MORNING EDITION.

Entered at the Post Office at Wilmington, N. C., as second-class matter.

OUTLINES.

Major Robert H. Carter, of Virginia, Inspector of Customs at Panama, is dead. Mr. J. R. McD. Irby, of Virginia, died on board a ship while on his way to Chili. Miss Mattie Wells was burned to death at Petersburg, Va., by the explosion of a kerosene lamp.

Blaine has 53 out of the 80 delegates thus far chosen in Illinois, Grant's own State. Danville, Va., has had another fire. This time the damage foots up \$50,000, insurance about \$27,000.

L. Q. Washington says in the Richmond Commonwealth that a very able Northerner and a friend of Tilden's said to him that Seymour and Church are the last men Tilden's friends will ever accept.

It is now said that the Tildenites will antagonize Seymour's nomination at Cincinnati, and may bolt if he is the choice. Tilden means to rule or ruin. Are all the millions of Democrats to be dictated to? Is Tilden the only man in America fit to be a candidate? Must he say whether the South shall vote for Seymour or not? It is high time Mr. Tilden had received some plain talking. Grant is Duke. Does Tilden aspire to be Dictator?

A short communication in the Raleigh Observer of yesterday, signed "Anxious Sale Men," is to this effect: "Will you please inform the public, if you can, why that Best contract has not yet been signed. The air is filled with rumors to the effect that there is some hitch in the matter. We understood the contract was to have been signed by Best & Co. last Monday week, and now it is rumored that some of the gentlemen with Mr. Best decline to sign. Will the parties comply or not?"

The name and fame of Dr. Bull's Cough Syrup is known throughout the land, and everywhere it is relied upon as the specific for coughs and colds.

Spirits Turpentine.

New Bernie is to have another walking match. The Greensboro Patriot is to be published daily. The Grand Lodge of Odd Fellows convenes in Raleigh May 10th. There are three prisoners in Mecklenburg jail under a sentence for murder. June 30th is the time appointed for the Press Association, and Asheville is the place. The Raleigh Evening Visitor has completed its first year. It is a bright, new little daily.

Somewhat nominates Judge George V. Strong for Attorney General, and J. S. Reid, of Mecklenburg, for Auditor. A writer in the Fayetteville Banner nominates Mr. W. C. Troy, of that place, for the office of Lieutenant Governor. The Winston Leader mentions Rev. Calvin H. Wiley as a suitable nominee for the Superintendent of Public Instruction.

A Democratic Convention is called to meet at Lenoir on May 10th to appoint delegates to the State Congressional and Senatorial Conventions. Henry J. Parkerson, of Warren county, was convicted in Oxford last week of forgery and sentenced by Judge Seymour to six years in the penitentiary. Mr. Joseph P. Caldwell, editor of the Statesville Landmark, has been appointed by Gov. Jarvis proxy for the State in the Western North Carolina Railroad.

Raleigh Visitor: The Governor to-day repudiated George Galway, colored, of Mecklenburg county, who was to have been hanged on the 7th of May, till July the 2nd, at the request of the Solicitor. Robesonian: A fisherman set his hook at a mill pond in this vicinity, and when he returned found a catfish and an owl both captured on the hook. It seems the owl was caught while trying to take the fish from the hook. Oxford Torchlight: From Caswell, Person, Orange and Granville the reports come that the fly is playing sad havoc with tobacco plants. The recent cold weather also damaged them to a considerable extent. The prospect is gloomy and a full crop of tobacco can hardly be planted.

The Fayetteville Examiner, edited by R. K. Bryan Esq., is out, and capital page is fine. The first number promises admirably. If he can keep that lick he need not fear comparison with the best. He has, of course, our very best wishes. It is Democratic, and is published at \$3 a year. Walden News: On Sunday, the 17th inst., L. A. Bailey died after an illness of about a week. Several ladies went down to Edenfield, Sunday, to attend the dedication services of the Episcopal Church. Several gentlemen assumed the church debt, and the church was consecrated by Bishop Lyman, assisted by Rev. Dr. Smith. Charlotte Press: The Democrat of this city-to-day thinks it would be well "advised that if Best, the receiver of the Western road from Governor Jarvis and the Legislature, fails to comply with his contract, the people should hang him on one of the mountain peaks as a warning to swindlers." Better to have put in the guarantee and save the ku-kluxing.

