OUTLINES.

Senator Kellogg introduced a bill for the completion of a railroad from San Antonio, Texas, to El Paso, on the Rio Grande.

The editorial on the inside headed "A Retrenchment Reform," ought to read, "A Retrenchment Report."

The venerable Rev. Dr. Lovick Pierce is extremely ill. He is over 94 years of age, and it is thought that his race is nearly ended.

We learn from good authority that the arrangement for "pooling" freights, now in operation at Charlotte, will be broken up at an early day.

Senator Wallace, of Pennsylvania, who has been made Chairman of the National Democratic Committee, is a decidedly able man.

John Sherman, Secretary of the Treasury, is violently opposed to Senator Bayard's revenue bill.

The New York dry goods market is fairly active, and best cotton goods firm with an upward tendency.

Thus far over four thousand pages of printed matter have been taken by the Potter Committee.

In the use of figures of speech we are generally particular and fairly accurate, we dare say, but in one of our editorials of yesterday, written hurriedly as it often is, we did not point it out, for the official reader will easily detect it.

At the great billiard tournament which closed last Saturday in New York, Slosson made 464, the largest run on record.

The special order for to-day, which was H. B. 367, S. B. 458, to change the name and authorize the consolidation of the Western Railroad Company with the Mount Airy Railroad Company, and to complete the same.

Another illustration of the line in Hudibras—"You have a wrong sow by the ear,"—is found in John Sherman's platform for the campaign next year.

Senator Blynn moved to amend by requesting the information to be sent in by Friday morning, or as soon thereafter as possible.

THE MORNING STAR.

VOL. XXIII.—NO. 122.

WILMINGTON, N. C., FRIDAY, FEBRUARY 14, 1879.

WHOLE NO. 3,593

If in order to protect the ballot and the liberties of the people an extra session of Congress is necessary, then the country will sustain the Democrats in their course.

The subject was discussed in Cabinet yesterday, and it seemed to be agreed that as the test-oath law was repealed a few years ago, and now stands upon the statute book only through an error in revision, it ought to be repealed, and it would be politic for the Republicans to take the initiative.

The Oxford Torchlight, instead of firing at Wilmington, would do well to train its artillery upon the Raleigh & Gaston Road, which is at its door, and compel it "to shell out" the half million of dollars it withholds from women and children and others, but which righteously, legally and morally belongs to them.

American silversmiths are asserting their superiority. At the Paris Exposition Messrs. Tiffany & Co., of New York, were awarded the grand prize, and also the distinction of the decoration of the Legion of Honor.

It was telegraphed to the Star that \$35,000 was appropriated for the improvement of the Cape Fear river. We relied upon a Virginia exchange for a corrected list, and it gave it at \$15,000.

THE LEGISLATURE.

[Raleigh News Report Condensed.] SENATE. RALEIGH, N. C., Feb. 12, 1879.

The Senator from Davidson, Mr. Leach, arose to a question of personal privilege, and proceeded to read two communications from the News of to-day, containing a statement of his course and votes as a Senator.

The special order for to-day, which was H. B. 367, S. B. 458, to change the name and authorize the consolidation of the Western Railroad Company with the Mount Airy Railroad Company, and to complete the same.

Mr. Graham, of Lincoln, moved to postpone the consideration of the bill for one week, in order that the resolution introduced by him this morning might be passed, and the Legislature know what these "liens, incumbrances and expenses incidental to suits" were.

A bill to aid in the extension of the Atlantic, Tennessee & Ohio Railroad. Passed final reading.

A bill to amend the charter of the Northwestern N. C. Railroad, and for the construction of a second division from Salem by way of Wilkesboro to Patterson, in Caldwell county. Passed final reading.

HOUSE OF REPRESENTATIVES. Bill to allow Watanga county to levy a tax for the purpose of aiding in the construction of the Western & Caldwell N. G. R. R., passed its final reading.

EXTENSION OF THE R. & A. L. The bill to extend the Raleigh & Augusta Air-Line Railroad, from any point on its line to Charlotte. Special order.

An amendment was offered by Mr. Henderson, that the road shall not take up its track to Hamlet.

