Louisville has a Sunday law that prohibits all labor. How it will work the future must tell. The whitlers and other street-corner laborers will be liable to arrest.

A correspondent asks the Philadelphia Times if Miss Mary Anderson is married. She is not, but it is not the fault of a hundred or two lovesick fellows who have been trying to be her Ingomar for life.

The most important cablegram ever sent to the New York Herald from beyond seas was the one announcing the fearful intelligence that Gortschakoff's barber had actually out him while shaving him. Can this he true? Awful, perfectly awful!

Six steamers for Europe left New York Saturday. They were heavily loaded. Among other domestic products they had 2,000 head of cattle, 1,700 head of sheep, 200 hogs, 7,500 quarters fresh beef, 2,500 carcases sheep and 500 dressed hogs.

The speeches of Mr. Jacobs, who was Chairman of the Tilden Convention, creates a great deal of talk in political circles in New York, and also no little consternation. In his first speech he declared "it was the unanimous sentiment of the Convention that the delegates should go to Cincinnati unpledged and free." This sort of talk will do the old man ino little damage.

Mrs. Davidson, of Cambridge, Massachusetts, was resched from drowning recently at Augusta, Georgia, by Mr. J. J. Doughty, of that city. She was thrown violently into the river a distance of thirty feet. Mr. Doughty took in the situation at a glance, and at his own peril very grateful. Who will say he is not a Doughty hero?

The Congressional Stalwarts are asserting confidently that Hayes has been stiffened in his backbone and and Army bills. He will, they say, veto the former because of the clause in regard to deputy marshals, and the latter on the ground that the "provisions attached in the present bill to the restrictive clause of last year's bill about the use of troops at the latter of the use of the us

If the following paragraph does not contain "food for reflection" then we are wide of the mark. The Richmond State's correspondent at Washington

"The accumulation of wealth in New York and in the New England States is strikingly illustrated by the amount of capital which an inspection of the Treasury books shows they have invested in United States securities. The Savings Banks of Massachusetts and New York and Wm. H. Vanderbilt own one-eighth of the entire bonded debt of the United States; and, so far as can be ascertained, more than onehalf of the national debt, all of which is non taxable, is held by New York and New England capitalists."

The Sherman bureau in Washington now claim 101 delegates. This much they assert to be certain. Any votes he may receive from other States, and such they profess to expeot, will swell the number and give the Secretary of the Treasury a respectable showing. They insinuate that John may receive votes hereafter from Indiana, Delaware, Kansas, Missouri, New York, Pennsylvania, Massachusetts, Connecticut, Vermont, Rhode Island, Iowa, Maine and Oregon.

A set of twenty-five hands have also been put to work on the Catawba river bridge above Statesville, which is said to be out of line and considerably rotten.

- Elizabeth City Falcon: A sword belonging to Col. L. D. Starke, now of Norfolk, was found on Friday last in the woods back of the house of Wm. Thomas, in this county. During the late war this sword had been left with Mr. Thomas for safe keeping, and he, fearing robbery, had taken it in the woods and hidden it. His sons forgot the spot where they had placed On Friday the sword was unearthed by a son of George W. Bell, Esq., who was carting wood from the woods.

- Raleigh Visitor: The revival at the Salisbury Street Baptist Church closed last night, after being in progress for three weeks. —The members of the New York Syndicate who recently purchased the State's interest in the Western N. C. Railroad, arrived in the city at noon to-day. The following are the names: W. J. Best, W. R. Grace, Jas. D. Fish, W. A. Boyd, J. P. Caddagan, of New York. Hon. Geo. Davis, of Wilmington, and Hon. He is one of the best farmers in the State. -Milton is improving—at last she has a Jew store, and who ever saw a town prosper without a Jew? We never did. —The gross receipts for freight and passenger fare last week on our Narrow Gauge road, we learn, exceeded \$400. The business is increasing. —We regret to hear of the death of Mr. Thomas Brooks, of Person county. He died of pneumonia last Friday.

- Reidsville Times: Late last Friday evening, just at twilight, a perfect shower of little gray bugs fell around here. They even got in the house, and as the little boys called out, there were millions of them in the yard. We see from the Ralei Observer that the shower struck Wake county about daybreak next morning. We are informed by a citizen of the county that the shower fell at his house steadily from daybreak till sunrise. Their fall resembled a snow storm. A brisk breeze was blowing from the east. He found these bugs of a dull gray color, something less in size than a grain of corn.

