Nor.h Carolina on the first ballot voted 7 for Bayard, 1 for Hendricks, 9 for Hancock and 1 tor Tilden. We weader who voted for Uncle Samuel?

Mr. John H. Guest, a well known electrical inventor of Brooklyn, N. Y., has made some important improvements in Edison's electric lamp.

What there was in Tilden's letter to create any change in his favor we have failed to see up to this time. It was adroitly written of course. We are delighted at the result.

Four more days and the time al lotted for the taking of the census will have expired. It takes a month in this country to do badly what is done well in England in one day.

There is no longer any doubt of the success of the Democratic State ticket in November. The nomination of Gen. Hancock fixed that. He is strong enough to carry any amount of extra weight.

The Chicagoans reaped bountifully during the session of the Stalwarts. It is represented as being the thirstiest set that ever assembled in one town. "Sour mash and old crow' stood no chance.

There was a rumor the other day that Hayes had died of paralysis. There was nothing of the sort. Mr. Rogers was preparing civil service order Number Two, when his boss had a "canipshun."

Prof. A. M. Mayer has invented an instrument called the Topophone. It is to enable a person to determine surely and quickly the exact direction and position of any source of sound. It is said to be very complete.

And now let the Hancock and English clubs be formed. There should be one in every township in North Carolina. With a good chairman and a good working committee there ought to be thorough organization.

"All at sea" was the cry after the first ballot. In a short time the cry was "Land Ho!" and now the splendid Democratic ship has entered the haven of safety with the streamers and banners floating from mast-heads and ropes, and the proud flag of llaucock and English streaming in soft and propitious breezes.

Twenty-six Irish Republicans are trying to get up enthusiasm for Garfield and Arthur. They propose to call a convention, to meet on July 14th, at Indianapolis, Indiana. Tom Keogh is the signer of the call from North Carolina. Tom hurrahed for Grant and the third term. Now he mess of pottage.

A man who firmly believes that a second good will come next November to cover the whole face of the earth is building an ark at Helens, Texas. The craft will hold fity persons, with food for forty days and forty nights, and he will take passengers at

county, is dead.

- The University Normal School s now in operation. - Crops are excellent in Camden,

Hyde and Currituck counties. - The Charlotte Democrat much dissatisfied with Gen. Hancock's

nomination. - The Historical Society of North Carolina passed suitable resolutions on the

death of the late lamented and eminent Judge John Kerr. - The ballot for Attorney General as reported in the Raleigh News, was as fol-

lows: Kenan 818, Watson 167, Caldwell

140, Strong 103-nearly two to one. - There was not-a North Carolina Jarvis supporter who was deemed equal to the task of running successfully the Demo-cratic State Executive Committee. Com-plimentary to the said North Carolinians.

- Greensboro Beacon: On Tuesday evening last quite a storm visited the northeastern part of the county, doing much damage to crops and fences. -Since the opening of eight bar-rooms in our city, considerable "spirit" is manifested

daily. - Charlotte Observer: At the recent annual election of officers of the Mecklenburg Rifles, the following officers were chosen: Captain, James M. Davis; First Lieutenant, W. J. McLaughlin; Second Lieutenants, N. S. Alexander and

- Raleigh Observer: The pupils of the East Raleigh Graded School (colored) gave a pleasant exhibition and concert at Metropolitan Hall last evening Charles Hunter is principal of this school, which is an excellent one, and has about 125 pupils in attendance.

- The Durham Tobacco Plant says that Gov. Jarvis has selected the Durham Light Infantry as a special body guard to King's Mountain celebration. The company will come to Raleigh and escort the Governor from here to King's Mountain and return with him.

- Raleigh Observer: Application baving been made Monday commutation of the death sentence of Alex. Howard, sentenced to be banged at Goldsboro, on Friday next, 25th inst., he has been respited to July 9th, to allow Gov. Jarvis time to examine the case.

- Fayetteville Examiner: The Baptists of Fayetteville will celebrate on Sunday, the 27th, the 100th anniversary of the establishment of Sunday Schools by Robert Raikes. Rev. N. R. Cobb will deliver an address, accompanied with other appropriate exercises, at the Baptist Church.

- Oxford Torchlight: Granville county will ever be proud of the support she rendered Fowle and Carr, and will always be glad to honor them with her vote for the highest trust in her power to bestow. These are our candidates in 1884. The popular voice of the people respond to this sentiment.

- Furmer and Mechanic: Gov. Jarvis took station in the capitol within forty feet of the stand, and was surrounded by a small array of admiring friends; while Messrs. H. C. Jones, P. B. Means, Major Gilliam et al. managed his forces in the field. Judge Fowle quietly remained at home, attended by enthusiastic friends.

- Raleigh Visitor: Fab. H. Busbee, Esq., will be orator of the day on Monday, the fifth day of July. - The Railroad to Asheville will be completed next week. How about a grand excursion from Raleigh? - The fare on all the railroads will be placed as low as it can be for the 4th. We want to see several thousand strangers in the city.