Graham Gleaner: There has been an immense amount of sickness among the factory hands of Col. T. M. Holt, at Haw River, but we are glad to hear that no one has died as it has been said. Some four or five deaths have occurred, and there are others yet quite sick. An old negro man named Ector was being hauled from the northern part of this county to the poor house, when he died in the wagon on the road. Fayetteville Examiner: The frost of the 10th which followed the snow, has damaged the peaches in some localities, but a large proportion has escaped any injury. The prospect now is that a fair crop of fruit will be gathered. It is a noted fact that the peaches in our city are better than those in any other place in the State are those situated in the tobacco-raising districts, and in which the manufacture of the weed is carried on. Durham, Winton, Reidville, Henderson, and lately Charlotte, are the best. Around these towns fine tobacco is raised, and the farmers and country are enriched. The farmers of Granville, where fine tobacco is a specialty, are the most prosperous body of agriculturists in the State. Charlotte Democrat: A gentleman who has traveled through some of the adjoining counties a good deal within the last three months, says that when he gets outside of Mecklenburg he finds milk and butter scarce, especially butter; but in Mecklenburg and part of Cabarrus he rarely ever finds a farmer who has not an abundance of both. So much for the Stock law in Mecklenburg, and Cabarrus. Dr. T. J. Moore of this city, has been selected to deliver the address on Memorial Day (10th of May) at Statesville. Considering the fact that he is in our city by the sea, Wilmington, it seems he has more fire than any other place of its size in the South. Are there not a great many loafers and idlers about there who live by thieving and burrowing. Raleigh Observer: Sheriff J. J. Hasty, of Union county, yesterday brought down three convicts—Jim McManis, Ephraim Wain and Noah Litch, and placed them in charge of the Penitentiary authorities. Board of Directors of the Penitentiary met and a considerable amount of business was transacted. The Board determined to go forward to some extent in the work on the buildings, and hope to have the "domestic" building completed during the summer. In compliance with an act passed at the late special session of the General Assembly, the Board ordered twenty-five convicts to be put at work constructing a road through and draining certain lands in Jones and Onslow counties. It is hoped that this will develop valuable lands in those counties which belong to the "Literary Fund" of the State. Goldsboro Messenger: We learn from Sampson county that Jethro Caison was killed by Wm. Cashwell, in Hall's township, on Saturday last. It appears to be another cross-road wrong shop affair. The parties are white, and it seems had been drinking together and afterwards had an altercation, in which Cashwell came out second best. Enraged at this he left for his home, about a mile distant, and soon returned with a double-barreled gun, when, without further provocation, he shot Caison, killing him almost instantly. The murderer has fled, and at last accounts not been taken. Good Democratic doctrine: When the majority of ward meetings or convention nominate candidates, all good Democrats, and especially those who participated in such meetings or convention, are honestly and duly bound by the action of the majority. No bolting. The fine house of Mr. John W. Jones, of the Consensus action in Greens county, was fired by an incendiary last Sunday night, and the building was totally destroyed, together with the gin, about 6,000 pounds of fodder, farming utensils, &c. Mr. Jones' loss is about \$1,000. No insurance. We are pleased to learn that Hon. A. S. Merrimon has consented to deliver the address before Prof. Troy's Goldsboro Seminary, at the close of the present session in June next. The Watauga Brief mentions hearty approval Rev. N. B. Cobb for the office of Superintendent of Public Instruction. We are pained to learn that the wife of Mr. Thos. H. Stanton died at their residence, in Brogden township, a few days ago. They were married but a few months. We learn that for satisfactory reasons Judge Avery has suspended the sentence passed upon the negro Alex. Rushton, and in consequence he was not sent to the penitentiary, but is still confined in jail. Raleigh correspondent: Mr. William J. Best, with his son and secretary, arrived in this city yesterday. It is said that a much closer connection exists between the syndicate of which he is the representative and the Richmond & Danville Railroad or Pennsylvania Central, than was supposed at the time of the meeting of the Legislature.

