MORNING EDITION.

Entered at the Post Office at Wilmington, N. C., as second class matter.

OUTLINES.

Hon. Lyman Trumbull has been nominated for Governor by the Ohio Democrats, and Louis B. Parsons for Lieutenant Governor...

A genuine Chinese doctor has set up in New York.

The Republican organs are now telling what a pleasant and wonderful fellow Garfield is.

Gen. Hagood does not desire to serve but one term as Governor. But that is in South Carolina.

Amongst the good things done at Chicago was getting Fred Grant out of American politics and the roll of American prophets.

North Carolina and Kentucky are the only States that have not held Democratic Conventions. Both will hold on the 17th instant.

The New York Herald waxed funny in its ridicule of Garfield as a probable candidate. It is now enjoying a nice dish of crow.

The Senate has confirmed the appointment of James E. Boyd as United States Attorney for the Western District of North Carolina.

We have good reason to believe that the census will show that the population of Wilmington is over 15,000. A year ago it was a little over 17,000.

Militia General Arthur married the daughter of Lieut. Herndon, of the U. S. Navy, a most gallant officer. We are glad Arthur's children will have some honest blood in their veins.

Major Clem Dowd, the Democratic nominee in the Sixth District, is a good lawyer, a man of character and of education, a member of the Methodist Church, a good writer and a "clever fellow."

This is authentic: Mr. Seymour says the reason he is not a candidate for the nomination is "because he does not think that the nomination belongs to New York." The Convention may think differently, and we hope it will.

The Washington Post of the 10th has a four-column article on "Credit-Mobiler Jim." That name will be apt to stick. It gives the record which Oakes Ames saddled on Mr. Garfield. It shows what was "Candidate Garfield's part of the swag."

Five more days and the Democrats of North Carolina will meet in Convention to name the State candidates. Every one who has at heart the welfare of North Carolina must feel a deep interest in what shall be done. With the right kind of a ticket a victory is certain.

Republicans in many sections make very wry faces over Garfield and Arthur. They know only too well what is coming. The following in the Dispatch's Washington letter is too good to be omitted:

"A veteran Washington journalist asked a leading Republican friend at the Capitol to-day to tell him candidly what he thought of the fellow who tackled the soup. He replied: 'I am remarking, 'This is the d--dest soup I ever tasted, but I like it.'"

THE MORNING STAR.

VOL. XXVI.—NO. 71.

WILMINGTON, N. C., SATURDAY, JUNE 12, 1880.

WHOLE NO. 4,003

A journalist ought to be able to write advisedly and agreeably on a great variety of topics, and to treat county, State, governmental and foreign questions intelligently, and, sometimes, even thoroughly. Long-winded, dull essays are not read, whilst animated, forcible, short, sharp editorials are. It will matter but little what the topic is it will be read, provided it is well and spiritedly written and is short. The latter is the most essential qualification with the reader.

It is a wonder to us that such an extraordinary item as the following is not willingly copied into every paper that is devoted to North Carolina. The STAR in a recent editorial gave these astounding and yet reliable figures. It beats the world: "Mr. Samuel C. Hogwood, of Granville county, N. C., worked two hands and two horses. Sold his tobacco for \$2,800. He harvested 150 bushels wheat, 100 barrels corn, 250 bushels oats, and killed 28,000 pounds pork. At a fair valuation his results show \$3,775, or \$1,887 to the hand. We put his wheat at \$1 25 a bushel, corn at \$4 (cut short in that county,) oats 75 cents, pork 7 cents."

Think of it, men of the South, \$1,887 to the hand.

The New York Herald singles out Seymour as the man to beat Garfield. It says at Syracuse the leading Democrats believe he will accept and certainly carry New York. Then nominate him. Commenting on this the Richmond Dispatch's special from Washington says:

"The same feeling is growing hourly at Washington among Congressmen and other Democrats. Judge Buckner said to-night, Seymour has only to say the word to carry the Cincinnati Convention by storm."

