

RATES OF SUBSCRIPTION IN ADVANCE: One Year, (by mail postage paid) \$7.00

MORNING EDITION

Entered at the Post Office at Wilmington, N. C., as second class matter.

OUTLINES

A special alliance between England, Germany and Austria is reported. — Boyd won in the sculling race easily, against Howdon. — A terrific storm passed over Tennessee, Kentucky and West Virginia, damaging crops, washing away bridges, &c.; at Mayfield, Ky., a family of nine persons were drowned.

Judge Avery, of the Supreme Court of North Carolina, granted an injunction at Morganton yesterday, restraining the officers of the Western Division of the Western North Carolina Railroad Company from transferring or disposing of the effects of the company. — Governor Jarvis will probably call an extra session of the Legislature to consider the proposed purchase of the Western North Carolina Railroad.

Prindexter has been much visited in prison since he married Miss Cottrell. — General Walker, head of the Census Bureau, placed Democrats among the Ohio Supervisors, but Hayes changed them. — Walker thinks the Democrats did right in rejecting Hayes's partisan selections.

Hayes's partisan appointments of supervisors of the census were rejected by a vote of 36 to 19. This was well done. The Democrats did nobly, and they were helped by some of the more liberal Republicans.

They are trying to prove that Rev. Cowley is a very proper man every way and treated the lambs of his fold as if they were his own. If this is so, then he has been maligned beyond any man of his times. But is it so?

Senator Howe, a rather small man, wrote a paper for the North American Review on the third term. Judge Jerry Black will reply in the March number. L. Q. Washington writes from Washington to the Richmond Commonwealth that Black's paper is very vigorous, and will create a sensation.

Here is the way 2,198 Ohio Democrats express their preferences for the Presidency: Thurman 830, Tilden 501, Hendricks 222, Seymour 194, Hancock 61, Bayard 55, Pendleton 25, some scattering. In Indiana, out of 1,556 Democrats, 997 favor Hendricks, 215 Tilden, 92 Seymour, 36 Bayard, 28 Hancock and 25 Thurman.

We cannot help being interested in Gen. Porter's fortunes. He is a victim of personal meanness and party trickery. The Richmond Dispatch's special of the 12th says:

"The reports in this case show that Gen. Halleck, Pope and McDowell planned the second battle of Manassas, thinking to win a victory that would justify the removal of McClellan. They show, not to go into the unnecessary details, that Pope, when he repeatedly ordered Porter to attack, did not know that Longstreet was confronting Porter with 35,000 men, while Porter had only 9,000, and that Porter's disobedience of orders was the very best thing under the circumstances that could be done. After the defeat, Pope & Co. evidently determined to make Porter, who was a friend of McClellan, a scape-goat, and the records of the court-martial, his friends contend, make it clear that he was the victim of prejudice and misrepresentation."

Unsubstantiated Reports. — The following will show the state of the thermometer, at the stations mentioned, at 4.31 yesterday evening, Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city: Atlanta, 56; Jacksonville, 56; Augusta, 50; Key West, 51; Charleston, 52; Mobile, 51; New Orleans, 50; Montgomery, 57; Savannah, 57; St. Petersburg, 57; Tampa, 57; Pensacola, 57; Galveston, 59; Pampa, 57; Havana, 54; San Juan, 55; Indianapolis, 54; Wilmington, 59.

THE MORNING STAR

VOL. XXV.--NO. 124.

WILMINGTON, N. C., SUNDAY, FEBRUARY 15, 1880.

WHOLE NO. 3,902

"TO BE OR NOT TO BE."

The Raleigh Observer thinks the Legislature will be called, because, as it alleged, if Mr. Shober had been present there would have been a tie vote. Why was not Mr. Shober then present? It was his business to attend, and because he did not his vote must be considered just as if he had been present? But, we take the ground square, that if the vote had been six to six, that the Legislature ought not to be called, and for six good and sufficient reasons to us:

First, there is no necessity for an extra session.

Second, the Best proposition, if a good one, will keep until the regular session of the Legislature.

Third, it will cost the tax-payers at least \$20,000, and that, too, with no just and fair grounds for doing so.

Fourth, it will injure the Democratic party seriously, as the result will show.

Fifth, there ought to be an overwhelming majority to determine as grave a matter in the affirmative and authorize the incurring of such extraordinary expense.

Sixth, a majority of the Board of Directors who were present decided against calling it.

The Governor, it is said, is determined not to abandon the scheme, so he will call his Council of State together, and if they favor it he will assemble the Legislature. The Observer says:

"It is now asserted by many people as their belief that the Governor will put the proposition before his advisors, the Council of State. This body is composed of the Secretary of State, Treasurer, Attorney General, Auditor and Superintendent of Public Instruction. By the law these are constituted the advisors of the Governor, before whom shall be laid all matters of public moment on which advice is needed. The Governor cannot convene the Legislature unless by the advice and consent of the Council of State."

