The Lodges of the Order contributed \$3,153 to the Roumanian mission. The report also recommends an annual collection in every Lodge for the benefit of the "Alliance Israelite Universele," for the elevation of Hebrews in lands where oppressive laws have heretofore checked their progress. At the afternoon session Mr. Wolf made

an address on the noble and heroic action which Solomon Marx, and other brethren in New Orleans and the districts of the South infected by yellow fever, had taken, and moved the appointment of a commit-tee to prepare a suitable expression of the high regard in which these brothers were held by the Order. Rich Developments - Legislature Bought Up by an Insurance Company-Petition for New Trial in Mrs. Cobb's Case.

[By Telegraph to the Morning Star.] NEW HAVEN, Jan. 26.-Receiver Russell, of the National Capital Life Insurance Company, in replevining the property of the company in Washington, came into possession of B. Noyes' check book. The stubs show that from \$30,000 to \$35,000 was used for legislative expenses in influencing the Connecticut Legislature of 1875 to prevent the repeal of the charter of the company, asked for by the Insurance Commissioner. The Receiver refuses to make the names public, but it is known that several members of the Legislature of that year received a portion of the money.

Norwich, Conn., Jan. 26 .- In the Superior Court, yesterday, the counsel for Mrs. Cobb presented a petition for a new trial. The chief grounds are, alleged error in the charge to the jury, the rejection of Floyd Craine's evidence for the defence, and the admission of Mrs. Cobb's little daughter's testimony against the prisoner. The court holds the petition under advisement.

The Teller committee at Charleston was occupied yesterday mainly in hearing Democratic testimony concerning the conduct of the canvass and election in Wil-liamsburg and Sumter counties. Edward Perry, a printer of Charleston, swore he printed 10,000 Republican tissue tickets for E. W. M. Mackey, Republican candidate for Congress at the last election.

THE POTTER COMMITTEE.

Investigation of the Cipher Telegrams [By Telegraph to the Morning Star.]
Wasmington, Jan. 27.—The Potter Com-

mittee has commenced an investigation of the cipher telegrams. The first witness was Clarence Carey, Atstorney of the Western Union Telegraph Company, New York. He testified that certain telegrams were placed in his charge at the time of the proposed issue of subprenss for their production. It was thought, owing to his position, that a subposna would not be issued for him. Subsequently he was directed by the Executive Committee to deliver them to Capt. Whitney, Washington Messenger of the W. U. Telegraph

Company. His custody then ended. Floyd Grant was then called. He testified as to the manner of selecting the telegrams. He said he selected from a trunk those called for by the Morrison Committee; the balance were placed in the trunk; the number remaining was 29,275; the telegrams were about evenly divided as regards party; a number were sent by Z. Chandler, from the Fifth Avenue Hotel; some were signed Havemeyer, some Hooper, others Noyes; thought Chandler's went to Florida, the

others to New Orleans or Oregon.
Capt. Whitney, Messenger of the W. U.
Telegraph Company, Washington, was then
sworn. He produced a schedule showing that over three hundred telegrams were delivered to the Morrison Committee; he thought Mr. Morrison returned the dispatches, but did not recollect the time.

James O. Green, son of President Green, of the Telegraph Co., testified to destroy-ing a trunk full of telegrams which were sent from Washington to New York. The impression of the witness was that they referred to the sale of political offices-he could not say what political offices. He understood that they were in connection with the election.

Green, in his testimony, said the tele-grams that he saw were signed by Tyner, who is Second Assistant Postmaster Genes ral, and the impression he gathered was that they referred to the sale of some political office, but what office he could not say. Witness admitted that he forwarded to Washington, at the request of President Orton, the entire telegraphic correspon-dence between Judge Tyner and Mr. Frost, of Indianapolis, who were the parties holds ing the correspondence referred to. The etter making the request was destroyed by

witness, in compliance with Mr. Orton's

Representative Evans, of Indiana, was examined relative to a certain package supposed to contain a portion of the cipher telegrams sent to the Senate committee on Privileges and Elections by the Western Union Telegraph Company. Witness de-nied the knowledge of the contents of the package, asserting that a clerk of the com-mittee gave the bundle to him for safe keeping, and he turned it over intact to Second Assistant Postmaster General Brady, who evidently has it now. Brady will be called to-morrow.

THE INDIAN BUREAU.

Report of Members of Committee Favoring Transfer.

[By Telegraph to the Morning Star.] WASHINGTON, Jan. 26 .- The four members of the Joint Committee on the proposed transfer of the Indian Bureau to the War Department, who are in favor of a change of management, have completed their report. It is very voluminous, and favors the transfer on the ground that the present system is inadequate to detect the various frauds which are constantly practiced upon it, no matter how well disposed the head of the Bureau may be. They take the ground that army officers who are in life positions are generally Lonorable, that each officer is a check upon the other, and therefore a misappropriation of funds handled by them will not be so liable as under the present administration. They believe in the existence of a ring who are using the Indian Bureau as a means of gain for themselves, and predict an indefinite continuance thereof unless the proposition to transfer is adopted. The report will be signed by Senator Mc.

The greater part of the session was devoted to the consideration of a proposition to repeal the section of the revised statutes relative to the iron-clad oath now administered to grand and petit juress. Owing to the slim attendance, not over seventyfive gentlemen in all being present, the resolution was adopted deferring action on the question until Monday evening next, until which time the caucus adjourned. Just Received. A Large Let of Croquet Sets! CROQUET HAS BEEN FOR SEVERAL YEARS one of the most popular pastimes. Unlike most of

out door sports, it does not require the possession of great strength or powers of endurance, or severe muscular exertion on the part of the player. Excellence in it is almost equally attainable to the weakly and delicate as to the healthy and robust. Old and young meet on its arena on more nearly equal terms than in any other known game of skill.

Those who'll read this rhyme and visit our store

With the hope that we will cause no pain

To brother grocers, who, in years gone by,

Unfortunately we see some of them incline

But we consider it matter of congratulation

In old times "big profits" had a wide range,

Of Wilmington grocers we take the lead!

Now to prove this assertion we only need

Like all business men who are truly wise,

We at once began to extensively advertise,

At first we put some poetry in our "ad,"

But when they saw this plan was not bad,

To remind the public that our clean new store

When our friends, catching the idea, thought it wel

To increase their space, as the printers will tell !

They followed our lead. And when we tried pros

They followed as nicely as if lead by the nose!

When lo! they grasped the idea as sublime!

When this battle is well fought and won,

But with old stock and such heavy expense

If followed will surely bring them to woel

Which lead we invite all grocers to follow.

To prove that we mean what we say,

come to an abrupt ending.
