This harmonizing of the discordant elements augurs well for the future and promises victory to the Democrats in 1880. In our local columns an account will be found of the very important meeting heid at the Commercial Exchange relative to the railroad project in contemplation by which very serious damage is threatened to Wilmington and this section of the State. We trust the Legislature will not pass any bill authorizing the Raleigh and Augusta Air Line to build the Railroad from Hamlet, or any other point, to Charlotte. 'It would be a great and indecent outrage. Such legislation would be without excuse as it would be without parellel. We cannot, in this column and at this time, enter upon any discussion of the flagrant wickedness and injustice of such a proposition, but will have more to say in our next. The friends of Wilmington and the Carolina Central must be on the alert to prevent such an abominable consumma-

kinson and Col. T. C. Mclibenny. The chairman of the delegation, Donald MacRas, Esq., is suthorized to fill the vacancies occurring by inability to attend and those who cannot undertake the mission should notify him at once.

A Trip to India. A lecture upon "A Trip to India," was delivered before the Clarendon Debating Society of the Cape Fear Military Academy, by Prof. Th. Von Jasmond, teacher of German and French in that institution, on last evening, which was listened to by a select and appreciative audience of ladies and gentlemen. The Professor described, in a very interesting and instructive manner, the scenes and customs which he witnessed in India, having been sent there by the English government, in the year 1858. His second of Undian manners was quite graphic, and the details could not fail to add to one's knowledge of that

peculiarly interesting country. The main

A motion was made and carried for the

appointment of persons to carry the memorial around to the different business men of the city for further signatures. The meeting then adjourned.

It was a harmonious, earnest body of Carolinian should feel-that no scheme of

internal improvement should be suthorized which confers the major portion of its benefits on communities beyond the State lines and destroys home development.

BOARD OF ALDERMEN. The Called Meeting Vesterday-What

was Done. The Board of Aldermen met in called session at the City Hall, yesterday afternoon, at 4 o'clock: Present, His Honor

Mayor S. H. Fishblate, and Aldermen Myers, Flanner, Bowden, Vollers, Foster, VonGlahn, King and Lowrey. The Mayor stated that he had called the

Board together to take some action in regard to the bill now pending before the Legislature, granting a charter to extend the Raleigh & Augusta Air Line Railroad

from Sanford to Charlotte. Maj. Stedman was present by invitation. of the Mayor, and, by request, explained that he was present in Raleigh when the bill was reported from the committee; that

by the construction of said road the commercial interests of Wilmington would be very seriously injured; that he had, by strenuous efforts, had the bill recommitted, and thought it a matter of great importance that a delegation from the Board of Aldermen and citizens should go to Raleigh with a view of endeavoring to defeat the bill. Mr. H. E. Scott, member of the Legislature from this county, being present by

request of the Mayor, made some remarks and also advocated the necessity of a delegation to go to Raleigh to defeat the measure.

Alderman Fester moved that a committee of ten tax-payers be appointed, the Mayor to be one of the committee, to go to Releigh for the purpose of representing the interests of Wilmington before the Legislature in the matter of said bill, and that one bundred dollars be appropriated to cover the expenses of said committee. The Board then adjourned.

Efface Your Stamps.

As already stated, the latest regulations from Commissioner Raum, of the Internal Revenue Department, require that all stamps used in business in payment of the revenue tax shall be effectually effaced. The ordinary mutilation is not regarded as sufficient, and the requirements are that they shall be so destroyed as to prevent the possibility of their being of any service again.

Tar Heel ve. a Georgian.

At the Purcell House, an evening or two since, a fellow from Georgia was telling a drowd about the fine timber in "Middle Georgia," when a stranger, who had neryously listened to the wonderful account of the forests of the Empire State of the South, and who, in his excitement, had almost floated the establishment in tobacco juice, called a halt by a contemptuous com nent on the subject of the story, and, biting off a fresh half plug of tobacco eclipsed all the tall timber tales we have heard recently. "That sin't nothing," he aid, "why down in Hertford county, where I come from, there is a thicket of white oak sapplings, any one of which will measure ten feet through, and there
