This important organ weighs but about three pounds, and all the blood in a living person (about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Byspepsia, Indigestion, Constitution, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MERREL'S HEATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a lew doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking Hepatine in accordance with directions. by taking HEPATINE in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.

HOLMAN'S LIVER PADTHUNDERING AT THE

Not since the introduction of vaccination by Jenner, has any medical discovery equalled in importance that of absorption, as illustrated in the HOL-MAN Liver PAD.

The principle upon which it acts is based upon common sense, and its development is the result of scientific investigation. Therefore, lay saide your prejudice, and give this your carnest attention and closest scrutiny.

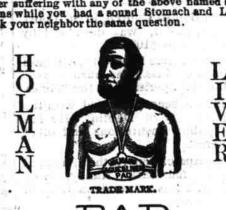

ITS GREAT VALUE NOT AT FIRST REVEALED Like every new discovery, all of its good results could not be known at once. Important developments, by way of cures of other diseases besides Malaria, were manifesting themselves rapidly, being acknowledged and reported by the grateful patients of both sexes and all ages throughout the land, until it has now become a settled question that the Holman Pad, intelligently applied to the pit of the stomach, and worn according to directions, will care nineteen twentieths of the ills either sex is ambiect to.

THE STOMACH AND LIVER THE GREAT SEAT OF MOST DISEASES. SBAT OF MOST DISEASES.

The Pad further proves that the Stomach and Liver are the foundation of most of our troubles, such as Billous disorders, Liver Compilant, Dyspepsia, Fermentation, Lassitude, Nervousness, Neuralgia, Rheumatism, Dissiness, life-long and periodical Sick Headache, Kidney Compilant, Diarrhoes, Billous Colic, all kinds of Female Weakness, Irregular Action of the Heart, Jaundice, Liver Coughs, often taken for Consumption, Pains in the Side, Back, Stomach and Muscles, Fever and Agne, Dumb Ague, Malarial Fever, Ague Cake, Intermittent, Remittent and Bihous Fever, adding gloomy forebodings and depression of spirits, &c.

The above embraces a long list, and the unreflecting mind would naturally be slow in Acceptine all these as proceeding from the great cause—the Stomach and Liver.

We ask the question—Do you remember of ever suffering with any of the above named symptoms while you had a sound Stomach and Liver? Ask your neighbor the same question.

PAD

THE COURSE OF MEDICINE -HOW PATIENTS ARE DECEIVED.

Most persons seem to have the impression that all so-called Liver Medicines go straight to the liver. Medicine, like food, goes immediately to the sto-mach; a portion mixes with the substances, and acts as a cathartic, while the remainder enters the circulation, and takes a long route through the circulation, and takes a long route through the blood, finally to the liver, and we may add, as a rule, does no permanent good, but rather leaves baneful effects, and begins the pernicious practice, which, if followed up, will eventually destroy the stomach and fasten disease in the system, never to be credicated.

THE PREVENTIVE AND ANTIDOTAL POWER OF THE HOLMAN AGUE AND LIVER PAD. As a preventive of any disease that attacks th As a preventive of any disease that attacks the vitals, the Pad is worth many times its weight in gold. It is impossible to compute the value of a discovery which, without medicine, may be absolutely relied upon to prevent the most dangerous maladies. Nothing is truer than the old saying that prevention is better than cure.

The Pad will prevent Fever and Ague. Worn according to directions, the most delicate system may defy malaris, and come forth as safe as the three Hebrew children in the Old Testament story, did from the furnace of fire. This is absolutely certain, and has been proven over and over and over again.

It will prevent Yellow Chagres, Typhoid, Remit-tent, Bilious and Congestive Fever, and fevers of all kinds. This has been tested and proven in so many instances that we state it positively and without any qualification.

It will prevent Colds, and protect weak lungs against confirmed disease. It is better than all the chest protectors ever made. No one was ever attacked with Diphtheria while wearing the Pad

tacked with Diphtheria while wearing the Pad
The habit of pouring medicines into the stomach,
in hope of curing diseases that are tributary to the
liver, is not only absurd, but wicked.
Nothing is so certain to produce torpid liver as
continual dosing with Quinine. It temporarily excites, but finally deranges and impairs the functionary powers of this important organ. The effect of
Mercury and Arsenic is to induce dropsical tendener. dency.

Do be persuaded to stop dosing and drugging, and use the Holman Pad. It is a precious boon to human suffering.

None seem to receive such benefit and none show such profound gratitude and interest in promulgating the use of the Pad, as woman. It seems to be the only remedy peculiarly adapted to the many ills the sex is almost universally subjected to. Many very remarkable instances are constantly occurring and reported. For example, the Pad is applied for some specific trouble, such as Chills and Fever and Indigestion, or the Liver. Besides these, they have constant and periodical sick headaches, weakness in the back or kidneys, pain in the shoulders or different parts of the body, a feeling of lassitude and despondency, bearing down pains, prolapsus or retroversion of the womb and other difficulties connected with these organs.

Without the slightest expectation or receiving any benefit for all these symptoms, she finds, to her great surprise and delight, that within a short time after applying the Pad that all of these symptoms are surely yielding their hold, and continue doing so until the system is restored to normal state of health. Thousands of such cases are occurring.

You are ready to ask, and how is this possible? As has heretofore been explained, all these belong to the same class, and proceed from the same cause—the Liver and Stomach. The diseases were nothing more nor less than the result of impure, weak, vitiated poisonous blood.

The Pad rectifies the Stomach and Liver, and absorbs all the foreign properties lof the blood, thus sending pure, vitalizing finish throughout the entire system. These are no idle words for they are susceptible of proof, and it is earnestly hoped that women everywhere, ere long, will adopt the Pad (and our Plasters which are frequently used) in lieu of the unnatural and cruel treatment otherwise resorted to.

With this knowledge, it would be nothing short of WOMAN THE MOST GRATEFUL.

With this knowledge, it would be nothing short of an unpardonable indifference and cruelty not to adopt this simple and convenient remedy in all the above-named cases

What ground can there be for doubting such statements? What folly not to accept them!

ENDORSED BY THOUSANDS. The Holman Pad has stood the severest and most thorough test for years. It has a national reputa-tion, established through its wonderful efficacy in all allments that have their origin in a torpid liver We have tried the HOLMAN PAD with most tho-rough and beneficial results, and found it to be all that is claimed for it.