Mr. Foard offered an amendment that the same rates of freight shall be given to places on the line of the road and to those in this State as are given to those in another.

To the amendment of Mr. Henderson, Mr. Cobb offered one that the road be required to run daily trains except on Sunday. Adopted. Mr. Henderson's amendment was then also adopted.

Mr. Vaughan offered an amendment to the amendment, providing that the regulation of tariffs on this road shall not go into effect until such law shall be put in operation upon all the roads in the State.

NIGHT SESSION. The House met to finish the discussion of the R. & A. L. R. R. bill, the question recurring on the amendment offered by Mr. Vaughan to the amendment offered by Mr. Foard.

The amendment to the amendment was defeated by a vote of 35 to 50. Mr. Foard's amendment was then adopted by a vote of 54 to 44.

Mr. Richardson, of Columbus, moved to amend by providing that the amendment of Mr. Foard shall apply to all railroads alike. The amendment was adopted by a vote of 98 to 2.

Mr. Armstrong moved to amend by starting the road at Lockville and running by Gulf Lockville, etc. Lost. Mr. Dunn moved to amend so as to start the road at Sanford and run straight to Charlotte. Lost.

The bill then passed its second reading. The rules were suspended and the bill read the third time.

Mr. Powers moved to amend by striking out the power to build branches, and to require the road to be completed in five years.

The amendment was lost, and the bill passed its third reading.

The report and annual statement of the affairs of the Bank was submitted by the Vice President and accepted.

On motion, the meeting then proceeded to the election of eleven Directors for the ensuing year, and Messrs. C. M. Stedman, I. Bates, Jno. Dawson, D. R. Murchison, Don. McRae, H. Vollers, R. R. Bridgers, Jno. W. Atkinson, J. A. Leak, B. F. Little and E. B. Borden, were declared duly elected.

Recovery of Stolen Goods—A Charming Variety Store Bagged. Information was filed yesterday morning, in the office of T. M. Gardner, J. P., that a variety of stolen goods were deposited in a den in Robert Lloyd's alley, between Front and Second, in the vicinity of Brunswick and Hanover streets, north of the railroad shops.

This is a plain statement of facts, and the question of decisive action in the premises is therefore still an open one.

Ward Meetings. The Ward meetings of the Democracy, this evening, should not be neglected. The desire is to have a full expression of the sentiment of the party as to the course best to be pursued in regard to municipal affairs.

Municipal Affairs—The Democratic Executive Committee, and the Ward Meetings. There appears to be some misunderstanding as to the recent action of the Democratic Executive Committee regarding municipal offices.

It may be well to say, therefore, that an application of considerable strength and character was made to that committee to ask the Legislature, now in session, to pass an act continuing the present Board of Aldermen in office for another term.

The committee, considering that such an application exceeded their authority, decided to submit the matter to the several wards of the city for their action, and accordingly called a meeting of the several wards on last Monday night.

Upon receiving the reports of the various wards it appeared that the propositions, as submitted, had not received the sanction of a majority of the wards, but it appearing that the general sentiment was in favor of some such action, the committee thought best to refer the whole subject back to the wards and ask them to appoint a committee of conference from each, who could agree upon a satisfactory plan of procedure, and which would meet, if possible, with universal approval.

This is a plain statement of facts, and the question of decisive action in the premises is therefore still an open one.

Recovery of Stolen Goods—A Charming Variety Store Bagged. Information was filed yesterday morning, in the office of T. M. Gardner, J. The President, Secretary and Treasurer, Chaplain and Keeper of the Home submitted their reports, and, on motion, they were received and ordered spread upon the minutes.

Messrs. H. B. Eilers and R. E. Heide were appointed a committee to audit the Treasurer's books and vouchers, and report at the next regular meeting of the Executive Committee.

On motion, Messrs. H. B. Eilers and E. T. Hancock were appointed a committee to nominate Trustees for the ensuing year, and the following gentlemen were nominated and unanimously elected: G. R. French, Sr., Geo. Harris, R. E. Heide, E. T. Hancock, G. R. French, Jr., H. B. Eilers, B. F. Mitchell, E. S. Martin, Ed. Peschau, Roger Moore, A. Adrian, Edward Kidder, F. H. Darby, Alex. Sprunt and H. M. Bowden.