Democratic National Conventions. Delegates to the National Democratic Convention, to be held at Music Hall, 22d inst., have secured hotel accommodations as follows:

Table listing hotel accommodations for delegates to the National Democratic Convention, including Hotel Emery, Gibson House, and others.

Colorado, Minnesota, Nevada and Oregon have not yet secured quarters.

Spirits Turpentine. Montgomery has instructed for Fowle.

The papers call him Major Shackelford.

Mrs. Fanny Mallett, of Fayetteville, is dead.

What is the difference between electioneering by card or in person?

Col. W. H. Aver, editor of the late Goldsboro Mail is warmly mentioned, in connection with the nomination for State Auditor.

The proceedings of Wake Forest Commencement are too long for this issue. We will give a portion in next. There was a large crowd and a good time.

And now the Winston Leader trots out a 118 year old colored woman. This beats the 111 old woman of Wilmington. We are free to say we believe neither statement and by "a large majority."

We are making arrangements to enlarge the Banner, and we hope to be able next week to furnish our patrons a 28 instead of a 24 column paper. We will not increase our subscription price.—Fayetteville Banner.

Aheboro Courier: Gen. Soles is daily gaining strength for the gubernatorial nomination. The friends of Messrs. Jarvis and Fowle are becoming too bitter. It is not at all improbable that the result will be the success of a "dark horse."

Tarboro Southern: Edgecombe delegates are talking freely of a dark horse. Hon. George Davis has many admirers and could carry the county with a whoop. Hon. W. T. Dortch is most favorably mentioned, and Hon. Alfred M. Soles has no enemies.

Charlotte Press: Major Dowd is a native of Moore county, but a resident of this city for years, the law partner of Senator Vance for a considerable period, is an Alderman and President of the Commercial National Bank at the present time, and also practices his profession.

And now the STAR claims that Wilmington has a centenarian, in the form of an old colored woman 111 years old, whose children are old and gray-haired. We wonder if she didn't sure George Washington?—Fayetteville Banner. "Shake not thy gory locks at us." Inquire of "Ike local."

Mrs. Margaret H. Haywood, wife of Col. Ed. Graham Haywood, died at her home in this city yesterday, at 12 M., after a somewhat protracted sickness. She was the daughter of the Hon. Louis D. Henry, and had the highest education and cultivation of mind and manners, and was

remarkable for grace and beauty.—Fayetteville News. [She was a sister of Mrs. D. K. McRae of this city.—S.T.A.]

Alamance Gleaser: Rev. W. L. Wright, the new pastor of the Baptist church, preached Sunday morning and night.—The Seaboard boom boometh.

The Evening Post and State Journal still continue to count the vote for the gubernatorial contestants. Some mistake in calculation will be discovered about the time the State Convention meets.

Here are some of the numerous candidates for State Auditor: Col. J. G. Barr, of New Hanover; Maj. Thomas Sparrow, of Beaufort; R. A. Showell, of Wake; Dr. Sam L. Love, of Haywood; Capt. Rufus Amis, of Granville; Col. W. H. Aver, of Wayne; A. J. Partin, of Wake; Solomon J. Meeklenburg; A. E. Merritt, of Chatham; Gen. W. F. Roberts, of Gates, and T. A. Nicholson, of Iredell.

Goldsboro Messenger: The negro Alex. Howard will in all probability pay the death penalty on the gallows on Friday, the 26th, unless his Excellency, Gov. Jarvis, shall interfere, which seems not at all likely, as no considerable amount of money is being made in that direction. The crime for which Alex. was convicted, the killing of Mr. Antrey, was a most diabolical one, and there is scarcely any doubt of his guilt.

A cruel joke was perpetrated at Greensboro. The Patriot says the steps leading to the lodge of Good Samaritans were removed by some unknown person. When the lodge ended its session Mary Blount was the first to reach the door, and walking out unconsciously stepped off into empty space. The joke proved a serious one. While no bones were broken by the fall, the woman sustained internal injuries, which may prove fatal to her health for the rest of her life.

