OUTLINES.

The Supreme Court Judges have arrived at Bangor; they will confer on the Fusion question. - A majority and minority report was made in the Fitz John Porter ease in the Senate. - Not much change reported in the Manchester market. -Appropriations for the erection of public buildings at Montgomery, Als., Jackson, Miss., Lynchburg, Vs., and Charleston, W. Va., were agreed upon in the House of Representatives yesterday. - The Preaident has nominated J. D. Stanford to be Supervisor of the Census for the Third N. C. District. - The Supreme Court of Maine has rendered a unanimous decision refusing to recognize the Fusionists, and declaring the Republican body to be the legal Legislature of the State; the Fusionisteray that any attempt to arrest the officials of their government will be resisted by force, and large numbers of them from the surrounding towns are reported at Augusta; the Covernor's proclamation was expected to follow close upon the decision of the Court. - Swarms of colored emigrants are arriving at St. Louis on their way west from Mississippi and Louisiana. - The accidental discovery of three corpses packed in barrels at Atlanta created a sensation; they were shipped from Cincinnati to a medical college in the former city. - A bloodless duel was fought yesterday near New Orleans between two editors; two shots were fired by each; no one was burt, and the matter was then amicably adjusted. - Seven illicit distilleries were destroyed by revenue raiders near Nashville, Tenn. - A Virginian named Konher committed suicide at Atlanta, Ga., yesterday, by shooting himself through the bead - New York markets: Money 5@6 | er cent.; cotton nominal at 124@124c; Southern flour unchanged at \$5 80@7 75; wheat opened 1@2c lower but closed higher at \$1 38@1 42; corn 1@1c better and grather quiet at 59@61c; spirits turpentine sull at 42c; rosin \$1 55.

The last New York rumor is that John Kelly will run for President in case Tilden is nominated by the Democrats.

In yesterday's STAR, in the editorial on "State Matters," for "the splendid qualities was, &c.," read "splendid victory was, &c."

Several failures reported in New York on account of the decline in beat. It declined last week from Tto 9 cents a bushel.

Grant's son Ulysses is said to have made \$100,000 by some recent speculations, and his unfortunate brother Gevill has found a \$700 berth and is tappy.

The Virginians have introduced a word in the political dictionary lizard." The pronunciation we not learned. They sometimes pronounce a little peculiarly "over the line."

Rice's "Evangeline" troupe, with the "Lone Fisherman," is billed for Richmond, Va., this week. They had a good house in Wilmington a year ago. It is a very lively entertainment

Five steamers for Europe left New York last Saturday. They took out 294,000 bashels wheat, 209,000 bushels corn, 17,000 boxes bacon, 32,500 boxes cheese, 7,500 packages butter, 2.160 bales cotton, &c., &c.

To It Gov. Davis's back-bone has been strengthened. Gov. McClellan, of New Jersey, and Gov. Stone, of Misstrippi, applied a plaster in the shape of official recognition. Cannot Gov. New York Representative -- who pro-Smith get Rhode Island and Kansas to recognize him?

Mrs. Kate Sprague gave Mrs. Con kling a dinner party last Saturday. The Justices of the Supreme Court, several members of Congress from New York, and other notables were present. It is not mentioned whether or not Lord Roscoe was on hand.

Gov. Wiltz, of Louisiana, favors making the Constitution of the United States a text-book in the schools of that State. A good idea. It ought \$9,385.60. to be made a text-book in Congress. Some of the law makers do not appear to have ever heard of such an instrument.

The New York Herald is not only a very great newspaper, but it has an immense circulation. Last week it sold 833,000 copies. Here is its circutation per year for the past six vears (daily edition only):

THE MORNING STAR

VOL. XXV.---NO, 108.

WILMINGTON, N. C., WEDNESDAY, JANUARY 28, 1880.

