OUTLINES.

An attempt was made to blow up the Imperial Winter Palace in St. Petersburg; eight soldiers were killed and forty-five injured.

Conkling will not attend, probably, the Utica Convention, but he says there is not the slightest doubt that it will go for Grant.

John Sherman claims 106 votes in the Convention to start with. These come from North Carolina, Georgia, Virginia and Ohio.

Ben Hill has written another letter—his hundredth, more or less. He says he is not for Grant under any circumstances, and that the "strong man could not carry possibly a single State North Carolina. Ben is right. We may recur to his letter.

It all depends, it is said, upon Mr. Spear, whether or not Donnelly gets Washburne's majority. It is not denied, we believe, that Washburne received a majority of the votes cast. Some 2,500 ballots cast for him were marked on the back, "Only that and nothing more."

THE MORNING STAR.

did not go to Washington with the Governor, as was telegraphed. He was there on other business.

Weekly says: "All we wish to say is that Governor Jarvis did not go to Washington at the invitation of, or to confer with, Col. Buford, who is just as much (and no more) interested in the Best proposition as is the man in the moon."

Reidsville Times: We remember at last Wentworth Court, at night, some lawyer heard of a Judge who was one of his chances for Governor. The Judge replied that the office wouldn't suit him, but that if Grant was made President they needed some man for Governor who could play the game.

Hickory Carolinian: Two horses belonging to a Mr. Zimmerman died in the lower part of Burke county a few days ago, having marked signs of hydrophobia.

Beverly Scott was next arraigned before Justice Hill, on the affidavit of William Henry Smith, charged with an assault. Defendant found guilty and required to pay a fine of five cents and the costs, from which decision he appealed, and was ordered to give the necessary bond for his appearance.

Double Postal Card and Return Letter Envelope Enterprise. It seems that we are not to have the double postal cards and return letter envelopes about which so much was published a few months ago. The parties who got up the designs had them patented, and as the postal card system doesn't pay any way, the Postoffice Department hasn't seen fit to go to the expense of getting hold of the patents.

The Legion of Honor. It has been seldom, if ever, that we have known an order of any kind to grow so rapidly as that of the new one known as the Legion of Honor. On January 2nd, 1880, Lodge No. 87 was organized in Wilmington, and on the 1st of February ensuing the number had increased to 90, whilst during the month of January, as we are informed by prominent members of the order here, there had been in the United States eight hundred and fifty applications for membership.

Insurance Companies should be compelled to give the proprietors of Dr. Bull's Cough Syrup a royalty, for with this valuable remedy thousands of risks have been made good, which otherwise would have terminated long ago. Price, 25 cents a bottle.

Charlotte Observer: At the meeting of the Hornet's Nest, Mr. Men, held last night, the invitation of Capt. W. T. R. Bell, Secretary of the King's Mountain Centennial Association, to the company to act as escort to Governor Jarvis and staff to the celebration to be had there on Saturday next, was accepted.

The jury in the case of Maria Hall, colored, charged with the murder of William Marey, who retired to make up their verdict at half past seven o'clock on Tuesday evening, remained out all night and until about 8 o'clock yesterday afternoon, when they returned into court and, through their foreman, Mr. J. A. McLean, submitted a verdict of manslaughter. There was considerable surprise manifested at the verdict, and the counsel for the prisoner, as well as the prisoner herself, no doubt feel much elated at the character of it.

The entire day yesterday was consumed in making up the jury in the case of John Grady, colored, charged with the murder of one John Taylor, colored, in this city, on the night of the 29th of November last, during the progress of a fire on the west side of the river. The special venire of one hundred was exhausted, and another of eighty, and still another of twenty, had to be summoned, when, just at dark, as about the last of the latter number had been used up, the list was completed, as follows:

W. H. Taylor, Geo. L. Johnson, E. H. Keathley, Geo. Honnett and J. W. Ma comber, whites; and Robt. D. Davis, Wm. Holmes, Chas. H. Mallet, Erander Mc Bryde, Bryant Holmes, Henry Turner and Thos. M. Simmona, colored.

The jury was then panelled and placed in charge of an officer for the night, and Court adjourned until 9 o'clock this morning, when the examination of witnesses will commence.

An Unjust and Unfounded Impression. An impression having gained some ground in the community, to the effect that the police force were mainly responsible for the tardiness of the alarm on the occasion of the fire on Tuesday morning last, Capt. Goddard requests us to say that it was just about relieving time when the fire took place. The night force had just come in, and some of them had passed within less than a block of where the fire broke out between five and ten minutes before the alarm was sounded, and saw no indications of a fire. The day force had just left for their stations when the fire was discovered, and officer Bryan, on his way to his beat, saw the fire and kicked the door of Mr. Brown's house open to give the family the alarm.

Opera House. Butt's Panorama will be presented at the Opera House on Friday evening next. It is an allegorical representation of the Book of Revelation, said to be a fine conception, and artistically a work of great merit. It has been received with marked favor elsewhere, and, judging from the encomiums of the press, is well worth seeing. There will be only one exhibition in this city. Reserved seats are on sale at Heinberger's.

Unimpaired Memory. The following is the unimpaired matter remaining in the city post office at this date: William Jackson, The Brighton, Atlantic City, N. C.; Mary E. Vass, Raleigh, N. C.; Edward Hill, Dover, N. C.; one package merchandise for Miss M. H. Hawley, Fayetteville, N. C.

Schooner Mary Wood, Gandy, cleared at Philadelphia for this port on the 16th inst.

Schooner Timothy Field, Leland, hence, was at Gonaves on the 1st inst., discharging.

British barque Bessie Parker, Tucker, arrived at Liverpool on the 14th inst. from this port.

Capt. Garrison, of the Steamer D. Murchison, reports about twelve feet of water on the shoals when he left Fayetteville Tuesday morning.

THE MAILS. The mails close and arrive at the City Post Office as follows:

Table with 2 columns: Mail type and time. Includes Northern through mails, Raleigh, and Southern mails.