The Observer mentioned that the Board of Internal Improvement was a tie also. That veteran railroad man, Col. William Johnston, of Charlotte, opposed the calling of the Legislature.

Let us wait until the regular time for the assembling of the Legislature. Then, if it can be shown that Mr. Best's proposition is a more liberal one than will be offered by our own people, and that the railroad will be managed in the interests of North Carolina, and not in the interests of foreign corporations, it will be the duty of the Legislature to give it their careful consideration.

This is a bad year for extra sessions.

THE CITY.

MURDER TRIAL.

The case of Maria Hall, a young colored woman, charged with the murder of a French sailor by the name of Wm. Marey, in this city, on the night of the 24th of December last, is set for trial before the Criminal Court to-morrow. M. Bellamy, Esq., and Capt. W. S. Norment appear for the defence.

UNSATISFACTORY MATTER.

The following is the unsatisfactory matter remaining in the city post office at this date: Abram Hicks, Goldsboro, N. C.; B. O. Bordeaux, Long Creek, N. C.; Grover & Baker, Machine Co., Baltimore, Md.; B. Brown, Rocky Point, N. C.; Wm. Dunston, Brunswick Co.

SCHOONER ADE S. ALLEN.

Schooner Ade S. Allen, from Red Beach for this port, with a cargo of plaster, put into Pembroke, Maine, on the 10th inst., in distress. A survey has been ordered.

TO BE OR NOT TO BE.

First Sunday in Lent.

Days length 10 hours, 54 minutes.

The storm signal was still flying yesterday.

The guard house was empty yesterday morning.

No cases for the Mayor's Court yesterday morning.

A deaf and dumb witness was before the grand jury yesterday.

The Board of Aldermen are to have a meeting Monday night.

Generally when the Criminal Court is in session the magistrates have but little to do.

The Register of Deeds issued only two marriage licenses during the past week, both of which were for colored couples.

Dr. W. W. Harris will, we understand, resume the practice of medicine in the course of a few weeks, on the homeopathic system.

The annual congregational meeting of St. Paul's Evangelical Lutheran church will be held in the church this afternoon, at 2 o'clock.

Yesterday there were in port, uncleaned, 10 barques, 10 brigs and 10 schooners, a coincidence in numbers which is not likely to occur often.

The Grand Jury report the county poor house and jail to be in a good condition. The bedding in the former is pronounced somewhat deficient.

Mr. J. I. Maeks was among the counsel assigned to defend Samuel Stacey, charged with burglary, his name being inadvertently left out of the list in our last.

A mite party, for the benefit of St. Paul's (Episcopal) Church, will be given at the residence of Mr. and Mrs. Frank H. Mitchell to-morrow evening at 8 o'clock.

Jane Outlaw was sentenced to the county jail for six months, and not to the House of Correction, as stated in the proceedings of the Criminal Court, in our last.

The Grand Jury of the Criminal Court adjourned yesterday afternoon for the term, after a week's laborious session. During this time 37 true and 16 not true bills were returned, and about one hundred and fifty witnesses were examined.

A temporary bridge over the Meherrin river, on the Petersburg & Weldon Railroad, to replace the one recently destroyed by fire, we understand will be commenced in the near future here to-morrow morning to pass through without detention.

Persons who are willing to contribute to the erecting of a monument to the late Rev. Thomas G. Lowe, of Halifax, N. C., can do so by remitting to Mr. George Simmons, Halifax, N. C., or by leaving the sums with T. B. Kingsbury, STAR office. Contributions, however small, will be gladly received.

CRIMINAL COURT.

The following cases have been disposed of since the close of our last report:

State vs. Dock Deberry, charged with larceny. Defendant found guilty.

State vs. Emma Johnson, charged with larceny. Defendant found guilty.

State vs. Joseph Pajay alias Joseph Kent, charged with larceny. Defendant found guilty.

State vs. Link Pickett, charged with larceny. Defendant found guilty and sentenced to confinement for five years in the State Penitentiary.

State vs. Link Pickett, charged with larceny. Defendant found guilty and judgment suspended.

State vs. John Merrill, charged with larceny. Case on trial.

LIBRARY ASSOCIATION LECTURES.

The Wilmington Library Association, under whose auspices so much has been done to develop and foster a taste for literary culture in our midst, promises us two more of their rare and enjoyable intellectual treats in the course of the next three or four weeks, the Rev. Dr. Pritchard, President, of Wake Forest College, and Rev. Dr. Wilson, of the First Presbyterian Church, of this city, having signified their acceptance of invitations from the Committee of the Association to lecture here some time during the period mentioned.

