

fallibility. ---- Three hundred weavers in a cotton mill at Easton, Pa., struck for higher wages and were discharged. -Traffic on the Petersburg & Weldon Railroad was interrupted yesterday by the burning of the track near Stony Creek Station. - New York markets: Money 4@7 per cent; outton dull at 121@124 cts; Southern flour unchanged and quiet at \$6 00@ 7 874; wheat about 1c lower; corn a trifle firmer; angraded 60@614c; spirits turpentine dull at 40@41c; rosin steady and quiet at \$1 65.

All of the New York Democratic delegation have gone to Washington in favor of a general reduction of the tariff.

The Greenbackers in Congress are very hopeful. What about and why we are not told. They are prophesying evil for the Democrats.

The President's message and the Secretary of the Treasury's report were stolen and published in advance. The sum paid is said to be \$1,500. This too by the party "of high moral ideas."

There is a very large number of bills which were reported in the two llouses during the extra session and are on the calendar. Some disposal will have to be made of them. Some are important, some mischievous, some of no account.

It is said the Democrats will endeavor to settle at an early day the question of counting the electoral vote. The House committee reported a bill at the extra session, and it is thought that early action will be attempted. They want to dispose of it while the blood is cool. A good

idea.

The Stalwart organs are already crowing that the "rebel Brigadiers" return to Washington with broken spirits. It is predicted on the other hand by the same organs that the extreme element will rule. This is slightly contradictory, it seems to us. The organs further declare that there is no unity of purpose or feeling among the Democrate, while the Radicals are happy and harmonious. It is rather early to preach a funeral or sing an epithalamium.

Here is the way ex-Gov. Vance is reported in the Stalwart sheets. He is represented as saving of Grant:

er.-Home Journal. WHO IS MES, WINSLOW ?-As this question is frequently asked, we will simply say that she is a indy who for upwards of thirty years has untiringly devoted her time and talents as a Female Physician and nurse, principally among children. She has especially studied the constitution and wants of this nurse and physician, she has compounded a Sooth-ing Syrup for children teething. It operates like magic-giving rest and health, and is moreover sure to regulate the bowels. In consequence of this ar-ticle Mrs. Winslow is becoming world renowned as a benefactor of the race; children certainly de RESE ur and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are pairs sold and used here. We think Mrs. Winslow has inmortalized her name by this invaluable arti-cie, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its beseefits, and unite in calling her blessed. No mo-ther has discharged her duty to her; suffering little one, in our opinion, until she has given it the bene-fi of Mrs. Winslow's Soothing Syrup.
