-Lippincott's for February.

POLITICAL POINTS.

- The decision of the judges of the Supreme Court in Maine is the law for that State and must be accepted as such by both the contending parties, unless the people are prepared for anarchy. - Detroit Free Press, Dem.

- The bill for the relief of Fitz John Porter has been adopted by the House committee on Military Affairs. It ought to be passed forthwith. The recent trial proved beyond doubt that Fitz John Porter has been subjected to cruel injustice. - North American, Rep.

- It is now claimed by friends of Mr. Charles O'Conor, of New York, that his recent letter on the political condition of the country was a "satire." Then he should have imitated Artemus Ward and closed his letter with the remark: "This is sarkasum."-Savannah News, Dem.

- The plot thickens to steal the electoral vote of New York for the Republican candidate. That the Stalwart managers intend to do it, is a question which no longer admits of a reasonable doubt. The only question is, How are the Democrats to defeat the conspiracy ?-Baltimore Gazette, Dem.

- There is in the public mind a love of fair play which is usually more powerful than party prejudice, and the gerrymander trap usually catches the would-be trapper. The Democrats of New York cannot prevent the perpetration of the injustice, but they can expose it thoroughly and thus defeat the object of the schemers. Washington Post, Dem.

- It is not because General H. V. Boynton, the Washington correspondent of the Cincinnati Gazette, accused Grant of talseboud that the former is now receiving a deluge of maledictions from third-term organs. Gen. Boynton might have gone on accusing for a year with impunity, but when he conclusively proved his accusation it was high time for the hurricane to roar - Wash.

- As Senator Blaine has got through with his war in Maine he will very soon disband himself and return to his duties at Washington. Congress has been getting along in an unsatisfactory sort of way for nearly two months now, and it is beginning to be suspected that Blaine will be in the right temper to stir up the animals a little. The country is just dying for a little fun.—Philadelphia Times, Ind.

for a nine months' pilgrimage to Rome. lle will go in compliance with the require-ments of the Church that all prelates shall visit Rome once in ten years.

- Army men are much interested in the fact that Gen. Grant has at last allowed the statement to be made on his authority that he claims to have originated the march to the sea and the Forts Henry and Donelson campaigns, the latter having been erroneously accredited to Gen. Hal-

-Professor Richard A. Proctor has prepared two lectures, on "The Immensity of Space" and "The Vastness of Time." The Professor has certainly tackled a couple of big things, and he may be able to get away with both. He cannot say too much for space nor talk too long for time.

—N. Y. World.

- Thomas Addis Emmet was stricken with apoplexy soon after his arrival in a hotel at Carmel, Putnam county, on Monday, and died that evening. He was a bachelor, 62 years of age, the eldest of the sons of the late Judge Robert Emmet, of the Superior Court, and the eldest male relative of his grandfather, Thomas Addis Emmet, whose monument is in St. Paul's churchyard, the brother of Robert Emmet, the Irish poet.-New York

TWINKLINGS.

- The turning-point in an organ-g. inder's life is generally the crank. - Woman is like the reed which

bends to every breeze, but breaks not in the tempest. - Whately. The only amaranthine flower on earth

Is virtue; the only lasting treasure, truth. - "Heaven lies about us in our in-

fancy," says the poet. Yes, and our neighbors lie about us when we grow up. There was a fair maiden at Vassar, She drew, like a Lorraine,

Both a very long train, And a check that astonished the cashier.

- Yale Record. -The New Orleans Picayune says that "more than one rough customer has never known how good he was until he killed somebody and heard the lawyer in charge sum up his virtues."

- Rich Dentist (who is contemplating the erection of a fine residence)-What style of architecture would you recommend? Architect-Seeing it's you, I should think Tuscan would be about the

- "When Bessie is swinging in the sunlight, singing merrily the while," sings the Port Jervis Gazette in jingling numbers, "the gleam of her striped stockings can be seen about a mile." It is our opinion this is both an exaggeration and a metic license.

DRAMATIC NOTES.

- Mr. John McCullough, the actor, has already earned \$20,000 this season as his own share clear of expenses.

-Mr. Tom Jefferson, son of the comedian, has made a favorable impression as Anatole, in "A Scrap of Paper," revived at Wallack's this week.

-The first time Adelina Patti sang Marguerite at Covent Garden last season the receipts were £1,400, or about \$7,000. While she can draw such houses in London she is not likely to be heard in New York.

- Miss Emma Vaders, the actress, has obtained a verdict for \$4,800 against the Louisville (Ky.) Polytechnic Society, in the hall of which association she recently received severe injuries by falling through a trap door on the stage.
