier. Hearing of its many wonderful cures, after all other remedies had failed, I visited the laboratory and convinced myself of its genuine merit. It is prepared from barks, roots and herbs, each of which is highly effective, and they are compounded in such a manner as to produce astonishing results."

VEGETINE. NOTHING EQUAL TO IT.

SOUTH SALEM, Mass., Nov. 14, 1878. Mr. H. R. STEVENS:—Dear Sir:—I have been troubled with Scrofula, Canker, and Liver Complaint for three years. Nothing ever did me any good until I commenced using the VEGETINE. I am now getting along first rate, and still using the VEGETINE. I consider there before you nothing better found so much relief as from the use of VEGETINE, which I can heartily recommend it to everybody. Yours truly, JAMES M. PACKARD, No. 16 Lagrange Street, South Salem, Mass.

ABSORPTION vs. DISEASE. A PRINCIPLE ALREADY ESTABLISHED BY TENS OF THOUSANDS THAT MUST YET BE ACCEPTED BY UNTOLD MILLIONS. For Facts are Stubborn Things, Meet them as we May.

The great success attending the use of the Holman Remedies appear to many people unaccountable, but to a thoughtful mind, when we see the blood impure, purify the blood and the patient finds relief. Purely the blood and the patient can be reached by outward applications quicker and more positively than by dropping the stomachic bitters. The Holman Remedies are a physician's opinion of the Pad, unless he is a conscientious man, he will not give his name as a physician, but he will give his name as a patient, and another who has his own experience are here stated. You do not need to fear from your own door abundant proof that only facts are here stated. Could the privilege of publishing the testimony of those who have been cured by the Holman Remedies during the past six months be granted, it would more than fill the columns of a newspaper.

DISCOVERY OF THE PAD. About eight years ago there was discovered and put into practice a new, simple, convenient and safe principle for curing disease by absorption; the old principle of medicine. The necessities of the case prompted a vigorous examination into the matter, until the question was thoroughly and practically solved. At the time of its discovery and introduction into practice, it was entirely new, and the prevention and cure of Malaria in its various forms.

It took but a short time to demonstrate, to the amazement and delight of the patient, how perfect the HOLMAN REMEDIES AND QUINA (as it is called) was. It was called "The Pad" because of its exchange for drugs—and not making the slightest difference in climate or in the patient's condition. Like every new discovery, all of its good results could not be known at once. Important developments, however, came in the shape of Malaria. We were manifesting ourselves rapidly, so acknowledged and reported in all the papers. We were soon and everywhere throughout the land, so much so that it has now become a settled question that the Holman Remedies are the only reliable remedy for the stomach and liver according to all directions, will cure nineteen-twentieths of all the ills either sex is subject to.

FOUNDATION OF MOST DISEASES. The Pad further proved that the Stomach and Liver are the foundation of most of our troubles, and that the Holman Remedies are the only reliable remedy for the stomach and liver. The above complaint is a long list, and the unreflecting mind would naturally be slow in accepting all these as proceeding from the great cause—the Stomach and Liver.

It is a fact, however, that tens of thousands who have tried the Pad (including a large proportion of those considered past recovery) bear testimony to the fact that the Holman Remedies are the only reliable remedy for the stomach and liver. The above complaint is a long list, and the unreflecting mind would naturally be slow in accepting all these as proceeding from the great cause—the Stomach and Liver.