A Protest.

We learn that a petition, which has already been numerously signed, protesting against the proposed establishment of an Infirmary in what is known as the American Hotel building, near the Wilmington & Weldon depot, will be presented at the meeting of the Board of Aldermen Monday night. It is understood, we presume, that there is no objection to the Infirmary. The proposed location is the objectionable feature.

MORUARY.

There were four interments in Oakdale Cemetery during the past week closing yesterday, of which one was an adult and three children.

Bellevue Cemetery reports one interment—an infant—for the week.

In Pine Forest (colored) Cemetery there were three interments for the week; all children.

We request all mothers to stop using Laudanum for their Babies, and use Dr. Ball's Baby Syrup, a good medicine. It contains no stinging injurious.

TO BE OR NOT TO BE.

For the South Atlantic States, cooler north to west winds, rising barometer and partly cloudy weather.

A Lively Valentine.

In the large collection of fanciful and daintily-decorated missives and packages, adorned with sketched hearts and wreaths and flowers, received at the postoffice yesterday, was a mysterious looking box with a small hole in the top, addressed to a city resident. Upon examination the box was found to contain an old bewhiskered rat, with "a small but interesting family" of rodents. A consultation of the representatives of the Postoffice Department was at once held, and while it was considered by some that the latter might be transmissible under the head of "actions, shoots or graftings," it was the unanimous opinion of the P. O. D. that the old rat was decidedly out of place, was not "mailable," and should be sent to the Dead Letter office. This decision was no sooner arrived at and announced, however, than the old rat, which evidently "smelt a mice," sprang from the box and made its escape, leaving the responsibility of its helpless family in the hands of the P. O. D., in which interesting quandary the matter remained at a late hour last night.

KIVICK AND MARINE.

Schooner Roger Drury, Baker, for this port, sailed from Charleston on the 10th inst.

Schooner A. & E. Hooper, Hooper, for this port, cleared at Philadelphia on the 12th inst.

Schooner Commander, Chase, from Weymouth, Massachusetts, for this port, was at Newport on the 10th inst.

Schooner Ellen Robertson, at New York, from Nevitts, reports that on the 12th inst. she saw a barque water-logged and abandoned, 35 miles north-northwest of Hatteras, dangerous to passing vessels. Was unable to make out the name.

Capt. Garrison, of the steamer D. Marchion, reports about six feet of water on the shoals when he left Fayetteville Friday morning. The river was falling pretty rapidly. The storm of wind and rain Friday night was very severe on the river, and the Marchion had to stop until the worst was over.

See fourth page for other local news.

QUARTERLY MEETINGS.

FOR THE WILMINGTON DISTRICT OF THE METHODIST E. CHURCH, SOUTH-FIRST ROAD, 1880.

NEW ADVERTISEMENTS.

WHY

Kinslow Kerosene

is better than other Lamp Oils

1st. Because the specific gravity is lighter, hence the capillary attraction is greatly increased, thus producing a larger and more brilliant flame from the same amount of oil.

2nd. Because the paraffine is entirely removed. Paraffine greatly impedes the capillary attraction by gumming the wick and in cold weather congealing this is one of the causes for the yellow, sluggish and smoky flame so much complained of in common oil. KINSLAW KEROSENE burns with a white, full flame, which is conceded by all to be the best known light.

3rd. There is little or no odor to KINSLAW KEROSENE; this feature alone makes it worth double the value of common oil.

4th. The safety quality of this oil is not doubted. There is no lamp burner made which generates sufficient heat in the lamp to create an explosive vapor from it, and it can be used in any lamp with perfect safety.

5th. Because 1,000 agents now selling this oil are steadily increasing their orders, owing to the appreciation and intelligence of consumers. KINSLAW KEROSENE is not put upon the market in competition with ordinary brands said to be as good, such as "Free-Light," "Sun-Light," "Brighton," &c. These brands being common property have been very much run down and adulterated and are no longer reliable. We only propose to introduce this oil on its true merits and keep it always the same quality.

For sale by CHESS, CARLEY & CO. Wilmington Agent—GEO. A. PECK, Feb 15

Notice to Oil Dealers!

OUR TANK LINE BEING NOW IN OPERATION, we are BARRILING

Kerosene Oil

IN WILMINGTON. The barrels are fresh glued and painted so that dealers can receive perfect packages, thus saving the leakage incident to shipments from a distance.

We shall also give the closest attention to grades, which will likewise prove a very decided advantage to the trade.
