OUTLINES.

Illinois declared in favor of Grant by a vote of 886 to 807. The labor advocates from the country at large met in Philadelphia; they declare for Hendrick B. Wright, of Pennsylvania, for President and John B. Chamberlain, of Texas, for Vice President; some would favor Randall, in case no satisfactory arrangement could be made at Chicago. Working men of San Francisco district nominated John S. Eaos for Congress. Barque Labrador was abandoned at sea, but the crew was saved and landed at Liverpool.

tion to West Point, Va., and thence to New York and Eastern cities, by the connections the Richmond and Danville Road already enjoy."

Ex-Senator and ex-Gov, Henry S. Foote, whose death was announced recently, was a native of Virginia and was born September 30, 1800. He was graduated at Washington College. He first removed to Alabama, thence to Mississippi. In 1847 he was elected to the U. S. Senate. In 1848 he defeated Jefferson Davis for the Governorship. He lived in many States and was strong for the Union. He was a troublesome member of the Confederate Congress. He was a ready debater, was extremely fond of being heard, was a man of some accomplishments and was fearless in the expression of his opinions. We think he fought a duel with the late S. S. Prentiss. He was a Federal officeholder up to the time of his death; and passed away aged nearly 80.

Our readers will remember that the STAR has more than once noticed with marked commendation the Eads jetties at the mouth of the Mississippi. In spite of a most determined opposition they are a decided success. A corps of engineers has just reported the result of a thorough inspection. We copy from a Georgia paper: This report states that the South Pass, which five years ago was not navigable for vessels drawing over six feet, is now a magnificent stream one thousand feet in width with a central channel varying from two hundred and fifty to five hundred feet in width, where twenty-six feet is the least depth on the outer edges, and where thirty-two feet is the average prevailing depth of the middle. This channel also, has projected itself beyond the jetties, far at a distance of five hundred feet outside the sea walls there is a well defined channel one thousand feet in width, with a depth of twenty-six feet; and on the inner side of thirty-two and thirty-seven feet in the centre."

The Bruce boom is on the increase. Bruce is a good name for a desperate fight and a Douglass is a good rallying cry for the colored class. The chances for nomination for Governor in South Carolina appear to favor Gen. Johnson Haygood. Gen. M. W. Gary is the contestant. Four thousand two hundred and twenty five additional immigrants have arrived at New York. Total for May thirty-six thousand six hundred and twenty.

According to Adjutant General Jones's report the organized military force of North Carolina on January 1st, 1880, was 2,567. This includes all officers, privates, musicians and chaplains. Senator Don Cameron says Grant has 110 votes—31 more than necessary to secure his nomination on the first ballot. Gen. Crewell and Geo. C. Gorham attest the correctness of this calculation. The power of the press has a good illustration in the Field boom in Virginia. The Richmond Commonwealth, with its Washington correspondent, has manufactured a very respectable public sentiment for Judge Field in "old Virginia."

The Baltimore American, Republican, says "the great trouble with the third-term movement is that the great majority of the American people are its enemies." We will see how that is if Grant is nominated. We wonder if the American will be opposed to a third-term then? Charlotte and Durham celebrated the 20th in fine style. A special from the latter to the Raleigh Post says: "Grand parade at 4 o'clock, Col. Gorrell commanding. Thirteen States are represented by young ladies dressed in white. Mr. Julian S. Carr read the Mecklenburg Declaration. Hon. John Manning and Hon. D. G. Fortie delivered orations, and drank banquet to-night, at which Messrs. Fowie, Cox and Manning, Argu and others are to make speeches. Wind up with a grand ball."

Another Northern minister of the Gospel, Rev. Dr. W. F. Hatfield, has been giving a pleasant account of the Southern people in a recent lecture in New York. He said that nowhere in his travels had he ever met with such genuine courtesy and hearty hospitality as that which characterized his reception in the South, and he advised heads of families and young men who cannot make a living North, to go South and buy a farm. We clip this paragraph from the New York Express of the 19th, to show how free of glorious promise are Mr. Best's methods for North Carolina generally and Wilmington especially: "We find the following recent sales of Granite tobacco in the Oxford Torchlight: W. T. Salt, \$40, 60, 65. Isaac Harris, \$25, 30, 40, 55, 60, 70, 80. Tickets are dropping, and corn and cotton already show the serious effects of drought. heavier than usual during the present year. The number of orphans is larger, and the whooping cough and measles have made it necessary to buy warmer clothing, and to make the children more comfortable."