On motion, the meeting adjourned.

At a meeting of the Trustees, held immediately after the adjournment of the meeting of the members of the Society, Mr. Edward Kidder presiding, and Mr. E. S. Martin acting as Secretary, the following gentlemen were elected officers for the ensuing year: George R. French, Sr., President.

George Harris, Vice President. George R. French, Jr., Secretary and Treasurer.

These gentlemen, in connection with the following, constitute the Executive Committee, viz: Messrs. H. B. Eilers, E. T. Hancock, R. E. Heide.

Rev. J. W. Craig was elected Chaplain. The Board then adjourned.

The receipts of the Seaman's Friend Society for the year ending February 11th, 1879, (from the parent society at New York, annual dues of members, rents, and donations by citizens,) amount to \$1,468 33.

The disbursements (including salary of Chaplain, interest on mortgaged debt, and on notes held by the First National, Dawson, and New Hanover banks, repairing and refitting the Home and Bethel, insurance and incidental expenses,) amount to \$1,241 90, leaving a balance on hand in the treasury of \$226 43, and about \$375 interest on debt unpaid.

The following report of the President was then submitted to the Society: GENTLEMEN—Again we have the pleasure of greeting you in this our Twenty-sixth annual meeting, which calls us together to consult upon the ways and means best suited to advance the material prosperity and usefulness of our society.

The past year, like several of its predecessors, has been one of continued business depression through all branches of manufacture, shipping and trade, and the Home has not been exempt from its depressing effects. We have not had the financial prosperity we looked for. Our buildings have not rented for as good rates as we had hoped, and we have not been able to meet more than our current expenses, and have paid nothing on the bonded debt. Our main building is still uncompleted, and we would especially call your attention and invoke your aid in devising some plan whereby we can put it in rather a better condition for the comfort of the inmates.

During the past year we have succeeded in procuring the sick seamen from the government, to accomplish which we have made repeated efforts for several years past, and during the past summer they were turned over under contract to our Mr. Gilbert, the keeper of the Home. In compliance with the resolution at last meeting, we have made application to the parent society of New York city for a special donation of one hundred dollars, to assist us in finishing the third floor of the building to make it comfortable for the poor seamen, which donation we confidently expect will be granted. And, upon such improvements being completed, we can reasonably expect a better revenue next year. We gratefully acknowledge the generosity of the parent society in New York, whose grant of four hundred dollars during the past year enabled us to pay the salary of our Chaplain, a report of whose Christian labors we may expect at this meeting. For a detailed statement of our financial condition you are referred to the report of our Treasurer, Captain Gilbert, keeper of the Home, will render an account of his department.

Respectfully submitted, GEORGE R. FRENCH, Sr., President S. F. Society, Wilmington, N. C., February 4, 1879.

Another Chancer. We have already stated the advantages of Wilmington as a cotton market, as well as the fact that molasses is placed here, at wholesale, at figures that no other city in the country can exceed for cheapness.

We now add that a gentleman in Charleston writes to this city to make a purchase of salt, stating that there the price is 90 cents a sack. In Wilmington he will obtain it at 70 cents—a difference of 20 cents per sack, and certainly a matter of very considerable importance to buyers.

These facts illustrate what Wilmington can and does do in many branches of trade, both in buying and selling, and in purchasing from as well as in importing for the agricultural and industrial interests of the State.

We do not, as a city, seek special advantages through legislative action or otherwise. What we ask is, that the efforts of the business community may be strengthened by a judicious internal improvement policy, and that the people of the State, in their own real interest, on the broad basis of STATE WELFARE, shall endeavor to build up at least one amphurion through which direct trade may be maintained with Europe, both by steam and sail.

The Mexican Veterans did no business of consequence at their meeting Wednesday night. They will finish their contemplated work next Tuesday.

The Workers at Home. All of the Wilmington delegation returned home from Raleigh last night, and are certainly entitled to the thanks of our community for the able manner in which they have represented our interest at a great loss of time and personal expenditure of money.