THE CITY.

NEW ADVERTISEMENTS. Munson—More clothing. ED. KIDDER & SONS—Boilers. JAS. C. MUNSON—Vapo-cresolene. S. G. NORTHERN—Florida oranges. ED. KIDDER & SONS—Cane wanted. ED. CANTWELL—Commissioner's sale. Local Notes. The Railroad to the Sound is all the talk now. Another lot of spoilt fish were condemned and sent out of the market yesterday. The new Mt. Olive A. M. E. Church has received a new bell, which will be placed in position shortly. To-day, weather permitting, the health officers intend disinfecting and liming all the alleys throughout the city. The irrepressible David Mallett is again in the guard house for being drunk and down. He is a regular customer. Needham Jones, colored, was sent to jail yesterday for non-payment of costs in a case of assault tried before one of the Magistrates. The Rev. C. M. Payne having returned to the city, friends desirous of seeing him may call at the residence of Mr. Alex. Sprunt, corner of Princess and Ninth streets. We are glad to find that Messrs. Watters, Burkholder and others who were injured at the late fire, are getting all right again. They have a deal to be thankful for that it was no worse with them than it was. Sheriff Taylor, of Brunswick, left here for Raleigh, yesterday morning, having in his custody George Everett, colored, convicted of manslaughter at the late term of the Superior Court and sentenced to the Penitentiary for ten years. Murder in Sampson. A gentleman who arrived here from Clinton yesterday reports that a murder was committed near that place a few days ago, but he did not ascertain the names of the parties to the tragedy. It seems from what our informant could learn, that the two men, both white, have enjoyed the reputation of bullies in the neighborhood where they lived, and that in two personal encounters between them one of them was pretty badly used up by the other. On the second occasion the defeated belligerent, who had been badly beaten, swore that if the other ever attempted such a thing again he would kill him. Another difficulty occurring between them subsequent to this threat, and the weaker one again getting the worst of the encounter, he hurried to his house, got his double-barrel gun and shot his antagonist to death. Thermometer Record. The following will show the state of the thermometer, at the stations mentioned, at 4.31 yesterday evening, Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city: Atlanta..... 67 Jacksonville..... 83 Augusta..... 70 Key West..... 83 Charleston..... 74 Mobile..... 81 Charlotte..... 78 Montgomery..... 72 Corsicans..... 82 New Orleans..... 88 Galveston..... 70 Punta Rasa..... 83 Havana..... 88 Savannah..... 81 Indianapolis..... 81 Wilmington..... 70 Personal. The Misses B. J. and Minnie Dickson, who are traveling in the interest of their magazine, the Literary World, published at Moore, North Carolina, arrived in the city yesterday and registered at the Purcell House. They will probably remain here a few days. Fire at Fair Bluff. Two distilleries at Fair Bluff, the property of Messrs. E. T. Burden and B. A. Anderson, were destroyed by a fire a few nights since, together with about forty or fifty barrels of rosin. Loss about \$500. Incendiary. Magistrate's Court. Josephine Turner was arraigned before Justice Millie, yesterday morning, on the affidavit of Sarah Jones, charged with assault and battery. Defendant submitted, and the case was dismissed on the payment of the costs. THE MORNING STAR can always be had at the following places in the city: The Purcell House, Harris' News Stand, and the Sewell Office.

FOR EUROPE—COURTESY EXTENDED TO VICE CONSUL HEIDE AND PARTY.

At 9 A. M. yesterday, Vice Consul R. E. Heide, accompanied by his two daughters, embarked on the steamship Benefactor, under command of Capt. Thomas Jones, en route for New York, where, as stated in our last, they will take passage for Europe. As the Benefactor steamed along the city front the other steamers in port extended complimentary salutes, while the Danish flag was displayed from the Vice Consulate, and the various Scandinavian vessels in the harbor had their flags flying in honor of the event. The steamer Wm. Nyce, gayly decked out with flags, took a party of ladies and gentlemen a few miles down the river, and while returning met the steamer Passport, with an excursion party on board, when the Nyce party left their steamer and joined the excursionists on their way to the mouth of the river. Vice Consul Heide has been an American resident for nearly thirty years, and this is the first time he has started to cross the ocean to visit his old home. We should have stated in our last that Mr. A. S. Heide will be Acting Vice Consul during his brother's absence through the latter's appointment, which appointment has been duly confirmed by the ministers resident of Norway, Sweden and Denmark in this country.

