MORNING EDITION

OUTLINES.

A meeting was held in Kansas City relative to opening up the Indian Territory to sattlers; conservative sentiments prevailed. - Democratic State Convention of Kentucky meets on the 17th of June. -Melodebity, the would-be assessing had been deported, but escaped from lusk, - A bill was introduced in the House relative to the erection of a statue to George Washington in front of the Sub-Treasury in New York city. - A bill to increase the efficiency of the Life Saving Service was introduced in the House yesterday; it provides for two additional stations on the North Carolina coast. — The National Greenback Convention, at St. Louis, nominated Stephen B. Dillay, of New Hampshire, for President, and B. J., Chambers, of Texas, for Vice President. - The gambling saloons of Cincinnati have been closed by the police. - The Governor of Virginia returned the Readjusters' bill to the Legislature with his disapproval. - The Russian Nihilists issue a proclamation relative to the recent attempt on the life of the Emperor. - The man who shot at the Russian General, Melikoff, on Wednesday last, was hung yesterday in the presence of an immense concourse and surrounded by military. - A bill to organize the Perritory of Alaska has been reported. - A new Prussian Premier has been appointed for the relief of Prince Bismarck. - The payment to Warren Mitchell of \$128,692 for cotton seized and sold in 1863, is recommended by the House · Committee on Claims. - Secretary Schurz hopes to conclude negotiations with the Ute Indians for a surrender of their reservation. - A bill fixing

the duties on sugars has been introduced in the House of Representatives. -Senator Logan continued his argument in Congress yesterday against the passage of the Fitz John Porter bill, and endes vored to show that if he had obeyed Gen. Pope's orders Jackson would have been crushed at the second battle of Manassas. - New York markets : Money 6@4 per cent; cotton firm at 181@131c.; Southern flour quiet and heavy at \$5 75@8 00; wheat 1@11 lower, and rather more doing at de-

cline; corn unchanged and quiet; spirits

turpentine 46c; rosin quiet and steady at

\$1 45@1 524.

The New York Legislature will cut down the fare on the elevated railroads to five cents a mile, both night and day.

Mr. Ezekiel, the Virginia sculptor, now in Rome, gave a very elegant and unique entertainment recently to the artists in the "Eternal City."

It is thought that Burnside and Bayard will speak for Porter. No Southern Senator has intimated that the will have anything to say. When last heard from Logan was still bray-

John Kelley is credited with saying that he will not bolt if Tilden is nominated. Many a Democrat will if John don't. John says he will do his best to prevent such a misfortune as Tilden's nomination.

L. Q. W. thinks Ohio will be solid for Thurman, Indiana will go tor Tilden, and Pennsylvania for some one else. He says in the Commonwealth:

-- Raleigh Observer: Sheriff B. Milliken, of Randolph county, yesterday brought down and turned over to the autho-"Still there will be a strong fight made for Tilden everywhere. The New Orleans rities at the Penitentiary, two convicts, both white. Their names are Frank Frazier and Edward Redford. Picayune, one of the most judicious organs of the party, virtually says that Tilden's nomination means defeat."

The Utes have agreed to leave their reservation in Colorado and migrate to New Mexico and Utah. The pale face carries whiskey and misery where ever he goes. The Red Man vanishes like a shadow before the advancing tread of the remorseless white man.

"Are we so soon forgotten" is the question asked by Rip Van Winkle in the exquisitely poetical tones of Jefferson. How soon politicians pass away and most of them leave no memory behind. Bildad in the Richmond State says:

"Scales of North Carolina, Cox of New York, Atkins of Tennessee, Stephens of Georgia, and Singleton of Mississippi, are deaf mule, has invented an improvement the only Democratic members of this Congress who were in the House of Representa-Lives before the war."

The old St. Louis game is to be repeated on a large scale at Cincinnati, it would seem. According to the Cincinnati Commercial Tilden's agents have already secured three hundred rooms in the principal hotels of that city for Convention week. It is said he is trying to buy a controlling interest in the New York See. Possibly he has done so al ready. It is also announced that he is trying to capture the New York Repress, Kelly's organ.

this extra session, that can easily be set off | Local Dets. by abolishing the useless Bureaus of Military and Agriculture with its annual cost - The fish market has been boun

lone in existence. - Spartanburg Spartan: Mr. Wm. J. Best, who is negotiating for the Western North Carolina Road, visited Spartanburg last week. In company with Col. W. H. Inman, of New York, and Col. McAden, of Charlotte, they made an inspection of the Spartanburg & Asheville Road. There is evidently some proposition up for con-sideration in regard to the Spartanburg & Union and Spartanburg & Asheville Roads. Railroad operations are now kept as profoundly a secret as were the mysteries and ites of the old Roman celebrations.

- Raleigh Farmer and Mechanic: The Asheville Journal predicts that the Democrats will sell the Western North Carolina Railroad to Best & Co., and then (after the election) stop the work by injunction, etc. — The Goldsboro Mail wishes to know if the late Legislature did not abolish the office of State Geologist, and how comes it that he still hangs on, and who is responsible, etc., etc. ? We fancy there will be some interesting reading when the closet begins to yield its information in response to Legislative inquiry.

