OUTLINES.

Joseph L. Heath, of Reed City, Mich. ran away with a Miss Thayer, was overtaken, and killed himself; he had a wife. _ The credentials of Senator James D. Walker, of Ark., were read and filed. -Senator Bruce reported from the Committee on Levees and Improvements of the Mississippi in favor of improving the navigation of that river. - Catholic leaders in large numbers in Germany have protested against the suppression of Ursuline Convents in that country. - A stormy session of the Reichstag is predicted. -There is a more favorable outlook for the American cattle trade with England. -Mr. Tilden testified before the Potter Committee; he denied all knowledge or complicity in the matter of the cipher disnatches or in the buying of the Returning Boards; his denial is full, frank and exolicit. - New York markets: Money 2@21 per cent; cotton quiet at 9 9-16@ 9 11-16c; flour quiet and without change: wheat easier at 99c@\$1.081; corn-new to lower; old quiet and unchanged; spirits turpentine firm at 30c; rosin steady at \$1 40@1 424.

There is a gradual decline in the demand for silver dollars on the Treasury.

The first edition of the sermons of the late Rev. W. E. Munsey, D. D., of the Methodist E. Church, South, has been sold. He was an eloquent and impressive preacher.

Sam Lee, Hayes's postmaster at Sumter, S. C., has vamosed the ranche. He was indicted for official misconduct as Judge of Probate, and when the grand jury found a true bill Sam gave "leg bail." Next.

Senator Edmunds is said to be striking at the Arlington estate in his proposed constitutional amendment prohibiting all war claims of every description being paid. He is mean enough to strike in that way at right and justice.

The committee has agreed upon 16 cents as the tax on plug tobacco, and 24 cents on snuff. The vote stood five to four. Voorhees, Bayard, Wallace, Kernan, and Jones, of Nevada, voted for 16 cents. Senator Bayard will report as soon as the bill can be prepared.

In the last election there were 10,-730 Democratic votes polled, and 11,011 Republican, in the Third District-total 21,741. In the Charlotte, or Sixth District, there were but 4,167 votes polled, Democratic and Republican. We respectfully submit that it is not in order for the Charlotte Observer to throw stones at the voters of this district. Mecklenburg gave but 914 votes, all told, whilst New Hanover gave 3,489. There are about 30,000 voters in this

The Greensboro North State, Radical, is ridiculing the clamor for retrenchment, and even gets off some doggerel on the occasion. It says "the people are desperately incensed at the so-called representatives," and all because of "their wild notions of economy." If the legislators regard such stuff as this "the people" will indeed be "desperately incensed." Let the legislators fail to cut down expenses, and then see how the Democratic party in 1880 will "catch it" from this very paper that now jeers and berates those who cry economy and retrenchment.

If Senator Butler, of S. C., retains his seat, the next U. S. Senate will be composed of 42 Democrats, 33 Radicals and 1 Independent, Judge Davis, who leans to the Democrats. The Democrats have gained 7 and lost 1 the latter in Connecticut. Gordon, Allison, Ingalls, Jones, Conkling, Cameron and Morrill were chosen there own successors. The Philadelphia Times says of the changes:

"The Democrats gain both numerically and intellectually by supplanting the carthe Republicans hold their own in ability, while losing in numbers, by the return of such men as Conkling, Morrill, Carpenter and Allison. The next Senate will contain more able men than have ever met there since the retirement of the Southern Senstors 1861."

Wisc Legislation.

[Winston Sentinel.] There is enough undeveloped wealth in the western part of our State to make North Carolina the richest and most prosperous State in the Union, and our legislators, in all their schemes of internal improvement. should have a care that they do not foster such schemes as will divert this wealth outside of the State, to the exclusion of such as will build up our own seaports and cities. North Carolina has always been a cornucopia pouring her rich treasures of minerals, grain, tobacco and other ing for the pathway across that structure, ton.

Democratic Rallys.

And now the "bloody Fifth" comes to the front, and refreshes our memory as to the hall of the Bucket Company. The President calls on the faithful to rally for Democratic organization. And this reminds us to say that all the wards have moved in the same direction, and we refer to the official notices elsewhere.

-Release of Prisoners. His Honor, Judge Meares, of the Criminal Court, yesterday morning issued an order to Sheriff Manning commanding him to bring before him at Chambers, at 43 o'clock, J. C. Hill, J. J. Penton was

The charge upon which the prisoners were originally arrested was that they were indebted to Capt. Penton and were about to leave the State. It was urged by Mr. Bellamy that the law required, as a condition precedent to their arrest, that a bond should be given, with at least two sureties, to indemnify the defendants for any damage they might sustain if they recovered judgment. Capt. Penton failed to file the requisite bond in that he had but one surety, and upon this plea, and others, motion was made before Justice Hill to vacate the arrest, which was refused. Upon a full states ment of facts to Judge Meares, the habeas corpus was allowed, and he decided, after hearing arguments pro and con, to allow

> Seventy-nine cases had been docketed up to noon Saturday, and among them we find the following: Trading without license 3: selling liquor on Sunday 1; assault and battery with deadly weapons 8; affrays 3; peace warrants 5; neglect of the poor 1 malfeasance in office 1; obstructing highway 1; retailing without license 1; fornication and adultery, 5; embezzlement 10-all against James Heaton; bigamy 1; wilful trespass 1; perjury 1; injury to live stock 1; false pretence 1; robbery 1; larceny 1; extortion 1; appeals 2.

In Justice Hall's office the business of the day was opened with the case of the State vs. Sandy Johnson, for an assault upon the person of John Holland. The hearing resulted in a judgment of guilty and the imposition of a fine of \$5 and costs against defendant. Fine remitted on paymedt of costs.

In the counter case of State vs. John Holland, assault and battery, judgment was

for one penny and costs. The other magnates of the law appeared to have lost their attractiveness, the absence of crime negativizing law. Amen.

A Big Haul.

First Baptist Church, corner of Market | We are informed that a wholesale, sweepthis place recently. It appears that some the shutters of nearly all the city lamps, in which kerosene is used, and appropriating the chimneys. Their operations extended from Church to Nixon street. This is the most successful and audacious raid of the season, and it will be, we presume, a mystery until time ends. No light has been thrown on the subject, but the rascals may yet be trapped. Let them beware.

Unsound Fish.

During the past week, in spite of the cold season, three attempts to vend unsound fish in the city market have been made and as often defeated. The best corrective of the evil will be found in making the penalty for such offences against the public health severe-say, perpetual exclusion from the privilege of selling. It is a matter of great moment to all our people. Indeed, it would be well if an ordinance, applicable alike to dealers in meats and vegetables, should be made so strong as to work this perpetual forfeiture of selling privileges.

An Ancient Institution. St. John's Lodge, No. 1, F. and A. Masons, of this city, has two charters, one bearing date the second day of January, 1791, and the other the first of December, 1801. This Lodge has ever since continued upon its mission, not even suspending its operations during the war between the States, when so many charitable organizations yielded to adverse influences. The tenacity of life exhibited by old "St. John's" is something on which the craft

may rightfully plume themselves. Thermometer Record.
