S. B. 221, changing the time of holding the Superior Court in the Third Judicial District, was tabled.

HOUSE OF REPRESENTATIVES
A report from the committee to examine the Treasurer's vouchers was read. The report recites that it took the committee eight days to examine the vouchers, and asks the Legislature to order the same to be destroyed. The report also congratulates the State on having such officers as Dr. Worth, D. W. Bain and T. C. Worth. It also recommends a revision of the laws. The report was ordered to be printed.

CALENDAR.
Bill to amend the charter of the N. W. N. C. R. R. This bill provides for the extension of the road up the Yadkin valley to Patterson. It was so amended, on motion of Mr. York, as to allow towns, townships or counties to take stock in the proposed road, and on motion of Mr. Richardson, of Columbus, as to provide that the road should not be exempt from taxation.

The bill passed its final reading.
Bill to allow Leakville township, of Rockingham county, to subscribe to the capital stock of a railroad. The bill was read by its title only and passed the second time.

Mr. Richardson, of Columbus, moved that the rules be suspended, and the bill to allow the people of Columbus county to fish in Wacoona river during the period from 1st September to 1st March, be taken up. Mr. Norment opposed the motion to suspend the rules, but it prevailed, and the bill passed.

A message was received from the Governor, covering copies of resolutions adopted by the Alabama Legislature.

On motion of Mr. Carter, of Buncombe, the resolutions were sent to the Senate, with a proposition to raise a joint select committee on the subject.
Adjourned.

A Texas View of Loyal War Claims. [Richmond Dispatch Special.]
Mr. Mills, of Texas, made a capital speech, and it had a fine effect. He said he was opposed to paying any war claims, and did not think it just that the widows and orphans of the men who fought for their country should be taxed to pay bidders and sutlers who now claim they were loyal. They had no country and worshipped at no shrine except that of their supreme selfishness. These claims will increase as time goes on, and the proper way to get rid of them is by adopting a constitutional amendment forever prohibiting their payment. He paid a handsome tribute to the soldiers on both sides, whom he described as 2,000,000 of brave men as ever bore arms in any war.

Benj. P. Jonas, Senator elect from Louisiana, has some local reputation. He is very popular with the young Democracy of his State—hence his success against Eastis and Kenner, who antagonized. The Richmond State says:
'He has been several times in the State Senate, was at one time at the head of the Democratic Central Committee, and we think was nominated by Gov. Nichols for the Supreme bench. He is a good lawyer, and what is better, a good man.'

Northern Democrats again united with radicals in opposition to doing the right, honest thing towards the Southern institution of learning—the Alexandria (Va.) Theological Seminary. Twenty Democrats voted no. Shamel! The United States owes rent and these shilly-shally Democrats say nay to an honest debt.

Gov. Hampton has abandoned his intended Florida trip. He has not been so well lately.

Rev. T. Dewitt Talmage is a great sensationist. He is even described as a mountebank. At any rate there is a rumor that he will be arraigned before the Brooklyn Presbytery on account of his manner of doing things at the Tabernacle. There is room for improvement.

Representatives Stenger, Springer, Cox and Hiscock are the committee to go to New York to examine Mr. Tilden and his "wicked coparceners." As Mahomet would not come to them they go to Mahomet.

It appears to us that the Southern Democrats in the Senate would do well to sustain Hayes against the Radical Oligarchy composed of Conkling, Blaine, Edmunds and a few others.

The new President of France, Francois Paul Jules Grevy, was born in 1813. He is a lawyer, and is a thoroughgoing Republican.

HEINZBERGER—Pianos and organs.

Local Note.
— Skating rink talked of.
— Instead of etheral mildness, we had ice yesterday morning.

Meeting of the Mozart Saengerbund at 4 o'clock this afternoon, and it will be seen that absentees are to be left out in the cold.

The Board of Aldermen met last night, but without transacting any business of public interest, adjourned over to this evening at half-past 7 o'clock.

The new lighthouse on Big Island will be lighted by the close of the present week, and then fogs and other darkness will be nothing to mariners in that vicinity.

The hop of the married men, complimentary to L'Arrioco and the Lotus Clubs, will be given at Germania Hall, next Thursday evening, in recognition of the pleasure Benedicts have enjoyed at the entertainments of the two organizations named above.

Mr. Bryan has introduced a bill in the State Senate to punish magistrates for the abuse of their trusts. If another one was offered to punish people for their abuse of magistrates, some of the Justices of the Peace hereabout would have actions enough to occupy all the time of Judge McKoy for half a century.

To-Day's indications.
For the South Atlantic and Gulf States, rising temperature, southwest to southeast winds, with partly cloudy weather, and possibly light rains in the southwest, nearly stationary barometer during the night, followed by falling barometer, are the indications for this section to-day.

