OUTLINES.

Four-fifths of the cotton trade in England are curtailing operations; great distress prevails among the workmen. The differences between the Vicar Patriarchal of Constantinople and the Porte have been arranged. When Rowell completed his five hundredth mile there was great cheering. Albert Mitchell, colored, was convicted in Richmond, Va., of the murder of Chas. K. Walton, at Yanceyville in that State. The National Board of Health endorse the action of the Tennessee State Board of Health regarding loose cotton at Memphis. Preparations are being made, it is said, for a general strike of all the trades in the United States and British North America. Gloucester, Mass., had a \$70,000 fire yesterday. Robert Thompson has been appointed trustee for Mrs. Sprague's property. The international walking match ended about 8:30 o'clock last evening, when Rowell, Merritt and Hazel (retired), Rowell scored 590 miles; Merritt 535, and Hazel 500. Field Marshall Manteuffel assumes the Governorship of Alsace-Lorraine. Germany will consent to participate in the International Monetary Conference. The cholera has appeared in the British troops advancing on Cabul; the Amers officials have been instructed not to oppose the British advance. Russian journals find fault with the Government, and the last caution has been given to some of them. The international walking match has been a greater financial success than was anticipated; Merritt's backers are making arrangements to challenge the winner. The yellow fever at Oak Grove, Miss., is traced to infection from goods purchased in Memphis. President Hayes is in Kansas. Gen. Grant refuses to see Kearney. New York markets: Money easy at 4 1/2 per cent; cotton quiet, with sales at 10 1/2 @ 11; four firm, with a moderate trade at 50 1/2 @ 50 3/4; wheat opened 2 1/2 @ 2 3/4 better, but afterwards the advance was nearly lost, closing with a shade stronger feeling; corn a shade easier and fairly active; spirits turpentine again higher at 29 1/2 @ 30; rosin 31 20.

It is thought the Virginia reputationists will make a poor show on the day of election. So be it. Jupiter, Saturn and Mars—all brilliant planets, are now to be seen by persons who will gaze at the heavens at night. They stretch from east to west.

Colonel Earle, one of the S. C. duellists, was arrested and bailed in a bond of \$5,000. No tiding from Col. Dargan. So the "Colonels" will not fight this time.

General Grant will be in Chicago when the Society of the Army of the Tennessee holds its reunion. He knows well enough how to combine the pleasant with the useful.

Ohio Democrats need money. An agent is in New York. Uncle Samuel has "barrels." He thinks Ohio very important. Some money will be forthcoming and Charley Foster will be hurt.

The colored Senator from Mississippi, Bruce, is chairman of the Freedman's Bank fraud committee. He says when the report is made it will make some startling revelations. Let 'em come, the country can bear it.

The merchants in the South are probably overdoing the buying business. The trade reports from New York show that the South is purchasing immensely. The first thing some of them will know somebody will be hurt. It is unwise to buy heavy stocks in view of the sad past experience and the great facilities in getting goods by order. Make haste slowly or watch your cox is a good watchword just now.

The Episcopal Diocese of New York, which embraces but a part of the State, shows considerable activity and progress during the last five years. Bishop Potter reports during that time as follows: "Five hundred and thirty-two clergymen have labored in the diocese; 614 have been transferred to other dioceses; 47 rectors have been appointed; 148 clergymen have died; 180 churches have been in operation; 73,000 persons confirmed, and 144,383 baptized. The contributions for four years amounted to \$2,818,198.50, this however, not including many private subscriptions which do not appear in the regular reports."

Under Grant and Hayes it has not been regarded that because a man had served in the Confederate army he was, therefore, incapable of holding office. Longstreet, Heth, Mosby, Key and others show this. In North Carolina such distinguished soldiers as Maj. R. C. Badger, Capt. Thomas Settle, Capt. Isaac J. Young, et al., have long enjoyed constant snuffing at the public table. The only thing necessary was to be in sympathy with the Republican party.

THE CITY.

Local Notes.

No session of the Mayor's Court yesterday morning. The receipts of cotton at this port yesterday footed up 995 bales. We learn that diphtheria is raging in the Shallotte section of Brunswick county. Eggs are retailing at 25 cents per dozen just now, and rather scarce at that. Bring in your "hen fruit."

The sermon at the Second Presbyterian church this evening will be addressed especially to young men. We don't hear much from the Cornet Concert Club lately. So much musical talent should not be suffered to lie dormant.

The Register of Deeds issued four marriage licenses during the past week, of which two were for white and two for colored couples. The new five hundred dollar city bonds bear a very correct representation of the City Hall building upon their face, and are otherwise very neatly gotten up.

We are requested to state that from Thursday evening next, the services at the First Baptist Church will begin at 7 1/2 o'clock. To-night they will commence at 8 o'clock as heretofore.

A satisfactory trial of the floating dry-dock of Messrs. Blossom & Evans was made yesterday, when the first vessel, a small schooner, was taken up, under the supervision of Mr. DeLaney Evans, the manager.

