OUTLINES.

A Memphis refugee in New York jumps his creditors and leaves a \$30,000 legacy; his name is E. H. Hempel. The track recently used in New York turns out to lack 59 feet of being a mile; the negro Hart has sued for his share of the gate money got by Bonis, Krohne and Weston, on the plea that they did not make the required distance; Ben Butler is his lawyer.

The reorganizing of the Southern States on a Republican basis pans out very poorly thus far. John Pool and "Gen." Rutherford cannot get up a "boom," sweat as hard as they will. Here is the latest from Washington, which we find in the Baltimore Sun's letter:

"It is reported on good authority that the recent movement initiated in this city to reorganize the Republican party in the South has passed out so badly that several of those engaged in it have concluded that it would be a prudent thing to withdraw. Among them are said to be one or more of the officeholders. It is understood that the Secretary of the Treasury became satisfied that the material participating in the movement was not exactly the kind to work up the Sherman boom, and has been moved to disown any affiliation with it."

Mr. Tilden denies that he is trying to get the nomination in any way. It is time enough for him to say what he will do when the nomination is tendered him. We like that. It is dignified, it is self-respecting. Mr. Clay said that the office should seek the man. Just so. Mr. Tilden can afford to wait. He was once nominated and elected.

If the agricultural fairs of North Carolina do not prosper it is surely not the fault of the press. A vast amount of gratuitous advertising is done before the meetings, and a vast deal of gratuitous puffing is done after the meetings, and yet some people are not happy.

The Richmond State calls little Billy Mahone the Dick Deadeye of the Readjusters.

Donation to the Fire Department. A donation of \$300 was handsomely tendered yesterday to the Fire Department of the city, by Col. D. R. Murchison, representing the firm of Williams & Murchison and the Wilmington Compress Company, and was as handsomely accepted by Col. Roger Moore, the Chief of the Fire Department. The following correspondence explains the matter:

WILMINGTON, N. C., Oct. 2, 1879. Col. Roger Moore, Chief of Fire Department: DEAR SIR:—Wishing to show my appreciation of the very efficient services rendered by the Fire Department, in their efforts to save the property at the Wilmington Compress, at the fire which occurred there yesterday morning, I beg to enclose a check for \$300, contributed by the firm of Williams & Murchison and the Compress Company, which you will please divide as you see proper.

Thanking you for the untiring energy and good judgment which you showed in the management of the fire, I am, Very respectfully, D. R. MURCHISON, Pres't. Wilmington Compress Co.

WILMINGTON, N. C., Oct. 4, 1879. President Wilmington Compress Co.: DEAR SIR:—Your note of 2d inst., enclosing check for three hundred dollars, a present from Messrs. Williams & Murchison and the Wilmington Compress Company, of which you are President, to the Fire Department, to show your appreciation of the very efficient services rendered by the Department at the Compress fire, and to be divided as I may deem best, I have received and have divided in the following manner, which I trust may meet your approval:

To the Adrian, Little Giant and Cape Fear Companies, who were at the fire upon the day of its occurrence, until late in the afternoon, sixty dollars each; to the Hook & Ladder Company, and the Steadman Bucket Company, thirty-five dollars each; to the Brooklyn Bucket Company, thirty dollars; and Brooklyn Engine Company, twenty dollars.

To the generous donors (your good firm and the Wilmington Compress Company) please bestow the grateful thanks of myself and the good men composing the department, for this very substantial recognition of their services.

To know that their services are appreciated is gratifying, but to have them recognized and acknowledged in so handsome a manner is especially pleasing.

Thanking you again for the very handsome present, and for the very complimentary manner in which you have seen fit to speak of the working of the department in tendering same,

I am, very truly, yours, ROGER MOORE, Chief Engineer Wilmington Fire Department.

GRABBER. In this city, Saturday, October 4th, at 5 o'clock, A. M., MARY MORAN, child of the late Isaac B. and Mrs. Josie C. Grainger, aged 11 years and 6 months, was drowned in the Cape Fear River. The funeral will take place from St. John's Church, thence to Oakdale Cemetery, this afternoon at 4 o'clock. Friends and acquaintances are respectfully invited to attend.

