

RETURN LEAVES.

Oh, autumn leaves, Summer's bright roses one by one have past, Gone is the beauty of the golden sheaves; Ye come at last, Prophets of winter hours approaching fast.

Oh, autumn leaves! Why look ye thus, so brilliant in decay? Why, for the dying year when nature grieves, Are ye so gay, With richer hues than grace her opening day.

Oh, autumn leaves! Ye, as ye don your ermine robes of mirth, While dull decay a moment scarce receives, Your forms from earth— Ye tell us happier far is death than birth.

Oh, autumn leaves! Like you the dying sunset in splendor grows; With each faint pulse of life that feebly leaves, At evening's close, His every glare with added glory grows.

Oh, autumn leaves! Like you, he casts aside all hues of gloom, And of his brightening hopes a chaplet wears, That 'er his tomb, Turns the glad promise of eternal bloom. Sulphur Springs, N. C., Nov. 3, '78.

POLITICAL POINTS.

The Democrats have lost New York, and with it all right to name a candidate for 1880. The nomination must follow the Greeley line—go West—Chicago Times, Ind.

As a braggart, Conkling was popular, but when he added the infamy of cowardice to his career his Republican friends in New York fairly flung themselves at his feet. There is no more interesting fact in social science than Conkling's recent victory at Saratoga—Atlanta Constitution, Ga.

As a harmonizer Mr. Tilden is not a success. The entire Democratic party of the country is divided as to whether he is a statesman or an old woman, and now he has succeeded in putting two Democratic tickets in the field in New York and has lost the friendship of Cyrus, the man of sorrow.—Balt. Gazette, Dem.

To elect the next President of the United States the Democratic party will have to reform its lines and organize a plan of campaign which shall command the confidence of the country, without regard to section. To do this effectively it will have to send some of its so-called leaders to the rear, and put a padlock on the mouths of others.—N. Y. Sun, Ind.

TWINKLINGS.

In the middle week of August England had exactly 174 hours of sunshine. — John Bull is determined to let Russia know that he can't be cowed.— Wash. Post.

About six miles from Pitkin, Colorado, in the Leadville district, are the Natural Springs, hot enough to boil meat. — Ireland heads the list of crime in the United Kingdom, as far as serious offences are concerned, but in serious crimes England and Scotland are ahead.

Just forty-nine years ago—that is, September 15, 1830—the first passenger railroad in England, the Liverpool & Manchester Railway, was opened with great ceremony.

A London telegram reports that the prospective Afghan war has already checked the slowly reviving trade. It is fortunate for Beaudenfield that no election is on the tapis just now.

The New York World having scored an increase of 50,000 since the reduction of its price to two cents, points to the fact as an evidence that the Tammanyites is not indorsed in New York.

We are glad that there is a prospect of a truce between Peru and Chili. This cruel war has already cost about half a dozen lives, besides harrowing up the sad soul of the venerable I. Christy, who vainly sought rest in Lima.—Wash. Post.

PERSONAL.

Hon. S. J. Tilden has been invited to address the Fair, to be given by the Keystone Agricultural Society, of Berks county, Pa. He will probably accept.

The society for the Prevention of Cruelty to Children should look after that Southern mother who has named her innocent babe after Jefferson Davis.—Phil. Press.

The lately reported death of Suleiman Pasha, the celebrated Turkish General, appears to be confirmed. For the last two years Suleiman has been in bad odor with the home government.

A camp of strolling tinkers in the latest feature of a vagabond life in New Jersey. A camp was raised the other day and the men were sentenced to thirty days in jail, the women and children being allowed to go.

The czar now wears a shirt of fine strong chain mail, which is made for him by Leibian, an armorer of the Czar's Magasin, Paris, whose first imperial customer was the Emperor Napoleon III., and who numbers Bismarck as another.

The death is announced of Sir Thomas More, remarkable for the beauty of his family. One daughter is the notorious divorced woman, Lady Mordaunt. Others are married to the Duke of Athol and Earl of Dudley. He had thirteen children.

For more than three weeks for nearly four weeks—the Hon. Zachariah Chandler remained in Maine, where the Prohibitory law is in full force, irrespective of persons. From a partisan point of view too much credit cannot be accorded to the Hon. Zachariah Chandler for this unparalleled sacrifice of personal inclination to political exigencies.—New York Sun.

SOUTHERN ITEMS.

