We are rejoiced to learn from the Baltimore Sun. that the Fraudulent Administration has determined to abandon all pretentions to civil service reform hereafter. It has been an arrant sham from the start, but every way becoming an Administration that owes its position and power to the most criminal frauds.

There is a lively fight going on among North Carolina Republicans over the chairmanship of the Republican State Committee. Keogh, the present chairman, is for Grant, as is also Ike Young, both very strong among the Stalwarts. District Attorney Albertson is for Sherman. If Ike Young does not look out he will lose "his findings," and Shaffer will get his long coveted place. Ike is crafty and smart.

It is well enough to bear in mind the fact that many States will hold elections before the year closes. We find in the Courier-Journal the following list: Kentucky, August 4 State officers and Legislature; California, September 3, State and Judicial officers, four Congressmen and Legislature; Ohio and Iowa, October 7, State officers in part and Legislature; Maryland, Massachusetts, Minnesota, Mississippi, New Jersey, New York, Pennsylvania, Virginia and Wisconsin, November 3. Governors are elected in all the States -named except Mississippi, New Jersey, Pennsylvania and Wisconsin.

The Raleigh Observer of Tuesday contains a brief announcement that our friend Samuel A. Ashe is now "sole and exclusive owner of it." We cordially welcome his return to the editorial brotherhood and trust that he will find the life of a journalist alike profitable and agreeable. He has fine judgment, writes decidedly well, has aptitude for a profession that he is not altogether a stranger to, having had, editorial connection with a Raleigh cordially welcome his return to the

New York is greatly agitated over another tragedy. Mr. John F. Seymour was found dead in the grounds of the General Theological Seminary with a bullet hole in his body. He was about sixty years of age, and was brother-in-law of Bishop Seymour. An account before us says:

"His wife had been ill, and he had been with her Thursday night until 10 o'clock. Then he said he would go out into the rounds and drive away the tramps who had invaded the place. He went out and did not return. His wife became uneasy and aroused the Bishop soon after midnight. Together they searched for Mr. Seymour, and at last found him lying dead, with a bullet through his heart. The wife's cries attracted a policeman, and search was begun for the assassin. There is no trace of him, bowever, and it is only supposed that some tramp shot Mr. Seymour as he was ordering him away.

It is reported in the papers that Powers & Weightman, of Philadelphia, made \$18,000,000, and Rosenberger & Co., of the same city. \$10,000,000, by the quinine monopoly. Is it not an outrage upon the sick and poor people of the vast United States? An exchangesays:

"Quinine hereafter will be as cheap here as in Europe, and the charity hospitals of the country alone will save from \$80,000 to \$100,000 a year by the removal of the duty. an idea of the enormous amount of quinine used is given by the fact that from 1,000,000 to 1,200,000 ounces are used in he United States every year. This is said to have afforded the Philadelphia firms a clear profit over manufacturers' prices of

500,000 per annum." The Democratic Congress deserve well of the country for making quinine free of duty, and thus digging up by the roots a gigantic swindle. The burdensome, unequal, unjust and wicked high protective tariff deserves to be ripped up from beginning to

- Concord Register: The Rev. Prof. Rahn, of Mt. Pleasant College, was lected to the chair of Greek and German languages, at the Newberry College, S. C., at a late session of its board.

- Charlotte Democrat : It is stated that a "crooking class" will be established at Peace Institute next session, by Prof. Burwell, under a competent instructor. But practice at home is the best school in

- Concord Sun: Mr. Johnston, of this place, produced 55 bushels of wheat on two acres, 271 per acre; but Mr. E. D. Lentz, of Mt. Pleasant, it is said beats that considerably. He produced 105 bushels on

31 acres—30 bushels to the acre. - Salisbury Watchman: Last Suaday two gentlemen of this place started for Mt. Pleasant in a two-horse turnout. They soon discovered that the tongue was too long for the horses, and proceeded to emedy things by cutting and then splicing said tongue—using strings, straps, shingle-nails, etc., instead of simply lengthening the harness by loosening a few buckles.