The Stained Fire.
On the night of Thursday, the 23d ult., the barn of J. F. Anders, who resides near Beatty's Bridge, with all its contents, was totally destroyed by fire. Before the family retired that night, about 11 o'clock, a thorough examination of the premises was made and everything found to be in a safe condition, but within an hour afterwards the alarm was given, and they were aroused to find that the torch had been so stealthily and effectually applied that the roof had been burned sufficiently to fall in, thus rendering it impossible to save the products stored in the barn. In fact it was with the utmost difficulty that a number of horses and mules, in the adjacent stables, could be rescued. This incendiary work entails a severe loss on the owner, estimated at eight hundred dollars, as all Mr. Anders' corn, peas and forage, with a large portion of his agricultural implements, were stored in the building. There was no insurance on the property destroyed.

B'nai Brith.
Mr. J. I. Macks, the representative of the order of B'nai Brith in this city at the late General Convention in Philadelphia, returned last Saturday. His account of the session of that body coincides with that by telegraph. The session was harmonious, and the statistics gathered and submitted to that body show the local and general organizations to be in a healthy condition, both as to membership and finances. We cannot forbear to mention the fact that from the beginning of 1874 to the close of 1878, the expenditures for the support of the sick, needy, and widows and orphans, amounted to \$1,007,089 11. This vast amount, exhausted in behalf of such noble objects, carries with it the highest accolade of the practical benefits of B'nai Brith.

Good Appointment.
On Saturday last the Governor appointed Col. Henry B. Short, of Columbus, to superintend the construction of the Insane Asylum for colored people at Goldsboro. He is appointed in the place of O. G. Parsley, Jr., Esq., of this city, who resigned, and we predict that the successor of our townsman will discharge the duties imposed upon him with marked fidelity. The long and Short of the matter is, he has never had a public trust confided to him without acknowledging the compliment by a display of both competency and integrity.

Mayor's Court.
The return of Mayor Fishblate to official duties has caused a slight revival in business.

Jacob Thompson walked to court yesterday morning to the tune of disorderly conduct, but at his request the case was continued until this morning.

James Anderson, colored, charged with attempting to enter a dwelling house unlawfully in the night-time, was required to give a justified bond in the sum of \$100 for his appearance at the next term of the Criminal Court.

Sunday Morning's Fire.

The fire of Sunday morning, between four and five o'clock, was a somewhat serious affair. It originated in the store of Mr. J. W. Moody, on the corner of Fourth and Brunswick streets, and is believed by some persons to have been produced by the explosion of a kerosene lamp. Certain it is that the flames had made such headway, when first discovered, as to barely give time for the escape of Mr. Moody's family, who lived in the dwelling attached to the store, which was rapidly consumed. From this point the fire soon spread to an adjoining tenement, occupied by C. H. Strode, then to the Brooklyn Market House, all of which were in turn consumed. The fire companies were promptly at the scene of danger, but could do no more than prevent the destruction of a building owned by Allen Evans and one east of Strode's residence.

The exact loss and amount of insurance is probably not known as yet. The property of Allen Evans can certainly be restored by an outlay of \$50 or \$60. The Market House is a total loss to the city. It appears that Mr. Christian Russell loses heavily, as he was the owner of the burnt houses. It is believed he was insured to the extent of about \$2,300, while the Moody stock of goods is reported to have been insured for nearly \$1,800. The latter gentleman also had some insurance on household and kitchen furniture, &c.

To-day, after more thorough examination, accurate figures may be obtained as to the actual losses of the sufferers. But whether greater or smaller than present estimates, it is evident that the city is sadly in need of some system by which accidental fires may be discovered much earlier than has recently been done. Our firemen are efficient and move rapidly on occasion, but this is not enough. Something else is needed so that they may be aroused in time to make their services of use.

We had almost forgotten to mention that Mr. D. C. Davis, who occupied a place in the Brooklyn Market House for the sale of meats and vegetables, lost fifteen or twenty dollars worth of stock.

Metropolitan Report for January, 1879.

The Fire Department.
The First Ward Bucket Company were out on monthly parade yesterday, and we are reliably informed that they made a run of two hundred yards, and pitched their ladders on the Carolina Central Railway warehouse, in two and a half minutes, being in all respects ready for action. This was a very creditable performance.

The Cape Fear Steam Fire Engine Company were also out experimenting with their apparatus, and the performances were of a very satisfactory character.

In this connection we may say that the whole Fire Department, under the management of its present efficient Chief and the corps of officers, will contrast favorably with that of any other city in the United States. This is the truth unvarnished.

Death of a Prominent Young Man.
We regret to hear of the death of Mr. Edward D. Schriver, a young man of much promise, at Castle Hayne, yesterday morning. He was very largely beloved and respected in the neighborhood where he resided, having filled the position of postmaster, ticket agent for the Wilmington & Weldon Railroad, judge of election, and other local trusts. It was only a few months since that he celebrated his 23d birthday.

Harbor Master's Report.
From Capt. Joseph Price, Harbor Master, we have the following report of the arrival of vessels at this port, &c., for the month of January:
American—Schooners, 13, steamers 6, brigs 1; total 29. Tonnage 7,083.
Foreign—Barques—11, brigantines 5, brigs 12; schooners 2; total 30. Tonnage 9,265.
Total arrivals 59. Total tonnage 16,368.