The Atlanta Constitution has collected \$2,000 for General Hood's babies and expects to increase the fund to \$2,500 before quitting.

It is said that Eastern capitalists have recently bought the Mammoth Cave of Kentucky for \$300,000, and will build a railroad to it and improve the property.

The news from Coosaw and Bull River phosphate works is anything but encouraging, and the prospects are that a large number of laborers who have been employed on the mines will have to seek work in other fields during the fall and winter, and already a large force of hand pickers have been discharged, and this almost two months earlier than usual. The Oak Point mines are finding employment for but few laborers, and it is reported that the Coosaw mines will only keep one dredge at work during the winter, and have discharged a number of skilled mechanics, and further reduction is contemplated.—Baltimore, S. 45 Years Before the Public. THE GENUINE DR. C. McLANE'S LIVER PILLS, FOR THE CURE OF Hepatitis, or Liver Complaint, DYSPEPSIA AND SICK HEADACHE. Symptoms of a Diseased Liver, PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain; the patient is troubled with a heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having undergone something which ought to have been done. A slight dry cough is sometimes attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL. For all bilious derangements, and as a simple purgative, they are unequalled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated. Every box has a red wax seal on the lid, with the impression DR. C. McLANE'S LIVER PILLS. The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS., on the wrapper.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name McLANE, spelled differently but same pronunciation. Jan 11 oedD&Wly ch 25

We do not intend to anticipate the pleasure which the readers of the WEEKLY NEWS will derive from the serial of ANABEL'S SECRET, and therefore will not speak of it here further than to say that in the management of an original and interesting story, not less than in her power of description, her life-like delineations of character, and the pure moral of her relations, the accomplished authoress has secured the highest approval of the general public. Mrs. Caroline Lee Dennis, whose works of fiction have been so universally admired and still rank among the most popular American books of their class. The Stomach is the Monarch of the System. You should ever remember that the cause of nearly all our troubles, and interest in promoting the use of the P.D. as women. It seems to be the only remedy peculiarly adapted to the many ill diseases which are constantly occurring and being reported. These facts, substantiated by a host of reliable persons, and being so worthy of the candid attention of the people. Diseases of the stomach, which are so common, and which are so often the cause of other diseases, are cured by the use of the P.D. even when they are so long standing, and when the patient has been treated by every means known to medicine. The P.D. is put on DISPENSERS. It will prevent DYSPEPSIA. It will cure the most obstinate cases of indigestion. In short the HOLMAN LIVER PAD is the most perfect preventive of disease affecting the vital organs that has ever been discovered.

Woman the Most Grateful. None seem to receive such benefit, and none show so profound gratitude and interest in promoting the use of the P.D. as women. It seems to be the only remedy peculiarly adapted to the many ill diseases which are constantly occurring and being reported. These facts, substantiated by a host of reliable persons, and being so worthy of the candid attention of the people. Diseases of the stomach, which are so common, and which are so often the cause of other diseases, are cured by the use of the P.D. even when they are so long standing, and when the patient has been treated by every means known to medicine. The P.D. is put on DISPENSERS. It will prevent DYSPEPSIA. It will cure the most obstinate cases of indigestion. In short the HOLMAN LIVER PAD is the most perfect preventive of disease affecting the vital organs that has ever been discovered.

Important Advice to Patients. There are no doubt a few who, after wearing the Holman Pad a few weeks, feel that they have not received as much relief as they expected. We say to each, call at the office, and we will cheerfully give you the full benefit of our experience free of charge. We have by giving timely information encouraged many to persevere with our Remedies who are now rejoicing with good health, whereas they were about ready to give up and pronounce the Pad a fraud. Many chronic cases need encouragement, and it is often a great satisfaction to know that we have done good to some of our fellow creatures. In cases that have been completely cured by our treatment.

The price of the regular Pad, \$3; Special Pad (one third the price), \$1.00; XXX Pad, which covers the stomach, liver and spleen, and is a sovereign remedy for all chronic diseases growing out of diseased stomach or liver, price \$2; Absorption Salt, six packages for \$1.25, used for twelve baths. This is an effective remedy, and will cure you in three to five days. Price for Foot Resters, per pair, 50 cents; Body Resters, each 50 cents. Sent by mail on receipt of cash. Children and revenue half price. Consultation at our office or by letter free. Separate room for ladies in charge of a lady.