WHOLE NO. 3,886

The Grant boom was begun so early that it has about exhausted itself. At one time it looked as if there was to be a general groundswell in favor of the third term, but it was the work of the politicians. The people are opposed to it, and this the Grant managers are rapidly finding out. The following intelligence is important. It is given by Bildad in the Richmond State, of which paper he is the Washington correspondent. On the 26th he

"It is learned from one having exceptional opportunities to know the inside workings of the Republican machine, that Grant's New York triends will not push his candidacy, and now his managers in Pennsylvania are preparing to inform the public that he will not be a candidate. Before leaving for the South Grant authorized confidential friends in Philadelphia to withdraw his name from before the Pennsylvania State Convention unless it should be evident that delegates to the Chicago Convention, instructed to vote for him, could be chosen without a contest. Of the sixtysix counties in Pennsylvania, eleven have instructed delegates to the State Convention to vote for Blaine men to go to Chicago. I wo-thirds of the counties have not selected delegates at all, and so far only four or five have chosen Grant delegations."

The Democrats in Congress are not cancusing as they did during the extra session. This is a good sign and looks as if wise counsels will prevail. Letters are pouring in upon them urging them no tot go into financial or political discussions this session. The STAR has urged this course from the start. This course may not be pursued, but it is the safe one. The State's correspondent from Washing-

"Several Democrats whose opinions have sought say they do not think there is any reason to expect a partisan debate will called attached to the Marshals' Appropriation bill. Senator Wallace is one who takes that view. But the Republicans say they will be compelled to take up the glove thrown down by the Democrats, and if there shall be no political debate it will be because of Democratic reticence—a virtue they have not been conspicuous for in recent years."

The Maine Greenbacker, Ladd, is afraid there will be a general fight in Maine, and that it will be no snow bailing business at that. He thinks if fighting begins it will ramify the State. He savs Davis is a young man without experience. The State's correspondent writes:

"Mr. Ladd says the Fusionists are supported by a fund voluntarily subscribed by that party throughout the State, in sums of one dollar, and amounting to \$40,000. When this begins to give out another sub-scription of one dollar each will be collected, which, with the funds paid into the hands of the Fusionist State Treasurer, will keep their Legislature and government ma-

The Tilden State Committee was to have met at Albany, New York, yesterday. Reconciliation of difficulties, it is said, has nothing whatever to do with it. Tilden says he means to stick to his original programme of opposition to Kelly. The real object is reported to be simply to talk over the political situation, and to make arrangements for the State Convention to appoint delegates in the regular way to the National Convention.

Newspaper correspondents are constantly manufacturing big yarns and locating them in North Carolina. turns out that there is no truth in the oft-repeated report that a North Carolina Representative in Congress had introduced a resolution to furnish everybody with a copy of the Congressional Record. The New York Herald started the lie, we believe. It was one of its own fellows-a

The Richmond Dispatch's Wash ington correspondent of the 26th says that the Seymour letter is as reported, but the gentleman who has it is sure that Mr. Seymour will accept the nomination if tendered him by the Democratic party. We do not understand this. That Mr. Seymour ought to accept is clear enough.

- Total taxes of Wayne county

- Wake Forest has two new hotels in course of construction.

- A guano agent at Fremont has purchased 250 tons of the fertilizer. - The Iredell Blues have disband-

ed, and their arms will be returned to the State arsenal. - The Methodists of Goldsboro

have raised \$13,000 for their proposed church building.

- Mrs. Kerr has been paid the insurance-\$1,081-on the life of her husband, the late Judge Kerr. - At Turnersburg two young men

were polite enough to take on their backs

two young ladies and thus transport them

across a creek. Gallant fellows. - Rev. Ira T. Wyche, after a long and very dangerous illness, is able to preach once more. He preached recently at Kinston. He is the salt of the earth.

- The Charlotte Observer complains of a disreputable way of farming out babies. Five have been treated in this way recently at that place, but two of the cases did not properly belong to Charlotte.

- Kinston Journal: It is said that the grand jury of Jones county found twenty-six bills against Messrs. Green and Mallard, of Trenton, and Brown, of Polloksville, for selling liquor without license.

