THE MORNING STAR

WILMINGTON, N. C., FRIDAY, AUGUST 6, 1880. VOL. XXVI.—NO. 117. WHOLE NO. 4,049

And now a Republican merchant from North Carolina assures the Philadelphia Press that his party is certain to carry this State unless "cheated out of it." Bah! He then begs for aid—that is for money and "good speakers." He thus puts it: "But the Republicans must should lead us a helping hand. We need good speakers (though we have plenty of native ones), and as Southern Republicans are, for the most part, poor, some practical aid and sympathy, if extended, would enhance our chances of success."

What is the price of votes any-way? How much "practical aid" do you require? He lives at Asheville. There is a speak of war in the New York Custom House. The Evening Post, a decent, able Republican paper, throws out this note of warning: "It is just and expedient to say to the gentlemen who take part in this conference from other States that the Republican cause was in the adjoining States cannot be sustained by reviving the memories of the Conkling regime in the New York Custom House. On the contrary, to bring into the field of current political discussion the days when Jayne was lieutenant and Conkling captain of the customs machinery of this port, will be to load the Republican ticket with the deserved odium which belongs to a former stage of politics and conduct."

Spirits Turpentine. — The University Normal School closed some days ago. — The census shows thirty-four sets of twins in Union county. — Charlotte Press: Two Nevada gentlemen, engaged in mining, are here inspecting the Redaction Works. They are greatly pleased, we hear. — Raleigh Observer: We learned yesterday that Wm. McLean, colored, who was a page to the Senate at the session of 1874-77, was killed at Lillington, Harnett county, a few days past. — New Hampshire has had several shocks of earthquake. Of course they were Democratic outrages, and serve to show that Hancock's party would do if they were got into power. Some people assert to believe that they would shake up the whole country. — N. Y. Post: — Charlotte Press: Mecklenburg crop reports make a fine showing. — It was learned here yesterday that Dr. C. P. Coppedge, of Wadesboro, died suddenly on that day. — Nearly all the resorts in Western North Carolina are better patronized than they were last year. — Carthage Index: Ben McFall was shot by Kester, last Saturday night, from which it is expected he will die. No one has as yet been implicated. — Blue Lodge, No. 287, in Sand Hill township, was burned on the night of July 30th. Supposed to be the work of an incendiary. Loss about \$500. — Raleigh Visitor: T. A. Bingham was before U. S. Commissioner Purvell yesterday, charged with a violation of the pension law in regard to collecting pensions. — We are glad to announce that Rev. Dr. Brodie, of Wake Forest, who has been quite ill, is gradually improving. — Wadesboro Herald: Henry Waddell and Bill Plinkett (both colored) got into a difficulty on the streets last evening, which resulted in the former receiving a very severe, though not fatal stab in the side. — Mrs. Knott, the plantation of J. W. Robinson, Esq., accidentally shot a little colored girl in the leg one day last week. He thought the girl was not loaded and was snapping it when, to his surprise, it fired. — Mrs. Knott, colored, was knocked on the head with a two edged iron by another colored man. The wounded man was carried to the poor house to be cared for, and on Sunday last, he died from his wounds. — Raleigh News: We learn that the Committee of Druggists of this city, appointed to make arrangements for the Pharmacological Convention, have secured reduced rates on the various railroads of the State, also with the leading hotels of the city. The Convention will meet in the Senate Chamber on the 11th inst., when we hope to see a large delegation present. All the druggists of the State are cordially invited to attend. — New York letter from E. J. Hale: On Thursday had applications to publish three books, all from North Carolina, and no novel among them, for a wonder, so many people having taken to writing novels. Monday a novel by a Virginian was offered. It is not certain that I shall publish any of the four, for cheap literatures is superseding original works, which cannot hope for so large a sale as to justify low prices. — Lilesville correspondent: As a Baptist (in faith, at least), sincerely desiring to see the politics of our country in the hands of the able and powerful. I thought its position should have been vigorously assailed by all the Democratic papers as it was by the Star. I said so. You think differently.

