

PUBLISHED DAILY EXCEPT MONDAYS. RATES OF SUBSCRIPTION IN ADVANCE...

MORNING EDITION.

Printed at the Post Office at Wilmington, N. C., at second class matter.

OUTLINES.

Chastine Cox was hanged in New York. It is certain 119 persons perished in the Niaca colliery. The French Fete continues. The German Ambassador has presented the collective note to the Porte.

A pamphlet is in course of preparation, so the papers say, that will give Garfield's record, including articles from Stalwart papers on the Credit Mobilier and other scandals, and Nast's cartoons illustrative of the same, as they appeared in Harper's Weekly.

Gen. Barringer said he did not expect to make such an extended canvass as had been stated in some of the papers. Charlotte Press.

A reporter called on Judge Buxton yesterday to request an interview of him, but the Judge declined to be interviewed, saying he was not in a condition to give any definite information concerning himself politically.

Judge Cannon, who aspires to be Auditor, has found apt spelling scholars in New York. The "Society of Christian Workers," of Rochester, in their circulars just issued, spell Jehovah with a G, just as Judge Cannon used to sign himself R. H. Cannon.

Mr. A. R. Black, the Republican nominee for the office of Superintendent of Public Instruction, was a short time since a Greenbacker. He was, we believe, a member of the Convention which brought out Judge Daniel L. Russell for Congress, and is now the Chairman of the Greenback Executive Committee of New Hanover county.

An astrologer, calling himself L. M. De Pera, and hailing from Lima, South America, is in this country. He is 43 years of age, and is smaller than Tom Thumb.

Mr. Barnum, Chairman of the National Democratic Committee, and Mr. Jewell, Chairman of the National Republican Committee, are both from Connecticut. If there were not two this would be singular.

The death of the little children in New York from the heat is very awful. It is a slaughtering of the innocents. Several hundred have died. As many as 71 in a day have perished from the excessive heat.

The negro murderer Chastine Cox, after a long delay, has at last received the punishment his great crime demanded. He was hanged in New York yesterday. He was calm and composed to the last. He will have a funeral.

The careful New York correspondent of the Philadelphia Ledger writes concerning Dr. Tanner: "He is very closely watched by the doctors, who are of rival schools of medicine. As soon as symptoms of danger appear, the public are assured the fact will be broken, and a reviving process begun, so that, it is claimed, there is no prospect of a fatal result."

Georgia has a good many more people than North Carolina and yet the Democratic State Convention is limited to 350. This is large enough. Already 160 delegates have been chosen. Of these the choice is as follows: "For Colquitt, eighty-one; Lester, thirty-one; a half; Hardeman, twenty-five; Gattrel, seven and a half; Warner, three and a half; anti-Colquitt, four; preferences unknown, eight."

The notorious rascal, Johnny Davenport, the U. S. Commissioner for New York, was before the Senate Investigating Committee. He acknowledged that ten persons served as witnesses in 8,245 supposed cases of fraudulent papers. He is a great villain and richly deserves the severest punishment. He is a mighty Stalwart and a ready tool of the Republican party.

THE MORNING STAR.

The wrath of Achilles has been appeased. He is now preparing in his tent for the campaign. Roscoe is his modern name. A Washington special to the Baltimore Sun says: "Senator Conkling has sent word to some of his personal friends here that so far from the statement about his going to Europe this summer being true, it is his purpose after a few weeks of rest to enter upon active campaign work, and to make a number of speeches not only in his own State, but in other sections of the country. This intelligence has greatly pleased the Republicans, who were led to believe that the New York Senator would keep out of the canvass this year, as he did in 1876. The administration Republicans are also quite pleased with this information, and regard Mr. Conkling's proposed action as indicative of a purpose to permit the New York Senator to represent as far as possible his grief and disappointment over the result at Chicago, and to try and elect the nominee of the party. It is believed here that if Mr. Conkling carries out his intention the campaign in New York will be sharper and closer than it would be if he continued to slink over Grant's defeat."

A pamphlet is in course of preparation, so the papers say, that will give Garfield's record, including articles from Stalwart papers on the Credit Mobilier and other scandals, and Nast's cartoons illustrative of the same, as they appeared in Harper's Weekly. Where is Berg and the law about "cruelty to animals?"