Raleigh Post: Sixty-eight delegates were appointed yesterday, sixty-five of whom are known to be for Fowie. The Jarvis boom has a strong hold on the Raleigh News, and Hale's its readers this morning with a big Galting gun, having just crossed the Rubicon, or rather the rippling Jordan. Fayetteville Banner: At a meeting of the Republican Executive Committee of this Congressional District, held in this town on Monday, the 10th, Hon. R. P. Buxton was recommended for nomination by the State Convention as a suitable candidate for Governor. Other counties of the State have endorsed him. Speaking of Chowan Association, the Clarion says: This is an organization of sixty-eight Baptist churches, situated in the counties of Currituck, Camden, Pasquotank, Perquimans, Chowan, Gates, Hertford, Bertie, Northampton, Halifax, Martin, Washington, Tyrrell and Dare. The organization was formed in 1806 at Salem church, in Pasquotank county. A correspondent of the Goldsboro Messenger says "bring in another horse, and add: 'Let us realize—if we can admit all the dials in the world, and our partisans have raised—that the coming campaign is not intended solely to promote the ambitious schemes of either Gov. Jarvis or Judge Fowie, and that we may have either harmony, the willing, constant and devoted efforts of every Democrat in behalf of the Convention's nominee—and we will need them all—let us relegate both of these gentlemen to the shades of private life.'"

At Rutherford Court, as we learn from the Asheville Journal, Angelo Rixy, an Italian, was sentenced to forty years in the penitentiary for burning John Garrison's store, stables, &c., in Polk county. Keith, the man who outraged and murdered a little negro girl in Cleveland county, as reported in the Star some time since, was also tried and found guilty of murder in the first degree. He was sentenced to be hung, but of course an appeal will be taken to the Superior Court at its next session, which will delay the hanging till some time next winter. The Fayetteville Banner says that Mr. Marshall V. McDuffie has been ordained at Wake Forest College, as a Minister of the Gospel, and has received a call from the Baptist Church at Littleton, N. C. The closing exercises of the W. S. High School, last week, we learn from the Brief Mention, passed off in every way successful. Large, intelligent, attentive audiences were present in the gymnasium were all very interesting. Dr. J. M. Sprunt preached the annual sermon, and on Friday, Rev. J. T. Bagwell opened with prayer, after which Rev. Dr. T. H. Fritchard delivered the annual address.

Charlotte Observer: An Italian greyhound, belonging to a citizen in this city, became frightened in the Hornets' army yesterday afternoon and leaped from the third-story window. Instead of being killed, as everybody who saw the leap expected, he bounded in a minute and landed a half dozen dogs down the street. A gentleman of this city wrote to Benj. F. Taylor a short time ago, inquiring if he claimed the authorship of "The Long Ago," the beautiful poem which has been attributed to the late Philo Henderson, of this county. In reply, Mr. Taylor writes from his home in Syracuse, N. Y., to say that he wrote the poem at the close of the year 1828, and published it in 1830. A writer in the Weldon News gives this: It is rather remarkable that Halifax county was not called Edgecombe. From Martin's Review we take the following: "Halifax county erected in 1766. It is, therefore, enacted by the Governor, Council and Assembly, and by authority of the same. That from and immediately after the first day of January next ensuing, the said county of Edgecombe be divided by the following lines: Beginning at the old Edgecombe and the parish of St. Mary. And that that part of said county, which is now the parish of St. Mary, remain and be called and known by the name of Edgecombe county, and that the other part thereof, which is now the parish of Edgecombe, be thenceforth erected into one district county and called and known by the name of Halifax."

Raleigh Observer: We learn that the Central Executive Committee have invited Metropolitan Hall for the 17th of June ensuing. Warren letter: To poll the full strength of the Democratic party in Warren county, some one other than Governor Jarvis and Judge Fowie will have to be nominated. Many talk as if Fowie and Jarvis are the only two men in this grand old Commonwealth eligible to the gubernatorial chair. Another correspondent: Is there no way to put some check on the present "gush" over our State candidates? All of our aspirants are doubtless good men and excellent citizens, but surely we have not all these years been in intimate association with so much superior talent and still remained in ignorance of the fact. Oxford Torchlight: Little Jack Barnett, of Roxboro, the champion fisherman of North Carolina, with two small boys, caught in four days 6,000 "fat roaches" out of Barnett's Mill pond. He spends 200 days out of the 365 every year in fishing in this pond, and his catch will average 30,000 "roaches" for each season. William H. Wimbleh, (col.) from near Henderson, was committed to jail last Saturday, charged with having made an infamous assault upon the person of one Henderson, who is the partner of Allen, from Walnut Grove Township, who lodged in jail Saturday night charged with destroying and concealing her child. Coroner Taylor worked the matter up, and says the evidence is conclusive. Tobacco plants are scarce in Granville, Person and Orange. Many of the best farmers in these counties have made an entire failure; others will have a poor crop, and some will supply their unfortunate neighbors with what they may "have over" after planting and replanting their own crops.

