respondents have demonstrated mathematically that Mr. Hayes saves \$40,000 a year out of the \$50,000 of the Presidential office. At this rate he will have \$160,000 of Mr. Tilden's money, to say nothing of interest, at the end of his term.

State Rights in New England. |Staupton Vindicator. |

The people should remember that the war settled the question of seces-sion forever, but it in no way affected the matter of State rights. Any Virginian who wants an argument in discussing whether they exist or not, will find one in the following extract from the declaration of rights in the present Constitution of Massachusetts:

"The people of this Commonwealth have the sole and exclusive right of governing themselves as a free, sove-reign, and independent State; and do and forever hereafter shall exercise and enjoy every power, jurisdiction and right which is not, or may not hereafter, be, by them expressly delegated to the United States of America. ca in Congress assembled."

THE CENUINE DR. C. McLANE'S CELEBRATED

LIVER PILLS. FOR THE CURE OF

Hepatitis, or Liver Complaint, DYSPERSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

DAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with ory, accompanied with a painful sensation of having left undone some-thing which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensa-tion of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER. DR. C. McLane's Liver Pills, in CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS. The genuine are never sugar coated. Every box has a red wax seal on the lid, with the impression Dr. McLane's LIVER The genuine McLane's LIVER PILLS bear

the signatures of C. McLane and Fleming BROS. on the wrappers.

Insist upon having the genuine DR. C. McLane's Liver Pills, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name McLane, spelled differently but same pronunciation. jan 11 cowD&Wiy ch Sa

HOLMAN LIVER PAD.

DISEASE.

From whence does it originate? Most physicians treat every ill or pain specifically, while they are only each a part of a great whole proceeding or growing out of two fundamental causes:—First, A DERANGED STOMACH: second, A DERANGED LIVER. REGULATE THESE TWO AND YOU WILL CURE NINETEEN-TWENTIETHS of all "the ills flesh is heir to," in this or any other climate, The HOLMAN PAD acts directly upon the liver through the pores of the skin, quietly, thoroughly, and without inconvenience, performing a meet important function. And we may add this remarkable statement, CHALLENGING REFUTATION, that is extensive use by, and including all classes of persons, from old age to helpless infancy, NOT A SINGLE CANE OF INJURY HAS OCCURRED.

The Stomach is the Monarch of the

You should ever remember that the cause of nearly all our ills begins at the vital point, the first stomach; that the liver is seldom wrong when the stomach is right, and if they are wrong all the other organs are struggling to do the work of the stomach and liver. Rhenmatism and neuralgia are traceable to the stomach in most instances, particularly those forms which attack the patient internally and is the region of the vital organs. THE PAD will relieve and cure such cases, as no other remedy devised by human skill has ever done. We have witnessed its effects in cases almost innumerable. We would add that no human being ever had a fever, fever and ague, or yellow fever, who had a sound, healthy stomach and liver.

The Preventive and Antidotal Power of the Holman Liver Pad.

As a preventive of any disease that attacks the vitals, the Pad is worth many times its weight in gold. It is impossible to compute the value of a discovery which, WITHOUT DOSING, may be absolutely relied upon to PREVENT the most danger-ous maladies.

What will the Pad Prevent?

IT WILL PREVENT FEVER AND AGUS. IT WILL PREVENT COLDS AND PROTECT WEAK LUNGS AGAINST CONFIRMED DISEASES. IT will prevent summer complaint, and keep the bowels regular. It will prevent DYSPRPSIA. It will
prevent heart disease. It will prevent sick headaches. If the Pad is put on when the first symptems appear, the attack will be avoided. (Think of
this ye martyrs to the painful malady.) In short the
HOLMAN LIVER PAD is the most perfect preventive of disease affecting the vital organs that has
ever been discovered.

Woman the Most Grateful.

None seem to receive such benefit, and none show such prefound gratitude and interest in promoting the use of the PAD as woman. It seems to be the only remedy peculiarly adapted to the many ills the sex is almost universally subjected to. Many very remarkable cures are constantly occurring and being reported. These are facts, substantiated by a most of reliable persons, and being so are worthy the candid attention of the people. Disease is everywhere cutting down our friends, and desolating households; even we, who think ourselves strong, have disease quietly slumbering within us, ready at any moment to rise and assume its power to destroy. Are we then ready to adopt this simple, yet effective remedy, and add years to our lives and happiness to our homes? To a certain extent we are the directors of our destiny; shall we omit the most important part of the direction and thus shorten life, or shall we do our duty and prolong it.

Important Advice to Patients. There are no deubt a few who, after wearing the Holman Pad a few weeks, feel that they have not received as much relief as they expected. We say to all such, call at the office, and we will cheerfully give you the full benefit of our experience free of charge. We have by giving timely information encouraged many to persevere with our Remedies who are now rejoicing with good health, whereas they were about ready to give up and prenounce the Pad a frand. Many chronic cases need encouragement, and it is often a great satisfaction to know that we have met with similar desperate and almost help-less cases that have been completely cared by our treatment.

The price of the regular Pad, \$2; Special Pad (one third larger), \$3; XXX Pad, which covers the stomach, liver and spieen, and is a sovereign remedy for all chronic diseases growing out of diseased stomach or liver, price \$5; Absorption Salt, six packages for \$1.25, used for twelve baths. Medicated Plasters—Price for Foot Plasters, per pair, 50 cents; Body Plasters, each 50 cents. Sent by mail on receipt of price postage free.