Kinston Journal: Kin Hay, a seventeen-year old boy near Rynum & Jenkins store, in Onslow county, died on Saturday, June 6th, weighing 254 pounds. Henry Barber, a colored man, while hunting, jumped him, and young Hay, with a crowd of hunters who had joined in the chase, came to where the dogs had treed him, and killed him at the first fire. This makes the third bear killed in that neighborhood within the last two weeks.

Salisbury Democrat: A number of the young men of Salisbury met at the Mayor's office, Monday night, and organized a Military Company. Mr. Theo. Parker was elected Captain by acclamation. Mr. Wallace Gray was elected 1st Lieutenant also by acclamation.—Zeb Vance was considered the strongest man in the State in 1876; yet Fowle, as elector, got 2,400 more votes than any other man before the people for anything. But the Jarvis men say that was because he was a Presidential elector. They forget that there were other electors, and his vote largely exceeded that of the others.

Fayetteville Examiner: Mr. Elam is a native of Fayetteville, and was regarded as one of the most talented young men ever raised in this place. Since his adoption of the profession of journalism he has strengthened the high opinions entertained of his abilities, having won a high reputation as a polished and forceful writer.—Greensboro has prohibited the sale of intoxicating liquors within her limits. Nevertheless, it is computed that about seven barrels per week of the ardent fire was consumed there. Meantime, the revenue from licenses on the other hand has been increased by the sale of the same.

We glean the following from the Charlotte Press concerning the Congressional Convention in the Sixth District: After the adoption of appropriate resolutions the following candidates were placed in nomination by their respective friends: Col. William Johnston and Major C. Dowd, of Mecklenburg; Col. R. T. Bennett, of Anson; Col. Rowland H. Hoke, of W. L. Steele, of Richmond; Col. J. F. Hoke, of Lincoln; Col. M. L. McCormick, of Catawba. Thirteen ballots ensued without a result, and at 6 P. M. they took a recess until 9:30 o'clock. During these ballots Col. Bennett carried with three votes of being nominated, receiving 84; and at one time Col. Johnston got 79; on the 13th ballot. After the recess on the 14th ballot Col. Johnston's friends relinquished their claims for him, and with wonderful unanimity voted in order to defeat Col. Bennett, the eastern representative, voted for Major Dowd and so did all the western delegates nearly, securing his nomination by a vote of 88, which was made unanimous amid cheers and applause.

Thermometer Record. The following will show the state of the thermometer, at the stations mentioned, at 4:31 yesterday evening, Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city:

Table showing thermometer records for various locations like Atlanta, Jacksonville, Key West, etc.

Excursionists. The excursionists from Laurinburg, composed of employees of the Carolina Central Railway shops and their families, arrived here yesterday morning. There was quite a crowd of them. To-day they take a trip down the river on the steamer Passport, visiting Smithville and the Blackfish grounds, and this evening they will return home on the regular train for Laurinburg. We hope their trip may prove in every particular a pleasant one.

Mayor's Court. The only case before the Mayor's Court yesterday morning was that of the somewhat notorious and irrepressible Mary Eliza Lively, who was arrested for disorderly conduct and swearing on the public streets. She was ordered to pay a fine of \$5 or go below for ten days. Although in the lively category, she didn't seem to receive her sentence with much degree of cheerfulness.

Our Population, &c. On the authority of the Superintendent of Enumerators we are enabled to state that the census of the city will undoubtedly show a population of over 20,000, which will give us three postal deliveries for the city, with one additional for every additional thousand. The superintendent says we can count with confidence upon five, which will certainly result in great convenience to the people of Wilmington.

Two three-masted schooners, one loaded and the other light, were reported in below yesterday afternoon.

MARRIAGES. MATHIS-HERRING.—On Monday last, at the First Baptist Church, in this city, by the Rev. J. B. Taylor, of this city, Mr. J. ALBERT MATHIS, of Camden, N. J., to Miss MARY EMMA HERRING, of this city.

DEATHS. WOOTEN.—At Woodville, Columbus co., N. C., OLEBERT WOOTEN, youngest son of S. C. and Elvira Wooten, aged three years and three months.

"Sister little children to come unto me, and forbid them not, for of such is the kingdom of Heaven."