- Salisbury Watchman: Mr John A. Sayder exhibited at this office, Saturday, a lump of gold and quartz esti-mated 10 be worth \$300. The specimen was from the Christian mine, in Montgomery, from which a number of large lumps have been taken—the largest esti-mated at about \$1,500, if we recollect aright. Mr. Synder is just opening a mine three miles south of this place which shows a vein of 14 inches at the depth of 80 feet. The "pannings" thus far are exceedingly rich, as a gentleman well acquainted with the Christian mine says. A two and a quarter pound nugget of pure gold was unearthed at the Christian mine, Montgomery county, some two weeks ago, besides many smaller pieces of from four to six pennyweight. The property is now in the hands

of a Philadelphia company. - Tarbore Southerner: On Friday last, as the steamer Greenville was proceed ing up the river on her regular trip from Washington to Tarboro with a seine flat in tow, the latter capsized and drowned a colored man on board of her, from Greenville, named Henry Delaney. He had been urged not to stay on the flat, but to get on board the steamer. —The many friends of Rev. Thomas R. Chatham is still longing for this to take place in her limits, while Granville, despoiled and impoverished more than either of her sisters, has, by the good conduct and prudent management of her Democratic officials, long since been promptly meeting all her obligations. - From all portions of the county there come to us most distressing accounts of the injury to plant beds by the flies. - We venture the assertion that, with the exception of a few parties in Oxford, Granville county is almost solid in the desire to have Gen. R. Cox nominated for Congress. —— It is generally conceded by the Bar, who are well qualified to form an opinion, that Judge Seymour is one of, if steps upon the scene in Oxford. — There is a boom in Temperance matters about Oxford. Alice Hall, colored, was arrested in Paddy's Hollow Monday night, about 12 o'clock, by Officer Nelson, for being drunk and disorderly on the streets. The gentle Alice tried resistance, but found it didn't pay, for very soon, all in a heap, down in the cell she lay, where she was left to reflect upon the mutability of human affairs. Her case will be heard this morning.

The Bladen Primaries. Seven of the fourteen townships of Bladen county have been heard from. These seven are reported to have elected delegates, on the Congressional issue, as follows: For Stedman, 31; for McKoy, 2; LIBRARY HALL.

Hartley-Denck Combination. Library Hall was well filled last night with a refined audience of ladies and gentlemen, and all seemed delighted with the entertainment. It was exceedingly pleasing from beginning to end. Mr. Hartley's recitations were unusually fine. He was hoarse, but his impersonations were effective and spirited. His humorous recitations brought down the house and ripples of laughter broke over every face. We cannot particularize. It is sufficient to say t was very enjoyable. Mr. Denck is not a stranger to Wilmingtonians. His greatness as a piano soloist is well understood and highly appreciated here. He is easily the supremest master of the piano forte we have ever heard. We doubt if he has his superior in this country. His wonderful skill,-his consummate touch delighted every one. It would require a technical artist to do justice even in an elaborate criticism to such a splendid performer. In a hurried notice we can only indicate our delight and appreciation. The instrument he used was a very fine one and was furnished by Mr. Heinsberger. We can assure all who were not present that they missed an elegant and unique entertain-

River Thieves at Work. When the alarm of fire was sounded Monday night, which was found to be on the inside of a small shanty just east of the railroad, at the C. C. depot, the watchmen from the Wilmington Compress Company's yard and the railroad depot hurried to the spot to assist in putting out the fire, and while they were absent some thief or thieves stole a bale of cotton from the railroad wharf, placed it in a small boat in readiness for the purpose and put off with it. The watchman at the Compress, upon returning to his post after the fire had been extinguished, discovered the thieves making off with their booty up the river, and lodged information with the proper parties, whereupon the services of special deputies Strode, Whitney and Statcher were secured, and they were put on the track. Jpon arriving at Hilton they discovered the bale of cotton on the opposite shore, with a part of its contents removed, and, near by, the boat in which the thieves had taken it away, but could not see or hear anything of the parties to the theft. Compressed Cotton. We have heretofore alluded to the fact that the German brig Dr. Lasker, of 268 tons burthen, cleared from this port for Havre, France, on the 6th inst., with 1,177 bales of cotton, 560,130 pounds, or 2,090 pounds to the ton, being the largest amoun of cotton to the tonnage ever known to have been shipped from this or any other port.

The German brig Express, registering 275 tons, cleared on Monday last with 1,195 bales, weighing 558,819 pounds, or 2,082 pounds to the ton, which is also a very large percentage.

Both of these cargoes were pressed by the Wilmington Compress and Warehouse Company's Taylor Press.

HOW HISTORY RECALLS THE PAST .- Some HOW HISTORY RECALLS THE PAST.—Some twenty five years ago all England was convalsed by the discovery made that Sir James Grahame, the then Postmaster General, had taken the liberty of opening mails addressed to private citizens. It resulted in his removal in disgrace. This recalls the wise decision recently made by Hen. D. M. Key, the Postmaster General, who has ordered that letters addressed to M. A. Dauphin, at New Orleans, f.a., or same person at Ne. 319 Broadway, New York City, N.Y., relative to The Louisiana State Lottery Company, be forwarded without interference, being convinced of its being honestly conducted.

MRS. WINSLOW'S SOOTHING SYRUP.—Rev. Sylvanus Cobb thus writes in the "Boston Christian Freeman":—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parents unbroken rest at night. Mest parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever. Sold by ail druggists. 25 cents a bottle.
