Fairand made so by the nature and extent of their business, is perhaps that of Mesars. E. & T. Fairbanks & Co. Not only is the honer of having been the first to invent and introduce the platform scale, thereby revolutionising the whole system of weighing, theirs, but to their skill and energy is due the numberiess improvements and degrees of perfection attained in all medifications of scales now in use. Their success as scale manufacturers has been unparalleled, and the steadily increasing business of their representative house in this city attests well the fact that the Fairbanks' scale in this section, as in others, ranks first in popular preference. The contract for scales for the mammeth elevator to be built by the well known and successful contractors of this city, Messrs. Maister & Reaney, for the Pennsylvania Hailroad Company, at Jersey City, N. J., has just been awarded to Messrs. S. B. corner Front and Dock Str. IITIZENS' MARKET. At first we thought poor Bryant gone,

At first we thought poor Dryam is habit.

Knowing that drinking was his habit.
But when we brought the thing to light
"Twas nothing but a rabbit.
The rabbit is now before us dead.
With no torgue te chat or prattle,
But to-morrov we hope to see old "Bry"
With another fine drove of Cattle.