To-Day's Indications. Stationary barometer, stationary or higher temperature, southerly winds, partly cloudy weather, possibly preceded by occasional local rains on the North Carolina coast, are the indications for this section to-day.

The Escaped Burglar. Much speculation has been indulged in as to the manner in which George Myers, the colored burglar, escaped from the county jail. The idea that Joe Campbell, who was confined in the cell with him, and who was actually chained to him, could have remained unconscious of what was going on and ignorant of the escape until after daylight the next morning, is not for a moment believed. It is the impression of those who examined into the matter that Campbell assisted Myers in getting out, and did not himself leave because he indulged the opinion that he would escape serious punishment through the regular process of law. A competent mechanic examined the door of the cell from which Myers escaped, and says the heads of two of the rivets had rusted off, so that it was not such a difficult matter after all in getting the bars loose, and then breaking them.

Up to last accounts no clew had been obtained as to the whereabouts of the escaped criminal.

Tax Listing. Up to 5 P. M. yesterday just 1,171 persons had listed their city and State and county taxes. This is only a little over one-third of the actual number liable to taxation, and about one-half the time has expired. The rush, however, usually commences during the last week and continues to the last hour devoted to taking the lists, and those, therefore, who would avoid the crowd and confusion should list at once and be done with it. They will find very clever gentlemen ready to wait on them in the two rooms at the City Hall devoted to that purpose, and lists already made out to facilitate the matter.

All Right Again. Another fine horse has been purchased for the Little Giant steam fire engine. He making a very good match, both in appearance and build, with the survivor of the late runaway disaster, and has been christened, "Harry Brock," the name borne by the victim of the accident alluded to. The "Little Giant" now has a fine team once more, and we hope it may prove a substantial one. The new horse was purchased from Capt. T. J. Southernland, and is said to be a Kentucky nag, about six years old. He is a little lighter than his predecessor.

Appointment. Capt. Geo. F. Divine, Superintendent of the Wilmington & Weldon and Wilmington, Columbia & Augusta Railroads, has been appointed Superintendent of the North Eastern, the Cheraw & Darlington and the Cheraw & Wadesboro Railroads, all of which connect at Florence, S. C., with the Wilmington, Columbia & Augusta Railroad. Capt. D., we understand, enters upon his new duties on the 15th inst. He will continue to have his headquarters in this city.

For the Star. Mass-Meeting in Onslow. In pursuance of a call of the Democratic Executive Committee, made several weeks ago, a large assemblage of citizens of the county of Onslow met in the Court House at Jacksonville on Monday, June 7th, 1880, and was called to order by Richard W. Nixon, Esq., Chairman of the Executive Committee. Mr. Nixon stated that the meeting had been called for two purposes; first, to elect the present Executive Committee to resign, and second, to let the people appoint a new Executive Committee, and, by consulting together, devise some plan that would secure efficient organization and harmonious action in the Democratic party in Onslow. He then called Dr. E. W. Ward to the chair.

On motion, a committee on permanent organization was appointed, and on its report Dr. E. Sandlin was made permanent chairman, and C. Thompson and N. N. McMillan were chosen secretaries. Mr. Spicer moved that the Chair appoint a Committee on Resolutions, consisting of three gentlemen from each township. The Chairman appointed the committee as follows: H. H. Sandlin, J. W. Spicer and Dr. Wm. D. McMillan, for Stump Sound; L. O. Fonville, M. Russell and W. B. Ward, for Swansboro; George M. Nash, Matt. Toole and Dr. W. J. Montford, for White Oak; A. J. Murrill, Richard W. Nixon and J. G. Scott, for Jacksonville; C. Stephens, F. Thompson and Dr. J. L. Nicholson, for Richlands.

Motion was made and carried that one of the secretaries be added to the committee. The committee then retired, and after some delay returned and offered the following report:

We, the Democratic citizens of the county of Onslow, in mass-meeting assembled, in order to harmonize our party throughout the county, adopt for our governance the following resolutions:

1st. That the County Democratic Executive Committee shall name a day on which a primary election shall be held in every election precinct in the county, and their committee shall appoint poll-holders for this primary election.