A hall, complimentary to several of our German fellow citizens who have recently returned from a visit to the "Fatherland," will be given at Germania Hall, on Tuesday evening next, under the auspices of Germania Lodge No. 4, K. of P.

A white man was arrested and lodged in the guard house Friday night for drunkenness and disorderly conduct in "Paddy's Hollow," and also for resisting the police officer who took him in custody. His case will be heard on Monday morning.

In the "New York Comparative Statement" for the week ending Friday, which appeared in the Star of yesterday morning, the net receipts at all United States ports should have been 139,707 bales, instead of 22,151, as it was incorrectly printed.

A gentleman just from Boston brings a specimen of the paper napkins in general use there. They are curiosities in their way, are very substantial considering the material, are neat in appearance, and said to be cheaper than any other sort, although only intended to be used at one meal.

The revival services at the Fifth Street M. E. Church are still continued, by the pastor, Rev. B. B. Hall, assisted by Rev. Mr. McPherson and wife, and attract much attention. To-day services will be held at this church both in the morning and the afternoon—at 11 A. M. and 4 P. M.—and in the evening at 7 P. M.

Thermometer Record. The following will show the state of the thermometer, at the stations mentioned, at 4 1/2 yesterday evening, Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city: Atlanta.....70 Key West.....89 Augusta.....78 Mobile.....79 Charleston.....78 Montgomery.....79 Columbia.....80 Punta Rasa.....88 Galveston.....88 Savannah.....76 Havana.....80 St. Marks.....80 Indianapolis.....84 Wilmington.....74 Jacksonville.....74

CITY OF WILMINGTON.

Important Statistics—Full and Reliable Census of the City of Wilmington—School, Commercial and Postal Statistics, and Other Valuable Information—Report to the Board of Aldermen, &c.

The following report of Mr. Walker Meares to the Board of Aldermen of the City of Wilmington, covering a full and reliable report of the census of the city, school, commercial, postal and other statistics and information of a useful and instructive character, will be found of special interest to our readers, and will prove exceedingly useful as matter for future reference. Mr. Meares has given the matter embodied in his report his personal and undivided attention since he commenced the labors which he has performed in such a full and satisfactory manner, and we are confident that his figures may be relied upon as entirely correct.

TO HIS HONOR THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF WILMINGTON.

GENTLEMEN:—In accordance with a resolution of your Board, offering compensation for a complete Census of the City, I respectfully submit the following returns. I am aware that by the non concurrence of the Board of Audit and Finance, I can receive no compensation, nevertheless, I think it but proper that the returns should go out with your official sanction. I commenced in July to take the School Census of the City, in accordance with the laws governing the Committee, but owing to the absence of the Board, I was unable to obtain a full and correct numbering of our people, I consented to make a complete Census of the City at the time of the subsequent session of the Board, and Finance I had become much interested, and finding it would be a great disappointment to discontinue the work, I determined to make a complete Census. In prosecuting my labors, ample time has been allowed, and no pains spared in obtaining full information. I have traversed upwards of 180 miles, and penetrated to every nook and corner of the City, and, I believe, ferreted out all of its inhabitants. Diligent inquiry has been made, and all persons in Europe at the watering places, at the North, on the Sounds, at Smithville, in the country temporarily, and at the Rock Quarries, have been numbered. Therefore, it may be confidently said that the population has been ascertained. It is believed also, that the classification of ages is correct. The number of horses, cattle, hogs, dogs, swine, mules and ponies will be found to vary but little from the actual number. The statistics have been compiled from recognized official sources, and can therefore be relied upon. The calculations in the mortality tables were carefully made, and gone over to insure against error. Notwithstanding the general depression which has existed for past years, and the fact that our City has been from well known causes, forced to rely on its own resources, commensurate with the population has been ascertained. The increase in population has been commensurate with past decades. Our foreign trade has assumed such proportions as to attract attention, and is rapidly increasing. The ranks of the 7th cotton port. Our bar is constantly improving. Our death rate compares favorably with cities supposed to be more favored in the matter of health, and amidst the general depression has been able to diminish. Our public schools have made great advancement, and now form an important element in our progress. Our people are polite, and eminently law-abiding, as is evidenced from the fact that only a few cases of disorderly conduct have been reported. Our public schools have made great advancement, and now form an important element in our progress. Our people are polite, and eminently law-abiding, as is evidenced from the fact that only a few cases of disorderly conduct have been reported.

Local Notes. No session of the Mayor's Court yesterday morning. The receipts of cotton at this port yesterday footed up 995 bales. We learn that diphtheria is raging in the Shallotte section of Brunswick county. Eggs are retailing at 25 cents per dozen just now, and rather scarce at that. Bring in your "hen fruit."

The sermon at the Second Presbyterian church this evening will be addressed especially to young men. We don't hear much from the Cornet Concert Club lately. So much musical talent should not be suffered to lie dormant.

The Register of Deeds issued four marriage licenses during the past week, of which two were for white and two for colored couples. The new five hundred dollar city bonds bear a very correct representation of the City Hall building upon their face, and are otherwise very neatly gotten up.