—John W. Isler killed a hog a few days si nce that weighed 537 pounds.

- Raleigh correspondence Goldsboro Messenger: One of the directors of the North Carolina Railroad informed your correspondent Monday that the University Railroad had \$25,000 subscribed for grading, and that the Richmond & Danville Railroad stood prepared to put on the iron as soon as the grading was done.

- Raleigh Observer: The Central Executive Committee has called the State Committee to meet in Raleigh on Wednesday, the 3d of March. It will then be decided what is best to be done about calling the State Convention. — Dr. William Sharswood, of Philadelphia, has been elected by the Trustees of the University of North Carolina to deliver a course of lectures on acoustics.

- New Berne Nut Shell: The Wilmington STAR of Saturday says: "Rev. John R. Brooks, of New Berne, has lost a child from diphtheria." Wrong, neighbor, Mr. Brooks' children are all in good health, and have never had any symptoms of the disease, as far as we know. No doubt you fell into the error from having seen the funeral notice of an infant, which died from diphtheria, named after the reverend gentleman, published in the New Berne papers of last Tuesday.

-Salisbury correspondence Statesville Landmark: The graded school was stopped only one day by the fire which de-stroyed the school shouse last week. A suitable house was promptly rented and exercises resumed next day. On hearing of the fire Rev. Dr. B. Sears, the general agent of the Peabody fund, promptly transmitted to the chairman of the trustees his check for three hundred and fifty dollars, being fifty dollars more than the appropriation which had been promised. - Raleigh Visitor: W. A. Cald-

well, a graduate of the Colored Deaf, Dumb and Blind Institution of this city, left for Alabama this morning to take a position as teacher in an institution in that State. -- Mr. Charles M. Farris died at his residence in this city at 6 o'clock yesterday morning. - Mr. W. J. Hicks, the Architect and Warden at the Penitentiary, collected and paid into the State Treasury this morning \$2,000 more from the Oxford & Henderson Railroad, making a total of \$3,400 in all collected and paid into the Treasury for work done on said road. He also paid in

from other sources \$1,705 67. - Hendersonville Courier: The recent railroad complications engaged in by the Cincinnati Southern and other competing roads, is likely to enhance the value of the Spartanburg & Asheville stock. The Cincinnati Southern is working for a southern ou let to the coast. By extending its unfinished line from Livingston, Kentucky, to Wolf Creek, Tennessee, crossing the Virginia road at Knoxville, there will remain but sixty miles of the road to build to make connection at this place with the Spartanburg & Asheville, fifteen or twenty miles of which are already graded and settled. This will give them a direct line to the coast. It will also give our road a western outlet.

- The Charlotte Observer gives this account of a recent mysterious burisl: Some months ago there was a very quiet burial of an infant in Elmwood Cemetery. There were only three or four persons present when the coffin was lowered into the grave. One of them was a woman, apparently young, quite handsomely dressed and so closely veiled that her features could not be distinguished. She alone of the party displayed any signs of sorrow. No questions were asked and nothing definite was ever found out as to who she was, but it was afterwards reported that she came from another State and left soon after the

- Goldsboro Messenger: Mr. Arnold Borden sold about 3,000 pounds of tobacco in Durham last week, realizing an average of \$48.70 on three grades. He sold in lots as follows: One lot each at \$60, \$15, \$25, \$24, \$19, \$30, \$45 and \$50 per hundred. Mr. Borden has already sold 14,000 pounds of his last year's crop. He is highly pleased with his success, and wil plant about 50 acres again this year. Mr E. B. Borden will also plant 50 acres, and Maj. Grant will likewise increase on his last year's crop. - Dr. W. H. Moore amputated the leg of Mr. David Davis the early part of last week. Mr. Davis resides near Fremont, and is about 60 years old. He was kicked on the leg by a mule a few weeks ago. Gangene had set in, and amputation was necessary. — Our towns-man, Dr. W. H. Moore, has been elected Superintendent of the colored Insane Asylum. Dr. Moore is well qualified for the place, and so is Col. J. T. Kennedy, who is to fill the position of Steward. Superintendent's salary \$1,500. Steward's salary

