FIENDS' WORK. Burning of a Tenement House in Boston-Incendiary Origin-Terrible Scenes-Number of Lives Lost, &c.

[By Telegraph to the Morning Star.] Boston, Sept. 18.-Late last night a fire of incendiary origin broke out in a tenement house in South Boston, occupied principally by Germans, nearly all of whom were asleep at the time. Fire broke out in the rear portion, in the lower story, and made such rapid headway that before those in the upper stories could descend all

of the avenues of escape were cut off. The scene was one of great distress, as the imprisoned victims appeared on the roof and at the windows in the vain attempt to seek safety. Several were burned to death, and others were badly injured, and it is not yet known what is the full extent of the disaster.

Mary Huldreth was burned to death. Her husband is also badly burned, and has been removed to the hospital. Ferdinand Mayruth jumped from the roof of the burning building and was killed. His wife Emelia, aged 23, jumped from the third story window with her son. She had a leg and an arm broken, and was otherwise injured, and the boy was badly hurt in the spine. The body of a man, who is not yet recognized, but who is supposed to be Christian Fifer, was found in the ruins. A young woman and two children, known to have been in the house at the time, are missing, and are probably burned.

Boston, Sept. 18.-The list of the dead taken from the tenement house in Gold street, which was burned last night, comprises five persons, which may be increased to seven or eight.

London, September 18.—The movement at Oldham to adopt some place other than Liverpool as a centre for the purchase of raw cotton, does not seem likely to come to anything. The Manchester Guardian says it is understood that an agent from New Orleans has been in Oldham relative to the purchase of cotton direct from producers, but it is known that a great majority of both private firms and limited companies would be averse to substituting American for En-

glish cotton agencies. The labor troubles are increasing.. The Belford new mills, at Leigh, have closed, and seven hundred operatives are idle. The Preston Spinning and Manufacturing Com-pany, running 45,000 spindles and 950 looms, have commenced to run on the short time system. There is not the least indication of a settlement of the present strike. At Mosley the number of strikers is increase ing daily, and by the end of this week it is experied that, with two exceptions, every

MEMPHIS, Sept. 18.—Ten cases in all, six white and four colored, were reported today. Among them are John Burns and
Peter H. Donnelly. Mr. Burns is agent of
the Louisville & Nashville Railroad Company. He has been sick for nearly a week, but is now convalescent. One additional death occurred this afternoon, that Eddie Stinnetta.

The following telegram was received to-Jackson, Miss., Sept. 18.—To Gen. W. J. Smith, Assistant President Howard Association, Memphis: Have telegraphed Dr. M. S. Craft, if he needs assistance to care for the sick at Concordia, Miss., to apply R. W. MITCHELL. (Signed)

Donations to the Howards to-day aggre-The thermometer has ranged between 61 and 85 degrees.

The Howards, at a late hour this evening, sent a nurse to Bailey Station, Tenn., to attend Miss Louise Bedford, niece of Julian Bedford, who, together with his son, recently died of fever at that station, which is twenty miles east of Memphis, on the Charleston Railroad.

Dr. E. M. Wright, Inspecting Officer of the National Board of Health, came to Bartlett, Tenn., this evening, and was met there by Hon. John Johnson and Dr. J. W. Ross. He reports the absent Memphians as anxious to return, and suggests that a notice of the danger that attends such action be given. In accordance with this Mr. Johnson to-morrow will issue a warning to absentees of the risk they would run by returning, as the fever is dying out only for want of new material. In the meantime the present quarantine regula-tions will be rigidly enforced.

Barnum, of Conn., Chairman; Representative Miles Ross, of N. J., John G. Thompson, of O., Senator Ransom, of N. C., Gen. Eaton, of Kansas, Senator Davis, of West Virginia, and Representative Eppa Hunton, of Va.

Hon. J. F. McKenney, Chairman of the Ohio State Central Committee, was present, and gave an account of the progress and prospects of the campaign in Ohio, expressing a very sanguine opinion that Ewing would carry the State by a very large majority. He offered various suggestions as to the best methods of promoting the interests of the party in the present cam-

paign. The secession of the Tammany delegaluded to after the business of the meeting was over, and there was much diversity of opinion as to the effect it would have on the election.

The meeting of the Committee was of a purely business character, and the members deny that there is any foundation for the rumors of action taken with regard to the split in the party at Syracuse. The Committee adjourned subject to the

call of the Chairman. Mr. McKinney expects to visit New York before returning to Ohio.

Fresh Monetary Congress-Deficiency of Breadstuffe in Europe-Affairs in Great Britain, &c. [By Cable to the Morning Star.]

London, Sept. 18 .- The London correspondent of the Liverpool Courier announces that Germany will shortly call a fresh Monetary Congress to be held in Berlin. Mr. Thomas C. Scott, a well-known agricultural authority, writes the Times as follows: "The government and trade estimates show that the surplus wheat in America, Russia and in the East, is 505,000 quarters less than the aggregate deficiency of the various countries, and that a rise in the price of breadstuffs is therefore anticipated."

It is estimated that 8000 persons are now utterly penniless in Middleborough. A correspondent of the Manchester Guardian, at London, says Lord Cranbrook, Secretary of State for India, has gone to Balmoral, it is thought to consult the Queen on some course which the minority has decided upon. Nobody will be surprised if his visit is followed by an early

summoning of Parliament. CAPETOWN, September 2, via St. VIN-CENT, September 18.—When Cetywayo was captured he was utterly prostrated, and his followers were too weak to resist.