- Chapel Hill Ledger: A number of the best teachers in the State are attending the Teachers' Association. They are giving the Normal School the benefit of their best thoughts and their experience. We note Messrs. Bingham, of Mebanesville, Doub, of Louisburg, Horner, of Oxford, Kinsey, of Lagrange, Pegram, of Trinity, Wilkinson, of Tarboro, and many

others, too numerous to mention. - A correspondent of the Warten News, writing from Ridgeway, tells of several accidents. Mr. J. W. Allen was knocked down and rendered insensible by a portion of a wheat thresher. Jim Colline, a negro, was injured badly by being thrown from a cart. A ten year old daughter of Mr. Andrew Wynn was badly bitten on her cheek and neck by a vicious dog. Mr. Burton was severely injured by a fall as he was attempting to get on a train.

- Asheville Citizen: The jury in the case of David Barnwell, charged with the killing of Anderson Garron (which case was tried at the recent session of Buncombe Superior Court), after having been "hung" for five days, on Wednesday afternoon of last week reported a verdict of "not guilty." And then Barnwell went forth a free man, after having been confined in jail for more than twelve months, and after having been once sentenced to be hung.

- Washington Press: One day last week, as a party of our townsmen were out on a fishing excursion, the whole scene was uddenly changed by the appearance of a large black bear, swimming in the river, which made for a boat containing Colonel Smaw and Mr. Wm. Smaw, when he was fired upon four different times, the last shot of the colonel's bringing him down. He was afterwards taken aboard and brought to town, and soon attracted the attention of a crowd to see the sight,

- Monroe Express: We learn that within the last week three attempts have been made to wreck the train at points between Polkton and Boggan's Cut, by placing logs on the track, but fortunately the obstructions were discovered in every instance in time to prevent disaster. On one night Mr. Hilbern, the section master, and two of his hands, guarded the road, when some persons crept up and shot at Mr. Hilbern, the ball severing his chain and passing through his coat, but not doing him any serious damage.

- Kinston Journal: An enter-

standard measure. It was washed up on the banks from the ocean, supposed to have been brought there on the gulf stream from the distant tropies.

— Statesville American: Certain classes of people seemed to be much interested in the late rape case. Among others it was noticed that five preachers of one denomination sat it out. — Ab. Kennedy, colored, of Statesville, was fooling with a pistol when it went off, the ball passing through the arm and entering the aide of Tom Moore, colored. The ball was probed for but not found, and Moore is not expected to live. — There are living in Sharpesburg township, on Snow Creek, in Iredell county, three persons in the family of Mr. Rufus Clinton, whose united ages are 255 years. Mr. Clinton is 86, his wife 85, and his sister-in-law 84 years of age respectively. He is able to do a fair day's work for one so advanced in life, and ail - Statesville American: Certain work for one so advanced in life, and all are in usual health.

- Weldon News: Buck Small wood, a negro living about three miles from here, was drowned last Saturday while bathing in the river. It seems that he had an attack of cramp. — A negro was found dead in the woods near Halifax the other day. We were unable to get full particulars in regard to the cause of his death. - Dr. Flanner, chief marshal of the next fair, has made the fellowing additional appointments of assistant marshals: Walter E. Daniel, Weldon; George A. Latham, Newbern. —Mr. John Garner, several days ago, killed near Mush Island Gut a big snake. He measured three feet and nine inches in length, and in circum-ference twenty inches. His fangs were three quarters of an inch long, and had scales like a stinger. The snake was pro-nounced a water moccasin.

- Goldsboro Mail: Died, at Rocky Mount, on the 19th of June, little Lula, infant daughter of Rev. James E. and Mrs. M. M. Mann, sged 20 months.

A violent storm of wind passed over town last Sunday, dismantling trees and blowing down fences. A slight rainfall succeeded the storm.