THE LATEST INFORMATION CONCERNING THE NOTORIOUS OUTLAW—HIS WIFE REPORTS HIM KILLED.

Among the colored excursionists who arrived here from South Carolina on Thursday last was the wife of the notorious Tom Johnson alias Alonso Eli, whose reputation as an outlaw and desperado was second only to that of the infamous Henry Berry Lowery, who worried the good people of Robeson county to such an extent a few years ago. She was seen and recognized on the street by Officer Carr, who took the first opportunity to interview her. She stated in substance that Johnson was fired upon and killed at a village known as Strawberry, about twenty miles this side of Charleston, while in the act of stealing some harness from a store. She did not state at exactly what time the shooting took place, but said that Johnson was able, after receiving his death wound, to make his way to their home, which was not far off, where he soon afterwards expired.

It will be remembered that shortly before leaving his old haunts in the vicinity of Wilmington, some time last year, he made a daring raid upon a certain house in "Brooklyn," occupied by colored people, and succeeded in kidnapping and successfully carrying off his wife, who had been giving some information to the officers concerning her husband, and who appeared to be in terrible apprehension of capture and violence at his hands. On this raid he was said to have been accompanied by Simon Haggett, an escaped murderer from this city, who is still at large, and a colored man from South Carolina, accused of maul robbery, and who was a fugitive from justice. A week or two after that he disappeared, and no definite information was subsequently had as to his whereabouts, though it was rumored that he had been seen both in South Carolina and Georgia. The whereabouts of his companion was also remained a mystery. We give the story of the outlaw's wife for what it is worth, it being impossible just now to say how much credence is to be placed in it. She did not return with the excursionist.

MAYOR'S COURT.

A seaman by the name of Istalber, belonging on the Swedish bark Isaac, had a hearing, when it was found that he had only been locked up at the instance of his commander to keep him out of mischief, as he was drinking, and he was released and turned over to Capt. Taffin.

Richard Atkinson, colored, who was before the Court Friday morning, charged with being a suspicious character, had a further hearing and was again remanded to await additional developments.

C. Blount, colored, charged with rapping for the police unnecessarily, about 7.30 o'clock Friday night, was discharged, it being shown that he was acting at the request of another party, and for cause.

Kit Higgins was charged with committing assault and battery upon the person of Fanny Gore. She contended that he struck her three times, once with a stick and twice with his fist. Higgins made a statement, saying the complainant was ordered by him to keep out of the house if she couldn't treat him "parliamentary." Defendant was ordered to pay a fine of \$25 or be imprisoned for thirty days.

Fanny Gore, charged with acting disorderly, using very bad language, and trying to batter Higgins home down and bury him in the debris, was ordered to pay a fine of \$10 or be imprisoned for twenty days.

John Broadway and William Wright, two dilapidated colored individuals, arrested for acting suspiciously in the neighborhood of the W. & W. R. R. depot, about 19 o'clock on Friday night, were released on the promise of leaving the city instantly.

Two or three fish dealers were arraigned on the charge of forestalling the market, but their cases were dismissed.

A Picture by a Colored Artist. We examined yesterday a very creditable picture painted by one of our colored artists—J. C. Hill—and intended to be exhibited at the approaching Fair of the Industrial Association at Raleigh. It represents Hatteras immediately after a storm, the clouds drifting to the northward, a full rigged off Hatteras light approaching a wreck, in the midst of which is a seaman clinging to an upturned boat, while in the distance is a steamer heading from the Cape. The painting is very neatly executed and is in every way a creditable performance for one who has never been schooled in the art. As a specimen of home skill we hope it may meet the attention it merits.

Lecture to-morrow Evening. The Rev. Rabbi Mendelsohn will deliver his promised lecture on Hebrew Jurisprudence and Procedure in Courts, under the auspices of the Historical and Scientific Society, at the school room in rear of St. James' Church, on Market street, to-morrow evening, at 7 1/2 o'clock. The public are respectfully invited.
