THE GREAT "SELL."

Meeting of Business Men and Other Citizens at the Produce Exchange Yesterday.

In response to a call from the President of the Chamber of Commerce and Produce Exchange, quite a number of our prominent business men assembled at the Produce Exchange yesterday afternoon, at 4 o'clock, to consult and exchange views in regard to the proposed sale of the Western North Carolina Railroad.

On motion of Mr. C. H. Robinson, President of the Produce Exchange, A. H. Van-Bokkelen, Esq , President of the Chamber of Commerce, was called to the Chair, and, upon further motion, Mr. T. Calhoun

The meeting being organized, the Chairman stated that Mr. DuBrutz Cutlar, who had just arrived from Raleigh, was present, and requested that gentleman to give the meeting some idea of the feeling and sentiments of the members of the Legislature and other prominent men in Raleigh with regard to the proposed sale of the road in question. Mr. Cutlar thereupon made a statement, the purport of which was that he considered the sale of the road upon some terms or other as a foregone conclusion; and he further intimated that there appeared to be little interest or anxiety manifested, generally speaking, as to the wishes of the people of Wilmington in the

A resolution was then offered by Mr. A H. VanBokkelen, expressing the sentiment of this meeting, which was generally discussed, without any definite action, when a resolution somewhat similar was offered by Mr. Wm. Calder, also without action.

Col. DeRosset then moved that a committee be appointed by the Chair to take the matter of the proposed sale under advisement, and that said committee report at an adjourned meeting to be held at the City Court room on Monday afternoon at 4 o'clock. Motion carried.

The chair then appointed Col. Wm. L. DeRosset, Mr. C. H. Robinson, Capt. R. M. McIotire, Mr. DuBrutz Cutlar and Wm. Calder, Esq., on that committee. Upon motion of Col. Roger Moore the Chairman was added to the committee. The meeting then upon motion adjourned

to meet at 4 o'clock on Monday afternoon in the City Court Room.

OPERA HOUSE.

Prof. Macallister. The wonderful performance of Macallister, the "Monarch of all Wizards," again delighted a large audience at the Opera House last night. In spite of the unpropitious weather of the week his entertainments have been of such a character-so astounding in their surprises, so varied and diverting-that people have gone again and again, only to be more mystified each evening with new and startling developments.

There is a feature about the termination of each entertainment, however, in which it is admitted there is no deception, no matter what may be the illusions of the earlier part, and that is in the distribution of gifts, which to many of the recipients are really valuable, even though it may be a balmoral skirt, represented as a "jewel casket," and drawn by a young man.

At the entertainment last night-Mr. L G. Cherry drew fifteen dollars, and Mr. Thomas F. Bagley was the recipient of the China tea set.