—Eddie Palmer and a companion or two recently rowed from this point to Newbern in a skiff, the voyage occupying three days. —We are requested to state that the friends of education in and around Rocky Mount are requested to meet at Dozier Hall on Tuesday, the 8th inst., at 12 o'clock, to consider the matter of establishing a school of high grade, to be under the fostering care and supervision of the Methodist District Con-

- Salisbury Watchman: A negro man named Davis fell down the shaft of the Ribley and Cady mine, near Dunn's Mountain, last Thursday—a distance of ninety feet—and sustained injuries from which he died in two hours. — We learn that the horse of Mr. John Baker, of Atwell township, took fright last Friday and ran away. Mr. Baker was dashed to the ground and received serious if not fatal injuries. — Rev. C. Plyler, of this place, on May 5th, 1876, invested \$5 in a hive of Italian bees. He now has thirtytwo swarms, after having sold five other swarms, making a total increase of thirtysix swarins in three years, and now here are the profile according to his own figures. Thirty-two swarms including their hives \$160. Five swarms sold for cash, at \$5 a piece, \$25, and \$50 worth of honey, making a total of \$240. Deducting from this sum the cost of his hives, about \$40, and we have a net profit of \$200. This looks like bee raising will pay.

- New-Bern Democrat: During the heavy thunder storm Saturday after-noon the store of Messrs. Dail Brothers was struck by lightning; no damage done, except the knocking out of two windows in the third story. During the storm some trees in the vicinity of the Griffin school were struck and shattered. The railroad track was also struck near the shops, startling and shocking the workmen; no damage done. —On Friday, while a crowd were standing on the bridge at the Broad street bath house, anxiously awaiting the tub race, the bridge gave way and precipitated some fifteen or twenty men and beys into the river; fortunately the water was only three or four feet deep. - While a little colored boy was playing with a pistol on Friday, he pulled the snapper at the wrong time, and donated his fore finger and thumb to the anniversary of American In-Colborn will, within the week, ship three schooner loads of watermelons North.

- Wilson Advance: T. R. Eagles, Esq., of Saratoga township, furnishes us an item which will rival anything in the rattle-snake column of the Raleigh News. He has a sow which, a few days ago, brought forth a litter of pigs, one of which was marked by nature with a swallow fork in the left ear and a slit in the right. --- We are sorry to learn that the fine wheat field of Mr. G. D. Green, consisting of two acres, and which he and others thought would make eighty bushels, made only twenty-two. Like Senator Vance's cat-fish, "Good lawdy, how it did swink." —On this, Friday evening, the fourth of July, will be iven an "Onion Party" at Mamona Hall in this place. Each lady will wear a pair of "silver-skins" pendent from her ears, while a large red Wethersfield will "heave but with the heaving tide" of her sympathetic bosom. Onion "buttons," white and red, will be strung into necklaces, while the green and fragrant tops will supply the place of bracelets, as velvet bands did in the recent past.

The Maimed and Blind.

Under the recent act of the General Assembly, styled, "An Act for the Relief of the Maimed and Blind," a committee, consisting of the Judge of Probate, Sheriff and Board of County Commissioners, had before them yesterday Mr. George Pearman, and after proper examination he was declared a fit subject for recommendation to receive the annual pension of \$60 provided by the act referred to for such as lost both limbs or their eyesight while in active service during the late war. Mr. Pearman was a private in Company A, Second Regiment, Engineer Corps. He first enlisted in Capt. Radkin's Company, 1st N. C. Battalion Heavy Artillery, and was transferred to the Engineer Corps by Gen. Whiting. He lost his sight while engaged in putting down obstructions in the Cape Fear River, below Wilmington. Mr. P. will receive from the Judge of Probate, through a warrant from the Governor, the \$60 per annum in monthly instalments of \$5. This, so far as is known, is the only person in the county who will be considered entitled to a pension under the above act.

Pender County Board of Health. Nine out of the twelve who are eligible to membership in the County Board convened at Burgaw on Monday last. The object was to organize a County Board of

Health as the law directs. A ballot was had for President, Baniel Shaw, Esq., and Dr. E. Porter being in nomination. Mr. Shaw received two votes and Dr. Porter seven votes. So Dr. E.

Since the above was in type Nicholas Baker has been brought to this city and lodged in jail. A Coroner's inquest was held, and while the jury did not believe from the evidence that the miling was premeditated, still they coupled with their verdict of "death from the accidental discharge of a gun in the hands of Nicholas Baker," a finding of gross carelessness on the part of Baker. Bail in the sum of \$1,000 was required of the prisoner, failing in which he was committed to our county jail to await action by the courts.