\$500 and family supplies. - Charlotte Observer: Humpty Dumpty had a \$750 house night before last, probably the largest we have had here since Booth visited us several years ago. They went from here to Richmond. The proprietors of Woodlawn Mills, in Gaston county, are receiving new machinery to take place of some of that in the old mill which has worn out, and also to enlarge its capacity. The machinery is of the latest and best kind and will be put in immediately. -There is a very unhappy combination of colors on the front of the newlypainted Court House-green, red, gray, light brown and white. - Jim Boyd. somewhat notorious negro, charged with several thefts and believed to have been s confederate of the late Bob Pharr, who was killed by officers of the peace, was arrested night before last by Constable Orr with the assistance of Policeman Farrington. - Rev. Neilson Falls, late rector of the Episcopal Church in Morganton, occasionally supplies the pulpit of the Statesville church, which is now vacant. — The Methodists of North Carolina paid during the past year to the Bishop, presiding elders, and other church purposes, the sum of \$151,699 79, an average of \$2 28 per member. — The Houston & Clegg mine, of Moore county, is to be operated by a joint stock company of eight, with a capital of \$100,000. New machinery will soon

be put in. - Statesville Landmark: Statesville owes a debt of \$7,000. This is the amount outstanding of the bonds that she issued in aid of the construction of the Atlantic, Tennessee & Ohio Railroad. -There is a good opening in Statesville for ah energetic gentleman with experience in the tobacco business to open a tobacco warehouse. —Not a pound of ice has been put up here this season, and the prospect for a summer supply is rather gloomy.

The Catawba Manufacturing Company Lyons."

is turning out some of as handsome and durable plaids as were ever made in North Carolina. —There appears to be no doubt that the board of directors of the North Carolina Railroad passed unfavorably upon the proposition of the representative of the New York syndicate to purchase the Western North Carolina Railroad, and that Governor Jarvis was likewise unfavorable and sent the representative home with a flea in his ear. - A majority of the Democratic newspapers of North Carolina which have expressed a preference for President, are in favor of Mr. Seymour, and Senator Bayard is a good second. Two or three still cling to Mr. Tilden, and one—the Concord Register-is for Gen. McClellan. - A most excellent old colored brother, of this county, a ruling elder in the colored Presby terian church nearest to him, was recently appointed a delegate to the General Assembly of his church, which meets in a Northern city next April. As soon as he heard of his appointment he began enquiring around for a revolver, with the explanation that he thought helwould be prepared, as he understood the Northern people were powerful bad for butchering up colored

Alleged False Pretense-Contempt o

Frank Mooney, a machinist, was arraigned before Justice Gardner, vesterday morning, on the charge of false pretense. The foundation of the alleged offence was to the effect that the defendant obtained board at a certain private boarding house by false representation. The evidence did not sustain the charge and the case was dismissed at the cost of the prosecutor.

The same defendant was next arraigned on the charge of cursing and abusing Officer Strode while taking him to the sheriff's office Monday evening under a commitment for his appearance, and also with inflicting a light blow upon that officer while in the discharge of his duty. Defendant was ordered to pay a fine of \$10 and the costs, and was subsequently sent to jail for contempt of Justice Gardner's Court.

Mayor's Court. Fred Anderson and George Charleton, the former a seaman and the latter representing himself as a ship carpenter, were arraigned on the charge of fighting, for which they were arrested by Officer Petteway between 7 and 8 o'clock Monday night, on North Water street. The evidence went o show that Anderson did all the fighting, and Charleton was therefore released, while his antagonist was ordered to pay a fine of \$5 or go below for ten days.

