Detailed returns of the Alabama election show large Democratic majorities. Gen. Garfield received an ovation at Buffalo. N. Y.; he made a short speech. - The jail at Hempstead, Texas, was broken open and all the prisoners released. The official report of Gen. Barrows' engagement shows that it began at 9 o'clock in the morning and lasted until 3 in the afternoon; Burrows lost about 1,200 men; the Afghans took no prisoners. - Mr. Gladstone was free from fever yesterday morning. - Twenty-four hundred cotton operatives have been locked out at Rockdale. Eng., the masters refusing the demand for increased wages. - Dr. Tanner entered upon the 38th day of his fast in good spirits: his condition about the same as the day before; in the afternoon he was attacked with violent retching and vomiting which left him very weak. - Alabama planters complain of too much rain and apprehend great damage from the cotton worm. - Democratic State Convention of Georgia met yesterday, organized, adopted the two-thirds rule and adjourned to to-day. - Twenty-one out of fifty-three officers with Gen. Burrows were killed; only twelve escaped unhurt. - The defeat of the reactionaries in France at the late elections is represented as crushing. -The Powers give Turkey three weeks to decide the Montenegrin question. kinson's Condition.

Since our last we have been furnished with much more favorable intelligence in reference to the condition of the venerable Bishop Atkinson; we have been permitted to take the following extract from a letter from Col. John W. Atkinson to his partner in this city, Capt. E. W. Manning :

"When I reached here (Baltimore) on Saturday morning, I found father very ill, and the day previous his illness seemed extreme. On Saturday, however, he manifestly improved, so continuing to grow better, and is to-day decidedly better. We are therefore much more hopeful. Should he have no relapse, the physicians say, he may avail himself of the offer of the Vice President of the Baltimore & Ohio Railroad, and go in his private car to the White Sulphur on Thursday next. I shall in that event accompany him to the White Sulphur, and hope if he reaches there safely to be myself at home some time next

Heavy Rains. This section was again visited by very heavy rains on Tuesday night and yesterday, and the streets and sidewalks were once more badly washed, giving the street brigade another siege in putting them in proper condition. It is feared that the superabundant rains will have a very bad effect on cotton in this immediate section.

From the daily bulletin of the signal office at this station, we learn that all along the coast, from this place to Cedar Keys, Fla., there was more or less rain, and while Wilmington showed 0.69 inches of rainfall for eight hours ending 2:56 P. M., Charlotte, N. C., registered 0.70 inches, and Cedar Keys, Fla., 0.80. The greatest amount of rainfall in this city, however, was between 3 and 11 P. M. -0.94 inches. What it was at the other places mentioned. for the same time, we have no record. For the twenty-four hours ending at 12 o'clock last night, 2.04 inches of rain had fallen in this city.

Sleeplessness almost invariably arises from a disordered state of the stomach. Stimulate the organs of digestion, regulate the bewels and thereby produce sound andrefreshing sleep. Narcotics and sedatives murder sleep, and such forced and unnatural stupor is seen followed by ill effects, But Simmons Liver Regulator will remove the cause of restlessness and eleeplessness by regulating the Stomach; thus, by improved digestion—by a regular habit of body—free alike from laxity or constipation—good health will be established, with its attendant blessing, sound sleep.

"I have been a great sufferer from Dyspepsia and loss of sleep. As soon as I feel the least nervous I take a dose of Simmons Liver Regulator, and sleep all night.

Mrs. RUTHED BRYANT,

"Griswoldsville, Ga."

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, precured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still werse, and while centemplating another sleepless night, the mother stepped from the room to attend to some demestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands sleept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended with the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. So cents a bottle.

In response to calls he came forward and addressed them in his old-fashioned style. It recalled the campaign of 1876, and revived the enthusiasm which made it famous in the political history of North Carolina. -- Maj. Dowd spoke at Lilesville, Friday, and at Lincolnton, yesterday, to large crowds. He was greatly pleased with his reception. -- Senator Vance goes to Asheville the latter part of this week, and will remain the balance of the month in the mountains.

District is to meet in Charlotte on the 6th inst. Raleigh Observer : General Cox and Capt. Oct. Coke spoke at Hillsboro on Monday, to a large crowd, which was both interested in and edified by the speeches. -- Kenansville correspondent: Judge Buxton, in a written speech, passed over Gov. Jarvis' points without noticing them. He reiterated the Republican platform, and discussed the Western North Carolina Railroad. He stepped exactly into Jarvis' trap, and got caught. Gov. Jarvis explained the railroad question satisfactorily to all present. He explained his votes on the special tax bonds satisfactorily and wound Buxton up, with loud applause. Buxton did not reply, but gave way to Dr. Norment, who in his speech made use of language toe indecent for the ladies and gentlemen present to hear or to be reported in the Ob-

Dr. Norment does not go to Onslow. Physicians all admit that Qunine only effects a temporary suspension of the attacks of Fever and Ague, unless preceded by a reliable anti-bilious Medicine. The testimony of thousands establishes beyond a doubt that Dr. Tutt's Liver Pills, followed by Quinine, is a permanent cure for Chills and Fever and all bilious diseases.
