Sundry members have returned from their holiday rest loaded, cooked and primed with tremendous speeches on the finances. It is thought there will be a great deal of gas expanded and a considerable amount of tinkering on the currency before mid-summer.

Mrs. Tonry, living in Baltimore, and daughter of the unfortunate Mrs. Surratt, who was so foully murdered by Stanton, Andy Johnson and others, tells the New York World reporter that she believes that General Hancock was innocent of any responsibility for her mother's murder.

Rev. Frank H. Wood will begin the publication of an eight page religious weekly at Durham on the 20th of January, to be called The Methodist Advance. The editor has talents but lacks newspaper experience.

Even such a blatherkite organ as the Philadelphia Press professes "respect for the character of Senator Bayard." But it reads him a lecture for his discourtesy in referring to the Maine Senators as "Blaine and Hamlin."

We are glad to see it stated that the Administration is becoming decidedly firm in its attitude towards the Mormons. Congress ought to back up the Hayes set quickly, look and "scotch" the wheels and keep it from backing down again.

The Richmond State is a favorite with us and gets off many good things. The following is happy, we think: "The McCulloch bill to marry night at the theatre in Virginia, the story of a noble Roman who killed his daughter, 'Virginia, to save her honor."

Ireland is almost in a blaze. The people are greatly aroused, and no mistake, and are up in arms against the land-owners. Ejection servers have been attacked in various places, and the excitement as well as disturbances is increasing.

Cadet Midshipman Smith Salisbury, of New Mexico, has been dismissed from the Naval Academy at Annapolis for "hazing" a fellow student.

Raleigh handled 352 bales cotton last week. On Tuesday the thermometer registered 73 degrees at Hickory.

A crazy fellow, made so by drink, woke up the echoes at Charlotte and alarmed the people about daylight.

Brother McDiarmid, of the Lambertton Robinsonian starts in the new year with a new head. It fits the old place Jimmie.

Mr. Jas. A. Robinson, of the Winston Leader, has suffered a severe bereavement in the death of his little son Jimmie.

The Raleigh Observer states that amongst many splendid specimens of the Sampson Agricultural Fair set to Col. Polk, were two pumpkins weighing 106 pounds each.

New Bern Democrat. We hear that the Thorne Comedy Troupe, while playing its engagement in this city, behaved very handsomely towards the Ladies' Memorial Association, in presenting it with the proceeds of an entertainment.

Lincolnton Constitution. The military boys had a lively time last week. Lieut. Chas. F. Childs in command. Orderly Sergeant Sidney D. Elison carried off the plume, and private Weaver the silver cup. Old Lincoln is proud of the Stars.

Louisburg Times. Rev. C. A. Jackson has given up his church here, and we learn that Prof. Wm. Royall, of Wake Forest College, will take his place. We have recently learned with regret that Rev. J. W. Primrose, will not preach among us this year.

Monroe Enquirer. The Christmas tree in the college chapel on Christmas eve night was "a thing of beauty." It was estimated by some that \$400 would not cover the gifts that adorned its glittering boughs, and made glad the hearts of the old folks, grown young again.

Lamberton Robinsonian. Nineteen dollars was the amount of a collection taken up by the Lambertton Lodge Knights of Honor, at their meeting on Christmas night, for the benefit of the Oxford Orphan Asylum.

The Southern Mail is the title of a new weekly paper just started at Hillsboro, and edited by T. B. Ryan. We hope it will succeed. It shows its good sense by going in strong for Horatio Seymour.

Raleigh State Journal. The receipts at the Baptist Fair held in this city Christmas week amounted to \$635. Dr. Blackhall has secured a splendid lot of vases and well-tried and reliable plan of hanging, and simply tied a rope around her neck and twisted it up pretty tightly.

Hale's Weekly, Raleigh. The penitentiary shoe shop has received an order for 1,200 pairs of shoes from a dealer in the Western part of the State.

Raleigh News correspondence from Chapel Hill. A day or two ago Carrie Jones, colored, wife of Boss Jones, seemed to be tired of life, tried to kill herself, as it appears from the circumstances.

Graville point. According to J. E. Hunter, in the Oxford, in the North Carolina mountains, there is a large tract of land on the side of the Yocemita Valley, "sixteen yards in circumference." Knight lives on the Robeson and not the Beaver Dam creek.

Raleigh Observer. We regret to learn that Johnnie Lewis, son of A. M. Lewis, Esq., fell and broke his arm at the skating rink last night.

Charlottesville Observer. Typhoid fever is spreading in Union county. There are twenty-two cases in Charlottesville.

Local News. --To-day is the anniversary of the battle of New Orleans. --The hard frost predicted by the almanac for Tuesday night didn't come, but instead thereof a heavy dew moistened the earth.

A gang of rowdies made night hideous by their yells and shouts, and beating on fences with sticks, in the upper part of the city Tuesday night.

Lucy Anderson, colored, was arrested and quartered in the city prison, yesterday afternoon, on the charge of drunkenness and disorderly conduct.

It seems that our informant was mistaken in connecting Messrs. D. E. Boney and J. W. Carr with the management of the ball at Duplin Road on the evening of the 9th inst., referred to in our last issue.