The following gory epistle has been received at these headquarters, and is printed exactly as it is written: Wilmington, N. C., May 21, 1880. To the printing department you will please state to the magistrates of this county that we have come to gether 50 men in each ward swearing that a runner shall not rest no one we have intruded on a long even and went stand it any longer, a strong current of public opinion, and the fact that we are ready after this month our names will be ran after if Joph Whitney or C. H. Strood or tony ash John Stacher or any of these runners rest us there is some hire dont fail to publish. We have 350 too hundred and fifty men sind to that arcted We is going to have it don way with or kill some of them we is tiard being treated as we has been if it is not stop it will constate some thing else. Federal Memorial Day. As the 30th inst., Federal Memorial Day, falls this year on Sunday, Monday, the 31st, will be observed. We learn that the Committee having the matter in charge have decided to have no procession. The public will be invited to meet on the grounds at 4 o'clock P. M., when an address will be delivered by Rev. D. D. Dodge, while Rev. D. J. Saunders, of the First Colored Presbyterian Church, will act as Chaplain. The graves will then be decorated with flowers, at the conclusion of which the assemblage will disperse.

The following will show the state of the thermometer, at the stations mentioned, at 4:31 yesterday evening; Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city: Atlanta,..... 83 Jacksonville..... 84 Augusta..... 83 Key West..... 82 Charleston..... 80 Mobile..... 84 Charlotte..... 80 Montgomery..... 74 Corianna..... 81 New Orleans..... 85 Galveston..... 78 Punta Rassa..... 77 Havana..... 77 Savannah..... 80 Indianapolis..... 82 Wilmington..... 76

Sermon on Heaven. Rev. Dr. Teasdale will preach in the First Baptist church to-night on Heaven. "Go wing thy way from star to star, From world to luminous world as far. As the universe spreads its flaming wall; Take all the pleasures of all the spheres, And multiply each through endless years, One minute of Heaven is worth them all." TOM MOORE. All are cordially invited to attend.

HORSFORD'S ACID PHOSPHATE has been used with excellent success for senilecties. It cures the violent symptoms to which old age is liable, and gives way to a healthy action of the functions impaired. All are cordially invited to attend.

Very little doing in Magisterial circles yesterday. Full moon this morning at 31 minutes past 8 o'clock. No City Court yesterday morning, the Mayor being still confined to his room. Twenty bunches of fish were condemned and sent out of the market yesterday morning. Mr. F. A. Schutte was expected to open his new house at Wrightsville Sound last night. Six candidates, one male and five females, were baptized at the First Baptist church Thursday night. The revival seems to be increasing in interest. Prof. F. M. Agostini has arrived here on a visit to his relatives and friends. We are glad to learn that he is fast recovering from the injuries he received at the recent fire in Atlanta.

Magistrate's Court. Lewis Green, colored, was arraigned before Justice McQuigg, yesterday, on the charge of committing assault and battery on the person of Dorcas Frank, colored. Defendant was ordered to pay a fine of \$5 and the costs, from which decision he appealed to the Criminal Court, and was required to enter into the necessary bond for his appearance. Dramatic. The Thalian Amateurs played to a first-rate house last night, at Tileston Upper Room. The piece, "Above the Clouds," was happily rendered, all the players being well up in their parts, and the audience seeming well satisfied. There is some fine talent in the Amateurs, and in their efforts to please they will deserve all praise and encouragement.

Stationary barometer, warmer southerly, veering to cooler westerly winds, increasing cloudiness and numerous local rains are the indications for this section to day. The Congressional Convention. It will be seen by advertisement that the Committee of Arrangements, Messrs. A. D. Brown, P. Heisberger and J. E. Sprunt, have chartered the steamer D. Murdoch, to take delegates to and from the Convention which meets at Fayetteville on the 2d of June. The steamer will leave her wharf at 9:30 o'clock Tuesday morning, June 1st. Fare for the round trip, meals included, \$3.00. RIVER AND MARINE. German barque Johann Carl, Borneo-man, cleared at New York on the 19th inst., for this port. British barque D. H. Bills, Sjobeck, which sailed from Liverpool January 19th, for Wilmington, N. C., has not been heard of since her departure. Once and after July 1, 1880, two lights will be displayed to guide vessels coming into the harbor at Port au Prince, to support which the Haytian government has levied the enormous tax of six cents per ton on all foreign vessels and three cents per ton on all Haytien vessels. CITY ITEMS. Extract of Report from the Colored Physicians, Erasmus Wilson, of London, England: "Several cases of incipient Consumption have come under my observation that have been cured by timely use of Golden's Liebig's Extract of Beef and Food Invigorant." GREEN & FLANNERY, Agents, Wilmington.