As stated in our special telegram last night, the amended manner in which the bill was passed by the House virtually destroys it, since it compels the road from Hamlet to Sanford to remain intact and a daily train to be run over this portion of the line, and provides that the same rate per mile shall be charged on freight to any point on the proposed extension or on the line already in existence in this State as is charged to any station outside of the State.

The friends of the measure freely admit its defeat, and it is thought that the Raleigh & Augusta Air Line Company will withdraw the bill when it goes to the Senate rather than to have it passed with the clause last above mentioned applying to its line already completed.

Of course we are glad that the bill has been defeated, but contend as stoutly as ever that its defeat was a wise piece of legislation, not for the city of Wilmington only but for a large portion of North Carolina.

Meeting of the Grand Lodge K. of P.—Officers Elected, &c. The Grand Lodge met in the Castle Hall of Cumberland Lodge No. 5, at Fayetteville, on Tuesday last at 10 A. M. G. C. W. C. Troy presiding, and all the Grand Lodge officers were present except the G. V. C. and G. M. at A. A. quorum of Lodges was represented.

The reports of the Grand officers show the Order, throughout the State to be in a better condition than ever before, with the Grand Lodge free from debt. Considerable business was transacted, and the members of the Grand Lodge are perfectly satisfied that the Order, during the next twelve months, will increase with far greater rapidity than ever before.

It was resolved that the expenses of the Representatives to the Grand Lodge should hereafter be paid by the Grand Lodge instead of the subordinate Lodges as heretofore.

The following are the officers elected for the ensuing term: G. C.—John L. Dudley. G. V. C.—J. L. H. Missellier. G. F.—H. C. Prempert. G. K. of R. and S.—J. W. Phillips. G. M. of E.—R. T. Scannin. G. M. at A.—W. A. Moye. G. I. G.—J. H. Schultz. G. O. G.—Thomas Powers. Sup. Rep.—O. H. Blocker, two years.

—A. L. Blow, one year. P. C. John Haar, Jr., of this city, was made a P. G. C. for services rendered, and the S. L. requested to confer the rank upon him at its next session. The following were appointed D. D. G. C.:

District No. 1—W. S. Warrack. District No. 2—John Haar, Jr. District No. 3—W. C. Troy. District No. 4—J. W. Moore. District No. 5—C. H. Christ. District No. 6—J. W. Moye.

The Representatives from this city returned home last evening, and are loud in their praise of the treatment received at the hands of the members of the Order in Fayetteville. On Tuesday evening the Grand Lodge was formally welcomed to the hall of Cumberland Lodge in a neat and eloquent speech, delivered by P. C. Thos. Sutton, that Lodge, which was responded to by P. C. Jno. L. Dudley and P. G. C. W. H. Gerken, on behalf of the Grand Lodge, in handsome terms.

The hospitalities of the town were extended to the Grand Lodge and visitors present by the Mayor of Fayetteville in a given and timely speech. A banquet was given at the Fayetteville Hotel by Cumberland Lodge in honor of the Grand Lodge, and we learn that most of the assembled guests, when they retired from the spacious dining room of the hotel, were too full for utterance.

We will endeavor to glean other particulars from G. C. Dudley as soon as possible, and publish them in the STAR for the benefit of its many readers.

Captains Worth and Green, of the Fayetteville steamboat line, have been extolled by the returned Pythians from this city, but we refuse to repeat the eulogies for fear of shocking their modesty.

Attractive Entertainment—Tilston Normal School. In spite of the fact that the Opera House is not open, we are not to be left altogether without attractive entertainments. At the Tilston Upper Room this evening, Allen's deservedly popular cantata, "The School Festival," will be presented, and the "Family Chorus" will sing that charming little piece, "We'll have to Mortgage the Farm," while the "Callisthenic Club" is to give the celebrated "Anvil Chorus," in itself, when properly rendered, one of the finest musical productions of the age.

These pieces, in conjunction with a pleasing pantomime, ought to bring together a multitude of people of cultivated and refined taste. Those who have heretofore patronized the presentations of the school will require no persuasion to renew their visit to-night.