2d. That the poll-holders, on such a day as the Executive Committee may direct, shall make, at Jacksonville, proper returns of all votes cast in their respective precincts; and the Democratic Executive Committee shall ascertain and declare the results of the election.

3rd. That whoever is found to have received the plurality of votes shall be declared the party's candidate. 4th. That if two or three aspirants receive an equal number of votes, the Democratic County Executive Committee shall have power to declare which of them shall be the candidate. These resolutions, after some discussion, were adopted. The committee on resolutions offered the following resolution also:

WHEREAS, We, the Democratic citizens of Onslow county, in mass-meeting assembled, have heard with pride, that the nomination for Congress, in the Third Congressional District, has fallen upon our very worthy and distinguished countryman, Jno. W. Shackelford; be it, therefore,

Resolved, That we, the Democratic citizens of our entire satisfaction in the choice of the Fayetteville Convention, that we assure our brethren throughout the District that our standard-bearer is a true Democrat and a vigorous, far-seeing, thorough canvasser; and that, both to the party in this District and to him, we pledge the undivided strength of the Democracy in Onslow.

This resolution was unanimously adopted. The County Executive Committee then offered their resignation, which was accepted. On motion, the thanks of the party were returned to the members of the committee for the faithful discharge of their duties.

The meeting proceeded to elect a new committee, with the following result: Dr. Wm. D. McMillan, of Stump Sound; Dr. E. W. Ward, of Swansboro; Dr. Wm. J. Montford, of White Oak; James G. Scott, of Jacksonville, and L. A. Hargett, of Richlands.

For the purpose of effecting a thorough organization, the Executive Committee was, on motion, instructed to appoint in each township a sub-committee of five, and in each precinct a sub-committee of three.

On motion, the County Executive Committee was empowered to appoint delegates to the Ninth Senatorial District Convention; and it was also declared that any Democrat who should be absent from the Convention should be considered a delegate.

The proceedings of this mass meeting were ordered to be sent for publication to the Wilmington STAR, with the request that the paper in the Third Congressional District, and the Goldsboro Messenger and Kinston Journal copy.

The meeting then adjourned. D. E. SANDLIN, Chairman. C. Thompson, N. N. McMillan, Secretaries.

People learn wisdom by experience. A man never wakes up his second baby to see it laugh, but always keeps Dr. Bull's Baby Syrup handy.

CITY ITEMS. THE MORNING STAR can always be had at the following places in the city: The Furnell House, Harris' News Stand, and the STAR Office.

BABY PRIZES, \$600.—An eminent banker's wife of N. Y., has induced the proprietors of that great medicine, Hop Bitters, to offer \$500 in prizes to the youngest child that says Hop Bitters, in any language, between May 1, 1880, and July 31st. This is a liberal and interesting offer, and every body and his wife should send two or three lines to the Hop Bitters Mfg. Co., Rochester, N. Y., U. S. A., for circular, giving full terms, and begin at once to teach the children to say Hop Bitters and secure the prize.

WHAT EMINENT PHYSICIANS SAY.—FRANCIS OF MARIANA.—Golden's Liebig's Extract of Beef and Yeast Biscuits is particularly useful when weakens are required, being tolerated when other food is refused. In Diarrhoea, Cholera, Ague, Malaria, Typhoid Fever, and every depressing disease, we have prescribed it with excellent results. M. D. G. P. COPY. M. D. S. B. F. P. M. D. R. A. Vaughan, M. D., D. M. D., and J. C. Nidelet, all of St. Louis, and many others.

MRS. WINSLOW'S SOOTHING SYRUP.—Rev. Sylvanus Cobb thus writes in the "Boston Christian Freeman":—"We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing, giving an infant troubled with colic pain, and the parents unbroken rest at night. Most parents can appreciate these blessings, which this medicine affords. It is perfectly natural, and the little cherub awakes as a healthy, fat, and contented child. It is worth its value in its incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething stage, on any consideration whatever. Sold by all druggists, 25 cents a bottle."