- Goldsboro Messenger: We are requested to state that Mr. E. T. Boykin, of Clinton, will deliver an address before the Sampson County Agricultural Society, on the first Sunday in July, at Clinton. When Senator Ransom wants anything in Congress for his people he generally gets it. He has the confidence and enjoys the esteem of all his associates in the Benate. - G. W. Koonce, of Jones county, is appointed sub-elector in place of Col. Benj. Askew, resigned.

-- Furmer and Mechanic: How Carr was beaten. Well you see, the grand Chief Proxy of the Southwest said to the grand Chief Proxy of the Northeast, Lo! mark you, the Central section is divided between Julian S. Carr, Thos. M. Holt, Kerr Craige and H. B. Short. Now come nigh and add thy ten counties to my ten counties. And behold we shall make a boom, and Robinson and Roberts ; will

sweep the Deck. And 'twas done. - Raleigh Post: We lose all hope and confidence in the Western North Carolina Railroad on the announcement of a Virginia policy, and corporation con-trolling it. — The machine completely ditched itself in the nomination of Auditor. Looking only to railroad circles for candidates, Gen. Roberts was found in the uniform of a director. But it was apparently forgotten that he originally voted against the \$70,000 appropriation, and later, as a director, opposed the assembling of the

Legislature and the sale of the road. - Charlotte Democrat: When cotton was selling here at 124 and 13 cents some farmers stored it, and this week they sold at 11 cents for best grades. "A bird in the hand is worth two in the bush," will always be true, no matter what theorists may say or preach. -A negro woman in Providence township, the wife of Geo.

Massey, colored, took hold of a shot-gun
by the muzzle for the purpose of removing it to the gun rack, when the lock struck some obstruction and the gun was exploded, lodging the load in the body of the woman, who died immediately. The same

- Kinston Journal: Within half a mile of Kinston there are thirty acres of rice in cultivation. — Prof. M. E. Hyams, the eminent botanist and superintendent of the large Botanic Warehouse of Wallace Bros., stationed in North Carolina, has paid Kinston a visit for the purpose of is hurrahing for Garfield and the opening the root and herb business. -Alek Tilghman, Esq., has hair and beard as white as snow, having been that color for over twenty-five years, caused by a long spell of typhoid fever when he was a very young man. However, for several months past his moustache has been gradually turning black again, and now presents a very dark hue in comparison

with his bair. -Raleigh News : The negroes did

Wooten, Lenoir; J. D. Whitford and C. C. Fear Military Academy. Owing to the Clark of Carolina Railroad and C. C. Spirits Turpentine.

— Mr W. H. Hancock, of Halifax cunty, is dead.

Wooten, Lenoir; J. D. Waltford and C. C. Clark, of Craven; J. M. Davis and B. L. Perry, of Carteret; and J. F. Parrott, of Lenoir- F. M. Simmons, of Wayne, was appointed proxy for the State. This is the old board, except B. L. Perry, who takes the place of Mr. Oglesby, from the same jority of the auditors were in a similar

> - Weldon News: On Saturday the 12th inst., the steam saw mill of Mr. J. R. Tillery, situated in this county between Crowell's X Roads and Scotland Neck, caught fire and was burned. The fire originated accidentally. —The fast mail train from New York to New Orleans will be put on about the first of next month. The appropriation has already been made, and nothing remains to be done but the arrangement of details. The train will arrive at Weldon about 5 o'clock P. M. and catch the regular passenger train at Wil-mington. Only three or four stoppages will be made. Going North the train will reach here about 2 o'clock. No alteration will be made in the schedules of the present mail and passenger trains.

St. Joseph's Male Academy. This institution, under the direction of the Sisters of Mercy, held its closing exetcises yesterday in the new and spacious school room on Fifth street. The exercises were not public, being only attended by the families and relatives of the pupils and a few invited guests.

To those who attended a couple of hours of pleasurable interest and enjoyment was offered by the numerous and well rendered songs, recitations and declamations provided by the boys of the Academy for the delectation of their relatives and guests. The pupils gave evidence of the thorough training under which they had passed the school year just closed, and reflected no little credit upon the teachers under whose watchful care and tutilage they had grown in the ways of learning.

After the exercises had been concluded the following premiums were presented by Rev. Father Wright, in a neat and happy

address appropriate to the occasion: The first premium, a gold medal, the gift of Mr. L. Brown to the Academy, was awarded to Master Willie Flanagan for exemplary conduct and the highest number of tickets of excellence. The second premium in the same class was awarded to Master Mercer Connor. Premiums were awarded in the second class to the following pupils: Master Thomas Dowling, John Barry, Wm. Mayo, Thos. Carroll, Dannis Larkins and Marion Winner. A number of other premiums were also distributed to the younger pupils of the Academy for distinction in arithmetic, writing, scholarship and exemplary conduct.

The Academy is represented to be in a very flourishing condition.

