We understand that Dr. W. W. Lane, of this city, purposes establishing in Wilmington, on or about the 1st of October next, an infirmary for the reception and treatment of surgical and medical diseases, which will be open alike to our own people and those from the surrounding country

Dr. Lane has been for the last four years Surgeon in charge of the U. S. Marine and City Hospital at this place, and will consequently bring much experience

An infirmary of this character has long been a necessity in Wilmington, and we hope that Dr. Lane will receive the hearty encouragement and co-operation of our citizens in its establishment.
