## MORNING EDITION

Entered at the Post Office at Wilmington, N. C. as second-class matter.]

#### OUTLINES.

The entire southern portion of New Jersey has been swept over by the forest fires; the destruction has been tremendous; many persons have been burned. -Snow and ice on the Hudson; vegetation damaged. - William Long, English lead manufacturer, has failed; liabilities \$200,000. — The Blackburn strike continues. - The Yurmat tribes are holding Altinor Pass with 9,000 men, and are fortified. - Serious rioting occurred at Roubait, France, in connection with the strike; the soldiers charged the mob; further serious disturbances are apprehended. \_\_\_ M. E. B. Washburne reiterates his devotion to Grant, and denies emphatically all combinations and all charges of duplicity. - A very destructive hail-storm passed over Dinwiddie, Amelia and Chesterfield counties, Virginia. - Thermometer at Petersburg, Va., 45 degrees: -Fifteen persons were instantly killed and twenty-five wounded by a boiler explosion near London, Eng., yesterday. - Six hundred and sixty-six buildings were burnt at Milton, Pa.; the fire originated from sparks from a steam saw mill. - Philadelphia contributed to the sufferers at Milton \$3,389. — The Democratic caucus of House members resolved to reconsider the question of the adjournment of Congress on the 31st inst. - Whittaker was before the West Point Examining Committee yesterday; he suspects Cadets Blake and McDonald of the outrage upon him. -New York markets: Money 4@5 per cent: cotton firm at 11 13-16@11 15-16c; Southern flour unchanged and more active; wheat 2c lower, ungraded red \$1 15@1 32; corn quiet and steady at 51@53c; spirits turpen. tine weak at 281c; rosin \$1 35@1 421

On the first day of the New York dog show 4,000 persons attended.

It is said some fifteen Democrats in the Senate will vote as Hampton spoke, against unseating Kellogg.

The Georgian short-hand reporter who took down the testimony of the Senate Exodus Committee got drunk, went off with the documents and has not yet turned up.

The New York dressmakers have been charging enormously for their work. The consequence is there is a movement to head them off called the "Ladies' Dress Reform Co-operative Association." It starts with a capital of \$250,000, and is very popular.

The "Paragrapher" of the Richmond State has these words for Wade

"Senator Wade Hampton is a fearless man, at least, and not afraid to speak his mind, as every freeman should. He yesterday in the Senate argued in favor of Kellogg's right to his seat as Senator from Louisiana, and, though we cannot agree with him on that point, we can admire his pluck and manliness,"

The Richmond, Va., Conservatives are well satisfied with the result of the primary. It is a mistake that a majority of the delegates elected to Cincinnati favor Mr. Royall, who is for Field for President. The State says no one can tell who will be supported by them.

According to the appropriations made in the River and Harbor bill as reported, North Carolina gets \$96,-000, whilst South Carolina gets \$156,000, Tennessee \$135,000, and Georgia \$175,000. Among the Northera States New York gets \$584,000 Ohio and the Ohio river \$566,000. Why can not the Southern States get these large appropriations now and then just to see how it feels?

Dr. Mary Walker has completed the Presidential slate for both parties, so we hope no more will be said about it. It will surprise the country but will save a great deal of trouble and anxiety. We must not omit the ticket. The Democratic is, Tilden and Hancock; the Republican is Hayes and Blaine. Is there to be another 8 to 7 job?

Henri Watterson edits the Courier Journal of Louisville. He is very warm in his advocacy of Mr. Tilden. Mr. Tilden holds a mortgage on that paper amounting to only \$350,000. any subsidized paper, or any paper owned or controlled by the person whose claims to office are being urged? Give us an independent paper owned by no clique or politician.

The Wilson Advance of last week drew our attention to an error into which we had fallen in saying it required a two-third vote in the State Convention to elect. We stand corrected. It ought to be the rule, and It prevails in the National Conven- | tearing the house down either.

monwealth.] WELDON, N. Mayor's Court. The only case before this Court yesterday morning was that of John Burnett, colored, charged with making an assault with a deadly weapon upon one Mag Mc-Koy, colored, on Thursday night last. The defendant denied positively that he had any knife, and his witnesses in a measure corroborated his statement. Mag McKoy, however, said he had something in his hand that glittered when he struck her, and that he dropped it immediately afterwards. William Hunter, colored, corroborated her statement. To arrive at a more definite conclusion in the matter the woman was sent to the city physician to get his opinion in regard to it, who stated that the wound on the side of the nose was no doubt inflicted by some sharp instfument. Defendant was thereupon ordered to give a justified bond in the sum of \$25 for his appearance at the approaching term of the Criminal Court.

Early Closing. The following firms, engaged in the grocery business, have signed an agreement to close their stores at 7 o'clock every evening, except Saturday, from the 20th inst., until the 1st of October: West & Co., P. L. Bridgers & Co., Jas. B. Huggins, Hankins & Bates, Geo. Myers, Holmes & Watters, J. C. Stevenson, Thos. H. McKoy, J. H. McGarity & Co.