A trifling case of drunkenness and disorderly conduct was disposed of, and Thomas Titt, the diminutive African, was locked up for "future reference," which comprised the business before the Mayor yesterday morning.

An item of some interest, to the effect that a bill has been introduced in the House of Representatives extending to Wilmington, with other Southern cities mentioned, the provisions of the act for the establishment of public marine schools, appeared in our telegraphic reports yesterday morning.

Orion Lodge, No. 67, I. O. O. F. D. D. G. M. W. S. Warwick, assisted by P. G. M. R. J. Jones, and P. G.'s G. M. Altaffer and Jno. L. Dudley, installed the following officers of Orion Lodge, No. 67, I. O. O. F. last evening:

The Leap Year Ball. All the arrangements have about been perfected for the Leap Year ball, and it is to occur on Tuesday evening next, the 13th inst. It is astonishing how many of the boys are getting suddenly tired of hoops and don't care to go--until they are invited, when they change their intentions altogether.

The Committee of Arrangements are Mrs. H. G. Flanner, President, and Misses Nesale Gordon, Mary W. Lippitt, Vic. Gore, Eliza London, Hannah P. Bolles and Lottie Daniel.

"Vital Statistics of Wilmington." Our figures in regard to the Interments for the year 1879, published a few days since, were obtained from the books in the offices of the Secretaries of Oakdale, Bellevue and Pine Forest Cemeteries, and from the book in which is kept an account of the coffins issued to paupers in the city during the year, in the possession of Col. J. D. Taylor, Clerk to the Auditing Committee of the Board of County Commissioners, and the number of interments for the year, as published by us, is correct, if the books referred to are correct, which we think no one will question.

Missionary to the Bahamas Islands. Capt. W. J. Potter, so well known among our citizens as an ardent worker in the cause of religion, is expected to leave for the Bahamas Islands in the course of a week or so, we understand, where he goes in the interest of the American Tract Society as a missionary. The good wishes of our Wilmington and Smithville friends will follow him to his new field of labor.

Prejudice often rules in the physical treatment of babies. They are allowed to suffer and scream with pain from colic, flatulence, bowel disorders, etc., when some simple, reliable and safe remedy, as Dr. Bull's Baby Syrup, would give almost immediate relief and perfect ease to the little sufferer.

The Increasing Commercial Facilities of Wilmington--The Prospect for the Future, &c. The size of vessels coming to this port seems to keep pace with the increasing depth of water at the entrance to our harbor and river.

Wilmington Industries. The new steam saw mill being erected on the site of what is known as the "Burn Mill" property, near the Wilmington Cotton Mills, is rapidly approaching completion, and the proprietor, Mr. Wm. Wilson, a gentleman from Canada, informs us that he expects to commence operations about the 1st of February. The mill is covered with sheet iron in place of weather-boarding, only the frame-work being wood, and the boiler room is of brick. It is furnished with the latest improved machinery, and we learn that the lumber will be entirely for shipment. Mr. Wilson and those interested with him own a large amount of timber land in Bladen county, from which they expect to obtain their material.

Steamboat Enterprise. We interviewed Capt. R. P. Paddison, a day or two since, with reference to his reported movements on the Neuse. He says he expects to put a boat on that river, to run between Newbern and Whitehall, in Wayne county, about seventeen miles below Goldsboro, in time for the spring trade. He has not yet decided whether to build a new boat, or use an old one. He has a very good opinion of Gen. Ransom's efforts to improve the navigation of the Neuse, and thinks the work will materially benefit the good old town of Newbern.

Thermometer Record. The following will show the state of the thermometer, at the stations mentioned, at 4:31 yesterday evening, Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city: Atlanta, 63; Jacksonville, 75; Augusta, 78; Key West, 77; Charleston, 86; Mobile, 77; Charlotte, 81; Montgomery, 74; Corsicana, 70; New Orleans, 74; Galveston, 74; Punta Rasa, 75; Havana, 74; Savannah, 75; Indianapolis, 76; Wilmington, 64.

Important. Chief of Police Brock received the following unique telegram from Fayetteville yesterday: "Examine chickens that arrive on boat to-night. If you find one chicken blind in left eye arrest party."

Up to the time of going to press we had not been advised as to the result of the search for the chicken with the left blind eye, but we hope to give all the facts in our next issue.

Assault with a Rock. A colored boy by the name of Edward Conner was arrested and lodged in the guard house, yesterday afternoon, on the charge of committing an assault and battery upon another colored boy by the name of Frank Donaldson, by hitting him with a rock. He was bailed out for his appearance before the Mayor this morning.

Condition Improved. We learn from his attending physician that the condition of George Everett, who was so seriously cut on Monday night last, near this city, was somewhat improved yesterday, and he was resting much easier than could have been expected under the circumstances.

Flamingo's Curious. The situation of spirit was so bad in the neighborhood of Messrs. J. W. Polley, manufacturers of fine brooch-locks, buttons, buckles, &c., that their great stock of goods was so much damaged that they were obliged to sell at a great loss.

For the South Atlantic and Gulf States, rising barometer, south and east winds, stationary temperature, cloudy weather and occasional rain.
