From Professor A. Jackson Laval, University, Quebec. "I have used a good deal of Golden's Bilebe's Liquid Extract of Beef and Tonic in my private practice, and I can recommend it as an extremely useful in cases of depression, debility and general exhaustion requiring strengthening nourishment."

PREJUDICE KILLS. "Seven years ago my daughter suffered on a bed of misery under the care of several of the best (and some of the worst) physicians. She gave her distressing cries, but no relief, and now she is restored to us in good health by simple remedies as Bilebe's Bitter, and we have had her for two years before us. We earnestly hope and pray that no one else will let their children die as we did on account of prejudice against so good a medicine as Hop Bitters." The Parrot, a Telegram.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for his child. On reaching home he acquainted his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby dead, and while contemplating another sleepless night, the mother stepped from the room to administer to the child, and found the father with the child. During her absence she administered a portion of the Soothing Syrup to the baby, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden change, and although at first offended with the deception practiced upon her, has concluded to use the Syrup, and suffering crying babies and restless infants have disappeared. A single trial of the Syrup never yet failed to give relief. It is a remedy of the most delicate and safe nature, and overcomes the prejudices of the mother. Sold by all Druggists. 50 cents a bottle.