Gen. Barringer said he did not expect to make such an extended canvass as had been stated in some of the papers. Charlotte Press.

A reporter called on Judge Buxton yesterday to request an interview of him, but the Judge declined to be interviewed, saying he was not in a condition to give any definite information concerning himself politically.

Judge Cannon, who aspires to be Auditor, has found apt spelling scholars in New York. The "Society of Christian Workers," of Rochester, in their circulars just issued, spell Jehovah with a G, just as Judge Cannon used to sign himself R. H. Cannon.

Mr. A. R. Black, the Republican nominee for the office of Superintendent of Public Instruction, was a short time since a Greenbacker. He was, we believe, a member of the Convention which brought out Judge Daniel L. Russell for Congress, and is now the Chairman of the Greenback Executive Committee of New Hanover county.

An astrologer, calling himself L. M. De Pera, and hailing from Lima, South America, is in this country. He is 43 years of age, and is smaller than Tom Thumb.

Mr. Barnum, Chairman of the National Democratic Committee, and Mr. Jewell, Chairman of the National Republican Committee, are both from Connecticut. If there were not two this would be singular.

The death of the little children in New York from the heat is very awful. It is a slaughtering of the innocents. Several hundred have died. As many as 71 in a day have perished from the excessive heat.

The negro murderer Chastine Cox, after a long delay, has at last received the punishment his great crime demanded. He was hanged in New York yesterday. He was calm and composed to the last. He will have a funeral.

The careful New York correspondent of the Philadelphia Ledger writes concerning Dr. Tanner: "He is very closely watched by the doctors, who are of rival schools of medicine. As soon as symptoms of danger appear, the public are assured the fact will be broken, and a reviving process begun, so that, it is claimed, there is no prospect of a fatal result."

Georgia has a good many more people than North Carolina and yet the Democratic State Convention is limited to 350. This is large enough. Already 160 delegates have been chosen. Of these the choice is as follows: "For Colquitt, eighty-one; Lester, thirty-one; a half; Hardeman, twenty-five; Gattrel, seven and a half; Warner, three and a half; anti-Colquitt, four; preferences unknown, eight."

The notorious rascal, Johnny Davenport, the U. S. Commissioner for New York, was before the Senate Investigating Committee. He acknowledged that ten persons served as witnesses in 8,245 supposed cases of fraudulent papers. He is a great villain and richly deserves the severest punishment. He is a mighty Stalwart and a ready tool of the Republican party.

—Carthage Index: The census returns of Moore county show an increase in population of fifty per cent, since 1870. In most other respects the advancement will far exceed this per cent. In education and general intelligence the people have improved to the wonderful extent while in morals the difference is perfectly wonderful.

—Oxford Torchlight: We are more than glad to announce to the people of Granville county that President Robinson, of the Raleigh & Gaston Railroad, has submitted a proposition to build and equip the O. & H. Railroad, and the Board of Directors has accepted it. Col. Robinson is now in Europe, but will return in six weeks, when work will be resumed at once and the road will be completed in a short time. The road is now fixed fast, and people need not hesitate in regard to locating in Oxford.

—The Raleigh News publishes a statement of the insurance business of North Carolina, from which the following figures are taken: The people of the State paid in 1878, premiums for fire insurance, \$247,308.57 on \$38,850,184.53 insured. They have received \$339,631.02 for \$126,412.94 of losses incurred. For life insurance they paid in 1870, \$184,756.86 on \$1,951,058 insured. They have received \$138,579.42 for \$149,931 of losses incurred.

—Goldboro Messenger: A meeting of the citizens of Carteret county, irrespective of party, was held at Beaufort on Saturday, the 10th day of July, inst., to consider the proposed lease of the Atlantic & North Carolina Railroad. J. Henry Davis, Esq., was called to the chair, and Julius F. Jones, Esq., was appointed Secretary. There was a large attendance of citizens. The chairman explained briefly and clearly the object of the meeting, and dwelt earnestly upon the importance of the subjects to be discussed.

