not be lawful to bring or to employ the army or navy, or any part thereof, at elections...

Is there any danger to civil liberty in such salutary and necessary safeguards as that? Is there any treason or revolution or wrong in protecting the people—the true sovereigns...

The issue is thus made. A second time the President, by fraud, has thought proper to exercise his constitutional power of a veto.

The message of Rutherford B. Hayes, by fraud the President de facto of the United States, will surprise no one who is familiar with his unstable character...

It is our duty to stand by the Constitution, and to enforce section 4, article 4, of the Constitution of the United States, and the laws made in pursuance thereof...

THE OHIO CAMPAIGN. The Washington Post has a long communication from Cincinnati of the date of the 8th inst., giving an account of an interview with a person "who probably has more right to speak for the Democracy than any other Ohio Democrat..."

THE FREEDOM FIGHTERS. The Liberty Magazine for April contains thirteen papers, selected from leading foreign publications, by such famous writers as Tennyson, John Stuart Mill, Frederic Harrison, Archibald Forbes, Herman C. Merivale and others...

It is a fact that Bishop's candidacy is largely joined with Mr. Tilden's interest in the State?

It is a gem. It contains seven illustrated papers, besides poems, criticisms, stories and the five editorial departments. Three hundred and forty-eight numbers of this admirable Magazine have been issued...

We have mentioned before that Tilden was hard at work through his strikers. The following confirms the assertion: "Have you any evidence of any organized movement in Tilden's behalf in the State?"

"It is the general opinion of Thurman's best friends that he alone can make the race successfully against Sherman?"

"What figure will the Nationals cut as between Thurman and Sherman?"

It would seem that Tilden and Bishop have agreed upon a plan. Bishop is to run for Governor if he can get the nomination.

We repeat again the South does not want Tilden. It prefers every other Democrat prominent for the position.

THE DOCTORS. We notice in the proceedings of the American Medical Association, lately in session at Atlanta, Georgia, that Dr. Thomas F. Wood, of Wilmington, was appointed Secretary of the Section for 1880 on State Medicine, Medical Jurisprudence, etc.

And now "hole in the sky" Boutwell is for Grant. Of course. Every office-holder under Grant will go for his old friend, cost what it may to civil liberty and the peace, prosperity and glory of the country.
