Old Mad Wells likes the nomination of Garfield. Of course.

Gen. Roger A. Pryor was on the floor of the Senate Tuesday. He is for Bayard.

Tilden denies emphatically the last report of his withdrawal. He is reported as vexed.

Senator Hampton is not at all sanguine of the nomination of his favorite, Senator Bayard.

The Washington Post asks how would this ticket answer: For Presi dent, Jeremiah S. Black, of Pennsylvania; for Vice President, Abram S. Hewett, of New York.

Can the astute Philadelphia Times be in earnest when it advises the Democrats to nominate Grant? Surely, it is working for Garfield and Arthur if it advises such folly and stupidity.

John Sherman is disgusted with Commissioner Raum's violations of the civil service order, and rumor says he will bounce him. Raum boomed for "the strong man" and was one of the 306 who fought to the last for

Mr. Seymour has spoken at last and definitely. He declines to be a candidate or to accept the nomination if tendered him. We regret his course. It complicates the question of the candidacy. But more of this

During the debate on the Mexican War Pension bill Ingalls intimated that Voorhees, who was making a somewhat acrimonious speech, was in liquor. This called out the lie promptly. Afterwards Ingalls withdrew the insinuation, when all was serene again.

Congress has adjourned. The veto message was laid over for future action. Next winter it may be taken up, but in the meantime the Republicans will have all of the deputy marshals, and the election for President will be over, if not settled

The New York Herald's Washington special of the 14th says of the College, on the 17th inst. way Garfield is regarded by his Republican associates in Congress:

"The Republicans just now squirm awfully at Garfield's sins, but they ought to look at their own records. With the exception of Edmunds and Cookling there is not a clean man among their prominent

Our friend of the Greensboro Patriot said, recently:

"The simple fact that Gen. Scales does not want to be Governor makes him the stronger candidate. It would be a rare sight, and one which the people desire to see—a man in an office he did not want. Jarvis will make a good Governor, so will Judge Fowle; but Gen. Scales would make a good Governor and could be more sure of victory."

It is now "hollowing" Jarvis.

Gilmer was nomi-In our article Saturday we stated that "all Jatvis delegates, it is understood, are to be passed to the Convention at Raleigh, Thursnated for the Judgeship in the Fifth District by the Convention held at Darham on Tuesday. He was nominated on the seventeenth ballot. Ex-Judge Ruffin, of Orange, John W. Hays, Esq., of Granville, and Hou. John Manning, of Chatham, were voted for. Ruffin received 67 votes on the first ballot and 73 on the fifteenth. Hays receive 68 votes on the fourteenth ballot. On the ninth ballot Manning had 67. Gilmer got 71 votes on the first ballot. On the sixteenth he had 94. Judge Gilmer

Mr. Speaker Randall is somewhat cooling in his arder for Tilden since he found out that he had been dropped by the Gramercy politician for another coparcener. This leads the New York Express, Democratio, to

s an excellent selection every way.

"Perhaps it may occur to Mr. Randall that had he let Mr. Sam Tilden alone five years ago and devoted all his time and talents to the service of his country, the whole country and nothing but the country, making no bargains with anybody, indulging ir no 'futile 'dalliance' with the Republicans on the one hand, or ciphermongers on the other, he would be at the top of the Democratic party to-day, and its most available candidate for President."

The following concerns the Republican candidate for President. copy from the State's special from Washington:

"Garfield's record is undergoing a thorough sifting at the hands of the Democrats and all his misdoings will be collated and arranged for publication in pamphlet form. Among the interesting articles it will contain will be extracts from editorials published in the leading Republican newspapers about the time the Credit Mobilier and Districts Ring swindles came to light. This bit of history may be illustrated by copies of the cartoons that appeared in Harper's and other publications about that time."

"This morning Messrs. James B. Walters and William L. Royall and Drs. Hugh M. Taylor and M. B. Carter were before the grand jury of the Hustings Court, the latter three as witnesses. Dr. Taylor and Mr. Royall refused to testify, because they said they could not do so without crimicating themselves. Nothing has been heard of 'ol. Smith and his second, Mr. Green."