—Raleigh Observer: The Salisbury Democrat says that "it has been reported here in railroad circles that the Western North Carolina Railroad Company has failed. Mr. Best may have met with some difficulty in organizing and getting started, and possibly may not be able to carry out his agreement. But the company has never yet organized, as far as we can understand it."

—Fayetteville Examiner: Mr. Collier Cook, of this town, has shown us the proof-sheet of his map of the State. It is a large and beautiful map, showing the geography of the State, rivers, mountains, lakes, etc. Besides this it contains a great amount of geological, botanical and historical information. Every battle-field is marked. Yesterday morning Mr. John T. Wright, of Gray's Creek township, in this county, while walking in the road which leads to Gray's Creek landing, on the Cape Fear river, and died a few hundred yards from the river. When found he was lying in the road and life was extinct.

—A note from the managers gives some further particulars of the inter-State glass ball shooting match to come off at Hendersonville on the 28th. The prize offered aggregate \$300. The managers say: "Special excursion rates are offered on the railroads, and hotels here extend low rates to visiting guests. A grand ball will wind up the festivities. Crack the champagne, Raleigh, Charlotte, Atlanta, Aiken, Spartanburg and elsewhere, have been invited and are expected to attend. Every gun club in the South is tendered a cordial invitation to enter the contest. A large attendance is expected from the Carolinas and Georgia." The above is from the Charlotte Observer.

—Charlotte Democrat: Will the Raleigh and Wilmington papers, (where such matter first appears) in announcing the appointments of certain bishops, please say to what denomination they belong? Work and preparations are being pushed forward to put the Cotton Factory, in this city, into operation by the first of October. The name of the factory will be "Alpha Cotton Mills," and the proprietors, "Gates Bros. & Co." Crops are reported good in all the surrounding country. Rains have been general (with the exception of a very few localities) and farmers seem to be in good spirits at the prospect of an abundant yield. Several dwelling houses are being built in the city—some of them quite large and fine. There is a demand always for cottage residences.

—Statesville American: The Wilmington Star seems to think that the editor of the American was a candidate for some nomination before the Republican State Convention. Such was not the case. Last Friday, at the residence of Mr. Hiram Harkness, living about six miles north of this place, while Mr. W. C. Sharpe was attending the threshing his foot slipped and he fell with his left hand in the machine, causing the member to be so badly lacerated that it had to be amputated. From a letter received, we learn that the death of Mr. B. E. Downs on the 7th ult., at the residence of his brother-in-law, Mr. Dan Little, in Catawba county. Also on the 9th of July, at the residence of his father in Caldwell county, E. A. and J. L. Downs died—all three being brothers of J. Smith Downs, of Caldwell county.

Gen. James H. Lane. The "Roadsters" have taken charge of the Virginia Agricultural and Mechanical College, and that institution is consequently in trouble. The only endowment is in State bonds, on which no interest has been paid for more than a year. This leaves the faculty without pay, and its members are consequently seeking employment elsewhere. Among them is Gen. James H. Lane, so well known to North Carolinians, and we are informed by one of his old army friends that it is among the possibilities that the General will establish a school of high grade in Wilmington. The people of this city, especially those of us who served under the gallant Lane, will be glad to have him locate here if he shall find the outlook sufficiently encouraging.

Alarm of Fire. The alarm of fire yesterday morning, about twenty minutes after 11 o'clock, was caused by the ignition of the roof of a frame dwelling on Fifth, between Brunswick and Bladen streets, in the First Fire District, occupied by a colored man named Gabriel Merrick. The fire was extinguished before the engines and hook and ladder truck got to the scene. The damage was slight.

Prompt Action. It regulates the Bowels, cures Diarrhoea, Dysentery and Wind Cholic, in fact Dr. Bull's Baby Syrup acts promptly and effectually in all cases. Price 25 cents a bottle.

Local News. —And still no cases for the Mayor's Court. —A colored excursion party came down on the steamer John Dawson, from Point Caswell, yesterday afternoon. —David Martin, colored, was sent to jail yesterday afternoon for non-payment of costs in an assault and battery case tried before Justice Gardner.

