OUTLINES

Six new cases reported at Memphis, one case at Raleigh, Tenn.; all mail matter, leaving Memphis is thoroughly disinfected...

People like commercial statistics. They show what the country is doing. The trade statistics of the United States for the fiscal year ending June 30th, are encouraging...

We record the following with pleasure: "Surgeons Walter R. Schofield and Thomas Hillard, United States Navy, have volunteered for duty under the National Board of Health on yellow fever service."

Maj. Serpa Pinto, the Portuguese African explorer, tramped 3,400 miles and then got home to Lisbon, with seven natives accompanying him, and the entire cost, outfit and all, was less than \$5,000.

A moonlight excursion to Fort Fisher will take place on the steam-yacht "Passport" to-morrow evening...

There was another heavy rain here yesterday morning. It is a little singular that all of the recent rains have commenced between midnight and day.

A gang of workmen were engaged yesterday afternoon in demolishing the last remaining walls of the old original freight depot of the W. & W. R. R.

The excursion train to the Mountains leaves the Carolina Central Railway Depot at 9 a. m. to-morrow morning...