- Durham Recorder: The sufferers from the Roxboro fire have decided to rebuild with brick, and active preparations are now being made to have the brick burned—Mary Merritt, engaged as a cook at the residence of Mr. W. W. Wilkerson, was severely, and it is feared fatally, burned last night about dark. She filled a kerosene lamp and before wiping the oil off the outside of the lamp attempted to light it with a candle. The oil ignited and was communicated to the inside, causing an immediate explosion, throwing the oil and flames all over the unfortunate woman.

- Charlotte Observer: It is learned here that the case of the stockholders vs. the Western Division of the Western North Carolina Railroad came up before Judge Avery, at Newton, a few days ago, on a motion to make permanent the temporary injunction previously granted by him, forbidding the directors from acting as such. In the argument before the court, two of the lawyers, Col. Folk, of Lenoir, and Mr. Merrimon, of Asheville, got into a controversy which ended in a personal rencontre. The case was continued to the next term of McDowell County Court.

- Greensboro Patriot: On last Sunday a cow, belonging to Mr. W.T. Whitting, who lives twenty miles from here, in Halifax county, gave birth to a calf with wo distinct, well formed necks and head The two necks begin at the shoulder. Both mouths are used in eating. The body and limbs are as those of other calves. Messrs. Houston & Bro. bought, for the two weeks ending March 2—54,156 rabbit skins, 1,453 opossum, 1,123 muskrat, 268 mink, 220 raccoon, 52 fox, 8 otter, 84 house-cat, and 9,500 pounds rags; and shipped during the same time 58,653 rabbit skins and 10,000

- Weldon News: Monday last Mrs. W. E Fenner died at the residence of her husband in Halifax of consumption. - We learn that a plan is on foot to connect Scoland Neck by telephone with some point on the Wilmington & Railroad, either Halifax or Enfield. — The Methodist revival still progresses with unabated interest. The penitents are many in num ber. - The Methodist Church was supplied with a bell last week, and had it put up on Saturday. It weighs seven hundred pounds and is of regular bell metal. Don't forget to send a dollar to George T. Simmons, Esq., of Halifax, to aid in erecting a monument to the late Thomas G.

- Goldsboro Messenger: The Wilmington STAR suggests that three or four of the best lawyers—such as no rings can influence—be selected to report upon the syndicate bill. Our good neighbor forgets that this is Mr. Best's proposition, and that f the Legislature shall as much as cross a T he can put his \$30,000 in his carpet-bag and bid us adieu. — Mr. James H. Robinson, for many years the very efficient inson, for many years the very emcient assistant postmaster at this place, has resigned that position. — Dr. J. W. Vick and E. B. Borden, Esq., Directors of the Colored Insane Asylum, and members of the Building Committee, will go North tomorrow on a tour of inspection in the interest of that institution. — The Directors of the Goldsboro & Harnett Railroad will meet in Goldsboro Tuesday evening, March 16th, for the purpose of considering propositions relative to the survey of the line.

Moses Pearce, colored, was arrested on the charge of obtaining goods under false pretenses. He was taken before the magistrate who issued the warrant and was ordered to enter into bond in the sum of \$100, with good security, for his appearance on Monday morning next, in default of which he

was lodged in jail. We learn that two capiases have been issued from the office of the Clerk of the Criminal Court for the arrest of the same defendant, on charges similar to the above, based on indictments found at the last term of the Court.

the Chatham Record, is here on a brief - Dr. E. T. Pigford, a graduate of Hahnemann Medical College, will occupy

the office of the late Dr. W. E. Freeman. -Two flat loads of ice, one in tow of the steamer Gov. Worth and the other of the Wave, left for Fayetteville yesterday.

- One of the policemen found a bunch of keys in the front door of a basiness office on Princess street Thursday

- Among the visitors to Wilmington within the past day or two we have noticed Mr. Tim. Lee, of Raleigh, now a commercial traveller.

- We hear that there will be change in the schedule of the Wilmington & Weldon Railroad, to go into effect on or about Sunday next, by which the mail train will arrive here about noon.

- The oil lamps on the outskirts of the city are frequently not lighted. On Sunday night last, it being very cloudy and dark, many of the lamps east of Sixth street and south of Market, both oil and gas, gave forth no light.

- The only case for the Mayor's consideration yesterday morning was that of a young man named John Guthrie, 2d inst. charged with assault and battery in two cases, for which he was sentenced to pay a fine of \$10 in each case.

The Alarm of Fire Yesterday Morn-

Yesterday morning, about 11 o'clock, the roof of Mr. J. W. Conoley's drug store, corner of Fourth and Hanover streets, just north of Boney Bridge, was discovered to be on fire. The alarm was sounded and the fire department hastened to the scene, but in the meantime parties in the neighborhood ascended to the roof with buckets of water and quickly extinguished the flames, the services of the engines not being required. It was very windy at the time, and it the fire had got a start of a few more minutes there is no telling where it would have stopped, as the neighborhood is thickly settled. The damage was slight, the hole burnt in the roof being not over a foot or a foot and a half square. The fire is thought to have originated from a spark from a locomotive, as there was no fire in the building.

The committee to solicit subscriptions then reported that ten per cent. of the stock subscribed to the enterprise had been paid in. Mr. Robert H. McKoy was appointed by the chair as a representative of the stockholders hereabouts in the meeting at Magnolia on Wednesday next, the 10th instant, it being the object to insure a full representation of the stock held in this county in said meeting. Mr. McKoy will call on all the stockholders and get the proxy of such of them as do not expect to attend the meeting in ques-