—The Raleigh Visitor of Thursday says: "The Wilmington Mutual Insurance Company settled up their semi-annual tax yesterday with the Secretary of State. This is the first company to settle." That speaks well for our home company.

—During three days of this present week, as we learn from Mr. L. M. Williams, Clerk of the Market, the following number of country carts, loaded with watermelons and cantaloupes, arrived in this market: Wednesday 123, Thursday 92, and Friday 98.

—Judge Cantwell has turned his attention temporarily from the law to raising sweet potatoes, and speaks in glowing terms of his "patch," and of the prospects of the growing crops generally on his own and neighboring plantations in the vicinity of Brinkley's station, on the W. C. & A. R. R.

The Fire Yesterday Afternoon. Yesterday afternoon, about 4 o'clock, the alarm bells sounded for fire in the Fourth Fire District, and the flames were soon found to be issuing from the residence of Mr. J. C. Stevenson, on the northeastern corner of Fifth and Nun streets. The fire caught in the kitchen, and it is said to have originated from the stove-pipe. The cook was busy at the stove when apprised of the fact that the roof above her was in a blaze. A gentleman living on the opposite side of the street discovered the fire and mounted the roof, his wife handing him an axe, with which he cut a hole through the burning shingles, but owing to the delay in getting water, the pump being out of order, he had to dismount.

In the meantime, and before the fire department could reach the ground, the flames had spread and communicated to the dwelling, which was also soon a light blaze.

The steamer "Adrian" was undergoing repairs, and could not be on hand, while the steamer "Cape Fear" was delayed on account of the sickness of one of the horses, and to make matters still worse, the cistern at the corner of Sixth and Ann streets gave out before the fire was completely under control, when the engines had to go to the cistern at the corner of Third and Nun but, notwithstanding all these drawbacks, the department did good service in preventing the spread of the fire. The dwelling, however, was nearly entirely destroyed, and the kitchen completely so.

Mr. Stevenson had his dwelling insured in the Wilmington Mutual, represented by Mr. Samuel N. Cannon, for \$1,700, and his furniture, which was about all saved, in the Home, of New York, represented by Mr. Norwood Giles, for \$1,000.

An empty truck, being thrown from one of the upper windows of the burning building, struck the aged mother of Mr. Stevenson on the head, knocking her down and stunning her for the time being, but fortunately not inflicting any serious injury.

Magistrate's Court. Henry Graham, colored, was arraigned before Justice Millis, yesterday morning, on the charge of willful trespass. The evidence was to the effect that Graham bargained with two or three countrymen for cart loads of watermelons, and in two cases he sold the melons for which he had paid 25 cents each for 7 cents, and then failed to pay for them. It appeared that defendant was making a business of this kind of doubtful transactions, even going so far in one case, where the owner of a load of watermelons refused to sell them to him on his terms, to take possession of the cart and attempt to sell the melons at a reduced price during his (the owner's) temporary absence, and therefore Justice Millis required Graham to pay the costs and the complainant for the watermelons sold by him.

Gen. James H. Lane. The "Roadsters" have taken charge of the Virginia Agricultural and Mechanical College, and that institution is consequently in trouble. The only endowment is in State bonds, on which no interest has been paid for more than a year. This leaves the faculty without pay, and its members are consequently seeking employment elsewhere. Among them is Gen. James H. Lane, so well known to North Carolinians, and we are informed by one of his old army friends that it is among the possibilities that the General will establish a school of high grade in Wilmington. The people of this city, especially those of us who served under the gallant Lane, will be glad to have him locate here if he shall find the outlook sufficiently encouraging.

Alarm of Fire. The alarm of fire yesterday morning, about twenty minutes after 11 o'clock, was caused by the ignition of the roof of a frame dwelling on Fifth, between Brunswick and Bladen streets, in the First Fire District, occupied by a colored man named Gabriel Merrick. The fire was extinguished before the engines and hook and ladder truck got to the scene. The damage was slight.