THE EXCURSION.

The excursion on the steamer Passport yesterday was not as largely attended as it would have been had not the bad weather intervened, causing a postponement. Nevertheless there was a fair crowd of ladies and gentlemen in the party, and we learn that they enjoyed the trip immensely, the day being an exceptionally pleasant one for the purpose. The boat touched at Fort Fisher going down, remaining a quarter of an hour, then went to Fort Caswell and remained about an hour and a half, then to Bald Head, but did not stop, and then to Smithville, where there was a stoppage of about a half hour. Returning there was another short stoppage at Fort Fisher, and at Kendall, the Holmes plantation, the excursionists also landed, but remained but a brief season, and about sun-down the happy crowd were landed at the steamer's wharf, well pleased with the day's experience at the seaside.

THE INFIRMARY ONCE MORE.

It seems that every time we mention anything about the "Infirmary" we get our "foot in it," though fortunately not for a surgical operation. The old trouble, it appears, still exists in regard to the location, the residents in the section of the city in which it has been opened being opposed to such an institution being located in their midst, and a strong protest to that effect, we are told, will be laid before the Board of Aldermen. The Reporter, in endorsing the Infirmary, which is something badly needed here, never has wished to be understood as endorsing the location of it, not even knowing on what part of Campbell street it had been opened. In other words, we simply gave the information in regard to it as a matter of news.

UNAVAILABLE MATTER.

The following is the unavailable matter remaining in the city postoffice at this date: Miss Lily Dakin, Bangor, Me., Mrs. A. B. Hooke, Pittsboro, N. C.; Rev. J. H. Holmes, Supply, N. C.; Messrs. J. & E. Mahoney, Portsmouth, Va.; Miss Hager Newkirk, Robeson, N. C.; Mrs. Ed. Barley, Raleigh, N. C.; Lucilla J. Jones, Hampton, Va.

TO-DAY'S INTENTION.

South and east winds, warmer cloudy weather, numerous rains, falling barometer, except northeast winds on the North Carolina coast, are the indications for this section to-day.

MEMORIAL DAY.

A meeting of the marshals for Memorial Day was held at the rooms of the Library Association, yesterday afternoon, to perfect arrangements for the celebration on Monday next. It being ascertained that the Ladies' Memorial Association was greatly in need of funds to carry out the purpose of the Association, the following preamble and resolution were presented and adopted: WHEREAS, We have learned that there are graves of our departed comrades in our country whose relatives are either absent or not peculiarly able to bestow on them that care and attention which they so richly deserve; and, whereas, we have learned that the funds in the hands of the Ladies' Memorial Association are insufficient for this duty, as well as for defraying the necessary expenses attending the annual ceremonies; and, whereas, the ladies have heretofore not given the gentlemen an opportunity of expressing their interest by contributing to these expenses; therefore, be it

Resolved, That it is the opinion of all ex-comrades that it is the sentiment of all ex-comrades that the graves of our comrades should not be allowed to show any signs of neglect, and that the ladies should be encouraged by our pecuniary aid, as well as sympathetic sentiments, to perpetuate these ceremonies in a becoming manner, and that a committee of five be appointed to open subscription lists for this purpose, and tender the money to the Ladies' Memorial Association. In accordance with the above resolution the following gentlemen were appointed as a Committee to solicit contributions for the purpose mentioned: Messrs. J. G. Wright, N. C. Prempert, E. H. King, J. D. Meares, and J. C. Stevenson. The order of ceremonies for the day will be announced in the next issue of the STAR.

DR. I. GAY LEWIS, OF FULTON, ARK.

Dr. I. Gay Lewis, of Fulton, Ark., writes: "One year ago, I was taken sick, a friend argued so strongly in favor of Tutin's Pills that I was induced to use them. I have prescribed them in my practice ever since."
