The roof being covered with copper, the electric current passed off without further damage, except to shock the compositors in the STAR office, which is but a short distance from the Custom House. One of the latter, who was standing by a window, lost consciousness for a moment, and came near falling to the floor, so violent was the shock he received, while the smell of sulphur was strong in the room. Another attache, who was writing at a table on the first floor, was also considerably shocked, and still another saw passing a window at the moment of the explosion what appeared to be a solid ball

Rain and Hall Storm.

From a gentleman who arrived here from Whiteville Tuesday night we learn that a fearful storm of rain and hail raged in that vicinity and in the neighborhood of Fair Bluff on Tuesday afternoon, about 5 o'clock, near which hour it will be remembered that a very black and threatening cloud was seen in that direction, only a touch of its power, however, having been felt in this immediate section. At Fair Bluff, an hour after the storm had subsided, hail stones of an oblong shape were picked up from the ground which measured over two inches in length and were fully an inch in thickness. An immense amount of rain fell in the neighborhoods alluded to.

Pinafore" on the "Raging Cape By invitation of Captains Paddison and Sherman, the members of the Juvenile Opera Troupe, comprising about thirty youngsters, enjoyed a short excursion yesterday afternoon, on the new steamer John Dawson, the boat being run a short distance down the river and then up the river to the neighborhood of Hilton, giving them, besides the pleasure of the trip, a good view of the city from the river. Besides the festive "Pinafores" quite a number of our

citizens participated in the excursion. Sad Affiction.

It was only Sunday morning that we announced the death of the father of Mr. James H. Taylor. Mr. Taylor arrived home from Fayetteville Tuesday morning to find his little son sick from the effects of an attack of diphtheria, which culminated in death at 3 o'clock yesterday morning. He has the full sympathy of his many friends in his sad affliction.

Mayer's Court. The only case before Mayor Fishblate yesterday morning was that of Isaac Baker and John Lewis, colored, charged with fighting on Water street Tuesday afternoon. From the evidence it was found that the affray didn't amount to much, and nobody was hurt, whereupon judgment was OPERA HOUSE.

Haves' Juvenile Opera Company. This troupe, which, under another name, visited Wilmington the first of the past win ter, reappeared at the Opera House last night in "Pinafore," and to a large audience. Several changes have been made in the company since their previous visit: but on the whole the troupe as at present organized is fully as successful in delighting the public as formerly. The fact that several of the leading actors were laboring under the disadvantage of bad colds last night was very apparent, but nevertheless the entertainment was most enjoyable and all in attendance were highly pleased.

Committed for Larceny. John Harriss, colored, charged with stealing a quantity of old iron, alleged to be the property of the Carolina Central Railway Company, had a hearing before Justice Millis, yesterday. There was some difficulty in identifying the stolen property, but it was known to be railroad iron, and of a character that would not likely be sold or otherwise disposed of by railroad officials, and consequently the defendant was ored to give a justified bond in the sum of \$50 for his appearance at the present term of the Criminal Court, in default of which he was committed to jail.

Committed. J. M. Wentworth, alias J. M. Durrell, colored, was brought down from Pender and put in the jail of this county, last night, to await trial on the charge of obtaining money on false pretence. He is the party who was arrested some time ago on the above charge, and also for stealing a watch from Cudjo Larkins, colored, of Pender county, but managed to make his escape, to be afterwards arrested in Raleigh. The watch stealing case was dismissed for want

WHO IS MRS. WINSLOW?—As this question s frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a Female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge obtained in a lifetime spent as nurse and physicias, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is moreover sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world renowned as a benefactor of the race; children certainly do his up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are daily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and units in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup.