OUR FIREMEN. The Howard Relief Fire Company No. 1 have a Pic-Nic and Target Frolic on the strand—The Result, &c. Our friends of the Howard Relief Fire Engine Company No. 1 had a picnic and target practice at Wrightsville Sound on Thursday, and there was a large crowd in attendance to witness the sport of shooting for the prizes and to participate in the other exercises and pleasures of the day and evening. The target shooting was to have taken place on the mainland, but owing to the fact that the proper bulkhead had not been erected as a protection against wild shots, it was deemed safer to adjourn to the beach for that purpose. Here the target was erected, and at 3 P. M. the sport commenced in earnest. The prizes to be shot for were six in number, as follows: A gold-headed cane; a silver casket, a silver butter dish, a handsome clock, a silver goblet, and a silver cup. The prizes were won by the following gentlemen, in the order named; each marksmen being entitled to three shots, and the range being one hundred yards:

John Gieschen scored 11 and won 1st prize. D. Lietgen scored 10 and won 2d prize. M. Rothjen scored 9 and won 3rd prize. D. Roscher scored 8 and won 4th prize. A. Lesman scored 6 and won 5th prize. C. Michaelis scored 4 and won 6th prize.

Each of the above successful competitors had the choice of prizes according to his number. The festivities were concluded at Mr. E. Sobotte's place on the mainland, where dancing and other amusements were kept up until the "wee wee" hours of the morning, and we are assured that "all went merry as a marriage bell." A good many ladies graced the occasion with their presence, and the Howard boys didn't let them tire for amusement.

Thursday's Regatta. A large concourse of people assembled on the banks at Wrightsville Sound on Thursday last, to witness the challenge regatta announced for that day. Many fair ladies graced the occasion with their presence, which added a stimulus to the young yachmen.

The following yachts participated: Redtail—Capt. P. C. Cowan. Flirt—Capt. John Flowers. Lizzie—Capt. W. L. Parsley. These, the four fleetest yachts of the Carolina Yacht Club, were started promptly at 9:30 o'clock in the following time and order, with an ebb tide and light breeze from the southeast:

Redtail..... 2h 15m 00s
Lizzie..... 2h 18m 30s
Flirt..... 2h 18m 45s
Lizzie..... 2h 18m 08s

The breeze, that was light at the beginning, shifted to the southwest before the terminus of the race and became lighter until it was feared that the course could not be completed in the allotted two and a half hours.

Each yacht sailed the course without accident or foul, and arrived at the terminus of the race in the following time and order:

Flirt..... 4h 19m 40s
Lizzie..... 4h 30m 20s
Lizzie..... 4h 32m 30s
Redtail..... 4h 34m 30s

The following is the actual running time of each yacht:

Flirt..... 2h 2m 12s
Lizzie..... 2h 2m 00s
Lizzie..... 2h 5m 49s
Redtail..... 2h 9m 38s

The occasion was one much enjoyed and long to be remembered by both participants and spectators.

The New Market Company and the City Government. A meeting of the committee of six, composed of three members each of the Board of Aldermen and the Board of Audit and Finance, was held yesterday afternoon at 3 o'clock at the City Hall. The Mayor and Aldermen Foster and Myers, and Messrs. Giles, Jones and Worth were present.

Mr. Worth offered the following: Resolved, That it is the sense of this committee that the New Market House be purchased by the city at a price and on terms to be hereafter agreed upon.

After a lengthy discussion of nearly two hours the motion was put and resulted in a tie vote, Mayor Fyfiel, Aldermen Myers and Mr. Worth voting in favor, and Aldermen Foster and Messrs. Giles and Jones against the resolution.

On motion, it was then resolved that the committee should confer with the officers of the Wilmington Market Company, as to upon what terms, if any, they would lease the market to the city.

The committee then adjourned to meet next Tuesday.

To-Day's Indications. Clear or partly cloudy weather, possibly preceded by occasional rains along the coast, winds mostly from south to west, slightly higher barometer and stationary or lower temperature.