Local Notes. — When the almanac predicted that it would be showery about this time it exactly hit the nail on the head. — Hon. J. M. Leach has accepted an invitation to be present at our grand ratification, as we tried to state yesterday. — There were no police arrests Wednesday or Wednesday night, and therefore no cases for the Mayor's Court yesterday morning. — It is believed to be certain now that Coup's New York circus will show here on the 9th of September, and again on the 12th of January. — A meeting of the stockholders of the Wilmington Market Company will be held at the Front Street Market on Saturday next, at 4 P. M. — Harriet DeBerry, colored, was sent to jail yesterday on a commitment from Justice Mills for non-payment of costs in a case of assault and battery tried by him. — The case of Stephen Richardson, colored, charged with the murder of Lucy Phinson, his mother-in-law, comes up for trial in the Criminal Court this morning. — Mr. F. A. Newberry, of this city, has growing on his plantation at Magnolia two hundred and eighty-four thousand plants which bear the delicious flower known as a tube rose. They present a grand sight. — The committees named in the resolution of the Board of Aldermen, at their late meeting, to consider the question of water works for this city, will meet at the City Hall on Monday next to consider the proposition. — The following cases were disposed of in this Court yesterday: State vs. George Myers, charged with burglary. Sheriff returns that he escaped jail on the 10th day of June, 1880. Witnesses were recognized for their appearance at the next term of the court. State vs. Josiah Clark, charged with larceny. Case continued and witnesses recognized. State vs. Ella Shepherd, charged with nuisance. Motion to quash. Motion granted. Appeal by State, and defendant and security recognized in the sum of \$100 for appearance at February term of court. State vs. Fanny Brewington, charged with nuisance. Motion to quash. Motion granted. Appeal by the State, and defendant and security recognized in the sum of \$150 for appearance at February term of court. State vs. Millie Jackson, charged with carrying a concealed weapon. Defendant and security called and failed. Judgment nisi. State vs. March Campbell, charged with injuring stock. Defendant submitted and was ordered to pay a fine of \$5 and costs. State vs. Randal Jordan, charged with assault and battery. Defendant found guilty and sentenced to three months in the House of Correction. State vs. Winnie Loftin and Sarah Davis, charged with an affray. Defendants found guilty. Judgment, suspended as to Winnie Loftin; Sarah Davis sentenced to three months in the House of Correction. State vs. Robert Branch, charged with assault and battery. Defendant found not guilty. State vs. Brooks Long, charged with larceny. Defendant found guilty.

NEW ADVERTISEMENTS. To Rent. THE OLD STAND OF THE LATE J. T. SOLOMONS... Bankrupt Notice. NOTICE is hereby given that a petition has been filed in the District Court of the United States... JAMES C. MUNDS, DRUGGIST, 35 NORTH FRONT ST., (NEAR PRINCESS), WILMINGTON, N. C. THOMAS H. MCKOY, SUCCESSOR TO Boatwright & McKoy, Respectfully and earnestly calls the attention of the public generally, to the large and varied assortment of GROCERIES... Wilson Collegiate Institute FOR BOTH SEXES. TRINITY COLLEGE, N. C. BETHEL. M. A. G. SMITH, Supt., Bethel Academy P. O., 179 1/2 East Wm. Fayetteville, Va.

When Gen. Weaver, the Greenbacker, was last heard from he was in a weeping way. He was riding a sore-backed mule pegging along endeavoring to get out of Alabama. He had gone to that State in a coalition with the Reds, and was going "to sweep things." He was swept. Galang! "Missus married William Weaver, William was a gay deceiver." A prominent Republican of Cumberland county expressed the opinion in Wilmington a few days since that Mr. Wm. A. Guthrie would be a candidate for the Judgeship in the Fourth District. For President, Mr. Guthrie is a Hancocker, and for Governor he is said to be a Buxtonian. Mr. G. ought to get up a Hanton and Barcock club, limited.

The extracts from Gov. Vance's speech at Staunton will be found entertaining. It is some time since we have read such good specimens of genuine old-fashioned stump speaking. But to enjoy Vance's wit, wisdom and rollicking fun you must hear him. At last accounts there were 49 persons who had fasted longer than Dr. Tanner. But somehow they were unknown to fame before the plucky Englishman fasted over thirty-eight days.

Gen. Barringer spoke at Morgantown on last Friday. Mr. Means was not nominated in Cabarrus, as the convention has not met. On July 31, Mr. E. W. Kerr, of Sampson, Mr. J. W. Shackelford, of Onslow, Mr. Hauser, of South Carolina, and Mr. J. D. Stanford, of Duplin, made speeches at Faison. We understand that Gov. Jarvis has declined an appointment of a successor to Judge Baxton till the nomination is made, which we consider exceedingly wise and adds more testimony in proof of the excellent judgment of our level-headed Governor. — Carthage Index. At the Convention of the Senatorial District composed of Bancombe and Madison counties, held Friday, Theo. F. Davidson was nominated, having had very little opposition. — Major Dowd has already made several speeches—at Monroe, Concord, Dallas, Wadesboro, Lilesville and Lincoln— in response to invitations, but has as yet made no appointments. No agreement has as yet been entered into between Col. Myers and himself with reference to a joint canvass, and indeed it has not been determined that there shall be a joint canvass. — It is understood that Col. Walter L. Steele will speak at any point in the district where his services are needed. A gentleman who has just returned from an extensive trip by private conveyance through Watauga, Caldwell, Ashe, Alleghany and Alexander counties, says that his party talked politics wherever they stopped, and in all their wanderings found not a single man who said he would not vote for Hancock. — Gen. Barringer spoke Saturday to a mixed crowd of colored people and Republican officeholders of Burke. Our information is that his effort to reconcile the two elements, "the nimble-footed mountaineer and the broad-footed negro" on the question of working public roads by taxation (his favorite species of demagoguery) proved a lamentable failure; the "poor white people" objecting to being classed with the negroes in the manner in which the speaker did it. They say in Burke (that is the Democrats) that they would like to have him return. — Charlotte Observer.