The Live Stock Market,

Up to Thursday last there was a dearth of beef cattle in this market, and butchers were put to their wits-end to supply the demand; but on that day one hundred and two head of beeves arrived, in three droves, from Brunswick, Onslow and Duplin courties, and were sold at 11@21 cents per pound, on the hoof. The "Market Company," an association of butchers, took 88 head, the balance were sold to outside butchers. Yesterday, 16 head were brought in and a fine drove of 50 sheep, by rail from Weldon. The former sold at 31 cents per pound, on the hoof-an extra fine lot. The sheep were bought at \$1 50 per-head.

situation. Everything appeared to pass off smoothly and agreeably. We had been fortunate in hearing read previously Prof. Von Jasmund's address on "Self Culture." and we are prepared to testify to its real excellence. It is a thoughtful and striking production, containing passages of much beauty and felicity, both of reflection and

The young men, or rather the boys (for we are glad to know there are some boys in the land yet, although Thackeray says, inhis admirable lecture on "Humor," that Young America declares his independence before he can read it)—the boys acquitted themselves well under the circumstances. Of course some were better than others but it would not be fair for us to discrimi nate unless we had heard more and better what was said. The valedictory was pronounced by Mr. H. D. Thompson, but having left upon an alarm of fire we did not hear it. The number of pupils entered was 58, and the average attendance 53. The students who stood excellent in their respective classes were Messrs. R. B. Cronly, H. Thompson, Douglass Cronly, H. L. Fennell, V. Grainger, Charles Smith, P. Taylor, Harry Boatwright, J. C. Virgil Hill, one of the two colored boys arrested for burglary, in enteriog the dwelling of Mr. Neimyer, on the 16th inst., was brought up for a preliminary examinabut, under the new law, the case was removed on affidavit to Justice McQuigg, by whom he was committed to jail for trial at the next term of the Criminal Court.

Nathan Jones, colored, caused the arrest of two members of the police force, charging them with assault and battery. Warrants were taken out in Justice Gardner's Court, but the case was removed, for trial by Justice McQuigg, before whom it will come up to-day, a jury being demanded by the defendants. Jones is alleged to have been behaving in a disorderly manner on the streets a few nights ago, and refused to accompany the policeman who arrested him. The latter procured the assistance of another member of the force and together they tied Jones and carried him to the lock-up in a cart. There are a dozen or more witnesses in the case.

Keeping Fish Fresh With Sugar.

A method said to be used in Portugal for preserving fish consists in removing the viscera and sprinkling sugar over the interior, keeping the fish in a horizontal position, so that the sugar may penetrate as much as possible. It is said that fish prepared in this way can be kept completely fresh for a long time, the flavor being as perfect as if recently caught. At this season of the year, when it is so difficult to keep fish from spoiling, this hint may be worth something. At any rate it will cost little to try it. A tablespoon of sugar is said to be sufficient for a five pound fish.

PREJUDICE KILLS.—"Eleven years our daughter suffered on a bed of misery, under the care of several of the best (and some of the worst) physicians, who gave her disease various names, but no relief, and now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had poohed at for two years before using it. We earnestly hope and pray that no one else will let their sick suffer as we did, on account of prejudice against so good a medicine as Hop Bitters."—The Farents.—Telegram.

Hon. Alexander H. Stephens, John W. Beckwith, Bishop of Georgia; Gen. John B. Gordon, U. S. Senator; Hon. John Gill Shorter, Rt. Rev. Bishop Pierce, J. Edgar Thompson, Hon. B. H. Hill, Hon. John C. M., Philadelphia, and many others—names of eminent and well known individuals who certify from actual experience to the great success of the Regulator in subduing diseases. No preparation ever offered to the public recommended as is Simmons Liver Regulator. Its virtues have received every form of endorsement that incredulity could demand. Be sure you obtain the genuine in the White Wrapper, with the red Z and signature of J. H. Zeilin & Co.

A BENEFACTRESS.—Just open the deor fer her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure that we will teach our "Susy" to say, "A blessing en Mrs. Winslow," for helping her to survive and escape the griping, colicking and teething siege. MRS. WINSLOW'S SOOTHING SY-RUP relieves the child from pain, and cures dysentery and diarrhea. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—knew her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.

HONEY FROM POISON.—The Supreme Court of the State of Louisiana, sitting in banc at New Orleans on the 31st of May, in a decision maintaining to the utmost the vested rights of the Louisiana State Lottery Company, thus briefly but forcibly alludes to the institution assailed: "The Louisiana State Lottery cannot repudiate its charter nor exonerate itself from the payment of a license, the amount of which goes te a charitable institution (the far-famed Charity Hospital at New Orleans) essentially necessary for the relief of suffering humanity, and without adequate means of self-sustenance. It was, no deubt, wise in the State to regulate reprehensible, but, perhaps, irrepressible sustenance. It was, no deads, wise in the State to regulate reprehensible, but, perhaps, irrepressible inclinations for that sort of speculation, so as to draw from those who follow them, as it were, honey from poison, for the betterment of the destitute classes of society." This is a proper expression of the highest character from the highest authority at home of the character of the business of The Louisiana State Lottery Company, and any one in-terested can learn all particulars by applying to M. A. Dauphin, New Orleans, La., or same person at No. 319 Broadway, New York City,