Thermometer Record. The following will show the state of the thermometer, at the stations mentioned, at 4.31 yesterday evening, Washington mean time, as ascertained from the daily bulletin issued from the Signal Office in this city:

Atlanta..... 87 Jacksonville..... 87
Augusta..... 84 Key West..... 83
Charlotte..... 84 Mobile..... 91
Columbia..... 88 Montgomery..... 82
Cincinnati..... 78 New Orleans..... 89
Cleveland..... 82 Philadelphia..... 86
Havana..... 87 Savannah..... 80
Indianapolis..... 80 Wilmington..... 85

Lightning's Freaks. During a severe storm, on Sunday night last, five hogs belonging to a colored woman named Amy Moore, living near Brinkley's station, Columbus county, were killed by a stroke of lightning. At the same time a telegraph pole in front of the residence of Judge Cantwell at that place was struck and shattered by an electric bolt.

CITY ITEMS. From distinguished Edward Jennings, M. D., Surgeon City Hospital, Halifax, N. S.—Golden's Laxative is a very agreeable article of diet. In Dyspepsia, Biliousness, and every depressing disease, its use will be found invaluable. GARDEN & FLEMING, Agents, Wilmington.

HONORED AND BLESSED.—When a board of eminent physicians and chemists announced the discovery that by combining some well known vegetable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were skeptical, but proof of its efficacy by actual trial has dispelled all doubts, and to day the discoverers of this Great Medicine, Hop Bitters, are honored and blessed by all as benefactors.—Democrat.

MOTHERS! MOTHERS! MOTHERS! Are you distressed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? Go at once and get a bottle of MRS. WINGLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer instantly. There is not a mother on earth who has about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and in the prescription of the oldest and best female physicians and nurses in all civilized states. Sold everywhere. 25 cents a bottle.

NEW ADVERTISEMENTS.

Buffalo Lithia Water. THE AFFECTION OF THE NERVOUS SYSTEM, BRIGHT'S DISEASE OF THE KIDNEYS, GOUTY DIATHESIS, AND NERVOUS DYSPEPSIA.

LETTER OF DR. W. A. HAMMOND, Surgeon General U. S. Army (retired), Professor of Diseases of the Mind and Nervous System in the University of New York, etc. 43 West 60th St., New York, June 6, 1880.

I have for some time made use of the Buffalo Lithia Water in cases of affections of the NERVOUS SYSTEM, complicated with BRIGHT'S DISEASE OF THE KIDNEYS, or with a GOUTY DIATHESIS. The results have been eminently satisfactory. Lithia has for many years been a favorite remedy with me in like cases, but the Buffalo Water certainly acts better than any other preparation of the Lithia Salts—indeed, moreover, better than the stomach. I do not prescribe it in those cases of CEREBRAL HYPERTENSIA, resulting from over mental work in which the condition called NERVOUS DYSPEPSIA exists, and generally with marked benefit.

THOMAS F. GOODE, Proprietor, 14 1/2 Stavew. Wm. Buffalo Lithia Springs.

THOMAS H. MCKOY.

GAIN APPEALS. OTH-ER WHO ARE indebted to Boatwright & McKoy to come back and make settlement. I need the money. You must settle that it is actually necessary that I should settle up the old business. I don't delay. I trust that a duty you owe me will not allow this appeal to go unheeded. To me and all that owe the firm of Boatwright & McKoy I ask, won't you please come forward and settle?

I have, and am receiving daily FRESH GREENS. Would be pleased to supply everybody. Will give prompt customers all the credit they require. One good turn deserves another; then, if I sell you on credit, and deliver goods promptly, I think you should pay for them in a reasonable time. I appeal to you. Am I right? THOMAS H. MCKOY.

P. S.—It may be that some over sensitive persons may take exception at the above. If they do, I now bow and say, no offense is intended. I am sure one and all, if they will throw aside prejudice and bring their better judgment to bear, will say McKoy is right, and we ought to pay promptly on all accounts the Boatwright & McKoy. My desire outside of my interest, is to make them all as happy as I can be, and if I can do that, I will be content. I have small profits and treating my fellow man fairly will accomplish what I intend. I will continue to be as we have been, THE LEADING BROCKERYMAN IN OUR CITY (in my special line). Come and see me. THOMAS H. MCKOY.

Water-Mill Meal. 1200 BUSHES FRESH VIRGINIA MEAL. ALSO, Hay, Corn & Oats, For sale by HALL & PEARSALL, 15 1/2 DAWK.