A Prosecutor Suiet.
Magisterial circles were dull again. The only case which budded was that of Rudolph Holzschuler, against whom Jacob Thompson took out a peace warrant. The charge was assault and battery, but Justice Hill, who made the dissection, could not find a club or evidences of fistuloLOGY, and therefore he dismissed the case at prosecutor's costs.

Seaman's Friend Society.
The regular annual meeting of the Seaman's Friend Society will be held at the Seamen's Bethel, this evening, at 7 1/2 o'clock. A full attendance of the citizens is desired.

DIED.
SCHRIEVER.—At 3 A. M., 3d instant, of hemorrhagic fever, EDWARD D. SCHRIEVER, aged 23 years 6 months and 3 days. The funeral will take place at his father's residence, Castle Hayne, at 9 A. M. to-day, thence to Oakdale Cemetery. Friends and acquaintances are respectfully invited to attend.

OPERA HOUSE.

Miss Adah Richmond.
Lecoco's popular opera bouffe, "Girofle Girofle," was presented at the Opera House last night, to a large audience, by Miss Adah Richmond in the titular part, supported by an excellent company, an especial feature of which is a full and well trained chorus. Miss Richmond's talent as an actress, her rare vocal powers, and her beautiful face and figure, particularly attracted her for a successful opera bouffe artist, and rendered her personation of "Girofle-Girofle" most charming. Her tasteful and elegant costumes were noticeable and exceedingly becoming.

Of the Company, Mr. Hamilton, as Mourouk, was undoubtedly the favorite of the audience, as he richly deserved to be, since he possesses superior ability as an actor and a splendid baritone voice which he used to excellent advantage always.

Miss Jeannie Winston sustained the character of Marius with exceeding cleverness throughout, both in her acting and singing, and Mr. Bell proved himself an excellent actor by the quiet but effective humor of his Bolero. Mr. Morgan as Pedro, Miss Chappelle as Auguste, and Miss Sylvia as Aurora, were very satisfactory, and deserved to be mentioned. The singing of the Orpheus Quartette was enthusiastically received, highly appreciated and loudly applauded. Miss Richmond's rendition of the drinking song, and the singing of the trio in the third act by Girofle-Girofle, Marasquin and Mourouk, were each loudly cheered.

The "Chimes of Normandy" has been substituted by request for "La Grande Duchesse," and will be presented to-night, at which time the Orpheus Quartette, assisted by Miss Richmond as soprano, will sing "Grandfather's Clock," and they are said to render it delightfully.

County Commissioners.
The Board of County Commissioners convened in regular session at 2.30 o'clock yesterday afternoon. Present, Col. Wm. L. Smith, Chairman, and Commissioners B. G. Worth, H. A. Bagg, J. A. Montgomery and A. J. Grady.

The proceedings of the preceding meeting were read and approved.

Ordered, that Captain J. W. Noble be appointed Overseer of the Newbern road, from Wilmington to Spicer's place, and all persons living on his place and Mr. Hardwick's, liable to work, be allotted to said road.

J. H. Hines, Antoine Rush, Geo. F. Colie, Geo. L. Schutte, F. B. Atkinson, D. Otter, Charlie Micheliis, J. H. Groggen, W. H. Groggen, J. H. Hopkins, R. J. Lewis, Luhrs Litjen and D. Towers were granted licenses to retail spirituous liquors. F. M. Beasley was appointed Overseer of the Masonboro road, from the Federal Point road to the eastern terminus, with all hands in said road district liable to road duty.

Ordered, that the Overseer of Section No. 1, Federal Point road, be notified to repair the footway across Jumping Run. The resignation of Balaam W. Wade, as Overseer of Federal Point road, was not accepted.

Ordered, that the Overseer of the Poor House be authorized to use the wood cut by Duncan Holmes on the Poor House premises, and to allow said Holmes compensation for the same.

It was ordered that the Sheriff be instructed to refund the privilege tax collected by him for the county of New Hanover, from the 1st day of January up to date, and that no further like tax shall be collected by him for the year 1879.

On motion, the Board adjourned to meet on the afternoon of the third Monday in this month (February 17th), at half-past 3 o'clock.

Frosters—Fists and Bull Dogs.
The evidences elicited during the examination of the case of James Anderson, colored, at the Mayor's Court yesterday, serves to adorn a recommendation. It is indisputable that the accused was found on the porch of Mr. William A. Willson's house, on the south side of Nutt, between Fourth and Fifth streets, and in his stocking feet. Robbery, and perhaps incendiarism, was the purpose. But what his particular purpose was is of no consequence as long as he was there with criminal intent, and we do not hesitate to recommend the employment of pistols in the front and big bull dogs in the backyard. The killing of one or two of these prowlers would be a blessing to the entire community.

F. O. F.
The Grand Master of Odd Fellows in this State is again in the city and will visit Cape Fear Lodge, No. 2, this evening. We understand that it is the purpose of Orion Lodge to be present as a body on the occasion, which will add additional interest to the internal (not infernal) work.

RIVER AND MARINE ITEMS.