The proprietress of the boarding house n front of which the above difficulty occurred, who was charged with assault and battery upon one of the witnesses and with attempting to prevent the arrest of Anderson, was mulcted in the sum of \$15 for the

Cutting Scrape in Brunswick.

A cutting scrape occurred at Meare's Bluff, in Brunswick county, near this city. on Saturday night last, which is likely from all accounts to have a fatal termination. The parties to the affray, Jim Davis and wife, are colored people, living near the Navassa Guano Works. It is alleged that the woman stabbed her husband with a knife just above the heart. There were no witnesses to the quarrel and subsequent fight. Davis is said to be in a very precarious condition, and is under the surgical attendance of a colored practitioner in the neighborhood, Jim Shober. A warrant for the arrest of the woman was issued yesterday by Mr. J. D. McRae, one of the magistrates of Brunswick county.

Operetta Friday Evening.

An operetta will be given at the Opera House, on Friday evening next, for the benefit of St. John's church. The enter tainment will be under the supervision of the Misses Burr and James, and embraces in its rendition, we understand, over one hundred participants, including ladies and gentlemen and children. The affair will no doubt prove a great success.

Theatrical.

The talented actress, Miss Louise Pomeroy, will make her first appearance at the Opera House this season on the evening of Monday, February 2nd, in Shakespeare's "As You Like It," and on Tuesday night, February 3rd, will present the familiar drama by Bulwer entitled "The Lady of The Duplin Canal-Meeling at the To-Day's indications. The object of the meeting being explained, it was next ascertained that a majority of the stock subscribed in this county was represented in person and by proxy, by the following gentlemen present: Messrs. Worth & Worth, Geo. Harriss, R. E. Heide, Woody & Currie, J. C. Heyer, G. Boney & Sons, H. McL. Green. Robert D. Lilly, Williams & Murchison, R. McIntire, R. H. McKoy, W. R. Kenan, Kerchner & Calder Bros , E Peschau and Roger Moore.

On motion, Messrs. B. G. Worth, G. W. Williams and Wm. Calder were appointed a committee to select a Treasurer for the New Hanover stockholders (who is to be made a bonded officer), to solicit subscriptions for the enterprise, and to confer with like committees in the counties of Duplin and Pender as to time and place of meeting for the permanent organization of the Company.

The meeting then adjourned, subject to the call of the committee,

Perils of Childhood. One of the many perils, incident to infancy, was told us yesterday. A bright little boy, ten months of age, who, with his innocent prattle, was the life of the household, became, in the past few days, very fretful, and no one could handle him without his screaming as if from intense pain. A thorough examination of the body and limbs of the little fellow was made, but no sign of any injury could be discovered, and there were no indications whatever that he was suffering from any internal pain. On Tuesday night, however, the mother of the little fellow discovered that a small blister had made its appearance on the under part of the left thigh, which, upon examination, presented the appearance of having been caused by a splinter or other foreign substance. This discovery caused anxiety, and a physician was immedistely called in, when, in a few minutes, after lancing, a fine cambric needle, about an inch and a quarter in length, was extracted. It had worked its entire length into the flesh, and its further progress had been stopped on reaching the thigh bone. The little sufferer was at once relieved, and has since shown no signs of fretfulness or pain. The discovery and extraction of the needle at so early a moment were indeed most fortunate, for otherwise it might have caused

of the little innocent. A Religious Congregation Disturbed by a Roof Falling in Upon Them. We learn that quite a serious accident occurred at what is known as Pate's Station, on the Carolina Central Railway, in Robeson county, on Sunday last. It seems that building had just been erected there which was intended to be used as a guano house, being constructed on pillars or blocks about four feet high. On Sunday last religious services were held in the building, and while the preacher was in the midst of his discourse the foundation on one side of the house suddenly gave way, the frame and weatherboarding on that side bulged out and the roof tumbled in upon the astonished congregation. Several persons who were in the building were badly injured, and two of them are not expected to live. There were about sixty men, women and children in the house at the time, and their fright and consternation can be better imagined than described.