THE CITY. NEW ADVERTISEMENTS. E. SOLOMONS—To rent. NOTICE in Bankruptcy. J. C. MUNDS—Druggist. CROVELY & MORRIS—For rent. HENSBERGER—Automatic pencils. Shocked by Lightning. We learn that during a thunder storm on Tuesday night last lightning struck a large persimmon tree close to the residence of Mr. Frank Canady, in Harnett township, severely stunning Mr. Canady and his wife. The latter, we hear, was unconscious for some time, and has not yet recovered from the effects of the shock she received. A dairy under the tree was also struck and shattered, together with its contents. The family were in bed at the time. Articles of Newspaper. Messrs. Newberry & Sutherland, of Magnolia, Duplin county, have shipped within the past week twenty bales (four hundred pounds each) of vanilla leaves, and have also shipped, within the past month, five thousand pounds of jessamine roots. These shipments are made to Baltimore, New York and other Northern markets and form quite an item in the list of exportations from this section. Evident Stolen. Officer Robert Moore, of the police force, found on Swan street, between Fourth and Fifth streets, late Wednesday evening, a valuable brass, being a portion of what is known as the eccentric strap of a locomotive engine. It seems that it had been buried in the sand, but the heavy rain had washed it out sufficiently to lead to its discovery by Officer Moore, who took it to the station house, where it remains for identification. It had evidently been stolen. Census Items. Mr. T. E. Love, the Census Enumerator for the Second Ward of this city, says that out of the two thousand persons in his ward he found 260 over 50 years of age. He also found one white female over 90 years of age, and two colored females, one of whom claimed to be 105 and the other 111 years of age. There are 560 males in the ward over 12 years of age.

Hon. A. M. Waddell's Opinion. Hon. Alfred M. Waddell, of this city, who is making political speeches in New England, in an interesting letter to a friend in Washington, dated from Montpellier, Vt., 29th July, as we learn from the Post of that city, says: "Your favor of the 19th inst., addressed to me at Wilmington, N. C., reached me here yesterday. Ever since the Cincinnati Convention I have been in New York and New England and am now engaged in making speeches in Vermont for Hancock and English. The election in this State will be held on the 7th of September, and will be the first among the Northern States. There is no hope, of course, that anything more than a reduction of the very large Republican majority can be accomplished; but there is hope of that, and the best evidence of it is to be found in the fact that the Republicans are preparing for an unusually active canvass, and are putting their most distinguished men in the field. If Vermont does not give more than 30,000 majority for the Republicans it will be a great defeat for them, and the Democrats are confident of reducing the majority to these figures. — I do not hear of any Democrats who intend to vote for Garfield, but I hear of and see daily Republicans who are going vote for Hancock. I believe the Democratic vote will be a full one everywhere, and, therefore, the election of Hancock appears to me to be as certain as any political event can be which has not yet happened."

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that the celebrated Hooping Syrup was just the article needed, procured a supply for the child. On reaching home last night, she was administered to the child, as she was strongly in favor of homeopathy. That night the child passed a refreshing sleep, and on the following morning she was home again, and the mother's anxiety was removed. A single trial of the Hooping Syrup never yet failed to relieve the baby, and overcome the sufferings of the mother. Sold by all Druggists. 50 cents a bottle.

THE SCHR MARY BEAR, from this port, had a very stormy passage, but arrived safely at New York on Wednesday. — The Norwegian Barque Sastak, Capt. O. Gutermoen, of 806 tons burthen, from Rio Janeiro, has arrived at quarantine below this city after a voyage of forty-five days. All well.

Physicians all admit that Quinine only effects a temporary suspension of the attacks of Fever and Ague, unless preceded by a reliable anti-bilious Medicine. The testimony of thousands establishes beyond all doubt that Dr. TUTT'S LIVER PILLS, followed by Quinine, is a permanent cure for Chills and Fever, and all bilious diseases.

Nine physicians are the watchers over Dr. Tanner. They regulate the time among themselves. A Texan claimant before the Border Commission says 160 goats will produce in ten years 2,500,000. According to Senator Garland the debt question is giving the people of Arkansas a great deal of trouble.

The Louisville Courier-Journal claims six Northern States as certain for Hancock. He will do better than that in all probability. There will be a fearful shaking up among the 80,000 greedy officeholders who are burdened with the swag they have gobbled up during the last fifteen years.

The State Department is seeking accurate information relative to the Spanish outrage, and it is finding it by the aid of others. The dignity of the American flag will be defended, we are assured. Cheap transportation freights prevail throughout the country. In 1873 the average per hundred miles over the great freight lines was \$1.77 per ton. In 1870 it was but \$1.02. A saving to shippers of nearly 60 per cent.

We think the Richmond State is in error as to Gov. Hebert having been a Colonel in the Mexican war. He was graduated in 1840 and entered the army as brevet Second Lieutenant that year. He was a First Lieutenant of his regiment.