Foreign importations last week aggregated very nearly \$12,000,000, and more to hear from. This does not look well for the country.

Pender Court.

We learn that this Court, in all likelihood. adjourned yesterday afternoon, the business of the term being pretty well through with yesterday morning, when our informant left Burgaw.

Only four criminal cases were tried at the

Joe Williams, colored, charged with burglary, in breaking into the storehouse of Thomas Williams, at Burgaw, submitted to verdict of larceny and was sentenced to the State penitentiary for ten years.

George Harrelson was sent to the State penitentiary for five years for breaking into a store on Topsail Sound.

Two cases against Mr. W. D. Mahn, of this county, for assault on Mr. Bardenmention of which was made in the STAR at the time of the difficulty-were dismissed at the cost of the prosecutor.

Pennington, the colored school teacher who was convicted of larceny in stealing a watch from one Cudjo Larkins, colored, was sent to State's prison for five years.

People living on Second street, between Ann and Nun, were alarmed Tuesday night by loud cries and a general disturbance that aroused the whole neighborhood. tween Isaac Storks and Harriet Middleton, colored, in which brick-bats, stones and sticks were thrown about in a vigorous style that augured ill for the safety of bystanders. The disturbance quieted down after awhile, to be renewed by the same parties yesterday morning on Front street, near Castle, in which the brick-bat performance was repeated, ending with Storks throwing the woman down and beating her with a stick. The parties were arrested for the affray and brought before Justice Millis who imposed a fine of \$5 each and the costs on the belligerents.

the Blooms Booming.

"About this time," as the almanacs say, look out for" blooms. Not iron blooms, for these we know little about here; nor the bloom upon the rye," which has "all seasons for its own;"-but the pretty purple cotton bloom, which gladdens the heart of the planter and causeth him to rejoice over his less fortunate neighbor. Tuesday last the first of the season put in an appearance at the STAR office, and was duly chronicled in these columns. To-day we have another to report, received by mail from "Cov." at Laurel Hill, which the sender says bloomed on the 18th inst., and "was pulled from an average stalk in a fifty-acre cotton field belonging to Mr. S. R. Townsend, near Laurel Hill.'

The writer adds the gratifying information that crops in that section of the county were never better for this time of the year.

Struck by Lightning.

The residence of Col. Jno. W. Gordon, on Seventh, between Chesaut and Mulberry streets, was struck by lightning during the violent storm of Tuesday night last. The electric fluid struck the brick chimney, following it to the roof, where the force of the current was apparently divided, a part following the water pipes from a cistern, through the roof into a room that was unoccupied at the time, fortunately. Several bricks were knocked out of the chimney in this room and the place filled with soot, which covered the furniture. The lightning passed down the pipes through this room to a bath-room below, where the wood work was splintered and scorched. Col. Gordon was seated in another room close to a fireplace, at the time, and experienced a severo shock. Beyond this, the inmates of the house escaped.

Railroad Matters. The Charleston News and Courier of Tuesday says: "Mr. J. F. Divine to-day takes charge as General Superintendent of the Wilmington & Weldon, Wilmington, Columbia & Augusta, Cheraw & Darling ton and Cheraw & Salisbury Railroads; and the Northeastern, which is an important link in the Atlantic Coast Line, will hereafter also be under his direction. Mr. C. S. Gadsden is the Superintendent of the new Charleston & Savannah Railway, which is also a link of the Coast Line. It is probable that Mr. A. Pope will be made the General Freight and Passenger Agent of the Atlantic Coast Line."

MRS. WINSLOW'S SOOTHING SYRUP.—Rev. Sylvanus Cobb thus writes in the "Boston Christian Freeman":—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing byrup we can speak from knowledge; in our own family it has preved a blessing indeed, by giving am infant troubled with colic pains, quiet sleep, and its parents unbroken rest at night. Mest parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever.
